

Zongwu 1351

Chapter 1351

Although Xiaobai said this to Xiaoqing.

But she felt very helpless.

When she was coming to Hangzhou to find Xu Xuan a year ago, Xiaobai met the clone of Guanyin Bodhisattva. Guanyin Bodhisattva's advice was to let her marry Xu Xuan with her body.

Xiaobai also had Xu Xuan in mind at that time, and she agreed without hesitation.

But after finding Xu Xuan in Hangzhou City.

Xiaobai discovered that Xu Xian was not Xu Xuan, Xu Xian was just the reincarnation of Xu Xuan, and Xu Xian was a pedantic doctor. Xiaobai was also very disappointed with Xu Xian.

Xiaoqing saw Xiaobai's absent-minded look, so she asked doubtfully, "Sister, are you worried about anything?"

Xiaobai hurriedly shook his head when he heard Xiaoqing's words and said, "No, I I'm just angry with that bastard Su Chen."

Xiaobai doesn't want Xiaoqing to worry about her affairs anymore.

Xiaoqing has done enough for her.

For more than five hundred years, Xiaoqing has been helping her every step of the way. Bai also felt very guilty towards Xiaoqing.

Besides,

Xiaoqing also met someone she liked.

Although that bastard Su Chen was very shameless, that bastard was really good.

Xiaobai also saw that Su Chen really liked Xiaoqing. otherwise!

It is impossible for Su Chen to give treasures like spirit stones to Xiaoqing and himself, and Xiaobai doesn't want Xiaoqing to worry about him anymore.

Xiaoqing pulled Xiaobai and persuaded with a smile, "Sister, Su Chen is actually very good. I will not let him make sister angry again in the future, and you should not take action against Su Chen again."

Xiaobai heard that Xiaobai Qing's words were very speechless.

Even Xiaobai's attack on Su Chen was useless. Not only did that bastard know the laws of space, but his cultivation level was the same as hers. Even if she took action, she couldn't take advantage. Even if Xiaobai wanted to take revenge, it would probably be in vain.

"I know that as long as that bastard is no longer angry with me, I will not be the same as that bastard"

"Thank you, sister, Xiaobai. Let's go check out the rooms. Su Chen's mansion is very big. Let's find some rooms with beautiful environment."

"good!"

At this moment,

Su Chen appeared in the study. He took out a jade box from the system space and summoned Nie Xiaoqian.

"Owner!"

After Nie Xiaoqian appeared, she hurriedly saluted Su Chen.

Su Chen took out a book of ghost cultivation techniques and handed it to Nie Xiaoqian and said, "Nie Xiaoqian, this is a book of ghost cultivation techniques. You and those female ghosts will practice this in the future. The technique of ghost cultivation."

This book of ghost cultivation techniques was also begged by Su Chen for the little fox.

The little fox did not have human cultivation techniques, but she had a lot of ghost cultivation techniques and demon cultivation techniques.

Although those techniques were not very good, and The Su Nu Heart Sutra skills practiced by his woman are not comparable at all, but it is enough for female ghosts like Nie Xiaoqian.

"Thank you master!"

Nie Xiaoqian didn't expect that Su Chen would find ghost cultivation techniques for these female ghosts.

This made her very happy.

These female ghosts have been practicing the qi training techniques taught to them by the tree demon. This is just for cultivation. The most basic skills.

Nie Xiaoqian and other female ghosts now have spirit stones to assist them in their cultivation. Basic Qi training methods are useless to them.

Now there are ghost cultivating skills.

The strength of these female ghosts will be even more powerful in the future. , in the future, even if he helps Su Chen do things, he will not be unable to do anything.

Su Chen looked at Nie Xiaoqian, who had a bulging figure and said, "Practice hard, your strength is too low now.""

"Yes, master." Nie Xiaoqian put away the ghost cultivation technique, and she came behind Su Chen with a shy look and massaged him.

Nie Xiaoqian didn't know how to repay Su Chen. Although they all belong to Su Chen, the more than a hundred female ghosts belong to Su Chen.

She felt that these female ghosts were useless now.

They were also worried that one day, Su Chen would dislike their low strength and abandon them.

The female ghosts also planned to let Nie Xiaoqian serve Su Chen. In the eyes of the female ghosts, Here, Nie Xiaoqian is the most beautiful among them, and the female ghosts don't want Su Chen to abandon them.

Su Chen enjoyed Nie Xiaoqian's massage and ordered, "Xiaoqian, divide your sisters into three teams from now on. I will have Things are arranged for them to do"

"Yes, Master, Master, do you need some of us sisters to come out to serve the Master?"

Su Chen shook his head when he heard Nie Xiaoqian's words.

He didn't dare to let these female ghosts appear in the mansion now. If the monks at Jinshan Temple discovered Nie Xiaoqian and these female ghosts, then troublesome things would probably come one after another.

"You don't need it now. Your strength is too low. You should practice hard. There are maids in the mansion. You don't have to think so much. As long as your strength improves, I will arrange for you to do something in the future."

"OK, Master."

Su Chen closed his eyes and thought about the auction in the Southern Continent. The auction in the Southern Continent will start in less than ten days. He doesn't know how much space Najie Yafei will be able to acquire after auctioning Zhu Guo.

"Reporting to your Majesty, the officials of the Farmland Department are asking for an audience!"

At this time, the voice of the black-armored soldier came from outside the room.

"Let them in!"

"Yes, Your Majesty!"

"See you, Your Majesty!"

The three officials from the Farmland Department came into the study and saluted Su Chen,

"Have the statistics of fertile fields been completed?"

"Back to the king, the statistics of fertile land in Hangzhou City and the counties under his control have been completed. This is the statistical result of fertile land."

Su Chen took the document and started reading it, but the more he read it, the angrier he became. He did not expect that the Buddhist sects in Hangzhou City were more rampant than the Buddhist sects in Tianxuan Continent, and three-tenths of the fertile land was occupied by Buddhist sects.

Touch!

Su Chen slapped the table hard and said angrily,

"Damn it, three-quarters of the fertile land in Hangzhou is occupied by temples. Those Buddhist temples don't pay taxes, but they still occupy so much fertile land."

An official from the Farmland Department saluted Su Chen and said,

"Your Majesty, temples are very popular in Hangzhou City. During every year and festival, many people visit temples to pray for blessings. Most of the people in Hangzhou City are loyal believers of Buddhism. Your Majesty, you should be careful with Buddhist temples."

Su Chen thought for a while and then ordered,"Come here, order Su Ling to dispatch ten thousand black-armored troops. All the fertile fields occupied by Buddhists in Hangzhou city will be taken back. If any Buddhists dare to resist, they will be killed without mercy."

Su Chen didn't want to confront Buddhism so early, but in order to stabilize the base camp of Hangzhou, the people of Hangzhou City must completely surrender to him. Taxes should be reduced and labor exemptions reduced. This can only treat the symptoms but not the root cause.

Buddhism's influence in Hangzhou is too great. It's serious.

Su Chen must eradicate this threat.

"Yes, Your Majesty!"

"Your farmland department will also go there together. All the fertile farmland occupied by the temple must be taken back truthfully."

"Yes, Your Majesty!"

Nie Xiaoqian was very worried when she saw Su Chen's frown.

Buddhism is the belief of the people in the Eastern Continent. If Su Chen takes action against Buddhism, the people of Hangzhou City may not agree. It seems that Hangzhou City has been something big will happen. As a large number of black-armored troops were dispatched in Hangzhou City, the people in Hangzhou City became curious. But when the people in Hangzhou City learned that the new lord of Hangzhou City had arrived, they executed the Hangzhou Magistrate. and some officials, this time the army was sent out again, maybe something big happened again.

Chapter 1352

Outside the city of Hangzhou, at Wan'an Temple, the black-armored army arrived at Wan'an Temple and surrounded the temple. Hundreds of monks in Wan'an Temple, each holding a stick, confronted the black-armored army in front of Wan'an Temple.

"Amitabha, I wonder why the general went to war to surround the quiet place of Buddhism?"

When Su Ling saw the abbot of Wan'an Temple arriving, he took out the Jun Ling and said,

"The monks at Wan'an Temple obeyed the order"

"According to the order of Wu Xiangjun of Hangzhou City, Wan'an Temple occupies a large amount of fertile land and does not engage in production and does not pay taxes. From now on, all the fertile land of Wan'an Temple will be confiscated. Wan'an Temple will pay taxes of one hundred thousand taels per year. If it does not comply, Wan'an Temple will be killed. amnesty!"

The abbot of Wan'an Temple asked in surprise after hearing Jun's order,

"General, how can this be done? We are all monks, and the Song Dynasty court never levied taxes on us Buddhists. Besides, the fertile land in our temple was purchased legally, why should it be taken back? Su

Ling replied with a cold face, "We are just following orders. Does Wan'an Temple accept your orders?"

"if we refuse? "

"Then destroy Wan'an Temple and kill all the monks in Wan'an Temple."

The abbot of Wan'an Temple did not expect that the newly arrived Lord Wu Xiang would attack their Buddhist sect, and if he did not accept the order, he would be massacred by the army. This made the abbot of Wan'an Temple very angry.

"you.....Aren't you afraid of retribution for doing this? If the people of Hangzhou knew about it, they would also riot against your Lord Wu Xiang's rule."

"The host of Wan'an Temple, do you accept your order? The abbot of Wan'an Temple angrily refused and said, "No, I, Wan'an Temple, do not accept military orders from Lord Wu Xiang.""

The head of Wan'an Temple did not believe that these troops dared to destroy his Wan'an Temple.

Wan'an Temple was one of the three major temples in the south of the Song Dynasty. Almost all of their Buddhist followers were in Hangzhou City. Wu Xiangjun wanted to rule Hangzhou City. He They must not dare to offend Buddhism.

Otherwise,

Buddhist believers will shake Wu Xiangjun's rule in Hangzhou City

"I don't know how to commend myself. No one dares to disobey your Majesty's orders. Ready the crossbow and let go!"

Swish swish swish.....

Ahhhhh.....

As the black-armored troops shot and killed, hundreds of monks in front of Wan'an Temple were shot to death without any resistance.

When Su Ling saw the Buddhist monk who was shot dead, he waved his hand and ordered, "The Black Armored Army attacks and destroys Wan'an Temple. No monks in Wan'an Temple will be spared. Kill them!"

"kill!"

After hearing the order, the black-armored troops rushed toward Wan'an Temple with weapons in hand.

"You actually dare to take action, you will receive retribution, Mr. Wu Xiang will....."

The host of Wan'an Temple fell to the ground with several arrows in his body. He did not expect that the army would actually take action. This was really not to intimidate Wan'an Temple. He died completely before he finished cursing.

Wan'an Temple is just one of them.

In these short three days, under the jurisdiction of Hangzhou City, Buddhist temples were destroyed and expelled. In just three days, all the temples in Hangzhou City were eliminated..

In Wu Xiangjun's Mansion,

Su Chen looked surprised after hearing Su Ling's report.

Jinshan Temple does not belong to Hangzhou City?

This is his.

Su Chen always thought that Jinshan Temple was in Hangzhou City, but he did not expect that Jinshan Temple was actually in Zhenjiang City. This was something Su Chen did not expect.

However, this also made Su Chen breathe a sigh of relief.

He had originally planned to destroy Jinshan Temple himself, but there was a powerful Fahai in Jinshan Temple. Su Chen also did not want the black-armored army to suffer heavy casualties.

An official from the Finance Department excitedly read to Su Chen while holding the account book,

"Your Majesty, this time we found more than 6 million taels of money, 1.4 million taels of gold, and countless other treasures from many temples. We confiscated a total of 130,000 acres of fertile land and more than 200,000 taels of grain.."

Su Chen didn't pay attention when he heard this.

He had a lot of money, and his system space had enough food for hundreds of thousands of troops for more than ten years.

"These all belong to the treasury of Hangzhou City, and the fertile land will be reserved for now and not distributed to ordinary people."

"Yes, Your Majesty!"

Su Chen thought of the rumors in Hangzhou City these days and ordered,

"Su Ling, you have been cooperating with Lin Yueru these days. If the people in Hangzhou City riot, your army will be ready to cooperate with Lin Yueru's city guards to suppress the rebellious people. All people with weapons will be killed without mercy."

"Yes, Your Majesty!"

In Hangzhou City, the people in Hangzhou City have been very angry these days.

The people did not expect that the new city lord would destroy all the temples in Hangzhou City. Buddhism is where their faith lies. Wu Xiangjun is going to Destroy the faith of their people?

"Lord Wu Xiang is a cruel person, and Buddhism is a pure place, but Lord Wu Xiang actually massacred the monks in the temple indiscriminately, and he will be punished for this."

"I heard that the army found a lot of money in the temple. Did Wu Xiangjun destroy the temple just for money?"

"Corrupt officials, Mr. Wu Xiang is a corrupt official. He slaughters Buddhist monks just for some money. This is simply unacceptable."

"We can no longer let Mr. Wu Xiang do evil things like this, otherwise our city of Hangzhou will be doomed."

"We can no longer let Lord Wu Xiang do whatever he wants. We go to Lord Wu Xiang's mansion to ask for an explanation. We want the Song Dynasty court to take over the city of Hangzhou again."

The people in Hangzhou City were talking about it no matter where they were.

These people were very angry. After some people went to the Wuxiang Lord's Mansion to ask for an explanation, many men and women nodded in agreement..

Some of the three religions and nine factions in Hangzhou city also took the opportunity to fan the flames.

Some gangs of three religions and nine factions even armed themselves with weapons and prepared to seize the opportunity to attack Wu Xiangjun's mansion. These gangs of three religions and nine factions knew that Wu Xiangjun's mansion had millions of money, and they were targeting those who Huge wealth is very coveted.

Lin Yueru frowned while looking at the information in her hands in the Hangzhou government office. She did not expect that after Su Chen moved the temple, the people of Hangzhou City would be so angry. Are they preparing to rebel?

A catcher hurriedly came to Lin Yueru's side and saluted, "Sir, some catchers in Hangzhou City have falsely claimed to be sick."

"How many people have taken false leave to claim illness? Lin Yueru asked suspiciously when she heard what the police officer said.

"My lord, there is.....More than 400 police officers reported illness. Lin

Yueru did not expect that so many agents would shrink from the battle at this time, which made her very angry,"Damn it, fire all these agents. Hangzhou City does not need those people as agents.""

When the catcher heard Lin Yueru's order, he dissuaded him and said,

"Sir, this is one-third of the police officers in Hangzhou City. If these police officers are fired, our control over Hangzhou City will be reduced to the minimum. We may not be able to manage the security of Hangzhou City."

"It doesn't matter, I have 10,000 black-armored troops in hand, plus the 30,000 city guards of Hangzhou City, Hangzhou City will not lose control."

Chapter 1353

Hangzhou City Government Office.

Lin Yueru didn't care much about the people in Hangzhou City rebelling. She was worried that Su Chen would kill the rebellious people in anger.

These uninformed people are all fools. If the temple did not occupy a large amount of fertile land, how could Su Chen punish Buddhism?

There is also a large amount of money found in temples.

If Buddhist temples are pure places, then why is there such money? What does a monk with six pure roots need so much money for?

In Wu Xiangjun's Mansion, the little fox appeared in Su Chen's study and asked in surprise, "You took action against Buddhism? Do you want to die?"

The little fox didn't expect that Su Chen had just taken control of Hangzhou City, and this bastard would cause such a big fuss. movement.

Does Su Chen dare to touch Buddhism?

Now that Buddhism is prosperous, even Taoists dare not offend Buddhism easily. Is this bastard tired of living?

Su Chen looked at the anxious little fox and smiled and said,

"I have my reasons, little fox, don't worry, Hangzhou City is just an inconspicuous small town in the Eastern Continent, and even if Buddhism knew about it, they wouldn't take action against me."

If Su Chen wants to bring back a large army from Tianxuan Continent, other forces around Hangzhou City must be eradicated.

Su Chen's forces in the Shenyun Continent are still very weak. Although his army will be given a suitable identity by the system, Su Chen was still worried that these sudden troops would be discovered by Buddhism.

From now on, Hangzhou City would be his base camp in the Shenyu Continent, and other forces were not allowed to exist here.

When the little fox heard Su Chen's words, he cursed angrily,

"You know shit"

"Buddhism is very concerned about the spread of Buddhism in the entire Shenyu Continent. Although Hangzhou is an inconspicuous small town, Buddhist temples are related to each other. Just wait and see, I am afraid that the Buddhist temples in Suzhou and Zhenjiang will be found in a few days. door-to-door"

"Then I'll wait for them to arrive"

"You're a hopeless bastard."

The little fox is too lazy to persuade this bastard anymore.

This bastard has destroyed all the temples around Hangzhou City, and now no matter what she says, it will be useless. She can only save this bastard's life when he is in danger. In the imperial capital of the Song Dynasty, the officials of the Song Dynasty were very confused about the inexplicable enfeoffment of Hangzhou City by the emperor, but the news they received from Hangzhou City today made the officials of the Song Dynasty even more surprised. The Emperor of the Song Dynasty Looking at the many ministers, he asked, "My dear friends, what do you think of what happened in Hangzhou City?" A minister stood up and saluted, "Your Majesty, who does Mr. Wu Xiang have? Why did His Majesty entrust the city of Hangzhou to Lord Wu Xiang?" The Emperor of the Song Dynasty rubbed his forehead and said helplessly,

"Wu Xiangjun is the son of a friend of the late emperor. Wu Xiangjun's father was grateful to the late emperor for saving his life. This is also the legacy of the late emperor. You should not say anything more about it."

The Emperor of the Song Dynasty was also very confused.

He suddenly had some memories some time ago, and even found the last emperor's edict. With the last emperor's edict, it was impossible for the Emperor of the Song Dynasty to carve out the city of Hangzhou even if he didn't want to.

"Yes, Your Majesty."

An old minister stood up and said,

"Your Majesty, although Lord Wu Xiang got a lot of money from destroying Buddhism in Hangzhou City, this will lead to revenge from the Buddhist sect. There are no immortal cultivators in the Buddhist sect in Hangzhou City, but there is Jinshan Temple in Zhenjiang near Hangzhou City. Jinshan Temple may not give up."

The Emperor of the Song Dynasty smiled after hearing this.

He also guessed that Buddhism would definitely not give up.

This was also his chance to take back the city of Hangzhou. He didn't want to enfeoff the city with heavy taxation. Wu Xiangjun was so stupid. The boy is dead this time

"Well, the Minister of War has prepared a hundred thousand troops. If Lord Wu Xiang dies, Hangzhou City will be taken over immediately. Hangzhou City is an important tax revenue place in the south. We cannot lose Hangzhou City. The Minister of War asked in confusion,"

Your Majesty, aren't we going to save Lord Wu Xiang?""

When the Emperor of the Song Dynasty heard the words of the Minister of War, he cursed angrily,

"What to save? Mr. Wu Xiang, I have placed the late emperor's edict to enfeoff the city of Hangzhou. He was killed because he failed to manage the city. You must understand that we cannot lose the city of Hangzhou."

"Your Majesty, I obey the order!"

"Your Majesty's wishes come true!"

The Emperor of the Song Dynasty nodded when he saw that the ministers understood his idea. The emperor looked at the Minister of Rites and continued to ask, "Are you ready for the tribute to Qingyun Sect this year?"

"Return to Your Majesty, the tributes are ready"

"Well, I will add another 10% of the tribute this time. I must ask for the Nine Jade Spirit Pill from me this time."

"Yes, Your Majesty!"

One day later, the city of Hangzhou became more and more chaotic.

This morning, thousands of people came towards Wu Xiangjun's Mansion, and more and more people joined them along the way. Men and women, old and young, were all angry. They rushed to Wu Xiangjun's Mansion.

Among them were many people with weapons. These people were all from different religions and nine schools who wanted to take advantage of the chaos to enter Wu Xiangjun's Mansion and rob money. In

Li Mansion,

Xu Xian looked at his brother-in-law Li Gongfu who was dressed neatly and was about to go out and asked, "Brother-in-law, are you still on duty today?"

"If I'm not on duty, will our whole family have to drink the northwest wind?" Li Gongfu glanced at Xu Xian and said angrily.

Although Xu Xian opened a pharmacy, he didn't earn a penny these days, and even made several donations. This made Li Gongfu also treat this dull brother-in-law. He was very speechless.

When Xu Xian heard Li Gongfu's words, he said seriously, "Brother-in-law, Mr. Wu Xiang is cruel and cruel. The people today have to ask Mr. Wu Xiang for an explanation. If you continue to arrest people, you will be helping him."

Bang!

Li Gongfu slammed the table.

He looked at the nerdy Xu Xian and shouted loudly,

"Damn it!"

"Why is Lord Wu Xiang so cruel and unkind? I have the millions of money from Buddhism with me. What we found out after a quick search is that Buddhism occupies 30% of the fertile land in Hangzhou. It does not engage in production or pay taxes. It is a shame that you continue to believe in such a money-making Buddhism."

Xu Xian also explained to Buddhism with a righteous look on his face.

"Buddhism is a place of purity, the money is also the incense money donated by the people voluntarily, and the fertile land was purchased by the Buddhists themselves. How can this be counted on the Buddhists?"

Li Gongfu's face turned red when he heard Xu Xian's words.

He didn't expect that Xu Xian had become stupid in studying these years and couldn't even distinguish right from wrong.

"voluntary? Incense money? Millions of incense money? Do you know what this belt means?"

"The annual tax of Hangzhou city is less than 1 million, more than 6 million yuan of wealth, and more than 1 million of gold. This is the tax revenue of Hangzhou city for more than ten years, or even more than 20 years."

"What do the monks in the temple want so much money for? Why don't the monks with six pure roots give this money to the poor people? Haven't you thought of this?"

Xu Xian lowered his head when he heard Li Gongfu's words, but he still felt that Su Chen was a cruel person. Xiaobai and Xiaoqing both lived in Wuxiang Jun's Mansion, which made Xu Xian even more disgusted with Su Chen..

Li Gongfu looked at his wife Xu Jiaorong who was silent next to him. He shook his head and said to his wife, "Watch your brother, I'm afraid something big will happen today.""

"I understand, sir, you should also be careful."

Chapter 1354

In Hangzhou City, at first there were only a few thousand people planning to go to Wu Xiangjun's Mansion to ask for an explanation. However, as more and more people gathered, by the time they arrived outside Wu Xiangjun's Mansion, the number of people had reached 50,000 to 60,000. surname.

This is one-tenth of the people in Hangzhou City, and all the people shouted angrily outside Wu Xiangjun's mansion.

Outside Wu Xiangjun's Mansion, seven to eight hundred Hangzhou City policemen were standing guard in front of Wu Xiangjun's Mansion with weapons in hand. Tens of thousands of people who continued to gather also tried to attack outside Wu Xiangjun's Mansion. The scene became increasingly chaotic.

"Why destroy the temple? Mr. Wu Xiang, give me an explanation for ordinary people."

"Lord Wu Xiang is cruel, but our city of Hangzhou does not need Lord Wu Xiang's rule."

"Wu Xiangjun, get out of Hangzhou City!"

"Give justice to the temple and give justice to the dead monk"

"Buddhism is our belief. Hangzhou city cannot live without temples. We Hangzhou city does not need Wu Xiangjun."

Tens of thousands of people kept shouting outside Wu Xiangjun's mansion. Old people, men, women, ruffians, gang members, and even some nobles all appeared outside Wu Xiangjun's mansion. There were many nobles in Hangzhou city.

, wealthy businessmen, big families, even some cultivators and hidden monsters are waiting and watching.

What happened today is very big, and they did not expect that these stupid people would directly force the palace.

Is this a rebellion?

Hangzhou City is the fiefdom of Lord Wu Xiang , among the fiefdoms, Wu Xiangjun's Mansion was the largest. Not even the Song Dynasty could control any of Wu Xiangjun's decisions, unless the Song Dynasty court sent out troops to take back the power of Hangzhou City.

In Wu Xiangjun's Mansion,

Su Chen was drinking leisurely Drinking tea, the little fox crossed his legs and looked at Su Chen with a puzzled expression. Tens of thousands of people gathered outside Wu Xiangjun's mansion. Isn't this bastard not worried about the riots at all?

Touch!

The door to the room was opened, the little fox Bai and Xiaoqing walked in quickly.

When Xiaobai and Xiaoqing arrived, they were very surprised to see the little fox. They did not expect that the little fox would appear in Su Chen's mansion, and the yelling and cursing outside the house made them also I don't know what Su Chen's plan is.

Xiaobai and Xiaoqing also didn't expect that they had just practiced in seclusion for a few days, and

Su Chen would cause such a big thing.

Can the Buddhist sect be moved at will?

The Buddhist sect is the strongest in the Shenyu Continent. There is no such thing as a powerful force. The power of Buddhism is not comparable to that of Taoist sects, sects of cultivating immortals, or even other demons and ghosts.

Xiaobai looked at the little fox and said in surprise, "Master, I didn't expect that you also know Su Chen.""

"I'm not familiar with this bastard!" The little fox glanced at Su Chen with an arrogant look and replied.

Su Chen hugged the little fox's shoulders and said with a smile, "Little fox, why are we not familiar with each other? We are very familiar with each other. It makes me very sad when you say this."

"Let me go, you bastard, it's better to die, so as not to harm other people in the future." The little fox slapped Su Chen's hand away and yelled angrily.

Xiaoqing looked at Su Chen and then at the little fox.

She felt very strange.

How could the little fox be so close to Su Chen?

In Shura Su Chen only spoke a few words to the little fox in the city. Why do they seem to be old friends now?

No!

They seem to be lovers.

Xiao Qing shook her head and didn't think about it anymore.

Su Chen, a bastard, met this She was in big trouble, and now she was very worried about this bastard who was causing trouble again.

Xiaoqing came to Su Chen and asked worriedly, "Su Chen, what are you going to do about the outside world?"

Su Chen touched Xiaoqing's hair and said with a smile,

"Don't worry, I have already prepared for this. The city of Hangzhou will be reborn from the ashes after today, and there will be no second voice in the city of Hangzhou in the future. My orders are imperial edicts, and those who oppose it will be killed without mercy!"

"You're not going to massacre these people, are you?" Xiao Bai saw the fierce look in Su Chen's eyes, and she asked Su Chen in surprise.

Su Chen looked at Xiao Bai unexpectedly. He didn't expect Xiao Bai to guess what he was thinking. "massacre? No, I just remove some cancer. Xiaobai looked at Su Chen in disbelief and exclaimed, "Su Chen, if you want to do this, have you thought about the consequences?" These are tens of thousands of people, are you going to massacre them all?"

Xiao Bai didn't expect that Su Chen would be so ruthless.

These are tens of thousands of ordinary people.

If Su Chen really did this, his reputation would be ruined. Even the Song Dynasty court might not be able to let him go. This bastard Have you never thought about the consequences?

"Why not? To be a king is to kill decisively. Killing a few people can save the many people. Isn't this unacceptable?"

Su Chen took a sip of tea and shook his head.

Killing tens of thousands of people?

Su Chen never thought about it.

But there will definitely be bloodshed today, and there will definitely be many people killed.

Su Chen will also expel those loyal believers of Buddhism. When they left Hangzhou City, didn't they all believe in Buddhism? Then let Buddhism support these Buddhist believers from now on.

Su Chen did not tell people like Xiaobai his plans.

He still had some plans that he had not implemented yet.

These are things that need to be kept secret.

The Song Dynasty court and Buddhism have not entered the situation yet.

Su Chen wants to use the people in Hangzhou City to riot this time to get the Song Dynasty court and Buddhism into the situation. He has also thought about how to deal with the Song Dynasty court and Buddhism.

Song Dynasty The imperial court was probably reluctant to enfeoff the city of Hangzhou to him. This was an opportunity for the Song Dynasty court to take back Hangzhou city. Su Chen guessed that the Song Dynasty court would definitely take action.

And the Buddhists would definitely come to ask for an explanation.

These Su Chen had thought about it all morning, and he had also thought about how to deal with the Song Dynasty court and Buddhism.

At this time, a black-armored soldier came into the room and saluted Su Chen,

"I report to your Majesty that more than 70,000 people have gathered outside the mansion, many of whom are armed."

Su Chen thought that more than 70,000 people gathered outside his mansion. This was also the first time Su Chen encountered such a situation. People besieging Wu Xiangjun's mansion? This is something that would be unthinkable in Tianxuan Continent.

Su Chen stood up and walked to the window and thought about it. There are more than 70,000 people, which is nearly 20% of the people in Hangzhou.

That's a lot.

Touch!

Su Chen hammered the window sill hard and ordered fiercely, "Order Hangzhou Prefecture's 30,000 city guards to dispatch, and the black-armored army to dispatch 20,000 infantry. All the people who arrived this time were captured."

"Those armed with weapons will be killed without mercy!

"Anyone who dares to resist will be killed without mercy!

"Anyone who dares to escape will be killed without mercy!"

"Yes, Your Majesty!"

The black-armored soldiers saluted immediately after hearing Su Chen's order, and hurried to deliver the order.

Little Fox, Xiao Bai, and Xiao Qing felt a chill in their hearts when they heard Su Chen's order.

They did not expect that Su Chen would make such a statement. Order, they all sensed that outside Wu Xiangjun's mansion, there were more than 10,000 rioting people holding weapons. Did Su Chen really want to massacre those people holding weapons?

Chapter 1355

Su Chen ignored the looks the little foxes and others were looking at him. He used his mental power to look at the entire city of Hangzhou and shook his head.

There were many immortal cultivators and hidden demons and ghosts in Hangzhou city, but none of them participated in the siege of his mansion.

However,

Su Chen will not leave these people and monsters and ghosts alone. When he frees up his hands in the future, he will eliminate them one by one. Su Chen can send the kind people, monsters and ghosts away, but the evil ones will all be sent away. They will be killed, and no other immortal cultivators will be allowed to exist in Hangzhou City in the future.

Outside Wu Xiangjun's mansion,

Lin Yueru looked at the approaching people with a cold and arrogant face.

She also discovered that there were many people armed with weapons among the people. Although she had received the information early on, she still couldn't bear to see these ignorant people.

Dong Dong Dong Dong.....

At this time, on the two streets outside Wu Xiangjun, the sound of neat footsteps came. The sound of neat footsteps of tens of thousands of troops was heard by the people who besieged Wu Xiangjun's mansion.

For a moment, all the people outside Wu Xiangjun's mansion stopped shouting and cursing, and they all turned back to look at the east and west streets.

Lin Yueru also heard the footsteps of the army.

She knew that Su Chen's order had been issued, "Come here, order the 10,000 black-armored troops in the king's mansion to dispatch"

"Yes, my lord!"

Squeak!

The gate of Wu Xiangjun's Mansion opened.

Black-armored soldiers quickly came out from Wu Xiangjun's Mansion to form a military formation. Giant shields were erected one by one. Archers and crossbows also faced the Jun's Mansion. The people outside, with their swords and swords unsheathed, were ready to wait for the order to attack. The more than 70,000 people were panicked when they saw tens of thousands of troops. They did not expect that Lord Wu Xiang would send out troops to suppress them so frantically. Ordinary people.

After a while, the city guards and the black-armored army surrounded more than 70,000 people who wanted to rebel.

A captain of ten thousand people of the black-armored army loudly ordered, "Wu Xiangjun ordered that anyone holding a weapon will be killed without mercy. Anyone who dares to Those who resist will be killed without mercy, those who escape will be killed without mercy, and all the rest of the people will be captured, attack!" woo woo woo woo.....

"kill! kill! kill!"

Dong dong.....

After the attack horn sounded, the army began to attack.

Groups of neat troops held a shield in one hand and a sword in the other, and marched heavily toward the besieged people.

"Kill, fight these troops, otherwise we will all be killed"

"Kill, kill one and it's enough!"

"Damn it, why are the troops dispatched? Isn't Mr. Wu Xiang afraid that massacring the people will bring disaster?"

"Take action, we are surrounded. Anyone who doesn't want to die will be killed together with me."

Among the tens of thousands of people, gang members from various religions and nine streams shouted one by one with weapons in hand. Under the bewitchment of these three religions and nine streams, many people were also preparing to fight to the death with the army. Swish, swish, swish.....

Some gang members from various religions held weapons and charged towards the army one by one. However, they were shot dead by archers and crossbows before they could take a few steps.

After the massacre occurred on the streets outside Wu Xiangjun's mansion, tens of thousands of people were thrown into complete chaos.

Ordinary people have seen such a formation. After the army shot and killed those gang members, the ordinary people wanted to flee here in panic.

"Run away, the army is killing people!"

"Don't push me, ma'am, ma'am where are you?"

"Ah, I'm going to be trampled to death. Please pull me up. I'm going to be trampled to death."

"Run away, the army is coming"

"Brother, let's run away quickly, or we'll die."

"Come on, come on, escort the lady out of here, come on, damn, where are the guards? Where did they all die?"

Lin Yueru frowned when she saw the chaotic people trying to escape. Su Chen's order said that those who escaped would be killed without mercy. These people who wanted to flee would definitely be massacred by the army.

Lin Yueru looked at the chaotic people and shouted loudly. He said, "Those who don't want to die should squat down and hold their heads, otherwise they will be killed without mercy!"

Puff! Puff! Puff!

The people who wanted to escape were slaughtered mercilessly by the army. As long as men, women, and the elderly dared to escape, the army would ruthlessly kill these people one by one.

"Don't kill me, I won't run away.....ah!" A commoner who knelt down to beg for mercy was beheaded by a soldier before he could finish speaking.

"Brother, please kneel down and surrender, otherwise we will all die."

"Madam, let's do the same quickly"

"I don't want to die, I surrender, I surrender!"

"Miss, let's do it with these people quickly so that the army won't massacre us."

"Surrender quickly. Everyone in the Yang family should kneel down and surrender with their heads in their hands."

"Madam, kneel down among these people. We are still young and we cannot die."

After the common people saw that some people who knelt down and held their heads were not massacred by the army, they all imitated these people and knelt down to beg for mercy. The army was too powerful and they could not escape from here. In the chaotic crowd of people, there were more than ten people in black robes, they were holding some humans and sucking human blood to their heart's content.

A wolf demon said to a rat demon next to him with his mouth full of blood, "Rat, let's go too. This time we also drank." We did not get so much blood food in vain."

The rat spirit under the black robe wiped the blood from his mouth. He laughed and patted the wolf monster on the shoulder and said, "Haha, of course, let's leave. Hangzhou City will become more and more chaotic in the future. Here, All humans will be our blood food from now on"

"That's right, but don't go out at will in the future. Those Buddhist monks will definitely come. We will wait for those bald donkeys to leave before eating the blood food here."

"None of you can leave."

At this time, a cold voice sounded next to these monsters.

"who?"

"The one who sent you to death!"

The rat demon saw a beautiful woman in white appearing next to her, and this beautiful beauty was also a snake demon."Little lady, you are also a demon, why are you trying to get along with us?"

"laugh! It's a shame for me to belong to the same demon clan as you."Xiao Bai was very disgusted when she saw these disgusting monsters.

This time, after Su Chen discovered the monsters hidden among the people, the bastard asked her and Xiao Qing to come out to clean up these monsters.

Xiao Bai was originally unwilling to help Su Chen. Bastard, but I didn't expect that Su Chen would let Xiao Qing come to beg her.

Xiao Bai was so angry that he wanted to stab that bastard to death with a sword. Seeing that Xiao Bai was going to attack them, the wolf demon ordered more than a dozen monsters next to him," Kill this snake demon and we can share her demon elixir equally."

"Okay, let's take action together!"

"Such a beautiful snake demon is rare. Why don't we catch her and play with her first and then kill her to get the demon pill?"

"Haha, just as I thought, this snake demon is too beautiful, and it would be a pity to kill it like this."

After the more than ten monsters around heard what the wolf demon said, they all looked at Xiaobai greedily. A demon pill is very useful for monsters like them to practice. They want to be strong, and the demon pill is very useful for them. attractive

"act recklessly! It is not a pity for you all to die."

Chapter 1356

After Xiaobai heard the humiliating gibberish of these monsters, she was very angry.

She was very reluctant when Xiaobai came to kill these little monsters this time. She was even resentful of that bastard Su Chen, but these little monsters The demon's words completely angered her.

Xiaobai will now vent his anger towards Su Chen on these little monsters.

The wolf demon drooled when he looked at Xiao Bai, who had a protruding figure. This snake demon was really so beautiful. It was much prettier than the little banshees and human women he had played with in the past.

The wolf demon looked at Xiaobai's perfect figure with lewd eyes and laughed,

"Haha, we don't regret dying? Little snake demon, we are demons and these are humans. Humans and demons have been incompatible with each other since ancient times. Don't you know this?"

"Ancient times are ancient times, now is the present, stop talking nonsense, will you all go to hell?" Xiao Bai saw the disgusting look of the wolf demon and waved his hand to attack these little monsters.

Boom!

A powerful aura came from Xiao Bai's body, and the monsters here exploded when they saw Xiao Bai. The powerful aura scared me out of my wits.

The rat demon shouted in horror, "No, this snake demon is a big demon, let's run away."

Xiaobai looked at the little demons who were trying to escape and said with disdain, "You little demons can escape." Are you there? Go to hell!"

Xiaobai is a powerful practitioner of the Out-of-body Realm, and the most powerful rat demon among these little monsters is the Golden Core Realm, and the rest are all cultivated into monsters. Little monsters, Xiaobai can destroy these little monsters with one hand.

Boom boom boom!

Xiao Bai waved his palm, and these little monsters didn't even have a chance to hide. They were destroyed by Xiao Bai, and even their bodies were not left behind.

After killing these little monsters, Xiaobai said to himself, "They are all little monsters who don't regret dying. Just like that bastard Su Chen, that bastard is also a damn shameless pervert!" In

Hangzhou city,

Xiaobai Qing Ke worked harder than Xiao Bai to kill the monsters among the people.

This place will be Su Chen's territory from now on, and also her territory.

Xiao Qing has a deep love for Su Chen and will even be Su Chen's woman in the future. Xiao Qing will complete all Su Chen's decisions perfectly.

In Wu Xiangjun's mansion,

Su Chen looked at the army that was suppressing the people who wanted to riot, and Xiaobai and Xiaoqing who were killing the monsters and demon cultivators who wanted to fish in troubled waters. He had achieved his goal today.

Su Chen will deal with other immortal cultivators and demons in Hangzhou city later.

The city of Hangzhou will truly belong to him.

Su Chen suddenly thought of the weapon he didn't have yet, which made him look at the little fox and said with a smile, "Little fox, do you have a magic weapon for the sword? I lack a weapon now."

"Why should I give you a magic weapon?" When the little fox heard Su Chen's words, he asked mockingly,

"Hey, little fox, we share adversity and life and death together, so don't be so heartless."

"Are you such a shameless bastard that you want a magic weapon? So what do you give in exchange? I am the owner of Baoqingfang, and I will not do a loss-making business."

Su Chen patted his chest and introduced himself, "What do you think of me? Does your Baoqingfang still lack a male host? I think I am qualified to be the male owner of Baoqingfang." bump!

"Go to hell! Damn bastard!" The little fox kicked Su Chen on the butt in shame and anger.

This bastard is so hateful.

On such an important occasion today, this bastard actually has the intention to tease her? The little fox couldn't help but want to kill this bastard..Su

Chen touched his butt and looked at the little fox and smiled.

The little fox also kicked her casually, otherwise he would definitely be kicked out of Hangzhou City by the little fox.

"Little fox, I really lack a weapon. My spirit sword was taken away by my daughter. If I don't have a handy weapon, I will suffer in future battles."

The little fox didn't expect that Su Chen actually had offspring. This made the little fox look at Su Chen and asked in surprise,

"Your daughter? You bastard actually have descendants?"

Su Chen curled his lips and mocked,

"What you said is really strange. I am already in my twenties. Have you ever seen a human being in his twenties who still has no descendants?"

The little fox heard Su Chen's words and asked speculatively, "You are just a shameless pervert, you must have a lot of women, right?"

The little fox also thought that Su Chen was an emperor in Tianxuan Continent, and would even be a human emperor in the future.

There must be a lot of women like this bastard.

This bastard asked her for some ghost cultivation techniques before, and he wanted to do this. The bastard should have some female ghost cultivators in his hands. This bastard is just a shameless pervert who can't walk after seeing a beautiful girl.

Su Chen coughed awkwardly and said, "Ahem, we'll talk about this later. Do you have any magic weapon for swords?" ? Magical weapons can also be used"

"No! Even if you have it, I won't give it to you"

"I'll do it! Little fox, if you do this, we will never be friends again."

"friend? Am I friends with you?"

"Aren't we friends? Are we a couple?"

"Damn it, you better shut up now."

The little fox really couldn't stand this bastard anymore.

She took out a purple sword from her storage bag and threw it to Su Chen. She was also annoyed by this bastard. Besides, this bastard couldn't die, and the little fox couldn't. I don't want Su Chen to encounter unexpected events in the future

"Ha ha....."Su Chen took the sword the little fox threw to him and laughed.

The little fox just didn't mean what he said and said there was no spirit treasure. Didn't he just take out a spirit sword? But why is this spiritual sword purple? He is a man, so what does it mean to use a purple spiritual sword?

Just when Su Chen was looking at the spiritual sword in his hand, the riots in Hangzhou City were also suppressed.

Tens of thousands of people were detained by the army, and all the three religions and nine factions in Hangzhou City were massacred. Even if there were still some gangs of three religions and nine factions in Hangzhou City, it would not be a problem.

In the future, Lin Yueru will focus on cracking down on those gangs with three religions and nine sects.

At this time, a captain of ten thousand people from the black-armored army arrived and saluted Su Chen and said,"Your Majesty, the people who wanted to riot in Hangzhou City have been caught. Your Majesty, what should we do with these people?"

Su Chen said to the black-armored army. The commander directly ordered,"Take all the captured people to the military camp in the western suburbs. Also, find the families of these people. Their families will also be detained in the military camp in the western suburbs.""

"Yes, Your Majesty!"

"Wait, order Su Ling to dispatch 50,000 black-armored troops to prepare for war at any time. Lingfeng Canyon outside Hangzhou is the battlefield of the war. Let Su Ling get familiar with the terrain there as soon as possible."

"Yes, Your Majesty!"

After the little fox heard Su Chen's order to the black-armored army, she was very confused. Aren't the people who wanted to riot in Hangzhou City been suppressed? Why is this bastard still preparing for war?

Is he going to attack that city ? Start a war?

Chapter 1357

Five days later,

Hangzhou City also returned to calm.

The people's riot five days ago seemed to have never happened. However, the people in Hangzhou City were cautious when going out. They were worried about being captured by Wu Xiangjun's army and sent to the military camp in the western suburbs.

Today, the city of Hangzhou suddenly boiled.

The people of Hangzhou City did not expect that Lord Wu Xiang would issue new tax regulations. The people of Hangzhou City were very worried that Lord Wu Xiang would increase taxes and corvee.

A policeman stood under the notice wall and read loudly,

"People in Hangzhou City, Wu Xiangjun decrees that from now on, the agricultural tax will be one out of ten taxes, and the commercial tax will be three out of ten taxes. In addition, the people in Hangzhou City will be able to allocate one acre of fertile land to each family, and the corvee will be completely exempted."

"What kind of agricultural tax will be 1 out of 10 in the future? How can this be? The Song Dynasty court stipulated that the agricultural tax was six out of ten. Mr. Wu Xiang wouldn't deceive us, would he?"

"There is also commercial tax. The commercial tax is only 30% tax, which is 20% less than what was stipulated by the Song Dynasty."

"Is this true? Can we also allocate one acre of fertile land to each family? Will there be no more corvee service in the future? Why do I feel like I'm dreaming?"

"We will know whether it is true or not in a few days. I hope Wu Xiangjun's decree is true."

"If Lord Wu Xiang's decree is true, then I will have no objection to Lord Wu Xiang's rule of Hangzhou from now on."

"You are right. When Wu Xiangjun came, he only took action against Buddhism. As for the people, he only had to take action because of the riots of those Buddhist believers. This has nothing to do with us ordinary people."

After the people of Hangzhou City heard Wu Xiangjun's decree, they were all very excited. If Wu Xiangjun's decree is true, then the people of Hangzhou City will be blessed.

The tax has been reduced by five Success, and they can also get fertile land and be exempted from labor.

This is something that the people of Hangzhou City dare not even think about.

Outside Hangzhou City, an old monk looked at the tall city walls of Hangzhou City, and he walked towards Hangzhou City step by step with his Zen staff.

"Stop, monks are not allowed in Hangzhou City."

Just when the old monk was about to enter Hangzhou City, the city guards guarding Hangzhou City stopped him when they saw the old monk. The old monk did not expect to be stopped outside Hangzhou City, "Amitabha, donor, why can't monks enter? Hangzhou city?"

The captain of the city guard shook his head and said to the old monk,

"Old monk, it's better to leave quickly"

"Wu Xiang Jun ordered that monks are not allowed to exist in Hangzhou and all counties under the jurisdiction of Hangzhou City. Leave as soon as possible. The people in Hangzhou City will not pay attention to you, an old monk."

The old monk frowned when he heard what the city guards said.

Hangzhou City was more serious than he thought. The old monk originally thought that Lord Wu Xiang destroyed the temples outside Hangzhou City to make money, but what happened today made He understand that things are not that simple.

"Amitabha, donor, I want to see Mr. Wu Xiang. I wonder if I can make a report on my behalf?"

"Who are you?"

The captain of the city guard felt that this old monk was not an ordinary person.

Wu Xiangjun had just destroyed the Buddhist sect under the rule of Hangzhou City, and this old monk still dared to appear in Hangzhou City, which made him have to be careful with this old monk.

Together, the old monk He held up his hands and said,

"Lao Na Jinshan Temple Fahai!"

"you.....You are actually Fahai, the master of Jinshan Temple."The commander of the city guard was very shocked when he heard what Fahai said.

Fahai of Jinshan Temple is very famous. Fahai is a master of subjugating demons and eliminating demons. He is also a famous master of Buddhism in the Song Dynasty.

"Can I report it to Mr. Wu Xiang for me?"

"Master, wait a moment. I will report to you now."

"Thank you donor!"

In Wu Xiangjun's house,

Su Chen and Xiao Qing were playing chess, and

Xiao Bai next to her was glaring at Su Chen with an angry expression.

Xiao Bai was really going to be autistic today. She had played several games with this bastard. She kept losing at chess.

No!

She was completely defeated by this bastard. Xiaobai didn't expect that Su Chen would be so proficient in chess.

But this bastard showed no mercy when playing chess with Xiao Qing, and even kept letting Xiao Qing eat him. chess piece, this shameless bastard is simply a despicable villain.

Su Chen suddenly sensed that a powerful person appeared outside Hangzhou. He hurriedly checked and said in surprise, "Huh?" Fahai? Didn't you expect Jinshan Temple Fahai to arrive so soon?

Xiaoqing asked suspiciously after hearing Su Chen's words, "Fahai?" Su Chen, Fahai from Jinshan Temple is here?"

"Yes, it seems that Fahai came to investigate the matter concerning the temple in Hangzhou City."

Xiao Qing asked Su Chen in a panic, "What should we do? Fahai is very powerful, and my sister is no match for that old monk."

Xiao Qing knows Fahai's strength very well. After all, she has experienced a battle with Fahai. Her strength is only weak against Fahai. Even Xiaobai is not Fahai's opponent.

Otherwise,

Xiaobai He would not be imprisoned in the Leifeng Pagoda before he had time to look back.

When Xiaobai heard Xiaoqing's words, he looked at Su Chen and sneered, "Hey, even if I am Fahai's opponent, I will not help this bastard.""

"elder sister! Su

Chen glanced at Xiaobai and asked with a smile, "Xiaobai, do you think Fahai will be your enemy in the future?"

When Xiaobai heard Su Chen's words, he thought about it and said,

"I am a demon, and Fahai is a Buddhist monk. If we meet him, he will definitely slay demons, but there is no way we will have a conflict. You bastard, you are overthinking."

Su Chen noticed something in Xiao Bai's words, which made Su Chen guess that Xiao Bai must have met Guanyin Bodhisattva, otherwise Xiao Bai would not have the confidence to say this.

Xiao Qing has never told him, and

Xiao Bai probably has not. He told Xiao Qing about Guanyin Bodhisattva, and even Guanyin Bodhisattva did not let Xiao Bai tell anyone else.

Su Chen stood up and walked to Xiao Bai.

He and Xiao Bai faced each other and said,

"Am I overthinking this?"

"Xiaobai, you have been tricked and you don't know it yet. Do you think Guanyin Bodhisattva's words can stop Fa Hai from taking action against you? You believe what those bald donkeys in Buddhism say, you are really a noob."

When Xiaobai heard Su Chen talking about Guanyin Bodhisattva, he was surprised and asked, "You.....How do you know Guanyin Bodhisattva? Xiaoqing doesn't even know about this, how could you, a bastard, know about it?"

She is the only one who knows about Xiaobai's encounter with Guanyin Bodhisattva. She has not even mentioned it to Xiaoqing.

How did this bastard know?

And this bastard said that she was being plotted against.

Who is plotting against her?

Buddhism ?

Could it be Guanyin Bodhisattva?

But why does Guanyin Bodhisattva plot against her, a little snake demon?

Xiaoqing hurriedly asked Xiaobai after hearing Su Chen's words, "Sister, have you seen Guanyin Bodhisattva?"

Xiao Bai nodded and admitted,

"Well, I have seen the avatar of Guanyin Bodhisattva in the Shenyin Continent. I came to Hangzhou City to repay my kindness and it was also under the guidance of Guanyin Bodhisattva."

Xiao Bai doesn't want to hide it from Xiao Qing anymore.

Su Chen already knows about this matter. Even if she doesn't tell Xiao Qing, Su Chen, a bastard, will tell her. This does not mean that she has not kept her promise to Guanyin Bodhisattva. promise

"Damn it, it turns out that these are Guanyin Bodhisattva's plans, but why does Guanyin Bodhisattva plot against my sister?"

Chapter 1358

Xiao Qing really couldn't understand.

Guanyin Bodhisattva was a powerful god.

How could she plot against Xiao Bai?

Xiaobai is just an unpopular little white snake, and there is nothing special about her. Why does Buddhism want to plot against Xiaobai? This made Xiaoqing look at the confused Xiaobai and couldn't figure it out.

Xiaobai rubbed his sore forehead and asked Su Chen, "Su Chen, why is this happening? Why does Guanyin Bodhisattva plot against me?"

"Want to know?"

Su Chen asked with a strange smile.

Xiaobai looked at Su Chen and nodded hurriedly, "I want to know."

"come over!"

"What to do?"

"Woo woo woo....."

When Xiaobai came to Su Chen's side,

Su Chen hugged Xiaobai and started to kiss her.

Xiaobai was stunned when Su Chen hugged her and kissed her.

When she realized what she was doing, she hurriedly tried to push this bastard away. , but this bastard held her tightly, which made Xiaobai forget for a moment that she was a powerful snake demon. Xiaobai was violated by Su Chen like a weak woman.

When Xiao Qing saw Su Chen kissing Xiao Bai, she clenched her fist angrily and wanted to beat the bastard.

However, she thought of what happened to Xiao Bai in the past.

Xiao Qing felt that if Xiao Bai followed this bastard Su Chen,

Xiao Bai would never do it again. Because of that weak Xu Xian, he was suppressed by Fa Hai under the Leifeng Pagoda.

Xiaoqing waved her fist angrily and let the bastard go for the time being.

After a while, after Su Chen let go of Xiao Bai,

Xiao Bai waved his palm to kill the bastard with a look of shame and anger, "You dare to kiss me, you bastard, go to hell!"

Su Chen took a few steps back and hurriedly persuaded her. He said, "Wait a minute, I will tell you now why you are being plotted by Guanyin Bodhisattva."

"I don't care, go to hell!"

"I'll do it! Space prison!"

When Xiaobai burst out with a powerful aura and was about to take action, Su Chen hurriedly used his space magic power to trap Xiaobai. If Xiaobai burst out with a powerful attack this time, his Wu Xiangjun Mansion would probably be over. Su Chen didn't want Xiaobai to destroy his Wuxiangjun Mansion.

Xiaobai looked around in confusion in the space prison.

The space prison was completely white, and there wasn't even a sound. This made Xiaobai confused. Bai was very panicked.

She just heard Su Chen talking about space prison. Could it be that Su Chen trapped herself with the law of space?

Is Su Chen really stronger than her?

Xiao Qing saw Xiao Bai disappear again , which made her look at Su Chen and ask angrily, "Su Chen, where is my sister? Did you move Xiaobai out again?"

"No, Xiaobai is still here, but he is trapped in a space by me using a space prison. Let me do it! My mana is consumed too fast. Your sister and I are equally powerful. I won't be able to trap your sister."

Su Chen was talking to Xiao Qing.

He suddenly found that his mana was consumed very quickly, which made Su Chen guess that Xiao Bai must be attacking the space prison.

Su Chen had no choice.

Xiao Bai was also a monk in the out-of-body realm. Su Chen If Chen wants to trap Xiaobai for a long time, it will definitely not work, not to mention that Xiaobai is still attacking the space prison.

"Let Xiaobai out quickly, otherwise she will be even more angry."

"okay!"

Su Chen is eager to release Xiao Bai now. If he doesn't release Xiao Bai, the space prison will be attacked by Xiao Bai and collapse. When

Xiao Bai reappears in the room, he will continue to attack Su Chen, "Asshole, Go to hell!"

Xiao Qing hurriedly pulled Xiao Bai and tried to persuade her, "Sister, calm down. Fa Hai is outside Hangzhou. Do you want Fa Hai to know that we are here?"

Xiao Bai calmed down after hearing Xiao Qing's words, but she was very ashamed and angry when she thought about being violated by Su Chen again.

This bastard peeped at her taking a shower in Suzhou City last time, and today he kissed her forcefully.

Xiaobai now wants to strangle this shameless bastard.

"You bastard, let me spare you for now, it's not over between us. Su

Chen coughed awkwardly and said, "Hey, Xiaobai, I am also doing this to break Guanyin Bodhisattva's plan against you. Do you think I am willing to kiss you?"

When Xiaobai heard Su Chen's words, she glared at Su Chen angrily and threatened, "Shameless pervert, if you dare to talk nonsense again, I will kill you first even if I die."

"I would like to report to your Majesty that there is an old monk named Fahai who wants to see you."

At this time, a black-armored soldier reported outside the room,

"Bring that old monk here"

"Yes, Your Majesty!"

When Xiaoqing heard that Su Chen wanted to see Fa Hai, she said worriedly, "Su Chen, are you crazy? Fa Hai is not a good person, why do you still want to see him?"

"Don't worry, Fahai won't take action this time." Su Chen pulled Xiaoqing to sit down and said with a smile,

"you sure?"

Su Chen nodded and explained,

"Of course, Fahai's reason for coming here in an aboveboard manner was to be polite before fighting. He probably wanted to force me to compromise, and even wanted me to publicly apologize for the things I did to the Buddhist temple."

"As for the future, maybe Buddhism will secretly kill me again and give fake products to some monsters."

Xiao Qing also understood after hearing Su Chen's explanation. Fahai came to reason this time, and I'm afraid he will take action to suppress Su Chen next time.

"Should we avoid it?"

Su Chen hugged Xiaoqing's waist and asked with a smile, "Do you want to avoid it?"

"In no mood!"

Xiao Qing shook her head and said,

Su Chen touched his chin and said,

"Then hide in my space prison. I will open the space prison and you can see the situation outside. However, you must not attack the space prison, otherwise my space prison will not be able to trap you."

"good! Xiaobai glanced at Su Chen and laughed, "So you bastard can't trap me with a space prison?" Next time your magical power will be of no use to me."

"I can defeat you without a space prison!"

"asshole!"

After a while, when Fahai was about to arrive, Su Chen took Xiaoqing and Xiaobai into the space prison.

"Your Majesty, Fa Hai has arrived."

"Let him in!"

"Yes, Your Majesty!"

The door to the room was opened, and an old monk walked in with a Zen staff.

Fahai frowned as soon as he walked into the room. He felt that the room was full of demons. There were at least two demons in the room just now. , and even the strength is not low.

Are there monsters here?

But this Wu Xiangjun is obviously a human being, how can there be monsters here? Could it be that Wu Xiangjun was deceived by the banshee?

Wu Xiangjun destroyed the Buddhist sect in Hangzhou City because of Was the banshee bewitched?

Fahai looked at Su Chen with a glint in his eyes and said,"Old Fahai, I have met Mr. Wu Xiang!""

"Fa Hai, what are you doing when you come to Hangzhou this time?"

Su Chen was also looking at Fahai.

This Fahai is already very old. This is definitely not the Fahai who can be as powerful as Tianlong.

"Mr. Wu Xiang, this time I am here for the Buddhist temple in Hangzhou City. Your Majesty, you also understand the purpose of my arrival this time, right?"

Chapter 1359

When Su Chen heard what Fahai said, he immediately turned cold.

Fahai came here this time with courtesy first and then attack. This was to be polite first, then attack and then attack him.

Buddhism is really dirty

"Fahai, do you mean to say that I have improperly handled the temples in Hangzhou City?"

After Fahai checked whether there was any evil spirit on Su Chen's body, he clasped his palms and said,

"This is exactly what I mean. Your Majesty, Buddhist temples are places of purity and places for people to pray. Your Majesty kills monks and destroys temples for no reason. Don't you give an explanation to Buddhism?"

Su Chen mocked disdainfully,

"Explain? Do I need to give you Buddhists an explanation for what I do? The city of Hangzhou belongs to me? Or does it belong to your Buddhist sect? Do I need to give you Buddhist explanation for anything I do in Hangzhou?"

Fahai asked with a serious face, "Your Majesty, the city of Hangzhou belongs to you, but your Majesty slaughtered Buddhist monks for no reason, doesn't it give the world a reason?"

Su Chen looked at Fahai and scolded loudly,

"reason? Didn't you see the notice when you came to Xizhou City? Aren't these reasons enough for Buddhism to occupy a large amount of fertile land, not engage in production, and to deceive the people and obtain huge amounts of money?"

"Don't tell people that this was done voluntarily by the people."

"Buddhist temples are splendidly built, and the Buddha statues have golden bodies. Do you mean that Buddhism is a pure place?"

Fahai's eyes flashed with a glint, and he made a Buddha name and said,

"Amitabha, Your Majesty, you are possessed by a demon."

Su Chen yelled angrily when he heard Fahai's words, "I've become a demon, old monk. Buddhism is unreasonable and says that I've become a demon. Are you going to give me another way to slay demons?"

Su Chen looked at Fa Hai and wanted to kick this old monk away. Why is he possessed by a devil?

Why didn't this old monk say that he was possessed by a devil?

It's his fault.

Buddhism started to convict people randomly when they couldn't reason with the truth.

There really wasn't a good thing in the monk.

Fahai didn't pay attention to Su Chen's anger.

He looked around the room and said seriously,

"Amitabha, when I came to Junshang's house, I found a demonic aura. Your Majesty, you may have been deceived by the banshee. I am willing to help you get rid of the banshee that deceived you."

Su Chen didn't expect that Fahai would sense the auras of Xiaobai and Xiaoqing. It seems that Fahai is very powerful. Fahai is at least a cultivation state above the out-of-body realm.

Su Chen rolled his eyes. Said cunningly,

"No need, there are no banshees in my house. Even if there are any banshees in my house, I don't need people from Buddhism to eliminate the demons for me. I have a close relationship with Shushan. If there are any in my house, Banshee, I will ask Shushan disciples to slay the banshee."

Su Chen also planned to use Shushan's name to scare Fahai. Although Fahai is unlikely to take action when he arrives this time, Fahai will definitely kill him without thinking in the future.

Although Su Chen has some plans for Buddhism,

But it's good to be able to take advantage of Shushan.

Anyway, Taoism and Buddhism are not compatible. If Buddhism and Taoism fight in the future, Su Chen can take the opportunity to develop quickly, and even make his women become powerful quickly.

Fa Hai was surprised when he heard Su Chen's words and said, "Daomen Shushan? I didn't expect that Your Majesty is from the Taoist sect."

When Su Chen saw Fa Hai taking the bait, he pretended to be arrogant and said,

"Now that you know, leave. No monks will appear in the area under the jurisdiction of Hangzhou City in the future. I will give you a Buddhist transition period of six months. If there are still monks in the area of Hangzhou Prefecture after half a year, they will be killed without mercy!"

Fa Hai asked angrily,

"Amitabha, Your Majesty, aren't you afraid of causing a war between Buddhism and Taoism?"

Su Chen spread his hands and said nonchalantly, "It's none of my business. I'm just a little secular person. Whether there will be a fight among your immortal cultivators is your business."

In the space prison,

Xiaobai and Xiaoqing curled their lips when they heard Su Chen's words. They didn't expect that Su Chen would talk such nonsense. When did this bastard have anything to do with Shushan?

Shushan and Su Chen have nothing to do with each other. , it has not been a year since Su Chen came to Shenyu Continent, and Su Chen probably doesn't even know where Shushan is.

Xiaobai took Xiaoqing and reminded him, "Xiaoqing, have you seen that, Su Chen is just talking nonsense?" Inglorious bastard, you can't be deceived by this bastard."

Xiao Qing smiled and said, "Xiao Bai, Su Chen is just deceiving Fa Hai. Although that bastard is sometimes mischievous, he can't deceive me.""

"You are so obsessed with being deceived by Su Chen. That bastard is a shameless pervert. What good is he?"

Xiao Bai was speechless for Xiao Qing.

Xiao Qing has always been very shrewd. Why did she fall in love with this shameless person? Xiao Bai was still very angry when she thought of what Su Chen did to her..

At this time,

Fahai decided to leave Hangzhou City as soon as possible.

Things here were somewhat beyond his expectation. He did not expect that Daomen would be involved in this matter. This was no longer something he and Jinshan Temple could do to solve the matter.

Although Daomen has declined. However, in the eastern part of the Eastern Continent, the Taoist sects are still very powerful. Shushan, Qingyunmen, Longhushan, etc., these Taoist sects are very powerful.

As for Wu Xiangjun of Hangzhou City,

Fahai also has to compete with other Buddhist sects. The strong men discussed how to solve it. The Song Dynasty court had a close relationship with the Taoist sect, and Fahai did not want Buddhism to be suppressed by the Taoist sect in the south of the Song Dynasty again.

Fahai looked at Su Chen and bent down and said, "Your Majesty, then I will Farewell, Your Majesty, take care of yourself"

"Wait, Fahai, take away all those Buddhist believers in the military camp in the western suburbs. Keep these Buddhist believers. I'm afraid I can't help but slaughter them."

"Yes, I will take them back to Zhenjiang City." Fahai nodded in agreement after hearing Su Chen's words.

Zhenjiang is an important place for Buddhism in the south of the Song Dynasty, and it is also a city privately controlled by Buddhism. Even if Fahai brings some Buddhist believers back to Zhenjiang City, they will be properly resettled. They are Buddhists. Taking in some Buddhist believers will also increase the reputation of Buddhism.

"Someone come!"

Su Chen smiled strangely when he saw Fahai agreeing.

There are as many as 60,000 to 70,000 Buddhist believers. Fahai must not have understood how many Buddhist believers there are in Hangzhou.

Su Chen finally got rid of these hidden dangers.

In the future , Let Buddhism worry about these Buddhist believers

"Your Majesty!"

A black-armored soldier came in and saluted Su Chen.

Su Chen pointed at Fa Hai and hurriedly ordered,

"Take Fahai to the military camp in the western suburbs and have 10,000 black-armored troops escort Fahai and take away the people in the military camp in the western suburbs. Along the way, they must send all the people to Zhenjiang City."

"Yes, Your Majesty!"

After Fahai left,

Su Chen also released Xiaobai and Xiaoqing.

Su Chen thought that Fahai from Jinshan Temple had been sent away. Fahai would not be able to come back in a short time, but next time he would meet Fahai again. When we meet, there will probably be a life-and-death battle.

And the army of the Song Dynasty court should be arriving soon.

As long as the army of the Song Dynasty dares to invade Hangzhou City, Su Chen will have reason to launch a war against the south of the Song Dynasty.

Su Chen opens the door in the room The window sighed,"The storm is coming! I have a life of hard work"

"Are you still working hard? You are a shameless bastard who keeps telling lies."

Chapter 1360

Su Chen didn't expect that Xiaobai would still treat him with a pushy attitude. He looked at Xiaobai and smiled. Xiaobai might still be worried about him kissing her.

However, this was done deliberately by Su Chen. Xiaobai and Xu Xian had no future at all. Xu Xian was a pawn of Buddhism, and Xiaobai was a victim, even to the point of exterminating Jiejiao.

Su Chen looked at Xiaobai and asked,"Xiaobai, are you a disciple of Mother Lishan?"

"No, how could I be a disciple of Mother Lishan?"

Xiao Bai felt confused when he heard Su Chen's words.

She has not been a disciple since the old snake demon was killed. How could this bastard say that she is a disciple of Mother Lishan?

Who is Mother Lishan?

A powerful cultivator. Or a powerful monster?

When Su Chen saw Xiaobai denying it without hesitation, he felt that Xiaobai was not telling the truth.

"you are lying!"

When Xiaobai heard Su Chen's words, he cursed angrily,

"You bastard, how could I be a disciple of Mother Lishan? I don't even know who Mother Lishan is. Xiaoqing and I have been together for hundreds of years. If you don't believe it, you can ask Xiaoqing."

Xiao Qing looked at Su Chen and said doubtfully,

"Su Chen, Xiaobai is not a disciple of Mother Lishan. The snake demon who taught us cultivation has been killed by Xiaobai. Xiaobai and I have never been a disciple again. Did you remember it wrong?"

Su Chen saw Xiao Qing saying the same thing, which made him very confused.

If Xiao Bai was not a disciple of Mother Lishan, then why would Guanyin Bodhisattva plot against Xiao Bai?

This is unreasonable!

Su Chen thought for a while and continued asked,

"Xiaobai, where did you learn your cultivation techniques? It's impossible for you and Xiaoqing to practice the same sect and origin of the snake demon's technique. Don't you tell me that you figured out your technique on your own?"

Xiao Bai said with a proud smile, "I got my technique accidentally in a cave in Qingcheng Mountain. I'm pretty lucky, right?"

"What kind of exercises do you practice?"

"Who are we to tell you!"

"Su Chen, what we practice is the Dapin Immortal Art." Xiao Qing heard that Xiao Bai was unwilling to tell Su Chen, so she hurriedly said to Su Chen.

Xiao Bai shouted to Xiao Qing with a look of hatred on his face,

"Xiaoqing?"

Xiao Qing hurriedly lowered her head in embarrassment.

She felt very embarrassed now.

Both Xiao Bai and Su Chen were very important relatives to her. She was really in a dilemma between Xiao Bai and Su Chen.

Su Chen touched it and asked in confusion, "Great Immortal Technique? What kind of technique is this? Why haven't I heard of it?"

"Humph, this is a profound skill that can be cultivated to become an immortal. What do you, a bastard, know?"

Su Chen heard that Xiao Bai said that one can practice the exercises to become an immortal, which made Su Chen ask suspiciously,

"Xiaobai, since this technique is very powerful, do you feel that it is too easy for you to obtain this technique? Could it be that someone deliberately let you get this technique? Have you ever thought about these?"

"this....."

Xiaobai didn't know how to answer Su Chen for a moment. It was indeed unusual for her to obtain a powerful technique so easily. Could it be that someone really gave this technique to her on purpose? But what is the purpose of that person? Xiaoqing and Su Chen saw Xiaobai who was meditating and did not disturb her. Su Chen now suspected that Xiaobai's skills were deliberately given to Xiaobai by Mother Lishan. Suchen thought of Xiaobai being crushed under Leifeng Pagoda, Lishan His mother didn't even show up, which made him wonder if Mother Lishan was also taking advantage of Xiaobai, right? Xiao Qing looked at Xiao Bai with a worried look on her face. She now felt an inexplicable chill all over her body. Xiao Qing guessed that the technique Xiao Bai obtained was also calculated. His skills were plotted against him, and his repayment of kindness was plotted against him. How could Xiaobai be so miserable? Why do so many people want to plot against Xiaobai? At this moment, in the military camp in the western suburbs of Hangzhou City, when Fahai arrived, he saw tens of thousands of civilians in the military camp. This made Fahai confused as to whether he should take these civilians to Zhenjiang City. But now he can't help it. Tens of thousands of people have seen his arrival. If Fahai leaves secretly, the reputation of Buddhism will be ruined. Fa Hai couldn't understand: Does Wu Xiangjun really not care about these people? There are 60,000 to 70,000 people here. Does Lord Wu Xiang really want to expel so many people? You have to know that if a big city has no people, how can the big city continue to operate? On a high platform, a captain of ten thousand men from the black-armored army stood here with Fa Hai. The captain looked at the people gathered under the high platform and shouted loudly,

"The people below are all listening"

"This is Fahai from Jinshan Temple in Zhenjiang City. This time Fahai will take you away from Hangzhou City. From now on, Hangzhou City will not welcome you common people. If you dare to come to Hangzhou City privately in the future, you will be killed without mercy!"

The people in Hangzhou City panicked when they heard the words of the black-armored army. Their homes are here. If they leave Hangzhou City in the future, how will they survive?

"General, if we don't leave, our home is in Hangzhou City. We will die if we leave Hangzhou City."

"If we don't leave, my whole family will be caught here. If we are driven out of Hangzhou, we will have no land or shops, and we will starve to death."

"Yes, General, please beg Wu Xiangjun and don't dare us to leave Hangzhou City."

"I am a nobleman, general. I will serve Lord Wu Xiang from now on. Don't drive me out of Hangzhou City."

"If I don't leave, my family won't leave either. My mansion and my restaurant are all in Hangzhou. If I leave, I will lose everything."

These people who were rioting against Wu Xiangjun's forced palace were completely panicked.

They originally thought that they would be imprisoned by Wu Xiangjun for a period of time, and

Wu Xiangjun would let them go.

But they didn't expect that Wu Xiangjun wanted them to be expelled from Hangzhou, which made all these people panic.

When the captain of the black-armored army heard the people's shouts, he threatened loudly,

"Shut up, you have no choice. If you dare to coerce your Majesty, you should be executed. This time, your Majesty did not execute you because you are ordinary people. He is now preparing to leave. He has not left the western suburbs for half an hour. In the military camp, they will be killed without mercy!"

"kill! kill! kill!"The surrounding black-armored troops were holding weapons and shouting threats.

Fahai saw that the surrounding black-armored troops were ready to massacre these people at any time.

He called the Buddha's name and hurriedly said loudly,"Amitabha, common people, don't In a panic, everyone quickly prepared to leave with Lao Na. Lao Na would settle everyone in Zhenjiang City."

The common people were also frightened by the threat of the Black Armored Army.

They thought that in Hangzhou City, the Black Armored Army had massacred those people without mercy. The people here were so frightened that they calmed down. They did not want to be threatened by the Black Armored Army. The army was massacred.
