Chapter 1701

The three masters and disciples of Saint Aunt and Delia looked at Su Chen and were very confused.

They were the only ones here.

How could Su Chen hear the voices of other women?

After Su Chen looked at the women here, he then looked at Lin Qing'er's stone statue.

He understood that the woman's voice just now should have come from Lin Qing'er's stone statue, but why didn't other people hear it? This made Su Chen very confused.

"Your Majesty, do you think the sound was made by the high priest just now?"

The holy aunt saw Su Chen staring at the stone statue of the high priest, which made her feel that Su Chen might not have lied just now.

She guessed that the high priest might have a spirit in heaven, and the high priest might want to say something to Su Chen.

Anu, Gai Luo, and Delia all looked surprised.

The high priest had become a stone statue. How could the high priest make a sound? Or even just to Su Chen?

Su Yan was stunned when he heard the saint's words. Rushing to the stone statue, she didn't think her father would talk nonsense here. Could this stone statue really be alive?

"Lin Qing'er!"

Su Chen shouted at the stone statue.

Su Chen also thought that Lin Qing'er's soul had not dissipated in the plot.

When Zhao Ling'er and Li Xiaoyao arrived,

Lin Qing'er used the soul-returning fairy dream technique to let Li Xiaoyao return. To rescue Zhao Ling'er as a child more than ten years ago.

After Shenggu and others heard Su Chen's cry, they all looked at the stone statue of Lin Qing'er without blinking. They all wanted to know if Lin Qing'er was dead. ?

"Who are you? Why do I feel yours is different?"

At this time, the woman's voice came out again.

After Su Chen heard the woman's voice, he was now 100% sure that it was Lin Qing'er's voice.

Su Chen looked at the stone statue and asked doubtfully, "Lin Qing'er, are you dead or alive?"

Lin Qing'er's soft voice said to Su Chen, "Me?" He should be considered dead. There is only a trace of my remnant soul in the stone statue. However, this remnant soul of mine will not last long."

"So that's it, Lin Qing'er, what else do you have unfulfilled?"

"I want to know how my daughter is doing now?"

"Zhao Linger? She is very good, and she is also a cultivator in the Nascent Soul Realm. You don't have to worry about your daughter."

"That's good, that's good," Lin Qing'er felt relieved when she heard that Zhao Ling'er had grown up safely and even her cultivation level was not low.

Shenggu and Delia just heard that Su Chen. While talking to themselves, they still didn't hear the woman's voice.

This made them look at Su Chen and wonder, why could Su Chen communicate with Lin Qing'er's stone statue? Why couldn't they even hear the voice?

Delia Pulling Su Chen, he asked doubtfully, "Su Chen, why can't we hear Lin Qing'er's voice?"

Su Chen looked back at the girls and explained,

"That's because your mental power is too low. Lin Qing'er is just a remnant soul. People with weak mental power cannot hear the sound transmission of Lin Qing'er's mental power at all."

"Your Majesty, can the high priest be resurrected?"

The holy aunt looked at Su Chen and asked eagerly.

If it hadn't been for Su Chen's arrival this time, she really wouldn't have known that the high priest was not dead yet.

For more than ten years, the high priest might have been paying attention to all this, but Her cultivation level is too low, and it is impossible to communicate with the high priest. The holy aunt now very much hopes that Su Chen can resurrect the high priest.

Su Chen shook his head and replied,

"This is probably very difficult. The Shenyu Continent is just a world of immortal cultivation. There may be a way to resurrect Lin Qing'er in the Shenyu Continent, but there is nothing I can do."

The Holy Aunt heard Su Chen's words and said in despair, "Is the high priest really hopeless?"

"It's not impossible, forget it, this method is too special, and the high priest Lin Qing'er may not be willing to"

"Your Majesty, what is the solution?"

Su Chen looked at Lin Qing'er's stone statue and felt very pity.

He wanted to save Lin Qing'er, but this is not the fairy world.

If it were in the fairy world,

I am afraid that any immortal could save Lin Qing'er, but here is In the Shenyu Continent, Su Chen did not have the elixir or magic to restore the soul body.

Su Chen also suddenly thought of the ruthless empress's sky-swallowing magic jar.

The sky-swallowing magic jar has a physique that can swallow everything, and the empresses in the sky-swallowing magic jar There are still a lot of special constitution essences that are not needed.

If Lin Qing'er absorbs the essence in the sky-swallowing magic jar, she may be able to repair her soul and even reassemble a body.

But the consequences of this will be that Lin Qing'er She is no longer Lin Qing'er, she will be like a new human being.

The new Lin Qing'er will no longer be a descendant of Nuwa, and has nothing to do with Zhao Ling'er's blood connection.

"Reshaping the soul means that even if Lin Qing'er is resurrected, she is not the original Lin Qing'er. The reshaping of the soul and body has nothing to do with the original Lin Qing'er."

"this....."

Aunt Saint was confused when she heard what Su Chen said. After Lin Qing'er was resurrected, she was no longer Lin Qing'er. What should she do? If the high priest is no longer the high priest, what will happen to the Bai Miao people in the future?

Others also fell into deep thought after hearing Su Chen's words.

They also understood that

Su Chen's method was to let Lin Qing'er be reborn, but after rebirth, Lin Qing'er is a new human being. She and the previous Lin Qing'er It has nothing to do with it.

At this time,

Lin Qing'er's soft voice said to Su Chen,

"Su Chen, I will not use your method to resurrect. I am Lin Qing'er and a descendant of Nuwa. I will never give up this identity. Even if I really disappear in this world, I will have no regrets."

"Lin Qing'er, I respect your thoughts. I hope this spiritual stone can help you. I can only do so much for you."

Su Chen said to Lin Qing'er, he took out a top-quality spiritual stone and placed it on the forehead of Lin Qing'er's stone statue.

Although Lin Qing'er is a broken soul, the top-quality spiritual stone should have a certain effect on Lin Qing'er. It has a certain effect and can even alleviate the dissipation of Lin Qing'er's broken soul.

"Thanks a lot, I feel better than ever."

After the Saint Aunt heard Su Chen's words, she guessed that the high priest must have rejected Su Chen's method, which made the Saint Aunt feel even more uncomfortable.

A person's soul has been trapped in a stone statue for more than ten years, unable to move. Being able to move, the Holy Aunt was very heartbroken for the High Priest.

She didn't want the High Priest to continue like this, and she didn't want the High Priest's soul to completely dissipate in the future.

The Holy Aunt just walked to Lin Qing'er's stone statue. After bowing, she looked back at Su Chen and begged,

"Your Majesty, I agree, use your method to resurrect the high priest. The high priest has done enough for the Bai Miao people. I don't want the high priest's soul to completely dissipate. The high priest must have been very miserable these years, so let the high priest After the priest is resurrected, let's live a good life for herself!"

Chapter 1702

Su Chen was very speechless when he heard what the Holy Aunt said.

The High Priest Lin Qing'er didn't want to use his method to resurrect him, and the Holy Aunt asked him to resurrect the High Priest Lin Qing'er.

Who should he listen to?

"Wu Xiangjun, we also want you to resurrect the high priest. The high priest has been trapped in the stone statue for more than ten years. She should also let the high priest live a good life for herself."

"Yes, the high priest has been working hard for the Bai Miao people during his lifetime. The high priest has been turned into a stone statue for more than ten years in order to seal the water monster. The high priest has suffered enough. We, the white Miao people, cannot be so selfish. Please ask Mr. Wu Xiang. Resurrect the high priest."

Anu and Gailuojiao saluted Su Chen.

They didn't want the high priest to disappear like this.

Anu and Gailuojiao both grew up listening to the stories of the high priest. The high priest has done a lot for the Bai Miao people. Enough. Even if the high priest becomes another person in the future, she will still be the high priest of their Bai Miao tribe. This is better than the high priest dying completely.

"Dad, how about you save the high priest?"

Su Yan rolled his eyes at the side and said.

Su Yan felt that there was nothing wrong with rescuing the high priest.

If his father rescued the high priest, the Bai Miao people would definitely not resist their rule in the future. This was the best of both worlds.

As for the high priest no longer being the former high priest, what does it have to do with her?

Su Yan doesn't care about this.

"I understand what you said, but Lin Qing'er doesn't want to. Even if you say a lot, it's useless."

The holy aunt looked at the stone statue and smiled and said to Su Chen, "Your Majesty, if you want to resurrect the high priest, do you need the high priest's consent? You can just resurrect the high priest"

"Um? Is this okay?"

"Okay, I am the holy aunt of Bai Miao. The high priest is not here. I am the highest decision-maker of Bai Miao. If I agree, I will bring the consent of all the Bai Miao people. Your Majesty, please take action."

After Lin Qing'er's soul heard what Saint Aunt and the others said, she hurriedly objected to Su Chen,

"No, Su Chen, I will never use your method to resurrect. I cannot lose my identity as a descendant of the Nuwa tribe, and I must not forget the past. It is even more impossible for me to sever the blood connection with my daughter."

Su Chen was very helpless when he heard what Lin Qing'er and Sheng Aunt said.

It's his fault!

Who should he listen to?

One of Sheng Aunt and Lin Qing'er wanted to be resurrected, and the other didn't want him to be resurrected. Su Chen felt his head They are all getting bigger

"You all go out, I will talk to Lin Qing'er, Yan'er, you take the water unicorn and ask the saint aunt to take you to destroy the water monster."

Su Yan nodded and agreed.

She was also very interested in water monsters, water unicorns and water monsters.

Su Yan also wanted to know which of them was the most powerful water monster.

"Okay dad, I will let the water unicorn destroy the water monster"

"Thank you Mr. Wu Xiang."

The holy aunt was very happy when she heard Su Chen's words.

The water monster has been causing trouble to Nanzhao for decades.

Although the water monster is now sealed, the water monster will break out one day.

Wu Xiangjun is now going to After destroying the water monster, Nanzhao Kingdom, no, Nanzhao Kingdom already belongs to Su Chen, which is very beneficial to the future life of the Miao people.

Afterwards, the three masters and apprentices of Shenggu, Su Yan and Di Li Yadu left, and Su Chen was the only one left in this small temple.

Su Chen looked at Lin Qing'er's stone statue with his arms crossed and asked with a smile, "Lin Qing'er, do you want to be resurrected?"

"I think so, but I don't know how to use your method." Lin Qing'er replied to Su Chen coldly.

Lin Qing'er was also worried that Su Chen would forcefully help her resurrect.

If so, she would forget everything in the past, and even her daughter Zhao Ling'er might forget. This is not What Lin Qing'er could accept was that even if she died, she would never be resurrected like this.

Su Chen shook his head and said,

"That's not possible. The Holy Aunt has agreed to resurrect you on behalf of all the Bai Miao people, and the Bai Miao people are also my subjects. It is impossible for me to disrespect the opinions of my subjects."

"You, you can't do this, otherwise, I will lose my soul and die now."

Su Chen shook his head when he heard Lin Qing'er's words.

How could a remnant soul disperse on its own? Is Lin Qing'er trying to scare herself?

The reason why Su Chen saved Lin Qing'er was that he was also attracted by Lin Qing'er in the original plot. Moved by Su'er's righteousness, it would be a pity for a woman like Lin Qing'er to die.

Su Chen thought about it and threatened Lin Qing'er,

"It's up to you, Lin Qing'er, your life or death actually doesn't matter to me at all. If it hadn't been for Saint Aunt's request, would I have done these things when I was full?"

"Also, your daughter Zhao Ling'er has offended my daughter. If you agree to use my method to resurrect her, I can forgive your daughter. Otherwise, your daughter may end up being imprisoned by me for the rest of her life."

Lin Qing'er shouted angrily when she heard Su Chen's words, "Su Chen, are you threatening me?"

"You can understand it this way"

"You are shameless!"

"You name it!"

"Damn it, how can you be such a shameless person?"

Lin Qing'er has nothing to do with Su Chen.

This Central Plains man is so shameless.

Lin Qing'er doesn't even want Su Chen to save her, but this bastard even threatens people when he saves them?

"System, open a channel and collect the soul in the stone statue into the sky-swallowing magic jar in space."

"Ding, it's just this once, it won't happen next time."

Su Chen curled his lips when he heard the words of the system.

What happened just once?

This is just a trivial matter. The girl from the system is too arrogant. If it weren't for the fact that she couldn't get out the Sky-Swallowing Devil Jar in the Shenyun Continent, Does Su Chen need systematic help?

At this time, a small space passage appeared in Su Chen's hand.

Su Chen touched Lin Qing'er's stone statue.

Then, the figure of a white woman began to emerge from the stone statue. Was sucked into the space passage.

When Lin Qing'er was sucked into the space passage, she shouted at Su Chen, "Su Chen, you shameless person, even if I come back to life, I can't spare you."

"I hope you still remember me then"

"Ding, host, Lin Qing'er will be resurrected in the future. Even if she forgets everyone, she can't forget you. Host, don't forget. The Sky-Swallowing Magic Jar belongs to you. Lin Qing'er is resurrected in the Sky-Swallowing Magic Jar. The Sky-Swallowing Magic Jar It is impossible to deprive Lin Qing'er of your memory. Lin Qing'er will never forget you no matter what."

"I'll do it! Is there such a thing?"

Su Chen was also speechless.

However, after thinking about it, Su Chen didn't care anymore. So what if Lin Qing'er remembered him. Just like Blue Yincao, after Blue Yincao was deprived of her memory, she would no longer obey her words. ?

"Do you still have this stone statue of Lin Qing'er?"

Chapter 1703

Su Chen did not take away Lin Qing'er's stone statue in the end.

This stone statue was no longer relevant.

Lin Qing'er would be a completely different person from the previous Lin Qing'er when she was reborn. Let Bai Miao continue to worship this stone statue.

Besides, Lin Qing'er will be resurrected in the future.

It is impossible for Lin Qing'er to return to Bai Miao. Su Chen will not let Lin Qing'er return to Bai Miao to serve as a high priest.

"Now that we can go back, we have to continue sending Delia to the Western Continent. Su Yan can also handle the matters here."

Su Chen looked around and then disappeared.

Nanzhao Kingdom has been conquered by Su Yan and Princess Che. He doesn't have to worry about the war. He has many women who can lead the army in war.

The threat of Nanzhao Kingdom There are only water monsters and the leader of the Moon Worshipping Cult, which is a piece of cake for the water unicorn beside Su Yan.

Even worse, there is Qingying beside Su Yan.

As long as Su Yan destroys the water monster and the leader of the Moon Worshipping Cult today, Nan The Kingdom of Zhao will completely belong to him.

By the small lake in the valley, the followers of the Moon Worship Sect have tied Zhao Ling'er and King Miao to the altar by the lake.

At this moment,

Li Xiaoyao and Jiu Jianxian were fighting with each other. The leader of the Moon Worshipping Cult fought fiercely.

After Li Xiaoyao came out of seclusion and learned that Zhao Ling'er had left, he went to find Zhao Ling'er regardless.

Jiu Jianxian was worried about Li Xiaoyao, so he had no choice but to follow Li Xiaoyao to Nanzhao Kingdom.

They As soon as they arrived near Dali City, they discovered that some believers of the Moon Worship Sect were sneaking around.

After they followed the followers of the Moon Worship Sect to this valley,

Li Xiaoyao and Jiu Jianxian discovered that Zhao Ling'er had been arrested, and they hurriedly took action to arrest him. Save Zhao Linger

"Two ignorant people, since you are seeking death, then don't blame this leader."

The leader of the worshipping moon did not expect that things would get out of hand. However, for a cultivator in the early stage of the distraction realm and a young monk in the golden elixir realm, the leader of the worshipping moon ignored them at all.

Li Xiaoyao took the spirit sword and pointed at worshipping the moon. The leader shouted loudly,

"Lord of the Moon Worshipping Cult, let go of Ling'er quickly, or today will be the day you die."

"Haha, a little Jindan realm dares to talk to this leader like this. It seems that you are tired of living."

The leader of the Moon Worshipping Cult did not expect that a small golden elixir realm monk would dare to yell at him, so he waved his hand and hit Li Xiaoyao

"Be carefree, be careful, use your sword to conquer the devil!!"

Boom!

The Jiujianxian saw the Moon Worshiping Cult Leader attacking Li Xiaoyao.

He hurriedly used his sword to resist the Moon Worshiping Cult Leader's attack. The Moon Worshiping Cult Leader was even more powerful than him. If Li Xiaoyao was hit, he would probably suffer even if he didn't die. Seriously injured.

Li Xiaoyao hurriedly retreated after being saved by Jiujianxian.

It was too dangerous just now.

If his master hadn't rescued him in time, he might have been beaten into pieces by the leader of the Moon Worshiping Cult.

"Xiaoyao, use your sword skills to help me, I will deal with the leader of the Moon Worshiping Cult"

"Yes, master!"

Boom boom boom.....

The Moon Worshiping Cult Leader and the Jiujianxian kept attacking each other, and Li Xiaoyao used sword control to constantly harass the Moon Worshiping Cult Leader.

Although the leader of the worshipping moon is at the peak of the distraction realm, the Shushan sword technique is very powerful. He cannot kill the Jiujianxian quickly for the moment, but as long as he figures out the sword technique of the Jiujianxian, the leader of the worshipping moon can Will kill the Brew Sword Fairy quickly.

At this moment,

Su Yan and Saint Aunt and the other girls also arrived. They saw the fighting at the lake, and even Zhao Ling'er and King Miao who were tied up on the high platform, they all stopped next to them.

"that? that? She is the daughter of the high priest."The saintly aunt looked at the tied Zhao Ling and said excitedly.

The saintly aunt was very excited when she saw the Jiujianxian at first. She didn't expect to meet the Jiujianxian here.

However, she saw the Jiujianxian on the high platform. After Zhao Ling'er was tied up, she became excited. She had seen Zhao Ling'er's portrait more than once, and the holy aunt would not allow Zhao Ling'er to be killed by the leader of the Moon Worshipping Cult.

"Yes, she is Zhao Linger."

Su Yan nodded expressionlessly after hearing the words of the holy aunt.

She didn't care about Zhao Ling'er's life or death.

Su Yan came here just to kill the water monster, and by the way, he also dealt with the leader of the worshipping moon and the worshipping moon of Nanzhao Kingdom. teach

"Anu, Gailuojiao, come with me to rescue Zhao Ling'er."

"Yes, master!"

Su Yan saw the three masters and disciples of Saint Aunt going to rescue Zhao Ling'er.

She waved her hand to the black-armored army behind and ordered,"Don't spare any members of the Moon Worship Sect. Kill them all!"

"Yes, Princess!"

"Water Qilin, go to the lake and kill the water monster"

"Ho ho ho!"

Whoosh!

Plop!

When the water unicorn heard Su Yan's order, he ducked and quickly entered the lake.

"Archers, crossbows, shoot!"

Swish swish swish".....

The Black Armored Legion also attacked. The 10,000 Black Armored Legion shot and killed the Moon Worshipers while advancing forward.

More than 3,000 Moon Worshipers were massacred by the three masters and disciples of the Holy Aunt.

At this time, the attack of the Black Armor Legion caused heavy casualties to the Moon Worshipers.

"Damn it, why did the Black Armor Legion come here? Holy Aunt Bai Miao? If I had known better, I should have killed that old woman earlier."

The leader of the Moon Worshiping Cult suddenly saw the arrival of the holy aunt, and even the appearance of the black-armored legion, which made him panic.

The black-armored legion appeared before the sacrifice began. I am afraid that the water monster has been informed by the holy aunt of Bai Miao. Black-armored Legion, his plan may have completely failed.

"Holy aunt?"

"Master, we have the help of the army. The leader of the Moon Worshiping Cult has panicked. We take the opportunity to kill him."

"We can't kill the leader of the Moon Worshipers, Xiaoyao, let's entangle the leader of the Moon Worshipers first and don't let him escape."

"Yes, master!"

Jiu Jianxian and Li Xiaoyao also discovered that Holy Aunt Bai Miao and the black-armored army were helping them. Although they wondered why the holy aunt and the black-armored army arrived, after all, they were allies against the leader of the Moon Worshiping Cult. They also tried their best. Hunt the leader of the Moon Worshiping Cult and prevent him from escaping.

Boom boom boom.....

Ho ho ho.....

At this time, a powerful battle also broke out in the lake. The powerful fighting aura caused the entire lake to explode, and the roars of the water monsters and water unicorns were even more deafening.

Su Yan looked at the battle by the lake, and then at the battle in the lake. She didn't care about these battles at all.

With the Black Armor Legion, none of the believers of the Moon Worship Sect can escape.

She does not have to worry about the battle between the water unicorn and the water monster. If the water unicorn in the Mahayana realm cannot kill the water monster, then the water unicorn will be too useless. There is no value in cultivating water unicorns.

Su Yan looked at the mermaid Delia beside him and said with a smile, "Auntie, will you come back after you return to the Western Continent?"

"Yan'er, I'm not your aunt." Delia corrected with a blush on her face when she heard Su Yan's words.

Delia was also speechless to Su Yan.

This little girl kept calling her aunt. Delia said many times that she was not, but Su Yan I don't believe it at all.

It's all because of that shameless pervert Su Chen.

If that bastard Su Chen hadn't been teasing her so much, Delia wouldn't have been misunderstood by this little girl Su Yan.

"hehe....., Auntie, I don't believe that you will be my aunt sooner or later."

Chapter 1704

Su Yan smiled at the mermaid Delia and looked towards the battlefield.

As for Delia,

Su Yan felt that her father would never let such a foreign beauty go. Besides, Delia was a beautiful mermaid.

Su Yan was also speechless about her father. Nowadays , there are more and more snake demons, vixens, female ghosts, sparrow demons, snake people, immortals, butterfly demons, mermaids, and other races in the family in

Hangzhou City.

The more Su Yan thought about it, the more he felt a headache.

Delia glared at the little girl Su Yan in embarrassment, but did she think that she would really never come back to the Eastern Continent again?

Here in the Eastern Continent, there is the bastard Su Chen, the close friend Yue Mei, the snake man, and Ji Ruxi and those good friends. It is impossible for her to forget these friends, and it is impossible to forget the bastard Su Chen. Delia is also very What to do next if you feel irritable. correct!

Elf princess Sylph?

Delia suddenly thought of the elf princess Sylph.

The elf princess Sylph was also the bastard woman of Suchen, and the elf princess Sylph was also the sole heir to the elf empire.

If Elf Princess Sylph is really with Suchen in the future, why can't she?

Although that bastard Su Chen is a pervert, that bastard has no other shortcomings besides lust.

Delia also saw from the eyes of the women in Hangzhou City that Ji Ruxi and their women really loved Su Chen very much, and they would not lie.

Delia felt a little more relaxed when she thought about this.

Although she didn't like that bastard Suchen yet, she kept thinking about that bastard in her heart.

Ever since Su Chen rescued her from the auction,

Su Chen had occupied a certain place in her heart, and it was impossible for Delia to forget the bastard Su Chen.

In the Nanzhao King's Palace,

Su Chen came back and saw Princess Chei and Butterfly Demon already chatting in the hall. Their faces were very red when they saw Su Chen come back.

"You are awake. Princess

Chei nodded, poured a cup of tea for Su Chen and asked, "Husband, have you gone to the priest temple of Bai Miao?"

Butterfly Demon lowered her head and did not dare to look at Su Chen.

What happened last night made her feel very ashamed. Butterfly Demon is very uncomfortable thinking about it now.

Su Chen nodded and continued,

"Well, Princess Che, Butterfly, I will take Delia to the Western Continent today. Also, Butterfly, tell Princess Che about the ladder. In two years, I will take women who have never been to the ladder. Go climb the ladder"

"Ladder to heaven?"

Princess Chehe was very confused when she heard about the ladder. She didn't understand what Su Chen was talking about. Why would he take all of them to climb the ladder two years later?

Butterfly Demon looked at the confused Princess Che and said with a smile. ,

"Sister Chai, the ladder is a mysterious existence that can quickly improve your cultivation. When the time comes, you have to climb a few more floors. I will tell you what you need to pay attention to when climbing the ladder."

"Well, thank you Sister Butterfly!"

Su Chen suddenly thought of the other widows of the Yang family.

These widows all served as commanders of Mu Guiying's Northern Combat Corps. In the past two years, their cultivation levels and combat abilities were all very good.

Su Chen After thinking about it, he said to Princess Che, "By the way, Princess Che, please call your sisters and ask them to gather at your home in Hangzhou in two years."

"Thank you husband, I will inform Geng Jinhua and the others."

Princess Chai was very happy when she heard Su Chen's words.

She was originally worried that Su Chen would be prejudiced against other sisters of the Yang family. Now it seems that Su Chen doesn't care about this at all, which makes her completely relieved.

"These are immortal wine and immortal tea. I will leave some for you. You should hurry up and practice. I will become an immortal within three years, and your cultivation realm will be improved quickly."

The butterfly demon pulled Princess Che and said with a smile, "Husband, we know that we will step up our practice."

"Okay, I'll leave first. The journey to the Western Continent is still very far, and I can't delay any longer."

Princess Chea nodded and said, "Husband, you should be careful along the way and don't cause trouble everywhere."

Su Chen's face turned dark when he heard what Princess Che said. He waved his hand and disappeared in front of Princess Che and the Butterfly Demon.

At this time, by the lake, the 10,000 black-armored legions had destroyed the three members of the Moon Worship Sect. Qian Cultist and

Saint Aunt also rescued Zhao Ling'er. Jiu Jianxian and Li Xiaoyao were still pestering the Moon Worshipping Cult Leader and did not let him escape. The battle between the water unicorn and the water monster in the lake was still going on.

King Miao saw that Saint Aunt was just After saving Zhao Ling'er and about to leave, he shouted in panic, "Holy aunt, help me, I am the king of Nanzhao, please help me."

The holy aunt turned around and said calmly, "Save you? King Miao, you almost caused us, the Bai Miao people, to be buried with you. It would be better for you to die. There is no way I can save you."

King Miao's face turned ugly when he heard Saint Aunt Bai's words.

He didn't expect that Saint Aunt Bai Miao would actually refuse to save her, but he didn't want to die.

Although all the men of the leader of the Moon Worshipping Cult were killed, the battle in the lake was still fierce. The meeting will spread here, and King Miao is worried that the water monster will eat him when it appears.

King Miao looked at Zhao Ling'er and shouted, "Ling'er, I am your father, you can't just die without saving him."

Zhao Ling'er gave King Miao an expressionless look and left with the holy aunt. She didn't want to see this disgusting father anymore. Whether King Miao lived or died had nothing to do with her.

"stop!"

Just when the three masters and apprentices of the Holy Aunt and Zhao Ling'er were about to return to Su Yan, the soldiers of the Black Armor Legion blocked the way of the Holy Aunt and the others. The

Holy Aunt looked at the Captain of the Black Armor Legion and said, "General, we want to see the princess!"

After Captain Wan looked at Zhao Ling'er, he said to Saint Aunt, "Saint Aunt, you and your disciples can go there, but this woman cannot go there."

"Why General?"

"This woman has attacked the princess. For the princess's safety, she cannot go there."

"What? Ling'er attacked the princess?"

When the Holy Aunt and her disciples heard what the Captain of the Black Armored Army said, they were all very surprised. They didn't expect Zhao Linger to attack that girl Su Yan, but why?

How could Zhao Linger attack Su Yan for no reason ? What?

The three masters and disciples of Saint Aunt felt incredible when they looked at Zhao Ling'er. With Zhao Ling'er's pale face and even regretful expression, they also guessed that the Captain of the Black Armor Legion was not lying.

Zhao Ling'er's body trembled when he heard the words of the Captain of the Black Armor Legion. After a moment, she felt very uncomfortable now.

Su Chen's daughter seemed to dislike her very much.

She really did something wrong last time.

Zhao Ling'er didn't know how to explain to Su Yan. She couldn't explain to Su Yan either. What should Yan explain? Wrong is wrong. Since she has taken action against Su Yan, she cannot explain it clearly no matter what.

"Dad, why are you here again?"

Chapter 1705

By the lake,

Su Chen suddenly appeared not far from the lake.

He looked around and walked to Su Yan's side. I'm afraid the war here will be over soon. Su Chen also planned to destroy the water monster and Baiyue. After becoming the leader, he took the mermaid Delia and continued on his way to the Western Continent.

When Su Chen heard Su Yan's question, he smiled and replied,

"I will take Delia to the Western Continent soon. Yan'er, you can only stay outside for two years. After two years, you will return home to Hangzhou City. At that time, I will take you to a fun place. Your aunts will also go"

"What fun place?" Su Yan asked suspiciously after hearing Su Chen's words.

"You will know in two years. If you want to know earlier, then ask your Aunt Butterfly, she has been to that place"

"Oh, I'll ask Aunt Butterfly soon."

Boom boom boom.....

At this time, a huge water unicorn appeared on the lake and bit another huge monster.

The water in the lake was also dyed red with blood. The battle between the two huge monsters shook the valley and the lake, and the lake water splashed out.

Ho ho ho.....

The water unicorn grabbed the water monster's throat with one claw and kept roaring.

The water monster has been defeated by the water unicorn.

It only takes a moment for the water unicorn to kill the water monster. However, the water unicorn wanted Su Yan to see its power, so he dragged the water monster out of the lake.

"This idiot!"

Su Yan looked at Shui Qilin and patted his forehead.

She also guessed that Shui Qilin was asking for credit. Su Yan was speechless at Shui Qilin's stupidity.

Su Chen smiled when he looked at Shui Qilin's look. When he got up, he also guessed that the water unicorn was asking for credit from Su Yan.

However, it was good for Su Yan to be able to control the water unicorn. Although the water unicorn was a unicorn with impure blood, if the water unicorn could protect Su Yan with peace of mind in the future, Su Yan would Chen doesn't mind improving the water unicorn's bloodline either

"Haha, Yan'er, it seems that you are doing well with the water unicorn. The water unicorn is actually trying to please you."

Su Yan shouted in embarrassment after hearing Su Chen's words, "Water Qilin, kill the water monster quickly, don't be embarrassed here."

Ho ho ho!

Boom!

Kacha!

After the water unicorn heard Su Yan's order, it waved its huge claws and smashed the water monster's head. The water monster died completely without even screaming. By the lake, when the leader of the Moon Worshiping Cult saw the water monster being killed, he was so frightened that he wanted to escape quickly. However, the Jiu Sword Immortal kept pestering him. If the Moon Worshiping Cult dared to turn around and run away, he might be killed by the Jiu Sword Immortal. He was also very anxious after being injured.

Su Yan saw the water unicorn destroying the water monster. She looked at the three masters and apprentices of the saint and Zhao Ling'er who were stopped by the black armored army.

Su Yan smiled at Su Chen and asked, "Dad, Zhao Ling'er is here, don't you want to see him?"

Su Chen looked at Zhao Ling'er and then touched Su Yan's hair and said,

"No need. Since she has taken action against you, she will no longer have anything to do with me. Yan'er, don't tell your aunts about this matter. After all, Zhao Ling'er had a good relationship with me before. Let's end this matter here."

"Okay, but this is how you want to compensate me?" Su Yan rolled her eyes and blackmailed Su Chen.

This is a good opportunity to blackmail her father.

Su Yan knows that her father has a lot of treasures in his hands.

If she doesn't use this opportunity to blackmail her father, Su Yan will Sorry for calling her the little devil.

Su Chen was very speechless when he heard Su Yan's words. This girl is trying to blackmail him again. This girl is getting more and more ghostly.

"what do you want?"

Su Yan rubbed his little hands and said with a smile, "Ling Bao, I want a powerful Ling Bao."

Su Chen shook his head and explained to Su Yan,

"A powerful spiritual treasure? Yan'er, there can't be spiritual treasures in this continent, and I can't take out the spiritual treasures in my hand now. So, I promise you, if you get to the fairy world, how about I give you two powerful spiritual treasures?"

"That's it! Then I want the Five Spirit Pearls now"

"Okay, I'll give you the five spirit beads, and this golden bell. Give this to your sister when you see her."

"Haha, thank you dad."

Su Chen laughed after taking Wu Ling'er and the golden bell.

Although Wu Ling'er is not strong now after being sealed, his ability is not weak either. Su Yan mainly thinks that Wu Ling'er is very beautiful and beautiful, and she just hangs it on her wrist. It's also a good pendant

"Su Chen, do I have something to say to you?"

At this time,

Zhao Ling'er shouted to Su Chen in the distance.

Su Chen frowned when he heard Zhao Ling'er's shout.

He didn't want to see Zhao Ling'er again, and he didn't want to hear any explanation from Zhao Ling'er. Zhao Ling'er had no relationship with him anymore. It's related

"Yan'er, I'm leaving with Delia. Please pay attention to safety in whatever you do in the future."

"I know Dad."

Su Yan looked at Zhao Ling'er and guessed that her father didn't want to see that woman Zhao Ling'er again.

This Zhao Ling'er was just like Zhen Mi back then.

However,

Zhen Mi had corrected herself, and Zhen Mi didn't make a move against her, and so did Su Yan. She accepted Zhen Mi again.

But Zhao Ling'er was different.

She had no friendship with Zhao Ling'er at all, and

Zhao Ling'er dared to attack her.

Su Yan did not let Shui Qilin kill Zhao Ling'er on the spot. She also considered Zhao Ling'er as her father's friend. Su Yan Yan Ke would not speak for Zhao Ling'er.

Su Chen hugged Delia beside him and nodded to Su Yan before disappearing. Su Yan was a little unhappy when she saw Su Chen disappear. In the Shen Yun Continent, Su Chen He didn't have much time with her. Su Yan looked at the still fighting leader of the Moon Worshipping Cult, Houjiu Sword Immortal. She shouted expressionlessly, "Shui Qilin, kill the Moon Worshipping Cult!"

"

"Ho ho ho!"

At this time,

Zhao Ling'er did not wait for Su Chen's reply.

She saw that Su Chen disappeared with a woman.

Zhao Ling'er slumped on the ground with a pale face. She knew that Su Chen could not forgive her for his attack on Su Yan. Zhao Ling'er also hated her impulsiveness a few days ago.

"Linger?"

Aunt Saint saw Zhao Linger's remorseful look, and she didn't know how to persuade Zhao Linger. She didn't know why

Zhao Linger took action against Princess Su Yan, but Zhao Linger took action against Su Yan, so it would be impossible for Su Chen to forgive Zhao Linger. , thank God that Su Chen didn't take action against Zhao Ling'er.

Zhao Ling'er stood up and said with a cold face,"I have nothing to do, Holy Aunt, take me to see my mother's stone statue.""

"All right!"

The Holy Aunt nodded when she heard Zhao Ling'er's words.

However, the Holy Aunt just forgot to ask Su Chen if he had resurrected the high priest.

She could only wait until the priest's temple to see if the stone statue of the high priest was still there.

If the high priest was still there, The priest's stone statue was gone, and the holy aunt explained to Zhao Ling'er about the high priest's resurrection. If the high priest's stone god was still there, it meant that the high priest did not agree to let Su Chen resurrect her.

Chapter 1706

Su Yan saw the three masters and disciples of Saint Aunt leaving with Zhao Ling'er.

She curled her lips and said nothing.

However, the

Bai Miao people still have to be careful in the future.

Zhao Ling'er, an unreasonable factor in the Bai Miao people, might cause trouble in the future. What's coming.

Su Yan looked at King Miao on the high platform by the lake.

She waved her hand disdainfully and ordered, "Come here, kill that loser King Miao.""

"Yes, Princess."

At this moment, when Jiu Jianxian saw Shui Qilin rushing towards him, he hurriedly took Li Xiaoyao and hid aside.

The powerful aura of Shui Qilin made him frightened, but he did not dare to block Shui Qilin's path. As for worshipping the moon Leader, I'm afraid I'm going to die without a whole body this time.

"No....."

When the leader of the Moon Worshipping Cult saw the water unicorn attacking him, his body was suppressed by the powerful aura of the water unicorn and was unable to move. The leader of the Moon Worshipping Cult screamed in horror. boom!

Shui Qilin slapped the leader of the Moon Worshipping Cult with one claw, and the Moon Worshipping Cult Leader died completely without even leaving a complete body.

At this time, Li Xiaoyao was very shocked when he saw that the leader of the Moon Worshipping Cult was easily killed. The leader of the Moon Worshipping Cult is an immortal cultivator at the peak of the distraction realm, but under the attack of the water unicorn, he did not resist at all and was not killed. The water unicorn was simply too powerful. Li Xiaoyao suddenly saw Zhao Ling'er and the Bai Miao people leaving. He hurriedly shouted to Jiu Jianxian, "Master, let's go find Ling'er quickly. Ling'er was taken away by the Bai Miao people."

"

"Well, I also want to meet my old friends from the Bai Miao ethnic group."

Jiu Jianxian looked at the departing Holy Aunt and Zhao Ling'er. He also wanted to see Lin Qing'er again in the priest temple of Bai Miao.

He still missed Lin Qing'er.

Even if Lin Qing'er turned into a stone statue, Jiu Jianxian He also wanted to see Lin Qing'er, whom he missed so much. It has been more than ten days since

Guanyin

Bodhisattva and Our Lady of Wudang came to Lishan with Su Yue, but that bastard Su Chen never showed up, not even in Hangzhou City. The women didn't come over either.

This made them confused.

Su Chen didn't come.

This might be because he hadn't gotten the information about Su Yue's arrest. But why didn't Ji Ruxi and those women come to Lishan?

Lishan But it is impossible for women like Ji Ruxi and Xiaobai to guess the territory of the Holy Mother, so why didn't those women show up? Didn't they all intend to save Su Yue?

Under the pavilion,

Guanyin Bodhisattva looked at Su Yue. While playing, she said to Our Lady Wudang beside her, "Wudang, what are Su Chen and his woman planning to do? Why did Su Chen, Ji Ruxi and those women not arrive after more than ten days?"

Our Lady of Wudang shook her head when she heard what Guanyin Bodhisattva said.

She was also very confused about Su Chen not coming.

Our Lady of Wudang even felt that even if Su Chen knew that Su Yue was captured by them, that bastard would be indifferent.

Guanyin Bodhisattva and The relationship between that bastard is too close. That bastard may know that Guanyin Bodhisattva will not hurt Su Yue.

"I don't know, but I guess they all know that we won't hurt that girl Su Yue. After all, you and Su Chen have a close relationship, and they all believe that you can't hurt Su Yue."

Guanyin Bodhisattva also shook his head when he heard what Madonna Wudang said.

Even the little girl Su Yue knew about her relationship with Su Chen. I am afraid that Su Chen and his women are really not worried at all.

Guanyin Bodhisattva thought of this. She was also very embarrassed and annoyed.

In the past ten days, this little girl Su Yue kept calling her aunt. She and Su Chen just had a very good relationship.

Guanyin Bodhisattva had never thought of being the bastard woman that Su Chen was. Besides, she was a A quasi-sage, a powerful person, and a Buddhist sect, how could she be the bastard woman of Su Chen.

In the past ten days,

Su Yue has been resting with her, and

Guanyin Bodhisattva has almost become a wet nurse.

"We have captured an ancestor. That girl Su Yue looks at Wen Wen quietly, but there are too many problems. That little girl is also very ghostly."

"Let's wait a few more days. If that doesn't work, we'll go back to Hangzhou. It's not an option if we continue like this."

"Well, that's all."

Guanyin Bodhisattva and Wudang Holy Mother discussed it for a while, and they felt that catching Su Yue's arrival was a stupid thing. Not only did they not get anything about Su Chen from Su Yue's mouth, but they also had to take care of this weird little girl..

They brought it upon themselves.

Ten days later, Su Chen brought the mermaid Delia to the Western Continent.

Along the way, Su Chen kept teleporting thousands of miles away to reach the Western Continent. If it weren't for Worried that he would encounter danger on the road, he did not use all his mana to rush. Su Chen and Delia might arrive in the Western Continent in five or six days. Su Chen looked at the sea next to the World of Warcraft Forest, and he asked Delia, "Delia, are you sure the Mermaid Kingdom is in the southeast?"

"

"Of course, how could I remember it wrong?"

Delia rolled her eyes at this bastard when she heard Su Chen's words.

Along the way, this shameless bastard took advantage of her. If she hadn't been vigilant when she was soaking in the water at night, Su Chen would have been the bastard. Will touch her fish tail

"Well, today I will take you back to the Mermaid Kingdom"

"Su Chen, don't you take a break to recover your mana?"

"It doesn't matter, I'll take you home early. I still have a lot of things to do, and I won't stay in the Western Continent this time."

Delia was silent when she heard Su Chen's words.

She didn't want to be separated from Su Chen now.

Along the way,

Su Chen kept running hard for her, and even took the wrong road several times, but Su Chen never complained.

Delia has been carried by Su Chen for the past ten days. After ten days of close contact,

Delia has become more and more intimate with Su Chen.

Su Chen looked at Delia and smiled, this The mermaid has become more and more dependent on him in the past ten days, and Su Chen also wants to take care of Delia in a while.

But Su Chen has no time.

More than half a year has passed since three years, and

Su Chen is only now He is an immortal cultivator in the Dongxu Realm. There are also Mahayana Realm and Tribulation Realm above him, and then he can transcend the Heavenly Tribulation and become an immortal. It is not easy for him to become an immortal in two and a half years.

Su Chen is preparing to retreat. He has practiced.

Otherwise , if he has not become an immortal within three years, the Holy Soul of the Heaven Ladder will probably force him to go to the immortal world to start the trial.

Even if Su Chen becomes an immortal, he will be a little scum in the immortal world.

If he does not When he becomes an immortal, he will go to the fairy world to trial.

He is the little scum among the little scum. I am afraid that he can't deal with any of the monsters on the journey to the west.

Whoosh!

Su Chen teleported away again while holding Delia in his arms.

Here he was already It was the Western Continent, and he wanted to send Delia back to the Mermaid Kingdom as soon as possible. Su Chen also wanted to see if the other mermaids in the Mermaid Kingdom were as beautiful as Delia.

Chapter 1707

Western Continent,

Aegean Sea!

A war is breaking out here.

Hundreds of human warships, more than 100,000 troops, tens of thousands of tiger shark troops from the sea clan, and 50,000 to 60,000 mermaid troops are fighting in the Aegean Sea.

Under the sea, in the mermaid's palace, a noble woman with a human-shaped upper body and a fish tail on the lower body sits on a throne, surrounded by fully armed mermaid guards. This beautiful, beautiful and noble mermaid is the queen of the mermaid tribe.

She wears a crown on her head and a short golden dress on her body. Her delicate and beautiful face is now very cold, and her proud figure makes people dream about it.

The mermaid queen suddenly stood up and walked around the palace.

She was very uneasy.

She did not expect that the tiger shark tribe would form an alliance with the human Sunset Empire. This time her mermaid kingdom would be in danger.

Tiger Shark is very familiar with the terrain of the Mermaid Kingdom. Coupled with humans' magic crystal cannons and powerful masters, it may be difficult for the Mermaid to resist the attack of the Sunset Empire and the Tiger Shark Clan.

At this time, a mermaid quickly swam over and told the mermaid queen,

"Queen, our defense line is about to be breached by the human and tiger shark armies. The army has suffered heavy casualties. Should we retreat to the second line of defense?"

"Order the mermaid army to retreat to the second line of defense"

"Yes, Queen!"

The Mermaid Queen did not expect that the enemy would break through the first line of defense so quickly. It seems that this time the Mermaid Kingdom will be destroyed by the combination of humans and the Tiger Shark Clan.

In the Mermaid Kingdom, she is the only one who is a Holy Earth Dharma God (Fusion Realm) , the other four mermaid elders are all Dharma Gods (Dividing God Realm).

There are three Fighting Gods in the Tiger Shark Clan, and there are five or six Dharma Gods and Fighting Gods among humans, and there is even a Holy Earth Dharma God and a Holy Earth God of War, there is no way she can be a match for those two powerful humans.

"Delia has also disappeared, and it seems that the Mermaid Kingdom is really doomed."

When the chief guard of the Mermaid Palace heard what the queen said, she couldn't help but ask,"Queen, will the Elf Empire come to support our Mermaid Kingdom?"

The Mermaid Queen shook her head and replied,"Oh, we can't make up for the time. The Elf Empire is too far away from our Mermaid Kingdom. Even if the Elf Empire knows about it, they can't come over as soon as possible."

"Then we mermaids will have to fight against the tiger shark clan and those hateful humans. Even if we mermaids all die in battle, we cannot be slaves of humans."

"Liya, order all the mermaids in the kingdom who are capable of fighting to gather at the second line of defense."

"Yes, Queen!" On a huge warship on the sea, a young man with blond hair sat on a chair and leisurely watched the battle ahead.

"Your Highness, the mermaid is running away." An old man suddenly turned around and reported to the eldest prince Chris of the Sunset Empire.

The eldest prince Chris laughed when he heard the old man's words.

This time he brought an army of 150,000 people and hundreds of warships, and even spent a lot of money to seduce the tiger. The shark clan leads the way.

The eldest prince wants to capture all the mermaids.

A mermaid is worth millions of gold coins in the Western Continent. There are thousands of mermaids in the Mermaid Kingdom. He just captured a thousand mermaids. This is also a huge fortune

"escape? Haha, where else can the mermaid escape? The mermaid's kingdom is behind. The mermaid has no way to escape. Order the army to speed up the attack. Remember, you must try to catch the mermaid alive. This is a huge wealth."

"Yes, Your Highness the Prince!"

On a seat next to him, an old man holding a staff said to the eldest prince Chris,

"Your Highness, the Mermaid Queen is a sacred earth magic god, which is a bit difficult to deal with."

The eldest prince frowned when he heard the old man's words and asked, "Your Excellency Bruce, one of you and Mr. Adams is the Holy Earth Law God, and the other is the Holy Earth Fighting God. Can't you capture the Mermaid Queen?"

Holy Earth Dharma God Bruce shook his head and replied,

"Your Highness, if the Mermaid Queen does not escape, she will definitely be caught by us, but if a Holy Earth Dharma God wants to escape, unless we have three strong men of the same strength, it will be difficult to catch the Mermaid Queen."

Holy Earth Fighting God Adams also shook his head and said,

"Well, Bruce is right. If the mermaid queen escapes, it will be difficult for us to catch her. Besides, this is the sea. If the mermaid queen escapes, it will be even more difficult for us to catch the mermaid queen."

When the eldest prince Chris heard this, he felt a little pity.

He had previously been determined to win the Mermaid Queen, but the Mermaid Queen was so powerful that it might not be realistic to capture the Mermaid Queen.

Chris had no choice. The Holy Earth Law in the empire Both God and God of War have been brought here. If we can't catch the Mermaid Queen this time, I'm afraid there will be no chance in the future.

"Well, I hope the Mermaid Queen won't run away. I heard that the Mermaid Queen is still a stunning beauty, so I plan to keep the Mermaid Queen as my slave girl."

After Bruce and Adams heard what the eldest prince Chris said, they both shook their heads.

They originally didn't want to go on this expedition, but they had to obey His Majesty the Emperor's order.

Besides, this was of great importance to their family. They couldn't refuse this war against the Mermaid Kingdom.

At this moment, the Mermaid's second line of defense was booming.....

The Tiger Shark Clan's troops are constantly attacking, and the magic crystal cannons on the Sunset Empire's warships are also constantly firing. The Mermaid's second line of defense is also in danger.

Whoosh!

Su Chen and Delia suddenly appeared in the mermaid's second line of defense.

"who?"

"Her Royal Highness, Her Royal Highness the Princess!"

"Human, catch this human!"

"Why is Her Royal Highness so close to a human being?"

"Your Highness, why are you being held by a human being? Is this human holding you hostage?"

In the second line of defense, the mermaid army here saw Suchen and Delia suddenly appearing.

They all surrounded Suchen and Delia. However, after they saw the mermaid princess Delia appearing, these The mermaid army all shouted

"Su Chen, let me go quickly. I'll ask why the war broke out." Delia hurriedly said to Su Chen with her face flushed.

Delia did not expect that Su Chen would directly take her to appear in the mermaid army, and how did the war happen here? This made Delia very worried about the mermaid kingdom. Worried.

Su Chen let go of Delia and looked around with a frown.

He also thought that a war was breaking out here, and it seemed that the mermaid army was about to lose.

There were tens of thousands of tiger sharks fighting with the mermaids in the sea.

The mermaids riding a seahorse and holding a weapon to kill the huge tiger shark, the tiger shark ran rampant against the mermaid army, and even swallowed the mermaids and seahorses one by one. There were also warships on the sea constantly bombarding the place with magic crystal cannons, even after the human army was enchanted by the magician, the human army rushed into the sea to attack the mermaid army.

"Delia?"

"Mother, I'm back."

Chapter 1708

Mermaid Kingdom, the second line of defense. As soon as the Mermaid Queen arrived at the second line of defense with her guards, she discovered her daughter Delia. Delia came back intact, which made the Mermaid Queen very happy.

"Delia!"

"Mother, I'm back!"

Delia heard the Mermaid Queen's cry, and she happily ran over and hugged the Mermaid Queen. Holy shit!

Is this Delia's mother?

Why is she so young and beautiful?

Su Chen was very excited when he saw the Mermaid Queen. The surprise, noble temperament, long sea-blue hair, beautiful face, proud figure, beautiful golden fish tail, especially the revealing dress worn by the mermaid queen made Su Chen very tempted.

But!

Delia's mother is too young.

If it weren't for the Mermaid Queen's mature and steady temperament, Su Chen would definitely think that the Mermaid Queen is Delia's sister.

"Delia, where have you been for more than half a year?" The Mermaid Queen hugged Delia for a while and then asked doubtfully.

After hearing what her mother said, Delia hurriedly said, "Mom, it's like this. Last time I was caught by humans and sold to the Eastern Continent. In the Eastern Continent, I....."

The Mermaid Queen was frightened when she heard Delia's words.

She did not expect that Delia would be caught by humans and even sold to the Eastern Continent.

But who is Su Chen?

Why does Delia look so happy when talking about Suchen? Couldn't that human being bewitched Delia?

Boom boom boom.....

At this time, the warships of the Sunset Empire were still bombarding here, and the distance was getting closer and closer.

After the Mermaid Queen heard the sound of the explosion, she knew that the human and tiger shark armies were about to attack. The

Mermaid Queen hurriedly said to Delia,

"Delia, please leave here quickly. Our mermaid kingdom may be destroyed. You must leave. You are the future of our mermaid kingdom. You must lead the mermaids in the mermaid kingdom who are not yet adults to escape from here.

Delia shook her head and asked, "Mother, why did the tiger shark clan and humans launch a war against us?"

"Aren't those greedy humans just after money? Humans want to capture us mermaids and sell them in the mainland. War is just a way for humans to plunder our mermaids."

"Mother, you are a Dharma God of the Holy Earth. Can't you also deal with the incoming enemy?"

"Delia, this time humans have two powerful Holy Earth Dharma Gods and Fighting Gods. I can only deal with one Sacred Earth Dharma God, and I can't do anything with the two."

The Mermaid Queen is also very helpless.

What appears this time are two powerful sacred earth magic gods and fighting gods. Their auras have been locked on her.

When the Mermaid Queen arrives in the second line of defense, those two powerful humans may I have also discovered that there will probably be a powerful battle soon.

The Mermaid Queen does not want Delia to die here, or even be caught again by those greedy humans.

The future of the mermaid tribe depends on Delia. , she could only hold back those powerful beings among humans, so as to buy time for Delia and the young mermaid to escape.

Delia was also very speechless after hearing her mother's words.

She did not expect that humans would actually dispatch two powerful mermaids. There are not many people in the human empire, such as the Holy Earth Dharma God and the Holy Earth Fighting God.

There are even some empires that do not have such powerful people at all.

However, this time, fortunately, Su Chen came with her.

Su Chen's She was powerful, but she knew that the two powerful Holy Earth Law God and Fighting God were no match for Su Chen.

Delia pulled the Mermaid Queen and said with a smile,

"Haha, mother, you don't have to worry, I have brought a helper this time. Neither the Holy Earth God of Law nor the Holy Earth God of Fighting will be my friend's opponent, so you can rest assured."

"Um? Humanity? An intermediate magician (Grand Master)?"

When the Mermaid Queen heard what Delia said, she looked at Su Chen next to her.

The Mermaid Queen did not expect that Delia would come back with a human.

However, this human being was so weak. How could he help the Mermaid Queen? ?

A mermaid swam over quickly and shouted, "Queen, the second line of defense is about to be undefendable. What should we do?"

At this time,

Su Chen shook his head after checking the situation of the war.

If the mermaid had no accident, this war would have been lost.

The tiger shark tribe and the human army are simply not something that the mermaid army can compete with, and There are many more powerful tiger sharks and humans than there are powerful people in the mermaid kingdom.

Many mermaids have been arrested, and there are less than 20,000 mermaids left. How can there be more than 100,000 tiger sharks? and the human alliance.

Su Chen looked back at the Mermaid Queen and ordered, "Order all your mermaid armies to retreat here."

"What did you say?"

The Mermaid Queen originally wanted Delia to leave quickly, but before she could say anything, Su Chen's words surprised her. Su Chen continued with a serious face, "If you don't want your mermaid army to be killed or attacked. Catch, you should order the rest of the mermaid army to retreat here."

"Mother, listen to Su Chen, quickly order the troops to move back."

"this....."

"Mother, believe me, Su Chen will help us fight off the tiger shark clan and the human army."

Delia saw that her mother was still hesitating, and she hurriedly assured the Mermaid Queen that

Delia knew Su Chen's strength very well, especially along the way, she had seen Su Chen's powerful strength.

Su Chen With her strength, it is a piece of cake to deal with the combined forces of tiger sharks and humans. She also does not want the mermaids to be caught or killed by humans. The

Mermaid Queen thought about it and hurriedly ordered, "Liya, order the rest of our mermaid army to retreat to here."

She looked at Su Chen and shook her head.

The Mermaid Queen didn't know if Su Chen could save the Mermaid Kingdom, but there was no way. The second line of defense could no longer be defended, and retreat would be a matter of time.

Mermaid The Queen is also a dead horse acting as a living doctor

"Yes, Queen!"

Woo woo woo.....

The Mermaid Girl's conch horn sounded. When the fighting mermaids heard the horn sound, they all hurriedly broke away from the battle and retreated to the innermost part of the second line of defense.

Delia came to Su Chen and said with a smile, "Su Chen, those two powerful humans will be handed over to you in a moment. You must kill those two powerful humans."

Su Chen crossed his arms to his chest. She smiled and said, "Delia, those two powerful humans are in the Fusion Realm (Holy Earth Dharma God), do you think I can defeat them?"

"Su Chen, if you kill those two powerful humans, I.....I'll let you touch my fish tail just once"

"real?"

"Humph, you are a shameless pervert, it's true!"

Chapter 1709

Delia just wanted to be tempted.

She didn't expect that Su Chen would actually believe it.

However, they might be separated after this war.

Delia was also determined to let this bastard touch her fish tail. This was also It was a way of repaying this bastard for taking care of her along the way, and even helping their mermaid kingdom solve this crisis this time.

Su Chen's eyes lit up when he heard Delia's words.

He had deliberately wanted to touch Delia's fish tail along the way, but every time Delia went into the water, she wouldn't rest.

Su Chen also never had a hand. He didn't expect that Delia would commit to her this time.

During this crisis in the Mermaid Kingdom,

Delia just refused to promise him.

Su Chen would also help the Mermaid Kingdom to deal with the enemies of this war.

Su Chen wanted to conquer the Godfall Continent. If there was a Mermaid Kingdom and an Elf Empire in the Western Continent, With Isabella's imperial help, it should be easier for him to conquer the Western Continent.

Elf Princess Sylph and Princess Isabella will definitely help him.

Although the Mermaid Kingdom belongs to the sea tribe,

Su Chen will not let go of the conquest of the sea.

There may be more races of the sea tribe in the sea, such as mermaids, tiger sharks, sea monsters, giant whales, shrimp people, etc. If mermaids appear in his kingdom in the future, Being able to conquer the sea of the Western Continent with support is also very beneficial to Su Chen.

The Mermaid Queen looked at Delia and Su Chen talking quietly.

Why did Delia look like she was blushing and angry? And Su Chen didn't know what she was thinking. The Mermaid Queen couldn't understand what happened to Delia and Su Chen. What is the relationship.

At this time,

Mermaid Liya came to the Mermaid Queen and saluted, "Queen, the rest of our mermaid army has returned."

"Liya, this is the only army we have left?"

When the Mermaid Queen heard what Liya said, she was very surprised when she looked around and saw that there were less than 20,000 mermaids left.

How come there were less than a third of the mermaid army of more than 60,000 left in less than a day?

Mermaids The queen was very heartbroken when she looked at the remaining mermaid army. The number of mermaids was already very small. After this war, even if the mermaids were not defeated, they would probably be in despair.

Liya said to the mermaid queen with an ugly face, "Queen, there are many mermaids." The sisters were all captured by strong humans, and a small number of sisters died in the battle."

"Damn humans. Su

Chen coughed and corrected the Mermaid Queen, "Ahem, Queen, I am also a human being. You should say damn Western Continent human beings.""

Su Chen was very speechless when he heard the mermaid scolding humans. Although the humans in the Western Continent are hateful, the mermaid queen cannot scold humans and include him in it. The mermaid queen ignored Su Chen's correction and looked at Su Chen. He asked coldly,

"Your name is Suchen. Delia said you can save our mermaids. Do you really have any idea?"

"have!"

"any solution?"

"I am the solution. As long as I am here, the Mermaid Kingdom cannot be destroyed."

The Mermaid Queen was very confused when she heard Su Chen's words.

How could Su Chen be so arrogant?

And Delia also looked confident towards Su Chen, but she thought Su Chen was an intermediate mage. , does Su Chen have a powerful immortal cultivator protecting him?

The Mermaid Queen thought for a while and said tentatively, "You?" Are you just an intermediate magician (grand master)?"

Delia hurriedly shouted after hearing what the Mermaid Queen said,

"Mother, Su Chen is hiding his cultivation. He is a powerful man of the Holy Sky Dharma God (Dongxu Realm). Su Chen is pretending to be a pig to eat the tiger. Don't be fooled by this bastard's appearance."

Delia was also worried that her mother would underestimate Su Chen and even anger this bastard, so Delia hurriedly exposed Su Chen's true strength so that her mother would no longer underestimate Su Chen.

Mermaid The queen looked at Su Chen and exclaimed, "What? Is he in the realm of the Holy Sky Dharma God?"

Delia nodded and replied,

"It's true, mother, I have been in his family for more than half a year, and I know everything about this bastard."

I guess!

Does the Little Mermaid know everything about herself?

Does Delia know that he is not from the Godfall Continent? Does

Delia know that he has a system?

Does Delia know how many spiritual treasures and treasures he has?

Delia Know.....Forehead! It seems like it's gone?

Su Chen touched his chin and glanced at Delia.

Delia only knew a few of his secrets.

Ji Ruxi and those women would not expose all his secrets. Unless Delia became one of them, Dili would It's impossible for Ya to know those secrets of his

"The remaining army surrounding the mermaid cannot let go of anyone."

"His Highness the Prince has an order to surround all the mermaids here. It is impossible for even one mermaid to be let go."

"The Royal Guards Corps attacks, the Magic Bow Corps attacks, and the Bright Knight Corps attacks!"

"The tiger shark tribe is preparing to surround and annihilate the remaining mermaid army."

At this time, more than 100,000 troops from the tiger shark tribe and humans began to surround the mermaid army. As the encirclement narrowed step by step, the mermaid army looked very panicked. At this time

, a team of thousands of Royal Knights Soldiers, they were escorting the eldest prince Chris of the Sunset Empire.

The eldest prince Chris saw that there were more than 10,000 mermaids in the encirclement, and he laughed happily.

"Haha, yes, there are more than 10,000 mermaids here. It's really a bumper harvest this time."

The Holy Earth Dharma God looked at the eldest prince and said with a smile,

"Your Highness, the Mermaid Queen is also here, Adams and I can feel it."

The eldest prince Chris heard that the mermaid queen was also here, which made his eyes light up.

Since the mermaid queen has also arrived, the eldest prince Chris must find a way to catch the mermaid queen.

"oh? I didn't expect that the Mermaid Queen has arrived. This is good news. Mr. Bruce, you and Mr. Adams must try to catch the Mermaid Queen later."

"As you wish, His Highness the Great Prince!"

Su Chen looked at the surrounding tiger shark army and the army of the Sunset Empire. Among the more than 100,000 troops, it was the tiger shark army that posed a threat to the mermaid army.

Although the human army was cast by the magician, Magic can temporarily move freely in the sea, but in the sea, the human army is still not as powerful as the mermaid army that can move freely.

Su Chen touched his chin and whispered,

"The great prince of the Sunset Empire? If we kill the eldest prince and then kill the two powerful Earth Dharma Gods and Earth Fighting Gods in the Sunset Empire, will there be civil strife in the Sunset Empire? Will the surrounding empires even launch a war against the Sunset Empire?"

Chapter 1710

The Mermaid Queen looked at the surrounding tiger shark clan and human army, and her expression changed.

The combined army of more than 100,000 people made the Mermaid Queen very worried, and two powerful auras stared at her. The Mermaid Queen also guessed The two most powerful humans are also preparing to take action.

However, the Mermaid Queen heard Su Chen's muttering next to her, which made her look at Su Chen with beautiful eyes and felt surprised.

She did not expect that Su Chen wanted to kill the eldest prince of the Sunset Empire, and even two powerful humans were prepared to kill him. killed.

Su Chen was even planning whether the Sunset Empire would change and whether it would be attacked by other empires. The Mermaid Queen somewhat believed that Su Chen said there was a powerful human being.

The Mermaid Queen thought for a while and said to Su Chen,

"Su Chen, the two strong men in the human race have been wary of me. If you can defeat the two strong men in the human race, what will you do with these combined armies?"

Su Chen was very speechless when he heard the words of the Mermaid Queen.

The Mermaid Queen is a powerful god, the God of Earth. The combined army here should be a piece of cake for the Mermaid Queen. Has the Mermaid Queen forgotten her? But this war The protagonist? Why does he have to do everything?

"Isn't this also you? Queen, you are a powerful holy earth magic god. Are you still unable to deal with these armies?"

"I?"

The Mermaid Queen was stunned when she heard Su Chen's words.

Didn't this bastard just say that he wanted to kill the eldest prince of the Sunset Empire, and also kill the two strong men among humans? Didn't the coalition army also fall under the jurisdiction of this bastard? Why is she now asked to take action against the combined army of tiger sharks and humans?

Isn't this bastard just boasting?

"yes! You don't want me to deal with these armies too?"

"I....., I understand, as long as you can deal with those two powerful humans, I will deal with the rest of the army"

"Don't worry, leave those two strong human beings to me."

The Mermaid Queen said to Su Chen with a cold face,

"I hope you do what you say."

The Mermaid Queen can only count on Su Chen now. If Su Chen can really kill two powerful humans, she can also deal with the remaining coalition of humans and tiger sharks.

Delia smiled. Looking at Su Chen, she was very satisfied that Su Chen could agree to help the Mermaid Kingdom deal with the strongest among humans.

Although Su Chen is a perverted bastard, this bastard is really a person that people can rely on.

"Mermaid Queen, surrender immediately, otherwise the Mermaid Kingdom will completely disappear into the Aegean Sea this time."

At this time, the eldest prince Chris of the Sunset Empire appeared outside the second line of defense with some strong men and shouted.

Su Chen looked at the eldest prince Chris in the distance and mocked, "Young boy, come back if you come from there. Go there, otherwise your life may be left here"

"Um? Humanity? Boy, why did you appear in the mermaid kingdom?"

The eldest prince Chris did not expect that a human would appear in the mermaid kingdom.

This surprised the eldest prince Chris.

The mermaid kingdom is very repulsive to humans. How did this human appear in the mermaid kingdom? The mermaid queen did not kill this person either. Humans didn't even expel this human?

Su Chen pretended to be very arrogant and mocked, "I am in the Mermaid Kingdom. Do I need you, a pretty boy, to take care of me?"

The eldest prince Chris heard Su Chen call him a pretty boy, which made him very angry, "You are presumptuous, I am the eldest prince of the Sunset Empire, and I am also the first heir to the Sunset Empire. You kid wants to die. ?"

Su Chen said disdainfully when he heard the threat from the eldest prince Chris, "Oh? Pretty boy, can you kill me?"

Bruce, the Holy Earth God of Magic, looked at Su Chen and frowned.

He also didn't expect that there would be humans in the Mermaid Kingdom, and this human was very weird. With the strength of an intermediate magician, how could he be free in the sea? Breathing and movement?

This human being was not enchanted. How come he was not affected at all in the sea?

Bruce thought about it and reminded the eldest prince, "Your Highness, this person may be from the Eastern Continent. I am in his body." There is no magic element or fighting spirit perceived."

The eldest prince Chris was very surprised when he heard Bruce's words.

The Eastern Continent is the most powerful continent in the Divine Fall Continent. It is far from being comparable to other continents. If he provokes the immortal cultivators of the Eastern Continent, I am afraid that his eldest prince His status was about to come to an end.

The eldest prince Chris looked ugly and asked hurriedly, "Eastern Continent? Is this bastard a cultivator from the Eastern Continent?"

Bruce reminded the eldest prince with a serious face,

"No, Your Highness, this person only has the strength of an intermediate magician, but he is probably protected by powerful immortal cultivators. The immortal cultivators in the Eastern Continent are very powerful and mysterious. We can't tell whether there are powerful immortal cultivators hiding next to him. Know."

The eldest prince Chris asked hurriedly in anger, "Damn it, why did something unexpected happen? Could this bastard be the young master of a powerful family in the Eastern Continent?"

"possible!"

The eldest prince's face was ugly and helpless.

He was very worried about Su Chen's identity.

If this bastard was not the young master of a powerful force or family, he would not be too worried.

He is now afraid that this bastard is a powerful force or family. As the heir, he will offend a powerful cultivator force or family, which will be a disaster for him and the Sunset Empire.

"Boy, you have nothing to do here. If you leave, Chris, the great prince of the Sunset Empire, can be your friend."

"friend? You are not qualified yet."

Su Chen was also very surprised when he heard what the eldest prince Chris said.

How could this eldest prince let him go?

Did the eldest prince of the Sunset Empire have a brain convulsion? Or did the two strong men discover his hidden cultivation?

The Mermaid Queen looked at Su Chen very unexpectedly.

The Mermaid Queen did not expect that Su Chen's arrogance would make the prince of the Sunset Empire very wary of him. The identity and strength of this bastard seemed really mysterious. The mermaids around him They also looked at Su Chen.

They did not expect that Su Chen would mock the eldest prince of the Sunset Empire like this, but the eldest prince of the Sunset Empire would let Su Chen go. They were all very curious about Su Chen's identity.

The eldest prince Ke When Reese heard Su Chen's insult to him, he couldn't help but threaten Su Chen,

"you....., don't push yourself too far. The Mermaid Kingdom has been surrounded by more than 100,000 troops of mine. I've been tolerant enough to you. Don't force me to take action against you."

"Haha, more than 100,000 troops? Pretty boy, do you think I care about these more than 100,000 troops?"
