

Zongwu 1941

Chapter 1941

After God King Odin heard Su Chen's words, his beard stood up in anger.

Odin did not expect that Su Chen knew about the cinnabar mole on the God Queen's back. That place was very private.

This damn little bastard, when did he get involved with Frigga? boom!

God King Odin wanted to kill this bastard who had defiled Frigga, but as soon as he took action, he was intercepted by the ruthless empress.

God King Odin looked at the ruthless empress and shouted,

"Ruthless empress, get out of my way. Your brother is a shameless bastard. I will cut him into pieces today."

"As long as I'm here, you can't kill my brother."

The ruthless empress glanced at her brother Su Chen, and she said indifferently to the god king Odin. The ruthless empress did not expect how shameless her brother was.

On the Olympus Mountain, the ruthless empress guessed that her brother Su Chen and Something may have happened to Frigga, but she didn't expect that her brother Suchen actually had an affair with the Queen Frigga.

"Then go to hell!"

Boom boom boom.....

When God King Odin saw that the ruthless empress refused to give way, he could only kill the ruthless empress first, and then kill the shameless bastard.

At this time,

Queen Hera and the goddesses looked at Su Chen speechlessly.

Although they guessed that Su Chen wanted to anger Hades and Odin, was it really good to anger Hades and Odin like this?

If the Queen of the Underworld and Queen Frigga find out about this in the future, there will probably be another disturbance.

Su Chen sent a message to Hera, the Queen of Gods, "Hera, you are ready to take action. You must be quick. I can only stop Hades for two breaths. I still have my mana to deal with God King Odin.""

"clear!"

Goddess Queen Hera nodded to Su Chen calmly, and then she quietly notified all the goddesses to prepare for action.

Su Chen gathered his magic power and was about to start activating the law of time.

He looked at Hades and asked, "Pluto, do you have any last words?"

"Huh, last words? Keep your last words to yourself."

Hades, the king of Hades, said to Su Chen disdainfully.

He is a strong man in the early stage of the God King Realm. He also has the help of the North Sea giant monster Kraken. What is the use of having more main gods and upper gods? They are all powerful. Just ants.

Su Chen suddenly pointed behind Hades and shouted, "Queen of Hades, why are you here?"

"That bitch from the Queen of Hades is here too?"

After Hades, the King of Hades, heard what Su Chen said, he turned around in anger and wanted to kill the bitch Queen of Hades.

"Queen of Gods, take action!"

Su Chen saw that Hades, the King of Hades, had been fooled, and he hurriedly ordered Hera, the Queen of Gods.

Then,

Su Chen immediately activated the time pause to immobilize Hades, the King of Hades.

"Time pauses! Time pauses!"

"Do it!"

Boom boom boom.....

Queen Hera and the goddesses were already prepared.

After Su Chen ordered them, they all attacked Hades.

All of a sudden, various artifacts attacked Hades.

Hades, the king of Hades, was very frightened when he was immobilized by Su Chen, and the attacks of the goddesses made him repent.

Hades, the king of Hades, now understands that

God King Zeus may have been tricked to death by Su Chen and the goddesses.

Boom boom boom.....

In less than two breaths, the body of Hades was completely shattered by the attack. When Su Chen saw Hades being killed, he hurriedly launched the space prison to trap the soul of Hades.

"Space prison!"

When Queen Hera saw Hades being killed, she hurriedly asked Su Chen, "Su Chen, have you captured the soul of Hades?"

Su Chen nodded and ate the flat peach.

He said to the Queen Hera and the goddesses, "Done! Beauties, the next God King Odin!"

The goddesses all smiled when they heard Su Chen's words.

This time it was easier than killing God King Zeus.

They just quickly attacked Hades, the immobilized Hades.

In just two breaths, a strong man in the God King realm He was killed by them, which made them look at Su Chen with beautiful eyes. This little priest made them feel more and more surprised.

"How can it be? Hades killed him so quickly? Pluto didn't even have time to order the attack from the North Sea monster Kraken. Could it be that God King Zeus was also tricked to death by these goddesses and little priests?"

God King Odin discovered that Hades was killed by the goddesses in just an instant.

This made him very frightened.

God King Odin also understood how God King Zeus died. It turned out that Zeus was united by these goddesses. The little priest is sinister.

No, he has to escape, otherwise he will also be tortured to death by these goddesses and the little priest.

God King Odin is about to escape after repelling the ruthless empress. There is no way he can stay and be tortured to death by these people.

Before Su Chen and the goddesses arrived, he discovered that God King Odin was planning to escape. Su Chen felt that God King Odin must have seen that they had just tricked Hades to death.

Su Chen hurriedly asked God King Odin Ding shouted, "God King Odin, do you still want your artifact?"

"Leave it to you!"

Odin glanced at Su Chen and ran away. He doesn't care about divine weapons or not anymore. This little priest is too insidious. It's better for God King Odin to escape first.

"Girl, stop God King Odin!" When Su Chen saw God King Odin insisting on trapping him, he hurriedly shouted to the ruthless empress.

Boom boom.....

When Su Chen saw that the ruthless empress did not stop Odin, he anxiously shouted to the goddesses,

"They all chase him, God King Odin can't let him escape, Athena, take me to chase him."

The goddess Hera and the ruthless empress led the goddesses, and they all quickly chased after the escaping Odin.

They also knew that if Odin escaped, they would probably not have peace in the future. A strong man in the god king realm was hiding, and they From now on, we must guard against the assassination of God King Odin day and night.

"good!"

Athena picked up Su Chen and quickly chased after her.

Athena would not hug this little bastard, and there was no way she would let this little bastard hold her.

Athena wanted to avenge her personal revenge this time, so she chased after Su Chen. Killing God King Odin, this feeling makes Athena very happy.

Damn it!

This small-minded woman, this is obviously embarrassing to him.

Su Chen is the emperor of the ancient fairy world, and also the Greek pantheon and the god of heaven in the near future. The god king of the Nordic god system.

This little girl Athena deliberately made him embarrassed.

Metes saw that Su Chen and the goddesses were chasing the god king Odin, and she also wanted to go, but the North Sea monster Kraken had not been killed yet. Kill, she also wants to protect Medusa to petrify the Kraken.

Metes looked at Medusa next to him and urged, "Medusa, it's your turn to take action!"

"Goddess, leave the Kraken to me. Don't let other gods disturb me."

"As long as I'm here, no one can disturb you."

Chapter 1942

Above the Dead Sea, the fighting army of gods also discovered that God King Odin had escaped, and even dozens of gods and goddesses chased after him.

The armies of the Nordic pantheon no longer have the will to fight. Their god-kings have all fled. What else do these low-level gods have to fight for?

Dellu, the main god of power in the Nordic pantheon, saw the god king Odin escaping and didn't even bother to inform them of the army of gods here.

This made him very dissatisfied with the God King Odin.

On the battlefield, the troops of the Nordic Gods had no desire to fight anymore.

Dellu did not want the gods of the Nordic Gods to die innocently anymore.

"Hela, I can make the Nordic gods surrender, but you have to promise not to chase and slaughter the gods of the Nordic gods."

Hela was stunned when she heard Delru's words.

She did not expect that Delru would surrender with the army of the Nordic gods.

However, she thought that God King Odin did not care about the escape of the Nordic gods' army here, and she also understood Delru's Disappointed,

Hela stopped attacking and nodded, saying,

"Okay, after all, I am also the main god of Northern Europe. I will not massacre the surrendered gods."

"Hella, I hope you do what you say."

After Delru took a deep look at Hela, he looked around and shouted,

"Nordic gods, I am Dellsu, the Lord of Strength, and I now command all Nordic gods to surrender."

"We failed in the war of the gods. God King Odin escaped. There is no need for you to continue fighting. Hela, the Lord of Death, promises not to massacre us. Please surrender."

The battlefield above the Dead Sea stopped for a moment.

After the troops of the Nordic pantheon heard Dellsu's order, all the gods of the Norse pantheon surrendered.

The war of the gods ended less than an hour after it started.

Five Tens of millions of Nordic gods surrendered. This also made Demeter, Aphrodite, Sif, and Hela. They all did not expect that the war of the gods would end like this. The Queen of the

Sea looked at the surrendering Nordic The army of the gods, especially Hades, the king of Hades, was killed and the god king Odin escaped.

She felt like it was a dream.

And the little priest who was carried by Athena to hunt down the god king Odin,

Hai Hou thought I couldn't help but laugh.

A small priest who contributed the most to the war of the gods was actually being carried by Athena to hunt down the god king Odin.

At this moment,

Su Chen was being carried by Athena and quickly chased the god king Odin. ,

He felt very aggrieved, but there was no way.

God King Odin was in the realm of God King (quasi-saint), and many goddesses were either main gods (Daluo Golden Immortal) or high-ranking gods (Taiyi Golden Immortal).

Although Su Chen knew The laws of space, but even if he catches up with the God King Odin, he is seeking death. Su Chen still thinks it is better to follow the goddesses, but Athena leads him to chase the God King Odin, and now he has no way to resist even if he wants to.

Suddenly,

Athena saw the direction in which God King Odin was escaping, and she hurriedly shouted to Su Chen, "Su Chen, no, Odin may want to return to Asgard."

Athena did not expect that Odin would return to Asgard.

If Odin returned to Asgard,

Athena thought that the God Queen Frigga would be in danger. The angry Odin would definitely kill the cheating God Queen. Frigga.

Suchen exclaimed when he heard Athena's words,

"What? Odin wants to escape back to Asgard? No, Athena, let me go quickly. I have to inform Queen Frigga quickly, otherwise Queen Frigga will be in danger."

"Okay, you have to hide in Asgard, we goddesses will arrive soon"

"clear!"

Su Chen did not hesitate.

He immediately used space teleportation and disappeared next to Athena.

Asgard Immortal Palace,

Su Chen rushed here quickly. He checked the location of the God Queen's Palace and hurriedly teleported there.

Damn it!

What a blessing!

Frigga is taking a bath at this time, damn!

Odin's one-eyed dragon is coming soon, otherwise it will definitely be a good affair this time.

Su Chen hurriedly walked to the bath and shouted to Frigga ,

"Frigga, get dressed quickly, Odin is coming back."

Frigga was startled when she heard Su Chen's voice. She turned around and found that Su Chen had appeared next to the bathtub at some time.

Frigga was so ashamed and angry that she hurriedly sank into the pool, and she yelled at Su Chen. He said, "You shameless bastard, who asked you to come in? Get out quickly."

Su Chen hurriedly took Frigga's arm and lifted her out.

Frigga's perfect figure was immediately exposed in front of his eyes, but Su Chen had no mind to think about anything else. Odin's one-eyed dragon was about to arrive, and he Not wanting to be discovered by Odin, he hugged Frigga and hurried back to her room, "I didn't see anything on you. Get dressed quickly and come out. Odin is about to escape. We must hide for a while"

"Why is Odin back?"

Frigga hurriedly hid behind a screen and put on her clothes.

She was very ashamed and angry.

This time she was exposed by this shameless bastard, damn bastard.

Su Chen checked Asgard to prevent Odin from suddenly Arrival, he said to Frigga,

"God King Odin escaped"

"Hera and the other goddesses were chasing Odin from behind. Odin discovered what was going on between us. I was worried that Odin would come to kill you, so I rushed to Asgard first."

Frigga put on her clothes and came out, staring at Su Chen and yelling,

"I have a shit to do with you, you bastard, you won't talk nonsense in front of God King Odin, will you? Su

Chen was embarrassed and hurriedly pulled Frigga and said,

"Ahem, Frigga, don't worry about this for now. Let's hide for a while. When Hera and the others arrive, we will kill the God King Odin."

After Frigga heard Su Chen's words, she felt that this bastard must be talking nonsense in front of Odin. Frigga now wanted to strangle this shameless bastard.

Boom!

At that time, the palace of the God Queen Frigga was blasted open, and the God King Odin fought his way into the palace of the God Queen Frigga. Those gods who tried to stop the God King Odin were all angered by the God King Odin. wave to kill

"Frigga, come out here, you bitch, you dare to betray me, I will kill you"

"Don't worry, God King Odin can't find us."

In the space prison,

Su Chen held God Queen Frigga and looked at the angry Odin. God King Odin probably didn't expect that he and Frigga were not far away from him.

Frigga stared at Su Chen and said Suchen yelled, "You're an asshole, take your hands away."

Frigga was also completely speechless towards Su Chen.

They are now avoiding the search of God King Odin, and this bastard is not honest. Frigga wanted to take out the dagger and chop off this bastard's hand.

"Haha, get used to it, get used to it, Frigga, your figure is so perfect, you are a flawless goddess."

Chapter 1943

Su Chen hugged the Queen Frigga and smiled awkwardly, and he did not dare to move his hands.

He was also attracted by Frigga's perfect figure just now. If God King Odin hadn't come to kill him at any time, Su Chen would definitely not let go of Frigga, the beautiful Queen of Gods.

In the palace,

God King Odin searched the palace, but he still could not find God Queen Frigga, which made him very angry.

God King Odin returned to Asgard first this time. He must first kill the God Queen Frigga, a God Queen who betrayed him, and a God Queen who cuckolded him.

God King Odin will definitely not tolerate the God Queen Frigga living again.

"Bitch, did you hide? Even if I demolish your palace today, I will still find you, a bitch."

Boom boom boom....

I go!

It's going to end!

Damn it!

Is God King Odin unwilling to find God Queen Frigga?

Su Chen saw God King Odin randomly attacking the surroundings, and he felt bad.

If the space prison was attacked by God King Odin, the space prison would definitely be broken. At that time, Su Chen and God Queen Frigga Will definitely be exposed in front of God King Odin. boom!

At this time, what Su Chen was worried about happened.

The space prison was broken after being attacked by the God King Odin. Su Chen also appeared in the dilapidated palace holding the God Queen Frigga.

After Su Chen saw the incredible expression on God King Odin's face, he waved to God King Odin and said, "Hi, God King Odin, I didn't expect us to meet again so soon."

God Queen Fuli Jia was also confused.

She didn't expect to appear in front of God King Odin like this, damn little bastard!

Is this very safe?

Will this not be discovered?

God Queen Frigga now wants to strangle this little bastard. God King Odin was a little surprised when he saw Su Chen appearing holding the God Queen Frigga. How could Su Chen return to Asgard before him? However, when he saw Su Chen and God Queen Frigga hugging each other in front of him, God King Odin became angry.

"Adulterers and adulterers, I will kill you!"

"Hera, the goddesses, all take action, quickly surround and kill the god king Odin, we can't let him escape this time!"

Su Chen saw God King Odin also taking action. He suddenly shouted behind God King Odin.

When God King Odin heard Su Chen's shouts, he didn't care to take action and disappeared in Su Chen in a flash. In front of Chen and God Queen Frigga,

God King Odin did not expect that Hera and the gods and goddesses had also arrived, and were even hiding around.

God King Odin guessed that this might be a plot to kill him. Could he be killed? The goddesses surrounded him.

Otherwise, his end would be as tragic as Hades's.

"Go quickly!"

Su Chen saw God King Odin disappear quickly in fright. He hugged God Queen Frigga and hurriedly disappeared here.

He had just deceived God King Odin.

If God King Odin looked around, he would definitely It can be found that there is no aura of other people around.

God King Odin is now a frightened bird. This is the first time that Su Chen can deceive God King Odin and escape from death.

God Queen Frigga is always in a daze now, she feels Her mind was very unclear.

Just now, she and Su Chen were discovered by God King Odin, and God King Odin even wanted to kill them, but this little bastard just screamed casually, and God King Odin ignored them. Disappeared quickly.

Frigga did not expect that Odin was so afraid of Hera and the goddesses.

Are Hera and those goddesses really strong?

After Odin in the God King realm heard their names, how could he be so frightened that he ran away quickly? ?

Just after Su Chen left with Queen Frigga for a while,

God King Odin appeared here again.

When he saw Su Chen and Queen Frigga disappear, his face was twisted and ugly.

God King Odin Ding didn't expect to be deceived by Su Chen. When he escaped just now, he checked his surroundings and found that there was no presence of anyone else in the palace of God Queen Frigga.

Damn the little priest, a sinister and shameless bastard!

God King Ao Ding's face was gloomy and he was very angry.

He missed an excellent opportunity.

Odin hurriedly checked the entire Asgard Palace. He wanted to find the two adulterers as soon as possible.

Otherwise,

God Queen He would When Ra and the goddesses arrived, he never had the chance to kill the adulterer and the adulterous couple.

In Asgard, the palace of the Queen of Gods was attacked by the God King Odin, and the gods in the entire fairy palace knew about it.

The twelve goddesses under God Queen Frigga immediately gathered their gods to save God Queen Frigga. The entire army of gods in Asgard's fairy palace also quickly assembled.

Su Chen and God Queen Frigga After appearing behind a waterfall,

Su Chen hurriedly arranged several space barriers to prevent anyone from exploring. He hugged the Queen Frigga and sat on the stone.

Su Chen lay on the shoulders of the Queen Frigga and said , "Huh, I was scared to death just now. Fortunately, God King Odin is a fool, otherwise we would have become a pair of dead mandarin ducks."

"You are so shameless!"

Frigga looked at Su Chen and shook her head.

She and Su Chen were in a very dangerous situation just now.

If Su Chen hadn't scared away God King Odin, she and Su Chen would have really been killed by God King Odin. Killing a strong man in the realm of God King,

Frilicia is no match at all.

As for Su Chen?

A little scumbag mid-level god, he may not even be able to withstand the powerful aura of God King Odin.

Su Chen hugged Queen Frigga's soft waist said, "Queen God, let's wait here for a while, Hera and the others should be arriving soon."

God Queen Frigga said with some worry, "What about God King Odin? If he escapes this time, it will be a big risk."

Su Chen kissed Frilica, and he said with a wicked smile,

"Hehe, I just left a space node on Odin. Every move of Odin is under my control. When Hera and the others arrive, we will kill the God King Odin."

God Queen Freiliga was very speechless when she heard Su Chen's words.

She didn't expect that Su Chen would be so insidious.

In just a moment, this little bastard would actually leave a back-up plan.

If God King Odin is killed in the future, Kill, Odin probably didn't expect that he would fall into the hands of a little priest.

Boom boom boom.....

Odin was checking the entire Asgard Palace, and he found no trace of the God Queen Frilica and Suchen.

Odin was so angry that he completely destroyed the palace of the Queen of Gods.

He could no longer search for it.

A quarter of an hour had passed.

Hera and the goddesses are probably going to chase after him. If he continues to stay and look for the couple, Odin will be surrounded and killed by the goddesses like Pluto.

"Little priest, Frigga, damn adulterer and whore, I, the God King Odin, will never let you go in the future."

Chapter 1944

The gods in Asgard's Asgard heard the roar of God King Odin, and saw God King Odin reluctantly leaving Asgard's Asgard. The gods in Asgard's Asgard were very confused!

Little priest?

God King Frigga?

Adulterer and adulterer?

The gods in Asgard's fairy palace did not expect that the beautiful and kind-hearted God Queen Frigga would actually fall in love with a young priest.

Who is that little priest? How could a little scumbag priest be attracted by Frigga, the God King in the main god realm? When God Queen Frigga heard the roar of God King Odin, her face became very ugly. Now she was finished. Odin's roar was heard by the gods in Asgard. She was destroyed in this In the hands of the little bastard, Queen Frigga glared at Su Chen and shouted,

"Damn it, this is all caused by you, this bastard. I'm afraid the gods in Asgard have misunderstood, and my reputation has been ruined by you, this little bastard."

Su Chen smiled and said,

"What's the misunderstanding? We are already in love with each other and are in love with each other. The gods in Asgard know about it. Anyway, it will happen sooner or later."

God Queen Frigga's face turned red with anger when she heard Su Chen's words.

Damn you little bastard, when did she fall in love with this little bastard?

Are they still in love?

Frigga can't wait to stab this little bastard to death with a sword now. Bastard.

Su Chen stood up and hugged God Queen Frigga and said, "Let's go out. God King Odin has left."

"Let me go, I will go on my own!"

Queen Frigga opened Su Chen's hand and ran away.

She didn't want to appear in front of the Nordic gods with this bastard. She had already embarrassed enough people today. Frigga didn't want to be with this bastard Su Chen for a moment. Together.

Su Chen smiled and disappeared here.

The God King Odin has escaped, and the Asgard Palace is now considered safe. Su Chen can now control every move of the God King Odin. Waiting for Hera and the Goddess When they all arrive, he will lead the goddesses to intercept the God King Odin.

In the underworld, the Queen of Hades took Elena back to the underworld.

The war of the gods on the Dead Sea has ended.

The tens of millions of gods in the Nordic god system surrendered. ,

Pluto Hades was killed,

God King Odin escaped, and the North Sea Monster Kraken was also petrified and died by Medusa.

Suchen and the goddesses went to hunt down God King Odin, and what happened in a short time today There were too many big things, but the Queen of Hades always had a cold face when she came back.

Elena sat beside her helplessly and did not dare to make a sound.

Elena was completely speechless to her father.

Just now, over the Dead Sea, the Queen of Hades With her, she heard what Su Chen said, why is the Queen of Hades so good? Is he satisfied?

Elena felt that her father was seeking death. She didn't know how the Queen of Hades would treat her father in the future, but the Queen of Hades was indifferent. With a face and no words, she felt that her father might be in trouble.

There was also the Nordic Queen Frigga.

Elena was very surprised when she heard her father's words. Her father and the Queen Frigga actually knew each other. She The speculation about her father's relationship with the Nordic Queen Frigga is probably true.

Otherwise, his father would not have known about the private cinnabar mole of the Queen Frigga.

Elena thought of this and wanted to say something good for her father.

"Queen of Hades, what my father said earlier may have been deliberately irritating Hades, so don't mind it."

The Queen of Hades said to Elena with a cold face,

"Elena, don't mention your damn father again, I can't spare that little bastard in the future."

The Queen of Hades gritted her teeth when she thought of Su Chen.

She didn't expect that

Su Chen would ruin her reputation in front of many goddesses. The little bastard may have said this to anger Hades, but her reputation was also ruined by Su Chen.

There was also the Nordic God Queen Frigga.

Queen Hades did not expect that Su Chen was actually related to the Nordic God Queen Frigga.

No, that little bastard had an affair with the Nordic God Queen Frigga.

Greek God Queen Hera?

Nordic God Queen Frillica?

That little bastard actually took down the God Queens of two gods. Is that little scumbag priest going to heaven?

Elena heard that the Queen of Hades She shook her head, and she didn't care.

Her father should be able to deal with the Queen of the Underworld, and Elena didn't want to care about the affairs between these adults.

Asgard Palace, with the arrival of Hera and the goddesses, Su Chen told the goddesses about the escape route of God King Odin.

In the palace, after Hera and the many goddesses heard what Su Chen said, they all thought about it and started talking to each other.

"Odin flees to the northwest? Where is this going?"

"Odin isn't going to go to the god system, is he?"

"No, Odin is a god-king no matter what. It is impossible for him to seek refuge with God Jehovah."

"Is there a hiding place for Odin in the northwest?"

"How do we know this? Do we have to wait for Odin to stop before chasing him?"

"It seems like this is the only way to go"

"There must be Odin's secret in the northwest, otherwise he would not be able to escape to the northwest."

Su Chen heard the chirping of the goddesses, and he wanted to leave here.

These goddesses didn't get to the point. Su Chen wanted these goddesses to guess the escape route of God King Odin. They could first Intercepting God King Odin in one step.

However, these goddesses went off topic and speculated about what secrets God King Odin would have hidden in the northwest.

Su Chen was also helpless with these goddesses.

"Do I know where Odin is escaping to?"

Goddess Queen Frigga stood up and said to Su Chen and the goddesses.

Frigga also thought of the Ragnarok mentioned by Odin.

In order to cope with the Ragnarok that would come in the future, Odin built a building underground at the old site of the Viking Kingdom. Entering the Hall of Heroes, Odin turned the dead powerful gods into heroic spirits. This is Odin's secret army of heroic spirits.

Su Chen looked at Frigga and asked hurriedly,

"There?"

Frigga looked at everyone and said, "Odin built a Hall of Heroes underground at the old site of the Viking palace. He used the dead gods to make it....."

After Su Chen and the goddesses heard Frigga's words, they did not expect that

God King Odin would turn the dead gods into heroic spirits, which made their faces very ugly.

Su Chen said to the girls with a serious face,

"We immediately set off to the old site of the Viking Palace. Odin may release those heroic spirits. If the heroic spirits in the Hall of Valor are released, the Nordic pantheon may be in chaos."

Queen Hera stood up and nodded and said, "Okay, let's set off immediately. Su Chen, this time we need you to use your space magic to take us there. We can reach the Hall of Valor before Odin."

Chapter 1945

In the Western God Realm, the former site of the Viking Palace,

Su Chen suddenly appeared here with the ruthless empress and the goddess Hera.

They looked at the desolate surroundings, and there were some poisonous gases in the air. This place was not suitable for human habitation at all.

Su Chen looked around and said in surprise,

"Unexpectedly, Odin turned the thousands of miles around the Viking Kingdom into a dead zone."

Goddess Queen Hera shouted angrily, "No wonder the Viking Kingdom suddenly perished, and even the Vikings disappeared. It turns out that the Vikings were annihilated by Odin."

Su Chen shook his head and said hurriedly, "Forget it, we don't care about this now, Nannan, you and Hera look for the underground Hall of Valor, and I will bring the other goddesses here."

"Ok brother!"

"Well, let's find out now!"

Su Chen nodded to the ruthless empress and Hera and disappeared. He wanted to bring all the goddesses here before the arrival of the god king Odin. Su Chen came back and forth to the old site of the Viking palace more than ten times.

He He can only bring two goddesses at a time. The distance is too far. Su Chen has also re-trained his space laws. It is simply impossible for him to bring all the goddesses here at once.

"I'm so exhausted!"

After Su Chen appeared at the old site of the Viking Kingdom again, he sat down on the stone.

There were five goddesses who hadn't been brought over. Su Chen was tired of eating flat peaches. In order to restore his magic power, he ate flat peaches. While arriving with the goddesses,

Athena saw Su Chen sit down, she walked to Su Chen and shouted, "Su Chen, hurry up, Odin should be arriving soon."

Athena also knew that Su Chen was very tired, but if Odin didn't kill him this time, the goddesses might be attacked and killed by Odin in the future.

The old site of the Viking Palace was the last chance to kill Odin, and Athens Athena will never allow accidents.

Su Chen appeared next to Athena instantly. He quickly hugged Athena's waist and said, "Athena, come and give me some strength. You see, I must have no strength at all."

Athena glared at Suchen and cursed, "Go away, go back and bring Theresa May and the others here."

"Violent woman!"

Su Chen gave Athena a quick kiss and disappeared instantly.

Athena wiped her mouth quickly and yelled angrily,

"shameless bastard! After killing God King Odin, this little bastard will be dead."

Arthenis, the God of Hunting, looked at Athena and said with a smile,

"Haha, Athena, just accept your fate. Suchen will be the god-king of the Greek pantheon in the future. You will be Su Chen's woman in the future. Isn't it natural for him to kiss you?"

After Athena heard what Arthenis said, she nervously shouted to the goddesses around her,

"Damn it, you are not allowed to support that shameless bastard to become the God King."

Hestia, the God of Stoves, shook her head and said,

"This may be very difficult, Athena, the Greek pantheon will have a god king sooner or later. Apart from that little bastard Su Chen, who else can make us support him to become the god king?"

After the other goddesses heard Athena's shout, they looked at Athena and said with a smile,

"Yes, the little priest will be our Greek god-king in the future."

"The little priest is good, we will all support the little priest"

"Athena, it doesn't matter if you marry a little priest. The little priest is not only powerful, but he also has many fairy fruits and spiritual stones. You will have endless fairy fruits and spiritual stones in the future."

"yes! yes! Athena, we goddesses are very envious of you."

"Athena, the little priest is really good. Just become a little priest."

"Haha, from now on, one of the three Greek virgin gods will be missing."

When Athena heard the words of these goddesses, her face was very embarrassed, but Athena had no choice. She could not defeat these goddesses alone.

The goddess Hera shook her head and shouted to the goddesses, "Okay, let's speed up the search for the Hall of Valor. It's best if we can destroy the army of heroes in the Hall of Valor when Odin arrives."

After the goddesses heard the words of Queen Hera, they all nodded and hurriedly began to search. They, the goddesses, were also worried that when they surrounded and killed God King Odin, God King Odin would activate the heroic spirits in the Hall of Valor. Army.

At this time, after the ruthless empress broke a seal, she looked at a well hidden by the seal and began to inspect it.

"Found it, the Hall of Heroes is under this well."

The goddess Hera came over and looked at the mouth of the well and said hurriedly, "Hestia, you stay here and wait for Su Chen. The other goddesses go down and destroy all the heroic troops in the Hall of Valor."

"good!"

The Goddess Hera jumped down from the well with the other goddesses.

Before the Heroic Spirit Army in the Hall of Heroes is awakened, they must quickly kill them. Otherwise, if the Heroic Spirit Army is awakened, they will kill a large number of Heroic Spirit Army. It would be very difficult.

After Su Chen went back and forth twice more, he saw that only the God Queen Frigga was left in the Asgard Palace. At this moment, the God Queen Frigga was wearing golden armor and holding a The magic weapon was Gangnir that Su Chen gave her.

Su Chen hugged the proud and very sexy God Queen Frigga, and he lowered his head and kissed her.

Su Chen never thought that Frigga would be so beautiful wearing the divine armor. Sexy, I'm afraid no one can bear it when they see such a beautiful woman.

After Su Chen let go of her, Frigga cursed with shame and anger on her face,

"You find a shameless bastard and we go there quickly. If Odin arrives first, Hera and the others will be in danger."

Su Chen touched Frigga's beautiful face and said with a smile,

"Haha, Frigga, after you kill Odin, you have to wear this armor to accompany me once."

"Inglorious bastard, don't even think about it!"

"Haha, that's not up to you."

At the old site of the Viking Palace,

Su Chen also appeared here holding the goddess Frigga. The goddesses around him went to kill the heroic army. He looked around to see where Odin was.

Holy shit!

Why did God King Odin start fighting with Ares and the others?

Tsk tsk tsk!

God of War Ares, Sun God Apollo, and that ugly bastard God Hephaestus, the three of them are in very miserable condition now. I'm afraid it won't take long for the God King Odin to kill him.

Frigga looked at Su Chen's strange expression and asked doubtfully,

"Su Chen, what's wrong? Isn't God King Odin coming?"

"No, God King Odin is currently fighting against the three main gods Ares. The three main gods Ares may not be able to survive. God King Odin may arrive soon."

Chapter 1946

In the Andes Mountains,

God King Odin did not expect to encounter the three major Greek gods hiding here.

Ares, God of War!

Apollo, the sun god!

Forge Lord Hephaestus!

Odin had a goal to vent his anger this time.

God King Odin didn't hold back at all this time. Ares and the three of them had no chance to escape. Just a quarter of an hour later, the Ares and three of them were beaten to the ground by Odin. down.

Ares lay on the ground with blood on his face and shouted, "Odin, you have won the war of the gods, are you going to wipe out our Greek pantheon?"

"Win? Ha ha....."

Odin laughed when he heard Ares's words, but his smile was a little sad.

Odin was the god king of the Nordic god system, and now he was a bereaved dog, and even his wife betrayed him.

When Odin thought of the sexy and beautiful Frigga falling into Su Chen's arms, he couldn't help but get angry.

Apollo, the sun god, looked at Odin and said, "Odin, you were defeated? You were defeated by the queen Hera."

Odin shouted angrily when he heard Apollo's words.

"Queen Hera? She is nothing. Tell me, who is the little priest next to the Queen Hera? Why does he have such powerful abilities? God King Zeus, Pluto King Hades, they were all tricked to death by that little priest."

Ares and the other three were stunned when they heard the words of God King Odin.

God King Zeus?

Hades?

These two powerful God King realm experts were actually tricked to death by a little priest?

How can a little priest be so big ? Ability?

However, it is impossible for the God King Odin to deceive them, and Odin is obviously on the run.

Ares and the three of them could not have imagined that the war of the gods would be presided over by the little priest. The God Queen Hera and those Goddess, they are all obeying the orders of a little priest

"Odin, don't kill me, I want to kill that little priest"

"oh? Hephaestus, do you think it's possible?"

"Odin, that little priest stole my wife, the goddess of love, Aphrodite. Ares and the others all know about it."

"Hahaha, the little priest also stole your wife?"

Hephaestus asked suspiciously after hearing Odin's words, "Odin, did the little priest also steal your wife?"

"Shut up!"

After Odin heard what Hephaestus said, his face turned very ugly.

Damn the little priest, he must kill that shameless little priest.

The three Ares looked at Odin in surprise.

They all understood that the wife of God King Odin was also abducted by Su Chen.

Nordic God Queen Frigga!

Is that little priest trying to defy heaven?

A little middle-rank god, he actually The Nordic God Queen Frigga won. God King Odin was even more tragic than Hephaestus.

Odin affirmed the expressions of Ares and the three of them and shouted,

"What are you looking at? The little priest also had an affair with the wife of Hades."

Ares and the three of them looked at each other after hearing Odin's words.

They were all shocked.

The Nordic God Queen Frillica, the Queen of Hades, Persephone, and even the Greek God Queen Hera might have been kidnapped. The priest took it.

Hephaestus said to Odin angrily,

"Odin, we have a common enemy. The little priest robbed my wife Aphrodite. I really want to kill him. We can work together to kill the little priest."

After Odin heard what Hephaestus said, he thought about it and felt that there was nothing wrong with keeping these three people. If the three minor gods,

Hephaestus and the others dare to go back on their word, Odin can destroy them at any time. Odin looked at Ares and the three of them and said,

"Okay, I will let you go this time, and we will kill that little priest together."

"Odin, I, Hephaestus, must kill the little priest with my own hands.

Ares and Apollo looked at each other and decided to surrender temporarily.

They have no hatred against the little priest. If Odin loses to the little priest and the goddesses, they can go back on their word at any time and even help the little priest to surround and kill the god king. Odin.

Odin then took Ares and the three of them and flew towards the Viking Palace.

Odin wanted to recall the heroic army. With tens of millions of heroic troops, Odin could retake Asgard and even It can also kill the little priests and those bitches. Su Chen inspected the old site of the Viking Palace and shook his head.

He did not expect that the three Hephaestus actually joined forces with Odin. They were preparing to kill him. Ah.

Odin!

Hephaestus!

They have all been cuckolded by me, cough!

God Queen Frigga hasn't done it yet, but it's only a matter of time.

Su Chen ordered Frigga next to him , "Frigga, ask Hera and the others to speed up. Odin will arrive in a quarter of an hour.""

"Okay, I will inform Hera and the others personally."

After Frilica nodded after hearing Su Chen's words, she hurriedly disappeared next to Su Chen.

God King Odin is coming soon. The former site of the Viking Palace is the burial place of Odin. They goddesses An ambush must be prepared in advance.

Su Chen looked at Odin's direction and said to himself, "Odin, come quickly, you are the only one left. Only after I deal with you can I leave the Western God Realm with peace of mind.."

In the prehistoric fairy world, the war between Heaven and Buddhism came and went quickly. It was just that the barrier between Buddhism's West Niuhezhou and Dongsheng Shenzhou was destroyed by Heaven's Zhoutian Star Array, and was cut off by a sea of tens of thousands of miles. A small half of Xiniu Hezhou.

On the seaside, the four masters and disciples of Tang Sanzang appeared on the seaside.

Zhu Bajie looked at the vast sea and shouted, "Oh my God, how are we going to get across this damn sea?" ?"

Sun Wukong said helplessly,

"Find a boat. Without a boat we can't go to this new sea."

Tang Sanzang didn't expect to encounter a vast and boundless sea, which made him very helpless.

"Amitabha, Wukong, hurry up and find a boat. It will probably take us more than a month to cross this sea."

"Do you want to cross this sea?"

At this time, a little girl appeared next to the four masters and disciples of Tang Sanzang. She looked at these combinations of monks and monsters and was very curious.

"Huh? That little girl?"

When Sun Wukong saw a little girl arriving, he was very surprised.

This place was deserted.

Where did this little girl appear from?

Sun Wukong hurriedly checked the little girl. He was worried that this little girl was a monster.

Huh? Human? Or is it

?

A little monk,

Sun Wukong did not expect that this little girl was a little monk, and that this little girl was about to become an immortal at such a young age. He felt that this little girl might have a lot of background. When the little girl heard what Sun Wukong said, she looked at the monkey and He asked doubtfully, "Monkey, are you Sun Wukong?"

"I am Sun Wukong, little girl, who are you?"

"My name is Su Yan!"

Chapter 1947

Su Yan was very happy when he heard Sun Wukong's answer.

This time she sneaked out of the Xiling Fortress.

Su Yan just wanted to play freely, but she met people like Sun Wukong and Tang Sanzang here.

She was a little excited.

Her father had told her the story of Buddhism's journey to the west.

It seemed to be called Journey to the West.

The four masters and disciples of Tang Sanzang traveled through mountains and rivers and encountered many monsters. It seemed that they were facing some kind of difficulties.

Su Yan decided to act together with the four masters and disciples of Tang Sanzang. It would be very interesting along the way, and he could even see how those monsters would catch Tang Sanzang.

"Su Yan?"

When Sun Wukong heard Su Yan's answer, he had a bad feeling.

Zhu Bajie asked Su Yan anxiously, "Su Yan? Who are you, Su Chen?"

"My father!"

"Oh my God, is this asking us to die?" Zhu Bajie sat down on the ground and yelled angrily,

Damn Su Chen!

Damn the Emperor of Heaven!

That bastard Su Chen left, why did he come again? A little ancestor is here?

Zhu Bajie thought that if something happened to Su Chen's daughter around them, they might be skinned and cramped by those powerful quasi-sages in heaven.

When Sun Wukong and Monk Sha heard what Su Yan said, their expressions were very ugly.

They all knew that a little ancestor had come.

Su Yan was much more important than Tang Sanzang. If something happened to Su Yan and Monk Sha, what would Sun Wukong and Monk Sha think about it? Zhou Tianxingchen's body couldn't help but tremble. Su Yan was not happy when she saw that Sun Wukong and others looked like they were dead parents. Su Yan hadn't said that he would go with them to learn Buddhist scriptures. Don't these people like women to follow them?

"snort!"

Su Yan said coldly with a sullen face,

"What do you all mean? I have a boat, and I want to take you across the sea with good intentions. Do you dislike me for being a little girl?"

"Amitabha, the little benefactor has a boat?"

At this time,

Tang Sanzang came from the seaside and asked happily when he heard Su Yan's words,

"Yes, I have!"

"Can the little benefactor take us across the sea?"

"Can!"

"Thank you little benefactor."

Tang Sanzang didn't expect that the little girl they met here actually had a boat and could even help them cross the sea.

This made Tang Sanzang very happy.

After Sun Wukong and the other three heard what Su Yan and Tang Sanzang said, they were all helpless. Shaking his head,

Su Yan has actually arrived.

They certainly don't dare to drive away, but with a super time bomb beside them, Sun Wukong and the other three may not dare to sleep at night.

On the sea, more than ten days have passed, and a ship The boat was sailing slowly on the sea, and Su Yan was already bored and fast asleep in the cabin.

More than ten days of sailing made Su Yan feel very boring. There were no monsters except sea water here, including Sun Wukong and others. They were all very boring.

On the deck,

Zhu Bajie touched his belly and asked Sun Wukong, "Brother Monkey, is there anything to eat?"

"No!"

Sun Wukong shook his head and continued to look around. He didn't dare to take it lightly now. With Su Yan, the little ancestor, he would not let any threats appear on the boat.

"Alas, it looks like I have to ask Su Yan for some food."

"That little girl is sleeping, you'd better not disturb her"

"I know, and I don't dare to disturb Su Yan."

Zhu Bajie shook his head hurriedly when he heard Sun Wukong's words.

There was a little blue bird next to Su Yan, and that little blue bird was very ferocious.

Last time he just wanted to ask Su Yan to come out to see a big fish, but he was caught by the bird. Broken arm.

Zhu Bajie was very confused about the little blue bird.

Sun Wukong suddenly found land ahead, and he hurriedly said to Zhu Bajie, "Huh?" Bajie, look, there is land."

Zhu Bajie looked into the distance and said in surprise, "There is really land. No, it is a huge island. Brother Monkey, let's go over and see if there is anyone on that island."

"Junior Brother Sha, quickly row towards the land ahead."

"Yes, senior brother."

Half a day later,

Master Tang Sanzang and Su Yan arrived at this huge island.

They felt very depressed when they looked at this huge island. It was deserted, with only forests and mountains. I am afraid there is no human beings living here. island

"Hey, there are actually living creatures on this island."

Sun Wukong suddenly discovered that there were some auras dozens of miles away. He looked around and said to the others.

Zhu Bajie asked warily,

"Brother Monkey, is he a monster? Sun

Wukong nodded and replied, "Probably, this sea has only appeared not long ago, and there can be no human beings here."

"monster? Then go and have a look."

Su Yan heard that there was a monster, so she hurriedly rode on the white dragon horse and ran forward quickly.

Su Yan was suffocated at sea, so she wanted to see what kind of monster she encountered this time.

Sun Wukong saw Su Yan riding He ran over with the white dragon horse, and hurriedly gave instructions to Monk Sha and Zhu Bajie,

"Junior Brother Sha, you stay to protect Master, Bajie, let's follow him quickly"

"Yes, senior brother"

"Wait for me, Brother Monkey!"

At this moment, in a cave on this huge island, more than a dozen monsters were lying listlessly on the table. A monkey-faced monster shouted to a yellow-browed monster, "Your Majesty, we really don't want to leave this island. ?" The yellow-browed demon was also very irritable when he heard the little demon's words. The huge attack a month ago made him very frightened. If he hadn't stolen the magic weapon of Maitreya Buddha, the huge attack would have been very far away from here. He still It's impossible to survive with these little monsters,

"What to leave? There is food and drink here, why should we leave? Besides, this is the only way for Tang Sanzang to pass by. If you want to eat Tang Sanzang, you have to wait."

"Your Majesty, what about the rat demon? The king's magic weapon was stolen by the rat demon. None of us are any match for the rat demon. Only a dozen of the younger ones have been killed. If we don't leave, the rat demon will kill us all."

The Yellow Eyebrow King shouted angrily, "Damn white mouse, if I hadn't stolen my magic weapon, I would have pulled out her skin and cramped her tendons."

The Yellow Eyebrow King was also very angry.

Since the rat demon came to this island, he saw that the rat demon was very beautiful. The yellow eyebrow demon wanted to take the beautiful rat demon as his own.

But Huang Rong King Mei did not expect that after the rat demon stole his spiritual treasure golden bowl and the acquired spiritual treasure human race bag, he would kill them all.

More than a hundred little demons were killed in a day, and only a dozen were left. If he stole it again If they don't return those spiritual treasures, they will all be killed by the rat demon

"King Huangmei, I am outside your cave. Do you dare to come and kill me?"

Chapter 1948

Outside the cave, a beautiful woman was playing with a golden bowl in her hand. She looked at the cave of King Huang Mei with great disdain.

After the Yellow Eyebrow King came out with the little monsters with weapons, he stared at the mouse monster and shouted,

"Li Ge, you traitor, you stole my magic weapon when I wasn't prepared. Hand over my spiritual treasure quickly, otherwise you will die and I will destroy your soul."

The mouse demon Li Ge looked at the Yellow Eyebrow King and laughed and said,

"Hahaha....., King Huangmei, do you think I don't know what you were going to do?"

"You fell in love with my beauty. If I hadn't stolen your spiritual treasure first, what do you think I would look like now?"

"Was he ravaged to death by you? Or will it become a sexual outlet for your little monsters? You all deserve to die."

The mouse demon Li Ge was also very unlucky.

The war between Heaven and Buddhism also affected her territory.

She originally wanted to change her territory to wait for Tang Sanzang's master and apprentice to arrive, but before she could move out, she was killed by Nine Heavens. The huge attack has affected.

If Li Ge hadn't been far away from the battlefield, she would have been dead.

The rat demon Li Ge also flew for several days before arriving at the island.

When she met the Yellow Eyebrow King,

Li Ge Seeing that the Yellow Eyebrow King was a powerful Golden Immortal, and that the Yellow Eyebrow King also had several powerful spiritual treasures, the mouse demon Li Ge had no choice but to take refuge in the Yellow Eyebrow King.

However, the mouse demon Li Ge did not expect that the Yellow Eyebrow King would actually After falling in love with her, Li Ge wanted to kill King Huangmei at that time, but she was no match at all, so she could only compromise first.

After Li Ge stole two powerful spiritual treasures from King Huangmei, she wanted to To destroy all the monsters here,

King Huangmei must die too.

"Hey guys, come together and kill this bitch."

"kill! kill! kill!"

Dong dong dong.....

Just as the Yellow Eyebrow King led the little monsters to kill the mouse demon Li Ge, the sound of horse hooves came over, which made both the Yellow Eyebrow King and the mouse demon Li Ge confused.

They were the only monsters on the island. , there are no other creatures at all, how come there is the sound of horse hooves this time?

At this time,

Su Yan arrived riding a white dragon horse.

She saw more than ten monsters, which excited her.

Su Yan looked at the leader of the Yellow Eyebrow King and shouted,

"Monsters, you have been robbed by this princess. Hand over all your spiritual treasures, otherwise you will not blame me for being rude."

The Yellow Eyebrow King looked at Su Yan and shouted mockingly,"That yellow-haired girl from there dares to rob me? Hey guys, hold on to this little girl, let's drink and eat today"

"Yes, Your Majesty!"

More than a dozen little demons turned around and rushed towards Su Yan.

A human with thin skin and tender flesh, they little demons like to eat very much.

"Aunt Qing, kill these little monsters!"

Chirp! Chirp!

The Qingying on Su Yan's shoulder flew into the air quickly, and her body instantly became very huge.

Boom!

The Qingying spewed out a stream of flames at the little monsters that were charging towards them.

"Ahhhhh....."

In just an instant, more than a dozen little demons were burned to the point where their bones were gone

"What kind of bird is this? Why is it still spitting out flames?"

The mouse demon Li Ge was very surprised when she looked at the Qingying in the sky.

The nobility of the Qingying made her want to worship her.

The mouse demon Lige looked at the Qingying and guessed that this must be a mythical beast, maybe even an ancient beast. mythical beast

"Yeah, yeah, you're a little harpy, I'm going to catch you, kill you and eat you."

Chirp, chirp, chirp!

Boom!

A blue beam suddenly enveloped the yellow-browed demon.

The yellow-browed demon was immobilized instantly.

How is it possible?

How could a monster in the heavenly realm immobilize itself?

The yellow-browed demon was surprised and hurriedly struggled to be controlled.
However

, he saw the green warbler in the air flying towards him quickly, and a pair of huge sharp claws were about to catch him.

Boom!

The green warbler's huge sharp claws tore the yellow-browed king to pieces in an instant , the Yellow Eyebrow King was completely wiped out without even screaming.

The mouse demon Lige was very surprised to see Qingying kill the Yellow Eyebrow King easily.

The Yellow Eyebrow King was a golden immortal. ,

Qingying is just a fairy, a fairy killed a golden fairy easily, this world is so crazy.

On a mountain in the distance,

Sun Wukong and Zhu Bajie saw Qingying cleanly killing a monster, and they were thinking Very shocked.

A Heavenly Immortal killed a Golden Immortal?

The Golden Immortal's monsters had no power to resist, so they all felt a little unbelievable.

Zhu Bajie swallowed and said, "Brother Monkey, that little blue bird is so powerful?" Sun

Wukong replied with a confused look on his face, "I don't know, but it seems that what Qingniao used just now is the law of time, which is very similar to the law of time that Su Chen used at that time."

"The law of time? No wonder he was able to immobilize that yellow-browed monster. This blue bird is really a monster. A little blue bird knows the laws of time. No wonder that little girl Su Yan dares to run around."

"No, Bajie, Su Yan's little girl is not simple. She also has at least three powerful spiritual treasures on her body. I feel threatened when I'm around Su Yan. Those spiritual treasures can probably kill me with one blow."

Zhu Bajie shouted when he heard Sun Wukong's words,

"What? Girl Su Yan still has at least three powerful spiritual treasures on her body? Can one blow kill you? Be good, that bastard Su Chen is really kind to his daughter."

At this moment,

Su Yan saw Qingying killing more than a dozen monsters.

She looked at the monsters' weapons and curled her lips. They were all scraps of metal and useless magic weapons.

Su Yan looked at the mouse monster. Li Ge threatened, "Monster, you are the only one left. If you hand over the spirit treasure, I will spare your life."

The mouse demon took the golden bowl and smiled and said, "Haha, little girl, you'd better leave. I won't kill a little girl."

"snort! I won't leave until you hand over the spiritual treasure. Monster, will you hand over the spiritual treasure?"

"No, little girl, what can you do to me?"

"Then don't blame me."

Su Yan saw that the mouse demon Li Ge refused to hand over the spiritual treasure, so she took out the small flag from her arms. This was the spiritual treasure given to her by the Queen Mother. Su Yan had never tried it before.

Su Yan unfolded the small flag and shouted Said,"The Western plain cloud flag! Kill the little monster in front of me."

After the mouse demon Li Ge saw the western plain cloud flag, she turned pale and hurriedly shouted,

"The ultimate innate spiritual treasure? Wait, little girl, don't attack, I'll hand over the spirit treasure, I'll hand over the spirit treasure."

Chapter 1949

The mouse demon Li Ge was very frightened.

She did not expect that this little girl would have the best innate spiritual treasure, and it was also the Western plain cloud flag of the Queen Mother in the heaven.

What is the identity of this little girl?

Why is there a spiritual treasure from the Queen Mother?

By the way, this little girl just said she was a princess?

Princess?

A princess in heaven?

Could it be that this little girl is the child of Emperor Su Chen and the Queen Mother?

My heaven!

The princess in heaven actually went to the lower world?

Mouse Demon Li Ge's body started to tremble.

This little girl was actually a princess in heaven, so there must be powerful powers around to protect this little girl. If he had attacked this little girl just now, she would probably have been struck by a quasi-sage. The body and spirit of the killing were destroyed.

When Su Yan heard that the mouse demon Lige was about to call out Lingbao, she smiled and took back the little flag.

"I guess you know the truth, hand over the spirit treasure quickly"

"Yes Yes!"The rat demon hurriedly took out the golden bowl and the human race bag and handed them to Su Yan.

Su Yan looked at the golden bowl and the cloth bag and said he was speechless.

The golden bowl is not bad. It is an innate spiritual treasure of the lowest quality, but she is a female. My child, a girl holding a golden bowl as a spiritual treasure is too derogatory to her status as a heavenly princess.

And this cloth bag, which makes Su Yan even more speechless.

A rag bag is still an acquired spiritual treasure.

Su Yan feels that Her first robbery ended in failure

"These are all tattered spiritual treasures, a golden bowl, this is an innate low-grade spiritual treasure, this broken bag is an acquired spiritual treasure, little monster, you are really poor, forget it, I will give it back to you, this garbage Lingbao is of no use to me."

The mouse demon didn't expect that Su Yan would look down on these spiritual treasures.

However, when the mouse demon Li Ge thought of Su Yan's identity, she also felt that these spiritual treasures were useless to Su Yan.

The mouse demon Li Ge After putting away the golden bowl and the human race bag, she looked at Su Yan and asked,

"Princess, where are you going?"

"where to? I'm traveling around in the ancient fairy world. Little monster, please leave. I'm leaving too."

Su Yan was not in the mood to talk to this little monster.

She didn't get any good treasures during her first robbery, which made Su Yan very depressed.

Seeing that Su Yan was about to leave, the mouse demon Li Ge hurriedly told Su Yan Yan said, "Princess, you also need a maid to take care of you on the way. Do you think I can be your maid?"

"Are you going to be my princess' maid?"

"Uh-huh!"

Su Yan touched the minibus and thought that it would be good to have a maid.

Tang Sanzang's master and apprentice were all crooked men. It would not be convenient for her to be a woman in Tang Sanzang's team. If there was a The maid from Little Monster Capital was here, so Su Yan felt it was still necessary.

Su Yan looked at the mouse demon Li Ge and nodded.

"A mysterious monster is just fine, okay, you can follow this princess first. If you behave well, I will accept you as a maid."

"Thank you princess, thank you princess, I will definitely perform well."The mouse demon Li Ge hurriedly saluted after hearing Su Yan's words.

The mouse demon Li Ge did not really agree to Su Yan, which made her very happy.

As a maid of a princess in heaven, this is not something that a fairy can do casually..Although the identity of the mouse demon Li Ge is just a maid, in the heaven, even some powerful gods would not dare to offend her.

Sun Wukong and Zhu Bajie next to them shook their heads more and more.

They were helpless towards Su Yan.

They But they were protecting Tang Sanzang when he went to the West to learn Buddhist scriptures, and they were all monks.

Why were there more and more people?

And some women were joining in.

They were all worried that the team would get bigger and bigger along the way, and even women would There will be more and more.

There is nothing Sun Wukong and Zhu Bajie can do.

Su Yan and the others do not dare to offend them at all.

Even if the Buddha in Buddhism knows about it, the Buddha will turn a blind eye and close one eye as if he has not seen it.

The Western God Realm , the former site of the Viking Palace,

Su Chen and the goddesses had already hidden themselves, and God King Odin and Ares were about to arrive.

In the space prison,

Athena looked at Su Chen tightly next to her , which made Athena so angry that she wanted to strangle this shameless bastard,

"Su Chen, can you stay away from me?"

Su Chen said speechlessly while smelling the fragrance of Athena's hair,

"Let me go, Athena, this space prison is only so big, and there are more than twenty of us. How far can I be from you now?"

"You are an shameless bastard!"

"Athena, you are so nosy, did you see what Arthenis on my left said?"

When Arthenis heard Su Chen's words, he lowered his head with a cold face.

Damn you bastard.

Arthenis didn't expect Suchen to be so shameless.

While talking to Athena, this bastard secretly hugged her waist. If Arthenis was not worried about others finding out, she would definitely beat this shameless bastard to death.

In the space prison, the other goddesses looked at Suchen and Athena and laughed.

Suchen and Athena were really happy enemies. They As long as the two of them are together, they will quarrel.

Athena clearly knows that Su Chen is a shameless scoundrel, but she still stands by Su Chen. Isn't this an obvious desire to get close to Su Chen?

Some of the goddesses in the space prison, they We can also see Athena's attitude towards Su Chen.

Athena may have hated Su Chen before, but she may not hate him now. Even after Su Chen becomes the God King, Athena will really become Su Chen's woman.

"Everyone was silent, God King Odin and the others were coming."

At this time,

Queen Hera said hurriedly to the people here.

The goddesses all looked outside the space prison.

They wanted to see if God King Odin, who had become a bereaved dog, was still arrogant? Is he still arrogant?

At this moment,

God King Odin came with Ares and the three of them.

Hephaestus looked at the deserted Viking kingdom around him. He couldn't understand why Odin brought them here. Could it be that Odin wanted to hide here? Time?

Hephaestus thought about it and frowned and said, "God King, what are we doing here at the site of the Viking Palace? There's nothing here, there's no need for us to be here"

"Hephaestus, you don't understand!"

Hephaestus said loudly to Odin,

"God King, you just said that the little priest has the ability to immobilize the gods."

"We should kill those goddesses one by one now. Without the help of those goddesses, the little priest is just a lamb to be slaughtered. We don't need to waste time here."

God King Odin shook his head and looked at this place and explained, "Hephaestus, here is my army of tens of millions. My visit this time is to awaken my powerful army."

Chapter 1950

Ares and the three were very surprised when they heard the words of God King Odin.

Odin actually has an army of tens of millions here?

This place is deserted, how could there be an army?

God King Odin was so angry that he went crazy? Or is the God King Odin really hiding tens of millions of troops here?

God King Odin looked at the surprised three people and pointed here and said,

"You don't need to be surprised. I have been collecting the corpses of gods who died in battles for hundreds of thousands of years. I have transformed tens of millions of corpses of gods into an army of heroes. This is the Hall of Heroes that I secretly built."

When the sun god Apollo heard Odin's words, he accused Odin angrily and said, "God's corpse? An army of heroic spirits? God King Odin, you are trampling on the corpse of the gods. Your behavior is not worthy of being a God King. Odin said to me nonchalantly, "Whatever, am I still a god-king now?""

Hephaestus shook his head and said to Apollo.

"Apollo, stop talking. Our top priority is to kill those goddesses and minor priests first. This matter is none of our business. There is no need for us to conflict with God King Odin."

Apollo and Ares looked at each other and said nothing.

They are now under the eaves and have to lower their heads. If they anger the God King Odin, they will probably be killed by the God King Odin.

"God King, quickly open your Hall of Heroes and summon your army of Heroes."

"Haha, okay, I'll drive now.....Damn it, little priest, why did you come here early again?"

God King Odin laughed and was about to open the Hall of Valor, but he did not expect that Su Chen would appear in front of him again.

God King Odin looked around nervously. He would not let the little priest deceive him again this time. Ares and the others were very surprised when they saw Su Chen's sudden appearance.

They had just been discussing how to kill the goddesses and Su Chen, but they didn't expect that Su Chen would find this place. They were not sure about Su Chen's ability. It was even more unbelievable.

God King Odin looked around and laughed and said,

"Hahaha, little priest, you are dead this time. Those bitches from Hera have not arrived yet, yet you dare to come alone. I will not be fooled again this time."

Hephaestus took out a big hammer and shouted,

"God King, we killed the little priest, I can't help but kill the little priest now."

Hephaestus hated Su Chen with all his heart.

The beautiful God of Love Aphrodite was occupied by this little priest, and she even performed songs every night. This was the shame of his life. Hephaestus wanted to kill him. The little priest took back Aphrodite.

Su Chen folded his hands on his chest and said with a smile,

"God King Odin, you are a lost dog, Hephaestus, God of Love Aphrodite, I am very satisfied"

"you wanna die!"

"Little Priest, I will tear you into pieces!"

After God King Odin and Hephaestus heard Su Chen's words, they shouted and cursed at Su Chen with angry faces.

However, when they saw Su Chen's calm appearance, they were worried about Su Chen. There was another ambush here. God King Odin and Hephaestus also hurriedly checked the surrounding area. They didn't want to be surrounded by the goddesses of Hera who suddenly appeared to kill them.

Su Chen looked at Ares and Apollo and asked, "Ares, Apollo, I'll give you a chance. Are you on the side of God King Odin?" Or are you on my side?"

Su Chen also heard what Apollo said to Odin just now. He felt that Ares and Apollo didn't really want to take refuge in the God King Odin.

Maybe they were threatened by Odin, or maybe they didn't want to die so they took refuge in the God King. Odin,

Su Chen doesn't care about these, they are just two main gods.

If Ares and Apollo are on his side, Su Chen will leave them and prepare to use them as cannon fodder.

Ares and Apollo are a little miserable. ,

Su Chen is the only one here.

But there is Odin, who is in the God King realm, next to him. How should Ares and Apollo choose?

"Little Priest, you are dead this time!"

God King Odin checked the surrounding area several times, but he did not find Hera or those goddesses. He looked at Su Chen and was about to kill this shameless little priest.

"Yeah? God King Odin, but I don't think I will die here. Hephaestus shouted with a cruel look, "Little priest, today I will skin you and cramp you. I will definitely use the most cruel punishment method to make you die in agony.""

Su Chen ignored the ugly Hephaestus.

He looked at Ares and Apollo and said coldly, "Ares, Apollo, kill Hephaestus. What I did to you before You can forget about it"

"Little priest, you are seeking death!"

Boom!"

After Apollo shot back Hephaestus with an arrow, he shouted to Ares, "Ares, come together and kill Hephaestus." Ares took out the artifact sword and replied,

"Okay, I have long disliked this ugly guy."

"You are all traitors!"

Hephaestus didn't expect that Apollo and Ares would go back on their word, which made him very angry. This was the best time to kill Suchen, these two damn bastards.

Boom boom boom.....

Ares and Apollo didn't talk nonsense to Hephaestus, they quickly attacked Hephaestus.

Su Chen looked at Ares and Apollo to kill Hephaestus, and then he looked at the sullen God King Odin.

Su Chen found that God King Odin was still looking around, which made Su Chen Chen felt a little funny. For a majestic god king of the Nordic god system, Su Chen didn't expect him to be so cautious.

"God King Odin, have you discovered anything?"

The God King asked Su Chen alone with a serious look on his face,

"Little priest, I find that I don't understand. The goddesses of Hera have not arrived yet, but you dare to appear here. Can you escape from me?"

"Who said they weren't here?"

God King Odin said disdainfully,

"Still want to deceive me? I have checked ten thousand miles around, but Hera and the goddesses are not around. There is no way you can escape from me this time."

Su Chen secretly released the God Queen Hera from the space prison, and he smiled and said to the God King Odin,

"Yeah? Hera, God King Odin said you are not here, please say hello to God King Odin."

"God King Odin, are you here?"

At that moment,

God Queen Hera appeared silently behind God King Odin.

God King Odin shouted in surprise when he saw Hera appearing,

"How can this be? Queen Hera, why did you appear silently? This is simply not possible."

Su Chen secretly released the Queen Frigga and said,

"God Queen Frigga, you also say hello to God King Odin. After all, God King Odin will die soon."

"Suchen, you are an shameless bastard."
