

## Zongwu 1931

### Chapter 1931

Su Chen looked at Athena and said sarcastically.

This was the best opportunity to attack Athena.

Athena had been fighting against him. Su Chen would not let this beautiful girl off easily.

"you..."

Athena was very angry when she heard Su Chen's words.

This little bastard, is this embarrassing her?

Goddess of wisdom and war?

Am I going to be mercilessly beaten by this little bastard this time?

Queen Hera looked at Su Chen and shouted angrily, "You little bastard, tell us quickly, you are an outsider, we are all insiders, and only you can understand the current situation."

Elena pulled Holding Su Chen's hand, she shook her hand and said, "Father, tell me quickly, I also want to hear your plan."

Elena didn't want to see Athena being embarrassed.

Athena was very kind to her.

This time It was obvious that his father wanted to embarrass Athena. She would not watch his father embarrass a goddess who was good to her.

"Little Priest, what you are doing is wrong. Do you want us to beat you?"

"Hum hum, little priest, if you don't say anything, will we take action?"

"Su Chen, if you dare to embarrass my sisters again, I will beat you up too."

"Haha, add me too, I have long wanted to beat up this shameless little priest."

"And me, little bastard, I want revenge this time, but you have never been polite to me."

"Are you planning to beat up the little priest? Then add me in, can I be unsociable?"

"Haha, let's take action together. This shameless little priest will teach this little bastard a lesson this time."

In the main hall, the girls saw that Su Chen obviously wanted to see Athena's joke, and they, the goddesses, were not happy. No matter what, Athena is the main god in their Greek pantheon, and they, the goddesses, would not watch it. He brought a small mid-level god to bully one of their main gods.

I guess!

Are all these goddesses crazy?

Damn it!

I don't seem to have provoked other goddesses, right?

Is he just provoking a bunch of women? ?

Su Chen looked at the goddesses around him who were all about to take action.

His face immediately darkened.

Su Chen felt that he should not provoke Athena at this time. These goddesses may have wanted to beat him up for a long time. I am afraid he will do it this time. Give these goddesses an excuse.

Elena looked at these goddesses speechlessly.

She felt that talking too much just now was unnecessary.

Elena felt that she should be worried about her father now. These goddesses would probably beat her severely. his father once

"Wait, stop, I will tell you my plan now....Holy shit!"

Su Chen said hurriedly as he looked at the approaching goddesses, but before he could finish his words, a goddess hit him on his back. Su Chen was thrown to the floor. The other goddesses held up their hands one by one. The fists were thrown at Su Chen one after another.

Athena looked at Su Chen being beaten, and she felt very happy.

Athena clenched her fists and wanted to beat this shameless bastard, but now she just wanted to beat this little bastard. , she couldn't squeeze in at all.

"I'll go, don't slap me in the face"

"Queen of Gods, come and save your little lover, Aphrodite, why haven't you come and rescue your husband? Demeter, we have had an intimate relationship, are you willing to die without saving me?"

Su Chen was very helpless as he held his head while being beaten.

These gods and goddesses were either Da Luo Jinxian or quasi-sages. Even if he wanted to resist, he was powerless.

"shameless bastard!"

"little bastard!"

"I'm going to kill you shameless little scumbag."

After the Goddess Hera, Aphrodite, and Demeter heard what Su Chen said, they were all very angry.

This little bastard was talking nonsense in the hall. They all felt that other gods were looking at them. The other goddesses in the hall stopped beating Su Chen one after another.

They looked at the three daughters of Queen Hera in surprise.

These goddesses were all shocked by Su Chen's words. They guessed that Aphrodite

Although they had a hunch, they didn't expect it to be true.

Su Chen looked at the strange atmosphere in the hall, and he hurriedly Coughing, he explained,"Ahem, what I just said is nonsense. Don't take it seriously."

"Shut up, you are such a shameless little bastard."Goddess Hera glared at Su Chen and couldn't help shouting.

Goddess Hera felt that this little bastard's explanation was better than no explanation. These goddesses were just suspicious at first, but this little bastard's explanation made these goddesses doubtful. She would doubt it again.

Elena patted her forehead.

She felt that his father was really shameless and a bastard who showed mercy everywhere.

There was already a Harvest Goddess Sif in the family, and there was a Love Goddess Aphrodite. , even the Queen Hera and the Harvest God Demeter have a close relationship with her father.

Elena feels that she will tell her sisters who have never met her about this matter in the future. They will take care of her father in the future. She didn't want her father to have a group of women like God King Zeus.

Su Chen waved his hands and sat down again and said, "Hey, everyone, please stop making trouble. Time is urgent. I will tell you the strategy after I finished it. You must hurry up and deploy it.". Athena looked at Su Chen and asked hurriedly, "What do you think we are going to do about God King Odin and his army of gods?"

Su Chen took a sip of tea and said,

"Queen God, please contact Queen Amphitrite and ask her to assemble Poseidon's army and retreat, and not to fight the army of the underworld again."

"Demeter, this is the token of the Queen of the Underworld. The army of the Queen of the Underworld will obey the orders of this token. You should understand what to do with the rest, right?"

Athena suddenly understood and said to Su Chen,

"Su Chen, I understand!"

"If Poseidon's army of gods and Queen of Hades' army of gods are combined, do you want to wait until Pluto and the Nordic gods go to war and let Queen of the Sea use these armies of gods to contain the army of Nordic gods?"

Su Chen shook his head and said,

"No, I want Haihou to join us in destroying the army of gods from the Nordic pantheon."

"Demeter, Aphrodite, Sif, and Hela, the goddess of death who has not yet arrived, you will lead the tens of millions of gods' troops from Olympus, and join forces with the Queen of the Sea to launch an attack on the Nordic gods' army.."

Su Chen didn't just let the Queen of the Sea contain the army of Nordic gods.

There are almost hundreds of millions of troops of gods in the Olympus Mountains. These troops of gods are not used in vain.

Besides, Thor, the thunder lord of the Nordic gods, and

Loki, the weird god ,

Tyr, the main god of war and courage, if these three main gods are killed by Ares and the others, the other Nordic main gods will definitely hunt down Ares and the three of them everywhere.

By then, there will definitely not be many main gods to lead the army of Nordic gods..With the four main gods Demeter and Aphrodite, plus the Sea Queen of the Sea Clan, it shouldn't be difficult for them to destroy the army of the Nordic gods. At the very least, they can defeat the army of the Nordic gods.

"Suchen, you really have a big appetite, but this method is really good. With Ares and the others restraining the main gods of Northern Europe, Demeter and Aphrodite will definitely defeat the army of Nordic gods."

Chapter 1932

Athena understood what Su Chen said.

The main gods in the Nordic pantheon were attracted by the three Ares.

At that time, the army of gods in the Nordic pantheon did not have enough main gods to lead them. Rodite, as well as Sif and the goddess of death Hela, even joined forces with the Queen of the Sea to attack the Nordic god army. This war will definitely defeat or destroy the Nordic god army.

Su Chen said disdainfully when he heard Athena's words,

"Yep, I am a man who wants to be the King of Gods, so of course I will have a huge appetite."

"Just dream, little scumbag." Athena was very disdainful when she heard that Su Chen still wanted to be the king of gods. However, this little scumbag was still very smart. Although Su Chen did not specifically say how to deal with the Nordic god army, this may be a way for her to leave. To save some face, the little priest probably asked her to fill in the details on purpose. The other goddesses looked at Su Chen and their eyes lit up. After they heard the conversation between Su Chen and Athena, these goddesses also felt that the plan was feasible. This little priest did not disappoint. Not only was the little priest somewhat powerful, he was even extremely smart. If he could defeat the Nordic god army this time, he could even kill the god king Odin. I am afraid that this little priest would really become famous in the Western god world. God After Hera looked at Su Chen and asked,

"Su Chen, are our remaining gods and goddesses planning to kill God King Odin?"

"good! Demeter asked doubtfully.

"When will the God King Odin and Hades fight? How do we know if there's a big battle there?"

Su Chen smiled and hurriedly said to the goddesses, "It's simple. The Queen of the Underworld will definitely know about it. I will ask the Queen of the Underworld when the time comes."

Athena mocked after hearing Su Chen's words,

"Queen of Hades? You, a little priest, really have great powers. You know either the main god or a powerful goddess. Why do you think you, a little scumbag, are so lucky?"

Su Chen glanced at Athena and said teasingly, "Why don't you tell me that I still know your annoying girl?"

"Little scumbag, do you want to die?"

"You are awesome, violent woman, I can't afford to offend you"

"Damn it, little scumbag, it seems like you really want to die."

Queen Hera grabbed Athena and shook her head and said,"Athena, don't make trouble for now. You'd better tell us the details of the action. Demeter and Aphrodite, you also have to listen carefully."

Su Chen saw these gods and goddesses gathered together to discuss.

He shook his head and prepared to leave.

He had to say hello in advance to the Queen of Hades.

Otherwise, if

Hades and God King Odin fought, it would be impossible for them. I know.

Elena has been paying attention to his father.

When she saw that Su Chen was about to leave secretly,

Elena hurriedly grabbed Su Chen and said pitifully,

"Honey, where are you going?"

I'll go!

This little tail!

When Su Chen saw Elena pulling him, he felt a headache.

Elena is getting more and more naughty now, and she is becoming more and more similar to Su Yan and Su Yue. , they are really worthy of being biological sisters.

Su Chen touched Elena's hair and whispered,"Elena, father is going to the underworld, you just wait for father to come back in the palace of the Queen of Gods."

Elena's eyes lit up when she heard Su Chen's words.

She had already visited the divine world, but she hadn't seen what the underworld was like.

Elena wanted to go to the underworld with Su Chen to see it. Anyway, her father Knowing the Queen of the Underworld, she would not be in danger even if she went there.

After thinking about it, Elena hurriedly grabbed Su Chen and shouted,

"Underworld? I'm going, father. I've never been to the underworld. I want to go with you."

"No, the underworld is very dangerous. You are just a little scumbag. Are you going to die?"

"Father, aren't you also a little scumbag?"

Holy crap!

Is this my daughter?

Is there any daughter who talks about her father like that?

Damn it! It won't work anymore.

It seems that I have to discipline and discipline this little daughter Elena in the future?

Su Chen is also very helpless towards Elena,

He is just a daughter slave.

Forget it,

Su Chen decided to take Elena to the underworld with him. Anyway, the narcissist in the Queen of Hades is very easy to deal with.

As long as Su Chen says some nice words of praise to the Queen of Hades, he can deal with the narcissism. The Queen of the Underworld.

Su Chen suddenly disappeared into the palace of the Queen of Gods while holding Elena in his arms.

After Su Chen disappeared with Elena, all the goddesses in the palace shook their heads.

They were all paying attention. Su Chen, Su Chen was going to the underworld to find the Queen of the Underworld. They had just heard that, but these goddesses did not expect that Su Chen would take his daughter with him.

Athena looked at the goddesses and asked doubtfully,

"Aren't we going to protect Su Chen?"

Although Athena hates Su Chen very much,

Su Chen is very important to them now, and she doesn't want Su Chen to have an accident at this time.

The Queen of Gods shook her head and replied, "No, that bastard is very good at dealing with goddesses. , the Queen of Hades will not take action against Su Chen"

"Ha ha....."

The other goddesses laughed when they heard the Queen's words.

They felt that Hera, the Queen, was right.

Although Su Chen was very shameless and lustful, Su Chen was not disgusted by these goddesses.

In the underworld,

Su Chen and Elena had just appeared outside the palace of the Queen of Hades when they were discovered by the nymphs. However, when these nymphs discovered that it was Queen Su Chen, they bowed to Su Chen and left.

Selena looked at her father Su Chen unexpectedly.

She did not expect that the nymphs in the underworld would salute her father. It seemed that her father's status in the Queen of Hades should be as high as that in the Queen of Gods Hera..

Suchen shouted after appearing in the palace with Elena,

"After all, I'm back."

Whoosh!

Queen Ming suddenly appeared in front of Su Chen and asked with a cold face,

"Little scumbag, do you still dare to come back?"

When Su Chen saw the beautiful Queen Ming appear, he smiled and praised, "Queen Ming, I didn't expect you to be so beautiful after not seeing me for a few days."

"Huh, who is she?"

The Queen of Hell was very happy when she heard Su Chen's words.

However, when she saw Elena next to Su Chen, the Queen of Hell did not expect that Su Chen would bring a mortal woman, which made her very unhappy.

Su Chen hugged Elena and introduced to the Queen of Hades,

"My daughter Elena has never been to the underworld. This time I will take her here to visit the underworld."

"Elena has seen the beautiful Queen of Hades!"

Elena hurriedly saluted and praised the Queen of Hades.

Before Elena came to the underworld, she was reminded by her father.

Elena also knew that the Queen of Hades was very narcissistic.

She only wanted to care about the Queen of Hades' appearance. Praise, and the Queen of the Underworld will be very happy. Elena can do whatever she wants in the underworld from now on.

"Elena, please forgive me. I didn't expect that you are Su Chen's daughter. You are a very beautiful little beauty."

Chapter 1933

The Queen of the Underworld was very happy when she heard Elena's words.

However, the Queen of the Underworld also guessed that it was Su Chen who taught Elena to praise her like this. Although she likes to hear other gods praise her beauty, she is not a fool.

"Thank you Queen!"

The Queen of Hades grabbed Elena and said with a smile,

"Elena, you actually want to visit the underworld. How about I ask the nymph to take you there?"

"Okay, okay, thank you, Queen Ming!"

Elena nodded hurriedly when she heard the words of the Queen of Hades. She came here just to see everywhere in the underworld. As for the relationship between the Queen of Hades and her father, Elena was too lazy to care about it.

Then, the Queen of Hades arranged A group of nymphs took Elena away.

Su Chen shook his head as he watched the excited Elena leave.

A sixteen-year-old child,

Elena became the queen at a young age. She Her childhood must have been very strictly monitored by Sethis, and she even started learning how to manage a kingdom from a young age.

Let Elena have fun this time, and she will not have to deal with the affairs of the Greek Kingdom day and night in the future. It's a small human kingdom. It's okay not to be the queen of the Greek kingdom. The Queen of Hades sat elegantly on the throne and looked at Su Chen and asked, "Little Zhazha, what's the matter with this visit?"

The Queen of Hades guessed that Su Chen must be asking for something from her this time.

Hades, the king of Hades, has killed Poseidon, the god of the sea. The next plan of Hades will be to attack Olympus. Is this little scumbag going to Come and rely on yourself?

"Hey, Queen of the Underworld, don't I miss you? Your beautiful figure has always been imprinted on me....."

"Shut up, little scumbag, you are just a bastard who talks nonsense. I don't believe a word you say. What on earth is going on here?"

Now that the Queen of Hades heard Su Chen's words of praise, she felt as if this little scumbag was teasing her, and I'm afraid not a single word in this little scumbag's mouth was the truth. If it hadn't been for many years, Su Chen was the only god in the underworld. When she arrived in the underworld, she didn't hate this little bastard too much.

Otherwise, the Queen of Hades would have fed this little scumbag to the three-headed dogs of hell.

Damn it!

Is it wrong to praise the Queen of Hades?

This crazy woman is really It was hard to serve.

Su Chen stared at the beautiful and attractive figure of Queen Ming, and he wanted to ravage Queen Ming once.

However,

Su Chen could only think about it this way.

Today, he wanted to beg Queen Ming, this crazy woman. Su Chen We can't offend the Queen of Hades now.

Su Chen looked at the Queen of Hades and said seriously,

"I want to kill Hades, I want to kill God King Odin. Queen of Hades, I want you to help me monitor Hades. If Hades and Odin start fighting, I hope Queen of Hades can notify me immediately."

The Queen of Hades was stunned when she heard Su Chen's words.

Kill Hades? Do you still want to kill God King Odin?

Is this little scumbag crazy?

Hades, King of Hades, is a strong man in the early stage of the God King Realm. , where is the God King Odin?

He is a super strong man in the late stage of the God King Realm. This little scumbag is really gossiping. The

Queen of the Underworld looked at Su Chen and laughed and taunted,"Haha....., kill Hades? Kill the God King Odin? Little Zhazha, are you daydreaming?"

Su Chen continued with a serious face,

"I am the one who killed God King Zeus. Queen of Hades, do you think I am daydreaming?"

"Impossible, how could you, a little scumbag, kill God King Zeus?"

"Ahem, Queen of Hades, I mean I took the Queen Hera and many goddesses to surround and kill the God King Zeus."

"You bring the Queen Hera and many goddesses? How many goddesses have surrounded and killed the god king Zeus?"

"All the heroines on Mount Olympus and all the powerful goddesses participated."

The Queen of the Underworld was very shocked when she heard Su Chen's words.

She somewhat believed in Su Chen's words, especially when the God Queen Hera appeared last time. It was just that this little scumbag and the goddesses couldn't kill the God King. Zeus, is there any hidden secret in this?

The Queen of Hades thought for a while and said, "Just because you can't kill God King Zeus, I still don't believe it."

Su Chen patted his chest and said arrogantly, "Of course, those goddesses cannot kill God King Zeus, but I am the key core figure. If I am here, won't God King Zeus be killed?"

Ming Hou said to Su Chen with a look of contempt,

"You, a little scumbag, are still a key figure? You're just a little bastard who talks nonsense."

"Time pauses!"

"this....."

"The beautiful Queen of Hades, do you believe it now?"

Su Chen instantly activated the Law of Time to immobilize the Queen.

After he released the Law of Time,

Su Chen looked at the confused Queen and laughed.

The Queen was confused for a while, and she was very surprised when she looked at Su Chen.

This little scum actually knows the law of time?

Who is this little bastard? The

Queen of the Underworld thought of how calmly the God Queen Hera was to Su Chen, and even this little bastard even hugged the God Queen Hera.

The Queen of the Underworld felt that this little scumbag was really It's not simple

"You actually know the law of time? However, even if you know the laws of time, you cannot be an opponent of God King Zeus."

"What if we add a goddess who is in the early stage of the God King?"

"What? Do you still have a goddess who is in the realm of the God King?"

"good!"

"who is it?"

Su Chen shook his head and said, "As long as the Queen of Hades promises me to monitor Hades, I will tell you."

The Queen of the Underworld was very shocked.

How powerful is this little scumbag?

Not only did he unite all the goddesses in the Olympus Mountains, he even contacted a goddess in the God King realm. The Queen of the

Underworld believed what Su Chen said. , God King Zeus was probably killed by him and the goddesses.

Su Chen looked at the Queen of Hades thinking and continued to seduce, "Queen of Hades, if Hades is killed, the underworld will respect you in the future. This is a once-in-a-lifetime opportunity."

After hearing Su Chen's words, the Queen of Hell said disdainfully,

"Little scumbag, don't tempt me. I don't care about the power in the underworld at all."

"However, I did this favor"

"I will monitor Hades and let you know if there is a battle between Hades and Odin." Su Chen was relieved when he heard that the Queen of Hades agreed. Now everything is ready. All we need is the east wind. Medusa will de-petrify the North Sea Monster. He hopes that Medusa will not be exhausted when she petrifies the North Sea Monster..Hades , the King of Hades, and Odin, the God King? Su Chen and the goddesses took action together. Whether they were dealing with Hades, the King of Hades, or Odin, the God King, Su Chen and the goddesses would kill them all. In the Western God Realm Two of the three major divine systems, the Greek divine system and the Nordic divine system, will also be under his control in the future.

Chapter 1934

Olympus Mountain, after Su Chen returned to Olympus Mountain, he began to prepare to control the Greek and Nordic gods.

In the Greek pantheon, he can only rely on six main gods, the Queen Hera!

Demeter, the harvest god!

Athena, goddess of wisdom and war!

Arthenis, the God of Hunting!

Aphrodite, the goddess of love!

Hestia, Goddess of Hearths!

There are even fewer main gods that he can use in the Nordic pantheon. In the Nordic pantheon, there are only Sif, the god of land and harvest, and Hela, the god of death.

Su Chen wants to create some main gods (Da Luo Jinxian), and there are still six Huang Zhongli in his system space. Although after eating Huang Zhongli to advance to the main god (Da Luo Jinxian), he will not be able to advance to the next level, but this pair This is also a very big temptation for the goddesses who want to be promoted to the main god.

After Su Chen appeared in Xifu's room, he hugged Xifu's waist and asked,

"Sif, in the Nordic pantheon, can you bring over some of our main gods, or the goddesses of higher gods?"

Sif felt very happy being held by Su Chen.

Although she knew that Su Chen was a bastard, this little bastard was really nice to her.

Fairy fruit, fairy tea, fairy wine, and even the best spiritual stone, Su Chen There was a lot given to her.

She also knew some of Su Chen's secrets.

Xifu felt that Su Chen trusted her.

Otherwise,

Su Chen was the secret of the Emperor of Heaven in the ancient immortal world, and this little bastard would not have been able to tell her.

After Xifu heard Su Chen's words, she frowned and said,

"In the Nordic pantheon? I can only win over Freya, the God of Love and Magic, but Freya, the God of Sunlight, Freya's brother, may also join us."

"Only two main gods?"

"Su Chen, and Queen Frigga. I think we can also persuade Queen Frigga to join our camp."

"Queen Frigga? Can she betray Odin?"

Su Chen was very surprised when he heard Sif's words.

Queen Frigga?

That beautiful goddess with a hot figure and outstanding temperament?

Queen Frigga is the woman of God King Odin, and God King Odin is not like a god. King Zeus is also a stallion. Will God Queen Frigga betray God King Odin?

Sif leaned in Su Chen's arms and said with a sweet smile,

"Haha, don't worry, God Queen Frigga and God King Odin have no feelings at all. The six or seven children of God King Odin are not the children of God Queen. The combination of God Queen and God King Odin is also the birth of God King Odin. To control the Æsir, we can convince the Queen Frigga."

Su Chen thought about it and said to Xifu,

"Well, Sif, I am writing a letter now. You can find a way to send it to the Queen Frigga. We will try to win over the Queen Frigga. This will be of great help to us in controlling the Nordic pantheon in the future."

"OK, no problem."

Su Chen then quickly wrote a letter and gave it to Xifu.

Xifu looked at the letter Su Chen handed her in confusion.

Is this a letter?

This is simply a love letter.

This shameless bastard,

Xifu She was also speechless for Su Chen.

She didn't expect that Su Chen would write a love letter to Queen Frigga. Sif guessed that if Queen Frigga saw Su Chen's letter, Queen Frigga would probably tear this little bastard's heart out. We have them all.

In the room of Queen Hera, after Su Chen arrived, he asked Queen Hera to find four goddesses of higher gods who were friendly to them.

Su Chen also handed Huang Zhongli to Queen Hera.

Four yellow plums can create four main gods (Daluo Jinxian).

In the future, there will be ten main gods in the Greek god system. If the Queen of the Underworld and the Queen of the Sea are added, the twelve main gods in the Greek god system will be considered It's all together.

Su Chen still has two Huang Zhongli in the system space, and Suchen plans to use the remaining two Huang Zhongli in the Nordic God System.

There are a few main gods in the Nordic God System.

Sif and Hela, if you add Adding Freya and Queen Frigga, there are only four main gods.

Plus Freya's brother Frey, there are only five main gods.

Su Chen's two Huang Zhongli can create two more main gods. This should be enough in the Nordic pantheon.

In the following more than a month,

Queen Amphitrite hid the army of sea gods in the sea, and

Hades, the king of Hades, could not find the remaining army of sea gods. Finally, he led the Kraken and the army of the underworld to kill Olympus.

However,

Pluto's army was attacked by the army of the Nordic gods above the Dead Sea.

Although Hades guessed that the Nordic gods would take action, but he did not expect that God King Odin would start a war so quickly.

How could God King Odin know so early that there was civil strife in the Greek pantheon?

Hades, the king of Hades, could not guess.

Hades could only rush to the Dead Sea. In the sky, his army of the underworld and the army of the Nordic god system started a war.

In the Asgard Palace,

God Queen Frigga has been walking around the palace. She has received more than ten messages from Su Chen in more than a month. A letter.

No, it was a love letter, and those love letters made Frigga blush very much.

Frigga did not expect that the little priest would write love letters to her, and even wrote more than ten love letters in a row.

"Damn little bastard, what on earth does he mean? Are you seeking your own protection?"

Goddess Queen Frigga sat down and covered her forehead and couldn't figure it out.

However, the Nordic Gods had already started a war with the Greek Gods.

Queen Frigga guessed that Su Chen was worried about being killed by Thor, so that little bastard I just wrote these love letters. Is this to allow myself to protect that little bastard?

Queen Frigga looked around and then suddenly disappeared.

She wanted to find out what was going on.

If Su Chen had intentions Teasing her, God Queen Frigga will kill that little bastard.

Olympus, the six major gods and the newly promoted four major gods, they all gathered in the palace of the God Queen,

Sif and Hela, and even Ruthless The incarnations of the empress' soul were also in the palace.

There were other goddesses outside the palace who rushed over one after another.

Su Chen looked at the goddesses who had all arrived, and he stood up and said loudly,

"Dear goddesses, the Nordic pantheon and Hades have started a war over the Dead Sea, and our opportunity has also arrived."

Demeter heard Su Chen's words and asked hurriedly, "Su Chen, are we going to dispatch the divine army now?"

Su Chen shook his head and replied,

"No, let them fight for a few days first, and when Pluto and God King Zeus fight, it will be time for us to take action."

Athena nodded and agreed.

"Yes, we can let Pluto's army consume the Nordic pantheon's army first, and wait for Pluto Hades and God King Zeus to take action. I think there are not many armies left in the underworld, and the Nordic pantheon's army will also be somewhat damaged. This is The best time for us to take action."

At this time, a nymph fairy loudly announced outside the hall,

"Informing the God Queen, the Nordic God Queen Frigga arrived at Mount Olympus."

Chapter 1935

In the palace, after all the goddesses heard Nymph Fairy's report, they all looked at Su Chen.

Over the past month or so,

Su Chen has frequently written letters to the Northern European Goddess Frigga, and these other goddesses have heard about it.

However, the Nordic Queen Frigga came to Olympus during the war, which made the goddesses here very curious.

What letter did Su Chen write to the Queen Frigga?

Why did the God Queen Frigga risk her life to come to Olympus during the war?

When Su Chen heard the nymph's report, he immediately stood up and told Athena,

"Athena, you continue to preside over the meeting, and I will personally go to greet the God Queen Frigga."

Athena originally wanted to ask Su Chen some questions, but the little bastard disappeared in an instant, which made her look at the gossiping goddesses around her speechlessly.

She presided over the meeting?

Now these goddesses all looked curious. , and even talked to each other in a low voice.

Athena was still in charge, but she was also very curious about the arrival of the God Queen Frigga.

In the square of the Olympus Mountains, the God Queen Frigga looked around and counted several people. With tens of millions of armies of gods, she knew that the Olympus Mountains were also ready for war.

Queen Hera might have been preparing to go to war with Hades, King of Hades, or even the armies of gods from the Nordic gods. However, that little bastard among them was... What role did he play?

Su Chen suddenly appeared in the square.

He looked at the still beautiful Queen Frigga.

Su Chen said with a smile

"Queen Frigga, welcome to Olympus!"

When the surrounding armies of gods saw Su Chen's appearance, the armies of gods here saluted Su Chen one after another.

Although Su Chen was only a small priest, all the gods in Olympus Mountain knew about it.

Their main god, even the superior god The goddesses of the gods all obeyed the words of this little priest. Su Chen can be said to be the real controller of the Olympus Mountains. The gods of the Olympus Mountains did not dare to offend Su Chen. The

God Queen Frigga saw Su Chen When Chen appeared, she even saw all the surrounding god troops saluting this little bastard.

She was very surprised.

God Queen Frigga did not expect that this little bastard would have such power in the Olympus Mountains..

However, when Queen Frigga thought of the letter written by this little bastard, her face immediately turned cold.

"Little bastard, do you want to die?"

"Ahem, Queen God, I really love you. I wrote it clearly in the letter. Odin's one-eyed old man is not worthy of the beautiful Queen God."

"Do you mean that you are the only one worthy of being the Queen?"

"Well, that's right, look at me, I'm handsome and handsome, and I'm loved by everyone, and the whole Western God Realm Only the handsome me can be worthy of the beautiful goddess."

"Shameless, you are such a shameless bastard."

Goddess Queen Frigga's chest was about to burst because of Su Chen's anger. She had never met such a shameless god before , this shameless little priest. He was loved by everyone and loved by everyone? He was also very handsome? This The little bastard is so unattractive

"Queen of God, let's go to a place to talk!"

Su Chen suddenly took the hand of God Queen Frigga and disappeared.

This is a square after all, and tens of millions of gods' armies are gathered around it. Su Chen doesn't want to be looked at by these armies of gods like a monkey. At this moment,

the square The tens of millions of armies of gods assembled on the mountain all had their eyes widened. They did not expect that the little priest actually took the hand of the Nordic God Queen and left.

This made the tens of millions of armies of gods here feel confused. With a ghostly expression, if it weren't for the time to assemble the army, the gods would probably start talking about it.

In the underworld,

Elena has been in the underworld for more than a month, and her father has never come to take her back.

In the underworld, she She was not interested in taking her with her anymore, but Su Chen did not come to pick her up, and the Queen of Hades did not want her to leave. Elena was very depressed now.

A nymph came to Elena and saluted,

"Princess Elena, the Queen of the Underworld lets you pass"

"knew!"

Elena is now the princess of the underworld. This was announced by the Queen of Hades in the underworld. Hades, the king of Hades, is not in the underworld. The queen of Hades, Persephone, is now respected in the underworld.

Elena curled her lips and looked towards Walking into the main hall, she now very much suspected that the Queen of Hades was probably her father's woman, otherwise, why would the Queen of Hades make her the princess of the underworld.

In the palace, when the Queen of Hades saw Elena arriving, she smiled at her Elena said,

"Elena, the war is about to begin. Don't wander around in the underworld anymore. I want to clean up the rest of King Hades and his army in the underworld. Elena hurriedly asked

after hearing what Queen Hades said, "Queen of Hades, is the Nordic God System about to go to war with the Greek God System?"

"The war has already started. The Nordic Gods have already started a war with Hades. Your father should start a war in the next few days."

"Queen of the Underworld, then I will return to the Olympus Mountains. I want to participate in this war of the gods."

The Queen of Hades grabbed the excited Elena and said seriously,

"Be honest with me. Is a war between the gods something that a little scum like you can participate in? Elena, until the war between the gods ends, you will stay in the underworld."

"Isn't my father also a little scumbag?"

Elena was very unhappy when she heard that she was not allowed to leave.

The war between the gods!

This scene is probably very grand. She may never encounter such a scene in her life.

Elena doesn't want to miss it. The grand scene of the battle of gods.

But the Queen of Hades did not agree, and

Elena had no ability to leave the underworld.

The Queen of Hades shook her head when she heard Elena's words.

She liked this little girl very much, sweet... Sweet, smart, and very lively and cute, Queen Persephone has never been so happy in hundreds of thousands of years.

Queen Persephone looked at Elena's listless look, she shook her head and said,

"Elena, you can be more peaceful these days. If the war goes well, I will take you to see the War of the Gods."

"Wow, thank you, Queen of Hades."

In the sea, in the West African sea,

Queen Amphitrite looked at the order to prepare for the attack in her hand.

She looked very helpless.

Poseidon, the god of the sea, died in the battle, and even his soul did not escape. The sea army also suffered heavy casualties. The gods of the sea tribe will no longer be able to challenge Olympus.

"A little priest? What kind of little priest is this? Why do the main gods of Olympus and the high-ranking goddesses obey the orders of a minor priest?"

Chapter 1936

In Olympus Mountain, in the palace of Queen Hera,

Queen Hera and Athena and the other goddesses waited for a long time, but they did not see Su Chen arrive with Queen Frigga. The goddesses here are all very special. Confuse.

At this time, a nymph fairy came quickly and saluted,

"The Goddess, Priest Su Chen left with the Nordic Goddess, and we don't know where they went."

After Athena heard what the Nymph said, she slammed the table angrily and shouted, "Damn it, the war of the gods is about to begin, that little bastard still has the intention to have an affair with the God Queen Frigga?"

Aphrodite looked at Athena and explained,

"Ahem, Athena, I'm afraid Su Chen wasn't having an affair with Queen Frigga. Athena looked at Aphrodite and asked, "Aphrodite, you are the woman of that little bastard. Are you just sitting here and ignoring that little bastard?"

Aphrodite shook her head and said, "Don't look for me, I can't control that little bastard!"

Aphrodite blushed when she thought of the nonsense she had with Su Chen these days.

Her relationship with Su Chen had long been discovered by other goddesses, especially recently, she and Su Chen were getting tired of being together every day. Aphrodite loves and hates Suchen

"Athena, don't look at me either, I don't care about this."

Sif saw Athena looking at her, and she hurriedly shook her head.

Sif didn't care at all about what kind of woman Su Chen found. As long as that little bastard could always treat her so well, Su Chen would take Athena in. She didn't care.

Athena was speechless.

Aphrodite, the goddess of love, and Sif, the god of land and harvest, were all deceived by that little bastard Suchen. She didn't even want to sow discord with them now. It might be successful.

As for the ruthless empress next to her,

Athena didn't need to speak at all.

The ruthless empress was more obedient to her brother Su Chen. The ruthless empress would not care about Su Chen's bad things at all.

The goddess Hera rubbed it He opened his mouth and said,

"Athena, let's not worry about Suchen. You are fighting against our gods. Demeter, Aphrodite, Sif, and Hela are about to set off with the army of gods."

Athena nodded and said seriously,

"Well, the war between the gods took place in the Dead Sea. The Queen of the Sea has received the order. Demeter and the four gods took the....."

At this moment, in a sea of flowers in the Olympus Mountains,

Su Chen walked out holding God Queen Frigga.

Queen Frigga stared at Su Chen with a face of shame and anger. She did not expect this little priest to be so asshole.

Su Chen hugged Frigga's plump waist and smiled.

Nothing happened between him and Queen Frigga just now. However, Frigga is now his woman. She has not done anything except what she should do. , Su Chen did all the others.

Su Chen touched Frigga's beautiful face and smiled,

"God Queen, when you go back, immediately let your gods and the army of gods kill the supporters of God King Odin."

"Freya and her brother will help you. These two golden stars can create two main gods. You can arrange for your high-ranking goddess to be promoted to the main god."

"However, after taking Huang Zhongli and being promoted to the main god, it is impossible to advance to the realm of cultivation. You have to carefully consider who you want to give it to."

God Queen Frigga was very surprised when she took the two yellow plums.

She didn't just have two fairy fruits to promote the superior god to the main god. The prehistoric fairy world is really magical.

Frigga asked Su Chen with some worry ,

"I get it, little bastard, can you really kill the God King Odin?"

Su Chen nodded and replied,

"Odin, he's dead this time"

"Well, Asgard is in my hands."

Queen Frigga glared at Su Chen and disappeared in a hurry.

She was afraid that if she didn't leave, this little bastard would do something even more outrageous. Queen Frigga never thought that she would fall into the hands of this little priest..

Damn little bastard, God Queen Frigga thought of what that little bastard did to her during the three-breath period when Su Chending suddenly stayed. Frigga blushed very much when she thought about it, but Frigga didn't say anything to her. Is this little bastard's rejection just because of those sweet love letters? After Su Chen returned to the palace of the Queen of Gods, he didn't care about the way these goddesses looked at him. After Su Chen asked Athena about her arrangements, he let her The four main gods Demeter and Sif set off with an army of tens of millions of gods. Su Chen grabbed the ruthless empress and said to the other goddesses, "Get ready, we are going to the Dead Sea too.

"

"We have been ready for a long time"

"Little priest, try harder this time. It's best to be able to fix Odin's four or five breaths."

"Yes, if we can freeze Odin's four or five breaths, we will have enough time to kill God King Odin."

"Haha, why do I think it is so easy to kill a God King?"

"With the little priest here, it will be very easy for us to kill the God King."

"Yes, the little priest's ability is very powerful. The god who knows the laws of time is really the darling of heaven and earth."

"Little priest, if you kill the God King Odin this time, you might really be the God King of our Greek pantheon in the future."

"ah! Yes, but if the little priest really became the god-king of the Greek pantheon, wouldn't Athena lose?"

"That's right!"

In the palace, all the goddesses were fully armed and ready, but when they looked at Su Chen and talked, they felt that after the victory of the war of gods, Su Chen might really be the new god king of the Greek pantheon.

Greece In the pantheon, there are

Queen Hera, God of Love Aphrodite,

God of Hunting Arthenis,

God of Harvest Demeter,

God of Stoves Hestia, and the four newly promoted gods.

These gods are all They will support Su Chen to become the God King, and they, the goddesses, will not object.

After all, Su Chen is powerful.

If after tens of thousands of years,

Su Chen's strength improves,

Su Chen will probably be the strongest in the Western God Realm. The biggest existence, even Jehovah in the God system, will not be Su Chen's opponent.

Athena heard the conversation of these goddesses, and she felt very uneasy.

Athena discovered from the eyes of these goddesses that if Su Chen As a god-king in the Greek pantheon, the goddesses in the palace would probably not object, and the Queen Hera and the main gods would probably not object even more. When

Athena thought of the bet with Suchen, she felt very I'm so irritated.

If Su Chen really becomes the God King of the Greek pantheon, Athena will be the little bastard's woman if she loses.

"Goddesses, this time Hades and God King Odin are going to kill them, and even their souls cannot be spared. Athena, take Medusa with you, let's set off to the Dead Sea!"

Chapter 1937

In the Western God Realm, the Kingdom of Sparta, in a dilapidated temple of the Sun God, the three of them, Ares, the god of war, Hephaestus, the forging god, and Apollo, the sun god, were hiding in this dilapidated temple, all miserable.

Ever since the three Ares killed Thor, the god of thunder, Loki, the god of trickery, and Tyr, the god of war and courage, they have been hunted by the six Nordic gods.

After the sun god Apollo recovered some of his injuries, he stood up and said with a serious face,

"We cannot continue like this. Several major gods in Northern Europe are chasing us. Sooner or later they will search here. We must leave here as soon as possible."

Ares, the god of war, shook his head and said,

"leave? Can we go there? The road back to the Olympus Mountains must be guarded by the Nordic gods. As long as we are discovered, the Nordic gods will come to surround and kill us."

After Forging Lord Hephaestus wiped the blood from his ugly face, he looked at Apollo and Ares and asked,

"This is not a permanent place. Do you think Hera, the Queen of Gods, will kill us all?"

Apollo shook his head and said, "No, after all, we are the main gods in the Greek pantheon. Queen Hera still needs us, and she cannot possibly kill us all. Ares nodded and said,

"No!"

Hephaestus frowned and said to me,

"The Nordic god king Odin has gone to war with Hades, the king of Hades, and the god of the sea is dead. We don't know whether Olympus can stop Odin's army of gods from attacking. I want to go to the god system, Olympus. I will never go back to Mount Sacred Mountain again."

God Hephaestus does not want to return to Olympus.

Ever since Aphrodite got together with a little priest, he has been very angry.

A beautiful wife was occupied by a little priest. ,

He still couldn't get it back, and

Hephaestus was in great pain.

The little priest was protected by the Queen Hera, and even the other heroines were protecting the little priest.

He just wanted to kill the little priest. He couldn't do it.

Every time Hephaestus thought of the little priest insulting Aphrodite, his heart twisted and wanted to tear the little priest apart. When

Ares heard Hephaestus's words, he had a look on his face. He said seriously,

"Hephaestus, you have to think clearly. If you go to Jehovah of God's pantheon, we will be enemies in the future. God Queen Hera will not kill us. Why do you want to go to God's pantheon?"

Apollo shook his head and explained,

"Ares, the wife of Hephaestus, was in love with a minor priest, and that minor priest was the most respected person by the Queen Hera. Hephaestus might not have the face to stay on Mount Olympus."

Ares, the God of War, said disdainfully,

"Just a woman, what does this mean?"

Hephaestus heard what Ares said, and he shouted angrily,

"Ares, Aphrodite, the goddess of love, is my wife, and I must take it from that little priest."

Apollo looked at Hephaestus without saying anything.

Hephaestus was too ugly.

Besides, Aphrodite, the goddess of love, was also forced by Zeus to marry the ugly Hephaestus. Aphrodite didn't want to be with Hephaestus, which was a matter of course.

Ares looked at Hephaestus with disdain.

He didn't care about women. There were so many beautiful women in the world. The thing is, Ares feels that it is better to be strong, and women are dispensable to him.

At this moment, in the Dead Sea, the Nordic god army is besieging the monster army in the underworld.

There are less than three hundred armies left in the underworld. There are tens of thousands, and the Nordic pantheon's army still has 60 to 70 million. It is only a matter of time before the monster army in the underworld is destroyed.

"Damn the Queen of Hades."

Over the Dead Sea,

Hades, the king of Hades, saw that his army was about to be destroyed. He was very angry. The Queen of Hades actually recruited more than 20 million of her army of underworld monsters out of 60 million, leaving only The troops under him were all trained by him for hundreds of thousands of years. Hades, the king of Hades, wanted to kill that bitch immediately.

Hades, the king of Hades, couldn't figure out why the Queen of Hades betrayed him?

Didn't that bitch of the Queen of Hades know? If he dies, won't the Queen of Hades survive?

Boom!

"Hades!"

At this time,

God King Odin in golden armor appeared in the air. He looked at Hades and shouted indifferently,

"God King Odin!"

Hades, the king of Hades, looked at the god king Odin who appeared, and his face was very ugly. Although it was impossible for him to defeat

Odin, a late-stage god king, Hades, the king of Hades, had the help of the North Sea monster Kraken. It was impossible for God King Odin to kill him. But why did God King Odin get the news so quickly? Not many people knew about the destruction of Greek God King Zeus, but in just a few months, the Nordic pantheon knowing that, he even launched a war among the gods. Hades guessed that God King Odin might have an internal agent in the Greek pantheon, or even an internal agent at the level of the main god. God King Odin took out Gange, the eternal spear. Neil, he pointed at Hades and shouted,

"Hades, come and fight, as long as I kill you, the Greek pantheon will become part of the Norse pantheon."

Pluto Hades secretly summoned the Kraken over and said disdainfully to God King Odin,

"Odin, don't dream. There are many main gods in Olympus. I'm afraid it's just wishful thinking for you to conquer the Greek pantheon."

God King Odin laughed when he heard what Hades said.

"Ha ha....., the main gods in the Olympus Mountains are all fallen apart. Those main gods are probably still fighting for the throne of the God King in the Olympus Mountains."

"In the Greek pantheon, Zeus is dead and Poseidon, the god of the sea, is dead. As long as I kill you again, who else in the Greek pantheon can stop the Nordic pantheon from annexing the Greek pantheon?"

"Kraken, kill Odin!"

At this time,

Pluto Hades suddenly shouted, and he attacked God King Odin.

Boom!

In the Dead Sea, a huge sea monster emerged from the sea, and countless huge tentacles rushed towards God. Wang Odin attacked

"What kind of monster is this? damn it!"

Odin was startled by the huge monster that suddenly appeared.

After the thunder summoned by his artifact Gangnir attacked the huge monster, God King Odin found that it was useless. This huge monster could actually absorb the attack?

"Is this a little bug? Su Chen, you lied to me, is this a little bug? This monster is bigger than a city, and you actually told me it was a small bug? I, Medusa, quit, I simply can't petrify such a huge monster."

Chapter 1938

On the edge of the Dead Sea,

Su Chen and many goddesses were hiding in his space prison. They were watching the fight between Hades and the God King Odin in the sky over the Dead Sea.

However, when Medusa saw the North Sea Kraken appearing in the space prison, her face turned green. Medusa quickly appeared in front of Su Chen, and she pointed at the North Sea Kraken and shouted,

"Is this a little bug? Su Chen, you lied to me, is this a little bug? This monster is bigger than a city, and you actually told me it was a small bug?"

"I, Medusa, quit"

"There is no way I can petrify such a huge monster."

When Su Chen saw Medusa's angry look, he hurriedly coughed in embarrassment and said,

"Ahem, Medusa, when I saw it before, it was just a little bug the size of a finger. I never thought that a hundred thousand years later, this little bug would grow so big?"

When Medusa heard Su Chen's nonsense, she asked Su Chen with a dark face,

"A tiny insect the size of a finger? Have you seen it hundreds of thousands of years ago? You liar, you are a twenty-year-old god, and you still have hundreds of thousands of years? You are a shameless liar"

"I quit"

"Even if I die, I can't petrify such a big bug."

The other goddesses here heard the conversation between Medusa and Suchen.

They all looked at Su Chen with a smile, a little bug?

Su Chen, a shameless person, actually told Medusa that she was a little bug?

Does Kraken look like a little bug?

These goddesses sympathized with Medusa.

Medusa came with them this time, even if she didn't want to petrify Kraken.

Queen Hera shook her head,

She had already guessed Medusa's reaction when she saw the Kraken. If she were Medusa and was deceived by Su Chen like this today, maybe her reaction would be even greater than Medusa's.

Su Chen took out a flat peach and said to Medusa,

"Medusa, a top-quality fairy fruit. This is my compensation to you. If you can petrify the North Sea Kraken, I will give you a top-quality fairy fruit."

"The ultimate fairy fruit?"

Medusa saw the flat peach in Su Chen's hand and was very surprised after smelling it. She did not expect that Su Chen would have the best fairy fruit in the ancient fairy world.

The spiritual power in this best fairy fruit was very sufficient.

If after she took this fairy fruit, Medusa would definitely advance to the realm of a higher god within a year. Medusa looked at Su Chen and thought, if she petrifies the North Sea monster Kraken, she will shed her skin even if she does not die..

However, after having the best fairy fruit,

Medusa can eat the best fairy fruit to petrify the North Sea monster Kraken, so that she will not have any side effects.

"I also want three top-quality fairy fruits.

Su Chen smiled when he heard Medusa's words and asked, "In addition to the three top-quality fairy fruits in your hand?"

"No, I want three more top-quality fairy fruits"

"Medusa, do you want to die?"

Athena looked at Medusa very unkindly.

Goddesses like them also need the best fairy fruit, but this Medusa dared to open her mouth, which made Athena unable to stand it.

Medusa hurriedly saluted Athena. ,

"Goddess Athena, I want the best fairy fruit but also want to petrify the Kraken. If there is no fairy fruit to support my divine power, I will not be able to petrify the Kraken even if I am exhausted."

Su Chen took out three more flat peaches and handed them to Medusa and said, "I agree, Medusa, these are three top-quality fairy fruits. The North Sea Kraken will be handed over to you in a moment."

Medusa nodded quickly and said,

"Well, well, but you have to send a goddess to protect me. If I start to petrify Kraken, I cannot be interrupted in the process of petrification."

"Can!"

Su Chen thought for a while and then agreed.

He looked at the proud Metes and shouted, "Big Bear Girl, you will be responsible for protecting Medusa in a moment."

When Metes heard that Su Chen called her Big Bear Girl, she was very ashamed and angry.

This shameless bastard brought Su Chen to the Dead Sea along the way. She should not have brought this little shameless bastard with her in the first place.

She shook her head in shame. He threatened with his fist, "Little Priest, if you dare to call me Big Bear Girl again, I will definitely beat you up.""

"Got it, bear girl!"

"asshole!"

Goddess Queen Hera hurriedly grabbed the angry Metes.

Now is not the time to fool around. Pluto and Odin are already fighting.

Soon the four daughters of Demeter will arrive with the army of gods. The gods of the Queen of the Sea will I'm afraid the army is coming, and the war between the gods can happen at any time. The Queen doesn't want any accidents to happen at this time.

Su Chen smiled when he looked at the angry Metes. He had taken up a lot of Metes along the way. It's cheap, but

Metes has the most arrogant figure among all the goddesses. No goddess can compare with Metes' arrogant figure.

Half a day later,

Pluto Hades and God King Odin were still fighting,

However,

God King Odin has been avoiding the attacks of Kraken, and he has been looking for opportunities to kill Hades.

Kraken has not found a weakness now, and all of Odin's attacks have been absorbed by Kraken..

God King Odin wants to kill Hades first. The Nordic Kraken Kraken no longer has Hades' command, so he might not attack him again. Hades is in a very embarrassed state now.

The divine armor on his body has been tattered by the attacks.

Odin keeps attacking him.

Although the Kraken is also attacking Odin, the Kraken's attack is too slow. Without him to restrain Odin, the Kraken can't. It may attack Odin, but Odin is determined to kill him first, and Hades is also very bitter.

Wuwuwuwuwu.....

Sudden!

Suddenly the sound of loud horns came from the periphery of the Dead Sea, and then countless armies of silver-armored gods appeared in the sky.

Demeter held the artifact Scythe and shouted,

"Gods of the Greek pantheon, the Nordic pantheon has invaded our Greek pantheon. The war of the gods has begun. Kill me. Kill the army of gods of the Norse pantheon."

"kill!"

"kill!"

"kill!"

The tens of millions of troops from the Greek pantheon were divided into four square formations. Under the leadership of the four main gods Demeter and Sif, they quickly rushed towards the army of the Nordic pantheon. At this time, from the southeast

, a man wearing sexy clothes After the armored goddess emerged from the sea, she waved the artifact trident and shouted,

"The army of gods from the sea tribe and the army of gods from the Olympus Mountains have arrived to avenge Poseidon, the god of the sea. For our dead sea tribe, they will kill all the armies of the underworld and the armies of the Nordic gods."

Chapter 1939

Over the Dead Sea, the army of the Greek god system and the sea army began to attack the Nordic god system.

For a time, the army of gods in the Nordic god system was in chaos. This time, there was only one main god in the Nordic god system commanding the army of gods, but this time there was Five main gods launched an attack on him.

Dellu, the main god of power in the Nordic pantheon, looked at the chaotic army and shouted, "Don't be chaotic, kill the Sea Tribe troops for me."

Dellu knew that this war would probably fail, and he was the only one here Lord God, if he is killed.

There are no other main gods to command the army of gods in the Nordic pantheon. Delru can only break out with the army from the Sea Clan. After meeting the other main gods, they will come back with the army of gods to fight.

Hela instantly appeared in front of Delru, the Lord God of Power. She looked at Delru and said coldly,

"Delru, you can't leave!" Dellu was very surprised when he saw Hela appearing in front of him.

"Hela, you actually betrayed the Nordic pantheon?"

Hela laughed mockingly when she heard Delru's words,

"betray? Ha ha....., just think that I betrayed you, Dellsu, you must die today."

"kill!"

"kill!"

Boom boom boom.....

The battle between Hela and Dellsu caused the other armies of gods to stay away from each other. The battle between the main gods was not something that small gods like them could get close to.

At this moment, over the center of the Dead Sea,

God King Odin also discovered the arrival of the Greek pantheon's army, which surprised him very much.

The Greek pantheon actually dispatched an army of almost 100 million gods. Is there no civil strife in Olympus? Do the main gods in Olympus have no self-image at all?

Hades saw the army coming from the Olympus Mountains.

He looked at the God King Odin and laughed and said,

"Ha ha....., Odin, your army of Norse gods is doomed."

God King Odin shouted coldly with a cold light in one of his eyes, "Hades, I will kill you first. I will not let go of any of the main gods in the Greek pantheon."

Hades, the king of Hades, was very confused when he heard what God King Odin said.

Shouldn't God King Odin save his army?

Why are you chasing him?

Damn it,

"God King Odin, if you don't save your army of gods, why are you chasing me? I didn't steal your wife Frillica, why do you have to kill me!"

"Die!"

Boom boom boom.....

At this moment,

Odin was also furious.

He used the artifact Gangnir to continuously summon thunder to attack Hades. Odin could not give up this opportunity to kill Hades. If Hades escaped, In the underworld, it would be much more difficult for him to kill Hades.

Hades, the king of Hades, was dodged everywhere by the thunder attack, but Hades, the king of Hades, could not avoid the thunder attack in the air. He was covered in blood for a while by the thunder attack.

"Ah, damn it, Kraken, kill it, kill the one-eyed dragon in front of you."

In Su Chen's space prison, he has brought the goddesses to Odin and Hades, not far away.

Their war is about to begin, the god king Odin!

This is the second god king they want to kill,

Queen Hera looked at Su Chen and asked, "The war of the gods has begun, Su Chen, do we want to start attacking?"

Su Chen shook his head and replied, "No, God King Odin's artifact Gangnir is a great threat to us. I have to find a way to take away his artifact first."

"Well, the artifact Gangnir is a top-grade artifact. The thunder attack summoned by Odin using Gangnir is a huge threat to us."

"Hera, who among you goddesses is the fastest?"

"Athena!"

"Athena, come here, we will go and steal Odin's artifact Gangnir."

After Su Chen heard Hera's words, he waved to Athena, and

Su Chen was ready to take Athena to snatch Odin's artifact.

Athena walked to Su Chen and frowned and asked, "We How to steal Odin's artifact?"

The other goddesses also gathered around. They wanted to hear how Su Chen was going to steal Odin's artifact.

"Athena, I will take you close to God King Odin in a moment. At that time, I will activate time pause to immobilize God King Odin. You only need two breaths to take away Odin's artifact."

"Two breaths of time? enough."

Su Chen heard that Athena could snatch Odin's artifact in two breaths. He hugged Athena and disappeared into the space prison.

When the goddesses here saw Su Chen leaving with Athena in his arms, they all watched. To God King Odin, they wanted to know if they could steal God King Odin's artifact by surprise this time. In a small space prison,

Su Chen took out a common peach and prepared to eat it soon. He would activate time soon. Pause, this consumes a lot of mana, and Su Chen is just in case the mana is exhausted.

Athena looked at Su Chen in confusion, this little bastard,

Athena did not expect that Su Chen would dare to hug her.

Although the situation was special this time, this little bastard hugged her without saying a word to her.

She remembered what happened today.

After killing God King Odin,

Athena would not let this little bastard go.

"Athena, get ready!"

After Su Chen controlled the small space prison to get closer to the God King Odin for more than 20 miles, he was ready to activate the law of time.

Athena nodded with a serious face, and she gathered all her power to grab it as quickly as possible. Odin's Artifact

"Athena, do it."

Su Chen took back the space prison and shouted to Athena. He also hurriedly activated the time pause.

"Time pauses! Time pauses!"

Boom boom....

A blue light suddenly enveloped God King Odin.

God King Odin was very frightened when he was enveloped in blue light. He found that he could not move. Odin hurriedly used his divine power to break free from the control of this blue light.

Whoosh!

Athena suddenly appeared next to Odin. She reached out to snatch the artifact Gangnir and quickly disappeared. boom!

At this time,

Kraken, the Kraken, blasted Odin from the air into the sea with a huge tentacle.

Odin flew out of the sea and shouted angrily, "Ah! Athena, you damn bitch, return my artifact, otherwise, I will make your life worse than death."

"God King Odin, is this the artifact you are talking about?"

God King Odin was very surprised when he looked at Su Chen next to Athena. He did not expect that the little priest would also appear here, and the little priest was playing with his artifact and eating fruit. He was so angry that he Su Chen shouted,

"Little priest? I didn't expect you to come here to die. You must die here today."

"Yeah? God King Odin, I don't think I will die here."

Chapter 1940

Su Chen didn't care about God King Odin at all now.

God King Odin didn't have the artifact Gangnir, so he didn't have a large-scale thunder attack. After a while, the goddesses arrived, and God King Odin was also destined to be killed.

Hades, the king of Hades, looked at Athena and Suchen who appeared in confusion.

Athena's arrival was a thing of the past.

Athena is a main god after all, but what does it mean for a little scumbag of a middle god to appear here? Are all the little gods who serve as cannon fodder so self-conscious?

"Little priest, die!"

When Odin heard Su Chen's words, he struck out with an angry palm.

He had to quickly take back his artifact, otherwise, if the Kraken, Pluto, Athena, and even other Greek gods came to surround him and kill him, Odin I'm afraid Ding will be in tragedy.

God King Odin has no artifact.

Although he will not be killed by the main gods of the Greek pantheon, he will probably be injured if he kills the main gods of Greece.

A super strong man in the realm of God King If you are injured, it may take tens of thousands of years to recover.

"Chaos Bell, suppress it!"

Dang!

Boom!

At this time, the Ruthless Empress appeared next to Su Chen, and she directly blocked the attack of God King Odin with the Chaos Bell.

God King Odin even stopped when he saw the Ruthless Empress suddenly appeared. His attack, after he checked the arriving woman,

God King Odin shouted in surprise,

"God King Realm? Or a person from the wild world, who are you?"

Su Chen hugged the ruthless empress's waist and said with a smile, "Odin, you have heard of my sister ruthless empress!"

The ruthless empress showed a smile when she was hugged by Su Chen. His brother had not hugged him like this for a long time.

Odin shouted when he heard Su Chen's words, "The ruthless empress? You are actually the Queen of Nanling in the wild world."

Odin looked at the ruthless empress and Su Chen and couldn't believe it. The ruthless empress in the wild world was actually the younger sister of the little priest.

This was simply ridiculous.

The younger sister was a super strong person in the god king realm, and the older brother was actually a The little scumbag of the middle god?

It makes sense if you turn it upside down.

"Su Chen, can you take action?"

At this time, the God Queen Hera and the goddesses also arrived one after another. The God Queen Hera looked at Su Chen and whispered,

God King Odin saw more than twenty main gods and superior gods and goddesses appearing. He knew that the battle was about to begin. It was inevitable, this time he would kill everyone here even if he was injured.

Su Chen touched the hair of the ruthless empress and said with a smile,

"Girl, contain God King Odin for a while, and let's deal with Hades first."

Su Chen was worried that after the battle against Odin began,

Hades, the king of Hades, would escape.

Su Chen's daughter was still in the palace of the queen of the underworld. It was impossible for him to put Elena in danger.

This time he would first Get Hades

"Ok brother!"

The ruthless empress nodded and agreed.

Then, the ruthless empress held the Chaos Clock and faced Odin in the air.

Su Chen shouted to Metes, the big bear girl next to him,

"Big Bear Girl, you take Medusa away for a while. After we kill Hades, you take Medusa to defeat the North Sea Kraken."

"good!"

Meru glared at Su Chen fiercely, and then she pulled Medusa and backed away.

Metes knew what Su Chen was thinking.

Medusa is now the key to defeating the North Sea monster Kraken. Metes We must not let anything happen to Medusa at this time.

Su Chen took the goddesses and flew towards Hades.

When Hades saw Su Chen and the goddesses coming towards him, he immediately became wary and looked at Su Chen. and the goddesses.

Su Chen looked at the vigilant Pluto and smiled and said,"Hades, your time has come."

"What time has it come?"

Hades, the king of Hades, was confused when he heard Su Chen's words.

He first saw Su Chen arriving with the goddesses, and the goddesses were headed by Su Chen. When he was confused, the middle god's words It confused him.

The time has come?

When has the time come?

Is it time to counterattack the Nordic Gods?

Su Chen said coldly,

"It's time for you to die!"

"You want to kill me?"

"good!"

Hades, the king of Hades, heard that Su Chen and the goddesses wanted to kill him, which made him a little funny.

Although Hades, the king of Hades, is not the opponent of the god king Odin, he is still confident in dealing with these main gods and higher gods. After all, he There is also Kraken, the North Sea Kraken, helping him.

"Hahaha, God King Odin can't kill me, how can you kill me?"

Su Chen suddenly said to Hades, the King of Hades, strangely, "Hades, the Queen of Hades is good, I am very satisfied!"

Su Chen is preparing to make Hades, the king of Hades, completely angry.

As long as Hades loses his mind in anger, he will be able to immobilize Hades for a while longer.

However, the Queen of Hades must not let the Queen of Hades know what he just said about slandering the Queen of Hades. , otherwise, the crazy woman Queen of Hades might cause trouble for him.

Hades, the King of Hades, felt very bad when he heard Su Chen's words.

Why is Queen of Hades good?

Why is he satisfied?

What on earth is this middle god talking nonsense about?

"you.....What do you mean?"

Su Chen smiled and continued,

"What's the meaning? Do you know why the godly army of the Queen of Hades retreated? It was I who asked the Queen of Hades to recall her army from the underworld, and from now on, Persephone, the Queen of Hades, will be honored in the underworld."

Hades, the king of Hades, understood everything after hearing Su Chen's words.

That bitch of the Queen of Hades actually got together with this little white boy. No wonder the Queen of Hades would withdraw her army at the critical moment.

This pair of damn adulterers and adulterers

"Damn it, you two adulterers and adulterers, I asked why that bitch Queen of Hades suddenly withdrew the army. It turns out that it was you, a pretty boy, who hooked up with that bitch Queen of Hades."

Su Chen found that God King Odin was also listening.

After thinking about it, he deliberately said loudly,

"Not only Persephone, the Queen of the Underworld, but Frigga, the God-Queen of the Nordic God System, is also my woman?"

"Little priest, you are seeking death!"

God King Odin was very angry when he heard Su Chen's words.

He didn't believe what this shameless little priest said. The little priest may have been hanging out with the Queen of the Underworld, but there is no way that the God Queen Frigga has anything to do with the little priest..

God Queen Frigga had only met the little priest once, and she had met the little priest in the main hall of the fairy palace in full view of everyone. This little priest was just talking nonsense.

Su Chen smiled and continued to God King Odin said,

"Haha, God King Odin, don't you believe it? Does Queen Frigga have a cinnabar mole on her back? And that place is still under the lower back."

Hades, the king of Hades, felt better after hearing Su Chen's words.

Su Chen was actually the wife of the God King Odin, and his queen of the underworld was nothing.

Besides,

Hades, the king of Hades, and Po, the queen of the underworld. Ersephone is just a cooperative relationship, there is no such thing as love between men and women.

"You actually cuckolded the God King Odin? Little priest, you are simply more powerful than that stallion of God King Zeus."

"Little priest, I will tear you into pieces, and your soul will be burned by fire day and night."
