

Zongwu 2221

Chapter 2221

When the Queen Mother of the West and God Liu saw the appearance of the Hatred Empress, they both became worried. They knew about the grievances between the Brother of the Hatred Empress and the prehistoric immortal world. They were both worried that Immortal Emperors like Zhenren Taiyi would soon be with them. The hater empress clashes.

Taiyi Zhenren and Kong Xuan were all unexpected when they saw the Queen of Haters appear.

However, even if the Hateful Empress appeared in front of them, they would not dare to take action against the Hateful Empress.

Although Su Chen was not the Emperor of Heaven in the ancient world of immortality, Su Chen had a profound influence on the ancient world of immortality.

There were even two saints, Nuwa and Gaia, around Su Chen. They did not want to provoke the hated Empress, and they did not even want Su Chen to do anything to her. The four of them hold a grudge

"The ancient dragon clan, please see Her Royal Highness the eldest princess!"

"The Six Paths of Reincarnation and the Underworld, please see Your Royal Highness the Princess!"

"From the prehistoric Qilin tribe, please see Her Royal Highness the eldest princess!"

"From the prehistoric Lingmu tribe, please see Her Royal Highness the eldest princess!"

"The prehistoric monster clan, please see Her Royal Highness the eldest princess!".....

At this moment, among the more than 30 million armies of gods in the prehistoric fairyland above, more than 10 million of them discovered the Hater Empress. These 300 or so 10 million armies of gods saluted the Hater Empress one after another, the second line of defense. Here, there are more

than 100 million cultivators in the wild realm. They saw the army of gods from the wild fairyland saluting the Hater Empress, and even calling the eldest princess. This made the 100 million cultivators, and even the soldiers in the wild realm All the strong men are confused

"Honghuang Chan taught Taiyi Zhenren and met the eldest princess!"

"Honghuang Chan taught Chi Jingzheng and met the eldest princess!"

Taiyi Zhenren and Chi Jingjing also bowed to the Hater Empress.

They don't have much grudges with Su Chen. Although Guang Chengzi, who teaches, has had conflicts with Su Chen, their masters will not let them offend Su Chen. And the Empress of Haters is Su Chen's biological sister, so they dare not offend her even more

"In the ancient heaven, meet the eldest princess!"

When the gods of the Great Heavenly Palace saw Taiyi Zhenren and Chi Jingjing bending down to salute the Hatred Empress, the gods of the Great Heavenly Emperor all hurriedly knelt down and saluted,"The eldest princess of the former Heavenly Court?

This is the former Heavenly Emperor Su who unified the entire prehistoric fairyland. Chen's sister, although there is a new Emperor in Heaven, he is useless and even weak and cannot control the entire Heaven. It is impossible to compare with the former Emperor Su Chen (cdfc).

If they were not now The Heavenly Soldiers and Heavenly Generals in the Heavenly Court are not in a position to pay homage to the eldest princess. Just now when the Dragon Clan and other races paid homage to the eldest princess, they would also follow them to worship.

Now the two quasi-sages of Zen Buddhism are bowing down to salute, and more than 10 million Heavenly Soldiers and Heavenly Generals are worshipping together. The general knelt down and saluted the Empress of Haters without any scruples.

"Kong Xuan, a Buddhist monk, met the eldest princess!"

"Buddhists are afraid of leaving grandchildren. I have seen the eldest princess!"

Kong Xuan and Wei Liusun saw that all the tribes in the ancient world, and even the quasi-sage and heavenly court were saluting the Hater Empress, and they both had to salute the Hater Empress.

Kong Xuan had hatred for Su Chen, and he His younger brother, the Golden-winged Dapeng, was killed by Su Chen, but when Su Chen was the prehistoric emperor, he was unable to take revenge. Even the Buddhists had to look at Su Chen's face at that time. The

Buddhas of Buddhism, Duobao Tathagata, and Wu Chao Chan Lu Ya is still being hunted, and all this is because of the former Heavenly Emperor Su Chen.

Although Heavenly Emperor Su Chen left the ancient world of immortality, Buddhism has never given up chasing Duobao Tathagata and Lu Ya. This has to be said that Buddhism has Su Chen is still very afraid

"Buddhist soldiers, see the eldest princess!"

The ten million Buddhist soldiers of Buddhism also saluted the Empress of Haters.

The two quasi-sage masters of Buddhism also saluted the Empress of Haters. They Buddhists did not dare not to salute the Empress of Haters.

Thinking about what

Su Chen controlled at the beginning In the Heavenly Court, the Heavenly Court used the Zhoutian Star Formation to destroy the frontier fortresses of Buddhism and even destroyed tens of millions of Buddhist soldiers. Even the two Buddhist saints did not dare to say anything and even apologized to the Heavenly Court. The former Heavenly Emperor Su Chen is something that Buddhism does not dare to offend, and even saints will not easily offend Su Chen, the former emperor of heaven. The

Queen Mother of the West and Liu Shen are both confused at this moment.

They were just worried about the four quasi-sages in the prehistoric immortal world. They would fight with Hate. There is a conflict between the Human Empress. (To read Baoshuang novels, go to Feilu Novel Network!)

Is this going to be a conflict?

The eldest princess?

The brother who hates the Human Empress is no longer the emperor of the prehistoric fairyland, but the quasi-sage and the army of gods in the prehistoric fairyland Also bowing to the Empress of Haters, the Queen Mother of the West and God Liu had some understanding of Su Chen's prestige in the Immortal Realm. The

Empress of Haters looked at the army of gods in the Immortal Realm, and she waved her hands coldly. said,

"I am no longer the eldest princess of the ancient fairyland, so you don't have to bow to me."

A Daluo Jinxian elder from the Dragon Clan hurriedly saluted the Hater Empress,

"Princess, the Dragon Clan has always been a subordinate race of the Emperor of Heaven, and the Dragon Clan will not betray His Majesty the Emperor of Heaven.

Daluo Jinxian of the Nether Clan also saluted and said,"The Six Paths of Reincarnation are also subordinate forces of His Majesty the Emperor of Heaven. Princess, it is impossible for the Nether Clan of the Six Paths of Reincarnation to betray His Majesty the Emperor of Heaven.""

"Princess, all races in the ancient world are loyal to His Majesty the Emperor of Heaven. We all look forward to His Majesty's return to the ancient world of immortality."

"We will not betray His Majesty the Emperor of Heaven. If it were not for the low strength of our race, we would all follow His Majesty the Emperor of Heaven and leave."

"....."

"well,!"

The Empress of Hatred looked at these armies of the Great Desolate Immortal Realm and nodded.

She thought that her brother had been in a hurry when he left the Great Desolate Immortal Realm.

All the races in the Prehistoric Immortal Realm, some powerful races, followed Su Chen and left, and the remaining races Maybe they all want to follow her brother and leave, but with such weak strength, it is impossible to cross the chaos.

Besides, some races may not be prepared for his brother's hasty departure

, and may not even expect that his brother will leave the prehistoric fairy world in such a hurry.

The Hateful Empress Looking at the armies of gods in the prehistoric immortal world, these armies of gods are too weak.

Human immortals and earth immortals. Are these the armies of gods in the prehistoric immortal world? There are only twelve Da Luo Jin Immortals. The army of gods in the prehistoric immortal world is at war with the realm of heaven. Maybe the armies of the Ancient Immortal Realm will also be beaten.

The Hater Empress does not want these races that are still loyal to her brother to be destroyed. As the eldest princess of the Xuantian Realm, the Hater Empress has the right to dispatch a combat legion. She wants to let the Xuantian Realm Entering the battle, the Hater Empress suddenly shouted,

"Red!"

A fairy in a red dress suddenly appeared next to the Hater Empress.

She hurriedly saluted the Hater Empress,

"In red, see the eldest princess!"

The Hatred Empress looked at Hong Yi, one of the seven fairies, and she ordered coldly,

"Open the space barrier, and as the princess of the Xuantian Realm, I order the Wu Clan's 50 million combat legion to assemble immediately, and Su Yan's 50 million Blackbird combat legion to also assemble immediately,"

"Yes, princess!"

"Yes, princess!".

Chapter 2222

When the Queen Mother of the West and Liu Shen heard what Empress Hatred said, they were very happy.

Empress Hatred decided to send out the army of gods from the Xuantian Realm to help the Wilderness Realm, and even dispatched two saints and ten immortal emperors. The war in the sub-barbaric realm can be saved.

Taiyi Zhenren and Kong Xuan, the four quasi-sages, were very surprised when they heard the words of the Hater Empress,

Xuantian Realm?

Fifty million Wu clan combat legions?

Fifty million black bird combat legions?

Two saints with strange names?

Su Chen actually occupied a realm in such a short time?

This is so scary.

Taiyi Zhenren and Kong Xuan were all very lucky. If they had attacked the ruthless empress just now, they would definitely have died without a burial place. Maybe there would be a saint around to protect the ruthless empress.

At this moment, in the second line of defense, whether it is the army of hundreds of millions of "850" cultivators from the wilderness realm, or the reinforcements of more than 30 million gods arriving from the prehistoric fairyland, there is not a single sound in the entire second line of defense.

"The Saint of Yaochi, the ruthless empress has decided to help us in the wild realm."

"Well, with 50 million witch clan combat legions, 50 million black bird legions, two powerful saints, and ten immortal emperors, our wild realm can be saved."

"Yes, with so many divine armies and those strong men, the wilderness realm must be saved."

Ji Ziyue, Yaochi Saint, and Yan Ruyu, after hearing the words of the ruthless empress, the three Yaochi saints all smiled.

They did not expect that before they had time to speak to the ruthless empress, the ruthless empress actually An order has been issued to rescue the barbaric world.

The Holy Maiden of Yaochi rubbed her forehead and said regretfully, "Alas, our relationship with the three sisters Su Yan has broken down. How can we make up for our faults in the future?"

Ji Ziyue said with a smile,

"Don't worry, we were anxious and said those words a few days ago. I believe the three sisters Su Yan will not stay angry with us. They may calm down in a few days."

"Hope so!"

Yan Ruyu felt that the three sisters Su Yan would not forgive them easily. Although the three sisters Su Yan were not old, they were very independent and even very smart. At this moment,

Su Chen, who was hiding next to him, had a look on his face. Confused, all the tribes in the prehistoric fairy world still recognized him as the emperor of heaven in the past tense, and even bowed respectfully to his sister, the ruthless empress.

This was something Su Chen didn't expect, the prehistoric fairy world?

Su Chen really didn't know what to do, he He wanted to fight back to the Prehistoric Immortal Realm, but all the tribes in the Prehistoric Realm were still very loyal to him, the Emperor of Heaven, and his desire to attack the Prehistoric Immortal Realm was not as strong as before.

Su Chen shook his head and didn't think about it now.

He didn't have the strength to attack the Prehistoric Immortal Realm yet. In the fairy world, the prehistoric way of heaven is a hurdle that he cannot overcome. In the tenth level of the holy realm, the saints like Nuwa cannot do anything about the prehistoric way of heaven.

Forget it, let's talk about it later.

In the prehistoric fairy world,

I, Su Chen, will definitely go back in the future. The Immortal Queen After being confused for a while, she looked at Su Chen and found it incredible.

Su Chen was no longer the emperor of the ancient immortal world, but all the people in the ancient world were still loyal to Su Chen. Even the four powerful immortal emperors were ruthless to Su Chen's sister. The Empress saluted.

The Immortal Queen thought of the time when Su Chen ruled the prehistoric fairy world. At that time, Su Chen was the emperor who truly unified the prehistoric world.

Su Chen's words might have countless powerful gods obeying his orders.

The Immortal Queen thought of the ruthless Empress just now After receiving the order, she asked Su Chen doubtfully,

"Master, aren't you going to stop the eldest princess?"

Su Chen smiled and shook his head and said,

"No, my sister has the right to send out the army, and she also has the right to order my men. She can do whatever she wants. As a brother, I can only support her and will not stop her."

After the Immortal Queen heard Su Chen's words, she looked at the ruthless empress in the sky and was very envious. The ruthless empress had a brother who was so kind to her. No wonder the ruthless empress would spend countless years looking for her brother.

One day later, the army of cultivators from the Wild Realm on the border of the Southern Territory have retreated to the second line of defense.

The army of cultivators and the reinforcements of more than 30 million gods in the ancient immortal world are all in preparation for the decisive battle with the realm of heaven.

In the air, the Queen Mother of the West and Liu Shen, the ruthless empress, and the four quasi-sages Taiyi Zhenren of the ancient immortal world, all Standing in front of the air army,

Holy Lord Yaochi, Holy Lord Yaoguang, Ji family ancestor, Jiang Taixu of Jiang family, Holy Lord Tianxuan, etc., these Immortal Kings and Hongchen Immortals are all standing behind the Queen Mother of the West.

Boom boom boom.....

At this time, a roar sounded.

In the distance, the army of creatures from the Heaven Realm quickly arrived and rushed over. Ten million, fifty million, one hundred million, two hundred million, three hundred million, and more than three hundred million troops of creatures from the Heaven Realm arrived outside the second line of defense. swish swish.....

One after another, powerful Immortal Emperors, Immortal Kings, and Red Dust Immortals from the Realm of Heaven appeared in front of the army.

Fifteen Immortal Emperors, thirty-four Immortal Kings, fifty-nine mortal immortals, such a large and powerful lineup, an army of 200 million cultivators in the wild world, and even thousands of

ancient tribes, various holy places and ancient wild worlds. The powerful men of the aristocratic family all showed horrified expressions.

The more than 30 million reinforcements from the ancient immortal world, the four powerful quasi-sages Taiyi Zhenren and Kong Xuan, all showed surprised expressions when they saw the army of creatures and strong men appearing in the heaven realm.

Queen Mother Xi said with a surprised look on her face,

"The Heavenly Realm actually mobilized in full force. This may be all the powerful warriors and the army of creatures in the Heavenly Realm. It seems that the Heavenly Realm is determined to win over the Savage Realm."

Master Taiyi nodded and replied seriously,

"Fifteen quasi-sages and more than thirty Daluo Golden Immortals, the Heavenly Realm is indeed out in full force. Liu

Shen breathed out a breath and said happily,

"Huh, luckily we have the help of Xuantian Realm this time, otherwise we would not be able to win this realm war at all."

Zhen Liusun looked at the ruthless empress and asked doubtfully,

"Lord Changgong 0.5, when will the army of gods and powerful men from the Xuantian Realm arrive?"

The ruthless empress looked at the army of creatures and strong men in the realm of heaven. She then looked at the four people Liu Shen, Xihuang Mu, and Taiyi Zhenren.

Then the ruthless empress shouted into the air,

"Gaia, open the space barrier channel, it's time for our combat legions and strong men from Xuantian Realm to arrive."

Whoosh!

A beautiful woman appeared next to the ruthless empress.

This woman was not only tall, but also had a curvy figure that was very tempting, especially the proudly standing mountain, which was more attractive than any woman's mountain.

Gaia looked at the ruthless empress and asked, "Nanny, do you really want to do this?"

"Gaia, I have decided. Besides, if my brother wanted to stop me, he would have stopped me long ago. My brother has not stopped me until now, which means that my brother will not stop what I want to do."

Chapter 2223

The Ruthless Empress smiled when she thought of Su Chen.

She guessed that Su Chen must be around.

Su Chen must have known about the Ruthless Empress' order yesterday. Her brother Su Chen did not show up and did not let his men come to stop her. The Ruthless Empress knew. Her brother Suchen supported her decision.

This is her brother, the brother who has always taken great care of her since she was a child.

The Ruthless Empress understands her brother Su Chen.

As long as she is willing, the Ruthless Empress will dispatch all the Xuantian Realm Legions to join the war, and her brother will not stop her. she

"I understand, nanny, I will open the space structure channel immediately."

Gaia nodded when she heard the words of the Ruthless Empress.

Since her sister-in-law has decided,

Gaia will support her.

This is her man's sister. Gaia will help the Ruthless Empress no matter what.

"Thank you sister-in-law"

"You're welcome, we're family."

Gaia nodded to the ruthless empress, and she disappeared.

She wanted to open the space barrier channel for the ruthless empress. The Wu clan combat legion and Su Yan's black bird combat legion. These two combat legions are already in Xuanren. The gathering in the Heaven Realm has been completed.

The decisive battle in the Wild Realm will begin soon, and Gaia does not want to waste the time of the ruthless empress.

Taiyi Zhenren and Kong Xuan breathed a sigh of relief when they saw Gaia disappear.

The four of them looked at each other in fear.

The eldest princess, the ruthless empress, was indeed protected by a saint. What they guessed yesterday was correct.

Su Chen's sister, the eldest princess of the Xuantian Realm, would have been without a saint to protect them. Neither of them believed it.

After Gaia left, Queen Mother Xi and Liu Shen still couldn't calm down. They had met Gaia once and knew Gaia was a powerful saint, but they didn't expect Gaia to be Su Chen. This woman is the sister-in-law of the ruthless empress.

This is a bit scary.

The ruthless empress' brother actually has a saint woman, which makes them all find it incredible.

Boom!

An immortal emperor from the heaven realm burst out with a powerful aura and shouted,

"Creatures in the wild realm, your resistance is of no use. As long as you are willing to be infected by dirty blood, our heavenly realm is willing to accept all the creatures here."

The Queen Mother of the West looked at the Immortal Emperor in the Heaven Realm and mocked,

"Stop dreaming, are you infected by dirty blood? The low-strength creatures in our wild realm, even ordinary creatures, will become neither humans nor ghosts, and will not even have any thinking ability. How will we be different from puppets?"

The Immortal World in the Heaven Realm shouted indifferently, "If you don't surrender, you will become our flesh and blood food."

"Then let's fight!"

"Huh, I'll give you half an hour. If you don't surrender, the wild realm will be destroyed, and all the creatures in the wild realm will be devoured by us."

The quasi-sages like Queen Mother Xi and Zhenren Taiyi looked at each other. They all knew that the final decisive battle was about to begin, but this time the Immortal Emperor of the Heaven Realm was a little strange.

The Immortal Emperor of the Heaven Realm would actually recruit them. , This has never appeared in previous realm wars.

Liu Shen said with a serious face,

"We must first stop the attack from the Heaven Realm before the divine army and powerful men from the Xuantian Realm arrive."

Master Taiyi nodded in agreement and said,

"Yes, there are fifteen quasi-sages in the realm of heaven. We don't want to fight them head-on. Let's try to delay as much as possible."

"Can!"

"no problem!"

"Alas, we have to suffer, seven versus fifteen, each of us has to face the attack of at least two quasi-sages."

"Everyone, please hold on, as long as the strong men from the Xuantian Realm arrive, the final victory will only be ours."

Quasi-sages like Chi Jingjing and Fear Liusun all nodded. (To read Baoshuang novels, go to Feilu Novel Network!)

They all know that as long as they persist for a while, the saints and quasi-sages from Xuantian Realm will come. As long as Xuanshuang With the arrival of reinforcements from the Heavenly Realm, the quasi-sages and the living army from the Heavenly Realm were not a concern at all. At this moment,

Su Chen and the Immortal Queen appeared in the second line of defense. They were all disguised as low-level cultivators.

When Su Chen heard After the Queen Mother of the West talked with the Immortal Emperor of the Heavenly Realm, he felt a little strange.

Su Chen didn't expect that the Heavenly Realm would recruit the creatures from the Savage Realm.

Dirty blood?

The Heavenly Realm would use dirty blood to infect the creatures from the Wilderness Realm. , Su Chen couldn't figure out what the dirty blood was, and who the source of the dirty blood could be.

Su Chen touched his chin and whispered,

"interesting"

"The Immortal Emperor of the Celestial Realm actually surrendered to the Savage Realm, a realm that only knows how to devour flesh and blood. Could it be that the low-level creatures infected by the tainted blood consumed too much? Does the Realm of Heaven need to replenish some low-level creatures? Who is the source of the dirty blood? Will he be a saint?"

The Immortal Queen heard Su Chen's whisper and said,

"Master, I have heard of dirty blood."

Su Chen asked in confusion,

"Oh, what is dirty blood?"

The Immortal Queen thought about it and said to Su Chenshu,

"Master, the dirty blood seems to be the blood on the corpse of an emperor's corpse. In the realm war tens of thousands of years ago, an immortal emperor infected by the dirty blood told some secrets before he died. The realm of heaven was infected by an emperor's corpse. It was a blood infection that made it what it is now."

After Su Chen heard the words of the Immortal Queen, he shook his head,

Emperor's blood?

How could the Emperor's blood infect a strong man who is also an Immortal Emperor?

The Heaven Realm?

Su Chen guessed that the Heaven Realm should be the realm of the Chaos Demon God. Realm, maybe even a realm occupied by Chaos Demon God.

It is easy for a Chaos Demon God to infect an Immortal Emperor, or even the entire realm.

"No, you are wrong. An emperor corpse may infect a strong man who is also an Immortal Emperor. That Emperor corpse should not be an Immortal Emperor. I guess it should be the corpse of a saint, or even the corpse of the Chaos Demon God."

The Immortal Queen asked in surprise when she heard Su Chen's words.

"saint? Chaos Demon God? Master, are the saints or chaos demons in the realm of heaven still alive?"

"have no idea!"

Su Chen shook his head and replied.

He is also worried that the Chaos Demon God may not be dead.

Among the three thousand Chaos Demon Gods, the only ones who can spread blood are the Plague Demon God and the Virus Demon God. These two Chaos Demon Gods are among the Three Thousand Chaos Demon Gods (Nuoliao Zhao) is ranked low among the gods.

But for a Chaos Demon God, even if he is ranked low among the three thousand Chaos Demon Gods in terms of strength, this is not something that ordinary saints can deal with.

Unless he is a Chaos Demon God in the Heaven Realm, he is also Like the Demon God of Desire, he was seriously injured. He was hiding in the Heaven Realm to recover from his injuries.

In the Northern Territory, two figures quickly chased each other and fled.

The person running away in front shouted angrily at the person behind him,

"Duobao Tathagata, you said you would not take action against me, and I did not tell you about your arrival in the wild realm. Why did you want to kill me?"

Tathagata Duobao looked at the Immortal Emperor and laughed greedily, saying,

"Haha, Immortal Emperor, haven't you seen my changes? I have been infected by the dirty blood of the realm of heaven"

"I want to refine and devour you. I am already at the pinnacle of quasi-sage. As long as I devour some of the origins of the Red Dust Immortal and the Great Emperor, I will definitely break through and become a powerful saint."

Chapter 2224

Duobao Tathagata has now become neither a human nor a ghost, and the filthy blood from the realm of heaven has infected him.

Duobao Tathagata does not want to be infected by dirty blood, but he does not agree to be infected by dirty blood. More than ten quasi-sages from the realm of heaven will destroy him.

Duobao Tathagata had no choice but to agree to be infected by the dirty blood. His cultivation realm is strong, and even if he is infected by the dirty blood, he will retain his ideology and will not become a mindless puppet~.

In order to be able to break through to the holy realm, Duobao

Tathagata doesn't care so much now.

As long as he refines powerful creatures and then devours their origins for cultivation, he can advance to become a saint.

Duobao Tathagata's body infected by the dirty blood will also recover, and the realm of heaven will be controlled by him.

When the Immortal Emperor heard Duobao Tathagata's words, he was surprised and shouted,

"You are actually infected by dirty blood, Duobao Tathagata, you are really crazy."

Duobao Tathagata took out the Duobao Pagoda and laughed sullenly, saying,

"Haha, in order to be strong and not to be killed, I can do anything. Immortal Emperor, you can't escape. I've had enough fun. Give me your origin."

"No....."

When the Immortal Emperor saw the Duobao Tower attacking him, he hurriedly tried his best to escape.

However, he was suppressed by the Duobao Tower and could not escape even if he tried. The Emperor knew that if he was taken into the Duobao Tower, he would definitely be trapped by the Duobao Tower. Treasure Tathagata is refined and swallowed up by its source.

Whoosh!

The Taho Pagoda instantly suppressed the Immortal Emperor and sucked him into the Taho Pagoda.

After Duobao Tathagata took back the Duobao Tower, he looked towards the South Territory and said coldly,

"The hidden danger of the Immortal Emperor has been dealt with. It's time to go to the Southern Territory. There are many powerful sources there. This time, you must grab more sources of powerful creatures and become a saint. The powerful creatures in the wild realm will become the nourishment for your sanctification."

In the Southern Territory, the army of creatures and strong men from the Heaven Realm began to attack the second line of defense in the Wilderness Realm half an hour later.

Seeing that the Heaven Realm was about to attack, the Queen Mother of the West hurriedly turned around and ordered,

"Holy Lord Yaoguang, ancestors of the Ji family, and Yaochi Yaoxi, you take all the mortal immortals and emperors and try your best to stop the immortal king and mortal immortals in the realm of heaven."

"Ancestor of the Jiang family, Holy Lord Tianxuan, you, with the army of cultivators from the wild realm and the reinforcements from the prehistoric fairyland, want to prevent the attack of the army of creatures from the heaven realm."

"Yes, Queen Mother of the West"

"Let the war begin!"

Dong dong dong dong.....

In the second line of defense, after the war drums of the wild world and the fairy drums of the prehistoric immortal world were beaten, various attacking spiritual weapons began to attack one after another.

Jiang Taixu stood in the air and shouted,

"All cultivators in the Wild Realm, in order to protect our families, friends, and sects in the Wild Realm, we must block the attack from the Heaven Realm. We still have reinforcements in the Wild Realm. For one hour, we only need to hold on for one hour. Our reinforcements will arrive"

"kill! Protect your family!"

"Attack with all your strength and kill the monsters in the realm of heaven"

"Don't stop with the spiritual arrows, keep shooting the monsters in the realm of heaven."

"Hurry up and block the gap. Don't let the monsters from the realm of heaven break through the defense line."

"Kill them all and block the attack of monsters from the realm of heaven."

After the army of creatures from the Heaven Realm began to attack, in the second line of defense, the army of cultivators from the Wild Realm and the army of gods from the Ancient Immortal Realm began to attack the troops from the Heaven Realm that rushed over. However, God, who is not afraid of life and death, The army of realm creatures quickly rushed into the second line of defense.

In the air, five quasi-sages, Liu Shen and Taiyi Zhenren, were surrounded by quasi-sages from the heaven realm.

Fifteen against five, ruthless people The empress wanted to wait for the reinforcements from the Xuantian realm, but she did not participate in this interception mission.

Master Taiyi said with a serious face,

"Three against one, we could only hold out for a few quarters of an hour, otherwise we would either be killed or seriously injured."

The Queen Mother of the West summoned the immortal weapon and said helplessly,

"We try to delay as long as possible!"(To read exciting novels, go to Feilu Novel Network!)

Kong Xuan said with an indifferent expression,

"Fight, these quasi-saints are bloodthirsty demons. They do more than kill. We can only fight with all our strength."

"Then let's fight!"

Liu Shen nodded and took out a small tower.

This is the acquired treasure of the ruthless empress.

Liu Shen uses it.

Boom boom boom.....

In the air, twenty powerful Quasi-Saints were fighting, which caused the surrounding space to be shattered. If their fighting had not been far away from the second line of defense, all the creatures in the second line of defense would have been affected. To the extent that countless creatures will be killed by the powerful fighting aura.

Behind the second line of defense,

Su Chen shook his head when he saw the war that broke out.

The army of creatures in the Heaven Realm was stronger than the army of cultivators in the Wild Realm.

In addition, the army of creatures in the Heaven Realm had no consciousness. They only know how to kill and devour flesh and blood. The army of cultivators in the wild realm can resist this kind of lifeless killing. Whoosh! boom! Suddenly, a red light flashed past, and an immortal emperor who was surrounding Liu Shen was instantly hit by the red light. Half of the body of the immortal emperor in the realm of heaven suddenly burst. Although the Immortal Emperor was not shot to death by the red light, he was seriously injured and unable to fight anymore. Holy shit! Sunbow? God-killing arrow? Damn it, the three Su Yan sisters actually stole all the top-quality innate spiritual treasures from the treasure house? Su Chen looked at the sudden change in confusion. The sun-shooting bow and the God -killing Arrow were prepared by Su Chen to deal with some realms of heaven. Su Chen wasted a lot of words before he persuaded the system to refine them again. The sun-shooting bow and the god-killing arrow were originally low-grade innate spiritual treasures that were upgraded to the highest-grade innate spiritual treasures. Before Su Chen could use it, the little girl Su Yan secretly took it out and used it. Su Chen really didn't know what to say to his three daughters. On a hill outside the second line of defense, Su Yan looked at the Immortal Emperor who was almost killed by her arrow. She was also very shocked. She did not expect that this bow and arrow would be so powerful. Su Yan, an immortal, shot a quasi-sage to serious injuries and was unable to even continue fighting. She was very satisfied looking at the sun-shooting bow and god-killing arrows in her hands. Su Yue saw Su Yan cripple a Quasi-Saint with one arrow. She opened her mouth in surprise. Su Yue did not expect that the bow and arrow they stole could be so powerful. They crippled a Quasi-Saint with one arrow. Even the Quasi-Saint even avoided it. He has no abilities at all. This powerful bow and arrow is really terrifying.

"Sister, it's my turn. Let me shoot a quasi-sage. I also want to defeat a quasi-sage."

Chapter 2225

Su Yue pulled Su Yan and wanted to use the sun-shooting bow to help Liu Shen.

If she could shoot a quasi-sage, or even seriously injure a quasi-sage, her little mind would be satisfied.

An earthly immortal defeats a quasi-sage, which will make Su Yue the youngest and lowest-level god to defeat a quasi-sage!

Su Yan smiled and handed the sun-shooting bow to Su Yue.

"Here, Yue'er, you only need to use a little mana. The sun-shooting bow does not need to output powerful mana. Dad's re-refined sun-shooting bow does not need to use powerful mana. This seems to be the spirit I created specially for us. precious"

"Haha, I know, sis!"

Su Yue took the sun-shooting bow and prepared to shoot the Immortal Emperor in the Heaven Realm.

After the God-killing arrow was attached to shoot the sun,

Su Yue looked at the remaining two Immortal Emperors who were surrounding Liu with a serious look. She wanted to Defeat an Immortal Emperor with one blow like Su Yan.

Elena looked at Su Yue with envy.

She was not an Immortal yet. The sun-shooting bow required the magic power of an Immortal to activate it. Elena could only look at her with a look of envy. Looking enviously at her sisters Su Yan and Su Yue's great power.

At this moment, 23 Liu Shen was very confused.

One of the three immortal emperors who surrounded her was shot by a red light, and even the immortal emperor's Half of her body was shot to pieces and lost her fighting ability, which made Liu Shen very confused.

Who is helping her? And who can kill an Immortal Emperor and seriously injure him with one blow?

Boom Boom.....

The remaining two immortal emperors who surrounded Liu Shen were attacking Liu Shen desperately. Liu Shen's Xuanhuang Exquisite Tower of Heaven and Earth was a defensive treasure, and the powerful attacks of the two immortal emperors could not break through the defense of Xuanhuang Exquisite Tower of Heaven and Earth.

People like Xihuangmu and Taiyi Zhenren were a bit miserable.

They didn't have powerful defensive spirit treasures. The siege of the three immortal emperors made them scramble to deal with it. Even the few of them except Kong Xuan were beaten and retreated..

Whoosh!

At this time, another red light flashed by, and an Immortal Emperor who was besieging Liu Shen felt the crisis. He disappeared instantly after finding the red light and shot him. Just now, an Immortal Emperor was shot and seriously injured. He has been Preparing for a sudden attack by red light. boom!

"ah....."

Although the Immortal Emperor in the Realm of Heaven disappeared quickly to avoid being shot, the red light suddenly turned.

The Immortal Emperor who had just disappeared and appeared next to him was still shot by the red light. The Immortal Emperor's chest was shot to pieces. The Immortal Emperor of the Realm of Heaven was seriously injured and fell from the sky.

Suddenly, a willow branch from Willow God appeared and entangled the Immortal Emperor.

Under the frightened gaze of the Immortal Emperor in the Heaven Realm, the countless willow branches of the Willow God instantly penetrated the seriously injured Immortal Emperor, and even the entire Immortal Emperor's soul could not escape from the penetration of the countless willow branches.

Willow God saw her willow branch kill the seriously injured fairy, she smiled and said, "Haha, I have been waiting for this moment for a long time. Last time I didn't have time to kill the seriously injured Immortal Emperor. This time I will not let go of this opportunity."

"Everyone, be careful, there is a powerful Immortal Emperor sneaking up on us!"

The last Immortal Emperor who besieged Liu Shen saw that his companions were seriously injured and lost their fighting ability. One of them was killed. He hurriedly reminded the other Immortal Emperors in the Heavenly Realm. The Immortal Emperors in the Heavenly Realm all became vigilant. , they also discovered the attack of Hong Guang.

Two red rays shot one of their companions seriously injured, and the other was killed by the combination of Hong Guang and Liu Shen. The remaining immortal emperors were wary of the red light appearing again.

Xihuangmu and Taiyi Zhenren looked at Liu Shen and felt it was incredible. Among the three immortal emperors who surrounded Liu Shen, only one was left.

They didn't know whether the red light just now was made by Liu Shen or was caused by someone else. The other quasi-sages were helping Liu Shen, but the Immortal Emperor of the Heaven Realm died and was seriously injured, which was good news for them.

Su Yue asked Su Yan in confusion.

"Sister, does this count as me killing a quasi-sage? Or should Liu Shen kill the Quasi-Saint?"

Su Yan smiled and said,

"Haha, Yue'er, you and Liu Shen worked together to kill an accurate person." (To read exciting novels, go to Feilu Novel Network!)

"That's it, then I'll shoot another arrow. This time I want to help the Queen Mother of the West shoot an Immortal Emperor."

"Wait, Yue'er, we can't take action again. The Immortal Emperor in the Heaven Realm is alert. If we take action again, they will find our traces."

Su Yan hurriedly stopped Su Yue from taking action again.

The Immortal Emperors in the Heaven Realm were already alert.

Although Su Yue could kill another Immortal Emperor and seriously injure him, the whereabouts of the three sisters would also be exposed. Su Yan did not want to fight with them. A battle broke out between those immortal emperors.

When Su Yue heard Su Yan's words, she also knew that she could not take action anymore.

The cultivation level of the three sisters was too bad. If the immortal emperor of the heaven realm discovered the three sisters, the three sisters would be destroyed. The sisters can only rely on powerful spiritual treasures to escape.

"That's it, forget it, Liu Shen's opponent is only one Immortal Emperor. She should kill the remaining Immortal Emperor quickly. We sisters can just watch the fun here."

"Well, Liu Shen will help the Queen Mother in a while."

Su Chen leaned under a big tree and smiled.

He did not expect that the three Su Yan sisters actually killed an Immortal Emperor and seriously injured another Immortal Emperor. Although the Immortal Emperor of the Heaven Realm was killed with Liu Shen, this It also gave the three sisters Su Yan some limelight.

The Immortal Queen quickly came to Su Chen and said,

"Master, the army of creatures from the Heaven Realm has already invaded. Should we withdraw from the second line of defense first?"

"Well, let's exit first, this is not our war."

Su Chen looked at the troops charging in from the Heaven Realm. He didn't want to take action against these disgusting creatures.

Besides, the ruthless empress had already asked Gaia to open the space barrier channel, and the army of gods from the Xuantian Realm would soon be gone. will appear, Su Chen has no need to take action against these disgusting creatures.

Boom! Bang!

Suddenly, a figure fell from the sky not far from Su Chen, and more than a dozen half-step powerful creatures from the heaven realm also quickly fell from the sky. , they are going to hunt down the person who fell.

"Ji Ziyue, are you okay?"

"Ji Ziyue, how is your injury?"

At this time, the Holy Maiden of Yaochi and Yan Ruyu suddenly appeared next to the fallen person.

They were all concerned about Ji Ziyue who was knocked down.

More than ten half-step powers from the Heaven Realm were also killed by their protectors. Kill quickly

"I have nothing to do!"

Ji Ziyue wiped the blood from the corner of her mouth and replied.

She did not expect that more than ten half-step powers would surround her and kill her.

Ji Ziyue is just a half-step power, and she is not one of the many half-step powers at all. A powerful opponent, if her protectors had not been restrained by some strong men, Ji Ziyue would not have been chased by more than a dozen half-step powerful opponents.

Yan Ruyue suddenly saw Su Chen next to her, and she was surprised shouted, "Emperor Su Chen? Are you actually in the second line of defense?"

Su Chen saw that Yan Ruyue had discovered him, and even the Yaochi Saint and Ji Ziyue had also discovered him.

Su Chen waved his hands speechlessly and said,

"You go on, I just want to take a look"

Chapter 2227

After Yan Ruyue, Yaochi Saint, and Ji Ziyue heard Su Chen's words, they all looked at each other in confusion.

Su Chen actually came here to take a look?

Isn't he ready to help the Savage Realm?

The Saint of Yaochi asked Su Chen worriedly,

"Your Majesty the Emperor of Heaven, your sister has sent out the army of gods from the Xuantian Realm. Aren't you going to help us in the Wilderness Realm?"

Ji Ziyue and Yan Ruyue looked at Su Chen and were very worried.

If Su Chen was not prepared to let the army of gods from the Xuantian Realm arrive, or even the powerful creatures from the Xuantian Realm, the wild realm would really be destroyed. The realm of heaven is destroyed

"My sister has dispatched some powerful and divine armies. Do you think I will personally help you in the wild realm?"

The Saint of Yaochi hurriedly explained in embarrassment,

"Uh, Heavenly Emperor, you misunderstood us. We were worried that you would prevent your sister from letting the gods of the Xuantian Realm help the Savage Realm."

"I won't stop my sister.....Let me go, Ji Ziyue, your ancestor is going to die."

Su Chen wanted to tell the Yaochi Saint that he would not stop his sister's decision, but he suddenly saw that the ancestors of the Ji family and the Holy Lord Yaoguang were being surrounded and killed, and more than a dozen immortal kings and three from the Heaven Realm were being killed. The ten Red Dust Immortals have surrounded the ancestors of the Ji family and more than twenty powerful men.

If there is no accident, the ancestors of the Ji family and the four immortal kings of the Holy Land of Yaoguang Holy Land, as well as more than ten Red Dust Immortals and the Great Emperor, They would all be killed by the Immortal King and the Red Dust Immortal in the Heaven Realm.

Ji Ziyue saw the ancestors of the Ji family and some strong men in danger in the air, and she hurriedly begged Su Chen,

"Emperor Su Chen, please save my ancestor of the Ji family and those strong men in the wild realm."

The Saint of Yaochi did not expect that all the strong men in the wild realm would be besieged.

There are too many immortal kings and mortal immortals in the heaven realm.

If no one saves those strong men, the Ji family ancestors and strong men will be besieged and destroyed. kill,

"Your Majesty the Emperor of Heaven, please save the strong men in the wild realm, otherwise these strong men will all fall."

"Even if we defeat the Heaven Realm, if there is a turmoil in the restricted area of life in the wild realm, we in the wild realm will not have strong men to suppress the turmoil in the restricted area."

Yan Ruyi also hurriedly requested Su Chen,

"Your Majesty the Emperor of Heaven, please take action to save those strong men in the wild realm."

Su Chen was very speechless when he heard (cdbi) the words of the three women.

He is just a Taiyi Golden Immortal (Red Dust Immortal), and those Immortal Kings are Daluo Golden Immortals. Although he is not afraid of those Immortal Kings and Red Dust Immortals, he is also He didn't want to be surrounded by those immortal kings.

Su Chen shook his head and refused,

"You have found the wrong person. I am just a human being. Do you think I can save the ancestors of the Ji family and those strong men?"

Ji Ziyue said in disbelief when she heard Su Chen's words, "You are the Heavenly Emperor of the Xuantian Realm. You cannot be the Red Dust Immortal. Heavenly Emperor, please help my ancestors and those strong men."

Saint Yaochi and Yan Ruyi also didn't believe it.

How could the Emperor of Heaven in a realm be a human being? The Emperor of Heaven is the most powerful being in the entire realm.

Su Chen must be a powerful saint, otherwise how could Su Chen rule In this realm, there are even many saints and immortal emperors under his command.

Su Chen rubbed his forehead and felt very helpless.

He is really a mortal immortal.

How can a heavenly emperor not be a Taiyi golden immortal? The prehistoric immortal world Isn't the new Heavenly Emperor an immortal?

Su Chen looked at the besieged Ji family ancestors in the air.

He shook his head and decided to help them once, otherwise the three saints of Yaochi would keep pleading with him.

"Forget it, I'll take action once!"

"Thank you, His Majesty the Emperor!"

When the three saints of Yaochi heard Su Chen's words, they all happily thanked Su Chen.

The Immortal Queen looked at Su Chen and felt strange. Didn't Su Chen say that she wouldn't take action? Why did the three saints of Yaochi ask for help? He agreed to take action. Could it be that Su Chen fell in love with the three saints of Yaochi?

Dang! (To read Baoshuang novels, go to Feilu Novel Network!)

Suddenly, a crisp bell rang, and all the creatures in the entire Southern Territory were I heard the bell.

All the armies of creatures in the realm of heaven, whether they were the armies of creatures with low cultivation level, the powerful mortal immortals and immortal kings, or even the immortal emperors, were all temporarily stopped by the sound of the bell.

"this....."

After the three Yaochi saints saw Su Chen take out a small clock and ring it, they saw that all the creatures in the realm of heaven were frozen, which made them all look at Su Chen in confusion.

The three Yaochi saints all felt that Su Chen was too powerful, so they just patted the small bell casually, and hundreds of millions of creatures in the realm of heaven, whether strong or weak, were all immobilized.

After Su Chen saw that all the creatures in the Heaven Realm were immobilized, the powerful men and armies in the Savage Realm and the Ancient Immortal Realm were also stunned.

Su Chen cursed angrily,

"What was he doing standing there in a daze? The creatures in the Heaven Realm will resume their actions after three or four breaths, and the Immortal King and Immortal Emperor will recover in less than two breaths. Why don't you hurry up and kill the creatures in the Heaven Realm?"

"Kill, kill them all quickly!"

"Kill quickly, there are strong people coming to help us."

"Damn it, kill them all, we are all fools"

"kill!"

"While the creatures in the realm of heaven are immobilized, take action quickly"

"Haha, there are still strong people in our wild realm, and our wild realm will not be defeated by the heaven realm."

After the creatures in the wild realm heard Su Chen's curse, everyone hurriedly killed the creatures in the heaven realm. They would not miss this opportunity to massacre the creatures in the heaven realm.

"What an idiot!"

Su Chen looked at the cultivators in the wild world and started to kill them. He shook his head and took back the Chaos Clock.

It was more than a breath ago, and starting to kill now has missed the best opportunity. The creatures in the wild world start now. Even if you kill them, you won't be able to kill many creatures in the realm of heaven.

"It's the Emperor of Heaven, Emperor Su Chen. I didn't expect that Emperor Su Chen would also come to the wild realm!"

"Yes, it's His Majesty the Emperor of Heaven. It should have been the Emperor's most precious treasure, the Chaos Clock."

"His Majesty, the Emperor of Heaven, actually came to the wild realm in person. Let me kill everyone. We cannot embarrass His Majesty, the Emperor of Heaven."

"The army of gods in the ancient immortal world, Emperor Su Chen is watching this war. We cannot let His Majesty the Emperor of Heaven disappoint us."

"Kill, for the sake of His Majesty the Emperor of Heaven, for the sake of the ancient immortal world, kill all these disgusting creatures"

"kill! Let me kill the enemy with all my strength!"

The army of gods in the ancient world discovered that it was the Chaos Bell.

The bell is the spiritual treasure of the Emperor Su Chen. All the creatures in the ancient world know it.

All the armies of gods in the ancient world did not expect that the emperor Su Chen would appear in the wild world. Territory, this made the armies of gods in the prehistoric immortal world all powerful enemies.

At the junction of the North Territory and the South Territory,

Duobao Tathagata heard the bell of the Chaos Bell, and he stopped in a hurry,

"Chaos clock? Emperor Su Chen? Damn it, why did the Heavenly Emperor Su Chen come to the wild realm? No, I can't go to the Southern Territory anymore. If Su Chen discovers me, I'm afraid he will die."

Duobao Tathagata immediately turned around and headed towards the Realm of Heaven.

He now does not dare to go to the Southern Territory at all. The appearance of the Chaos Bell means that Emperor Su Chen has arrived in the wild realm.

Duobao Tathagata does not believe that Su Chen will see it. Go to the wild realm, a realm where birds don't shit.

He suspected that the arrival of Heavenly Emperor Su Chen was just for him.

Duobao Tathagata had plotted against Heavenly Emperor Su Chen in the ancient immortal world. How could Heavenly Emperor Su Chen let him go?

As for killing the Emperor Su Chen?

Duobao Tathagata has never thought that the level of cultivation of Emperor Su Chen is very rubbish, but when Emperor Su Chen appears in the wild realm, will he not have the protection of a quasi-sage?

Duobao Tathagata guessed that there would be at least ten quasi-sage strongmen around Su Chen, and there would even be more quasi-sage strongmen. It was impossible for him to seek death and let the Emperor Su Chen discover his existence.

In the second line of defense, the "903" ruthless empress discovered Su Chen in the air.

She did not expect that Su Chen would appear in the second line of defense, and she had just taken action to help the wild realm.

The ruthless woman was not in a hurry to find Su Chen.

The space barrier passage was about to be opened, and she had to wait for the arrival of the divine army from Xuantian Realm.

Liu Shen had already killed the remaining Immortal Emperors who were besieging her, and now she and Queen Mother Xi were each dealing with an Immortal Emperor.

Queen Mother Xi knocked her opponent away and asked Liu Shen next to her,

"Liu Shen, was it the ruthless empress brother who took action just now?"

Liu Shen stood up to the Xuanhuang Exquisite Tower of Heaven and Earth without fear of the Immortal Emperor's attack. She looked at the Queen Mother of the West and nodded and replied,

"Well, it should be, the army of gods in the prehistoric immortal world are all called Emperor Su Chen, and even the bell is called the Chaos Bell. It should have been the brother of the ruthless empress who was helping us just now."

The Queen Mother of the West sighed,

"Alas, we were all in a daze just now, otherwise these Immortal Emperors would have been killed quickly by us. Liu

Shen reminded with a smile,

"The Queen Mother of the West, the ruthless empress' brother can help us once, and he can help us twice."

"Yes, we will wait for the next opportunity to kill the Immortal Emperor here."

The Queen Mother of the West's eyes lit up when she heard Liu Shen's words.

Liu Shen was right.

If the brother of the ruthless empress can help them once, he can help them twice. If the brother of the hateful empress takes action again, they will definitely kill them. I took the opportunity to kill these Immortal Emperors.

Taiyi Zhenren and the other four also took the opportunity to kill an Immortal Emperor. If they had not been in a daze for a while, they would have been able to kill all the Immortal Emperors who surrounded them.

"Emperor Su Chen has arrived in the wild world, what will we do soon?"

"Let's take a look at the situation later. Heavenly Emperor Su Chen shouldn't make things difficult for us, otherwise he wouldn't use the Chaos Clock to help us."

"That's right. We are here to help the wild realm. It is impossible for Emperor Su Chen to embarrass us at this time."

"Hope so!"

Zhenren Taiyi and Kong Xuan were also very surprised.

They did not expect that Su Chen would come to the wild realm, and they were somewhat worried.

The Heavenly Emperor Su Chen was forced to leave the Wilderness Immortal Realm, no!

The Heavenly Emperor Su Chen should have been The saints from the ancient world were forced to leave, and the four of them were worried that the Heavenly Emperor Su Chen would kill them all. The remaining ten immortal emperors in the heaven realm all looked very ugly. These emperors did not think of the wild world. There will be powerful spiritual treasures in the realm.

They were all immobilized for more than a breath just now.

If the Queen Mother and others were not stunned at that time, all of them, the Immortal Emperors, might have been killed.

One God The Immortal Emperor of the Realm said to an Immortal Emperor beside him,

"Cangsong, return to the Heavenly Realm immediately for help. There is a powerful spiritual treasure in the Wilderness Realm. We may not be opponents. You have to tell the Ancestor about this."

"good!"

An Immortal Emperor from the Heaven Realm immediately broke away from the battle and disappeared into the air.

A powerful spiritual treasure appeared and could even immobilize them for more than a breath. If these Immortal Emperors were immobilized again, none of them might survive. The Immortals from the Heaven Realm The emperor could only ask for help from the ancestor.

The three Su Yan sisters were still watching the war in the second line of defense in confusion. They did not expect that their father would take action, and even their father was also in the second line of defense.

"Sister, daddy is here too, should we run?"

"Sister, are we still running? We stole dad's spiritual treasure."

Su Yue and Elena asked Su Yan anxiously.

They both guessed that their father should have seen the shooting with the sun-shooting bow and the God-killing Arrow. If their father arrived later, they would be killed again. He has to be taught a lesson.

Su Yan looked at the second line of defense, shook his head and replied, (To read Baoshuang novels, go to Feilu Novel Network!)

"No, dad can't take care of us now. Besides, we just wanted to help our aunt's friends. If dad dares to teach us a lesson, our aunt will show up to save us." Su Yue and Elena's eyes lit up when they heard Su Yan's words. Su Yan was right. The three sisters were indeed saving their aunt's friend Liu Shen. If their father dared to teach the three sisters a lesson, their aunt would It is impossible for the ruthless empress to ignore death

....

At this moment, when the three Yaochi saints saw Su Chen taking away Xiao Zhong, they all looked at each other in confusion.

One move?

Is that all?

The Saint of Yaochi also saw that the powerful ancestors of the Ji family were no longer in danger.

Although many powerful people in the wild realm were killed, more than ten immortal kings and mortal immortals in the heaven realm were also killed. As long as Ji If the strong men of the family ancestors persist for a while, the strong men and the army of gods from the Xuantian realm will arrive.

However,

Su Chen's attack was too casual and too powerful.

After ringing the small bell, all the gods in the entire realm of heaven, whether strong or weak, were immobilized.

If it hadn't been for the combined armies of the Wild Realm and the Ancient Immortal Realm, even all the strong men were stunned. In this realm war, the Wild Realm might have won the victory.

Ji Ziyue looked at Su Chen with her eyes wide open and said, "Your Majesty, Emperor of Heaven, how about you take action again?"

I'll do it! Can he take action again with this little moon? Damn it, Su Chen almost exhausted his mana with just one move. The innate treasure is not something he can fully activate at his current level. He just immobilized the creatures in the entire southern realm of Heaven 3.5 and he exhausted all his mana. Su Chen can still take action

Su Chen shook his head and refused, "Stop dreaming, I said I would only take action once!"

The Saint of Yaochi bowed to Su Chen and begged,

"Your Majesty, Emperor of Heaven, just take action once. Last time, the strong men and cultivators in the Wild Realm were not ready. If you, Emperor of Heaven, take action again, most of the creatures in the Heaven Realm will definitely be wiped out."

Su Chen rubbed his forehead and said helplessly,

"Impossible, you three little girls, stop begging me. I said I would take action once, but you will never take action again no matter how much you beg me."

When Ji Ziyue saw that Su Chen was not planning to take action again, she thought of Su Chen's little clock, and

Ji Ziyue asked with a sly smile,

"Your Majesty, can you lend us your little clock?"

"Ji Ziyue, you want to eat farts?"

Chapter 2229

Su Chen's eyes widened when he heard Ji Ziyue's words.

This little beauty is really whimsical.

Can I borrow the Chaos Bell?

He just lent it to Ji Ziyue, can Ji Ziyue use it?

If a little scumbag who is not yet an immortal knocks on the Chaos Bell, Ji Ziyue may be driven away by the backlash.

"you....."

Ji Ziyue heard Su Chen say dirty words and even asked her to eat farts.

This made her blush and wanted to beat Su Chen.

Ji Ziyue was a woman and a beautiful woman no matter what. Su Yan's father was What a bastard.

The Saint of Yaochi and Yan Ruyu also looked at Su Chen speechlessly.

They did not expect that Su Chen would say dirty words.

Is this still the Emperor of Heaven in this realm? Shouldn't a Heavenly Emperor be graceful?

But Su Yan's father always spoke dirty words, which made them not know what to say to this emperor.

Su Chen looked at the angry Ji Ziyue and said with a smile,

"I don't want you, little beauty, you should continue to fight. Oh no, you should hide aside. With your strength, it is just a meal."

Ji Ziyue showed her little tiger teeth and raised her fist and said,

"What happened to my strength? I just killed many monsters in the realm of heaven!"

Su Chen curled his lips and mocked,

"Tsk, if your protector hadn't protected you, you wouldn't have died so many times. Also, all the people you killed were the little scumbags in the Tao Palace realm, right? Ji Ziyue, can you let me see a half-step?"

"I.....you....."

Ji Ziyue is extremely angry now.

She did not expect that Su Chen would look down on her so much.

Although Ji Ziyue's strength is not very good, she has also fought for the wild realm.

This bastard is too irritating.

If she hadn't fought But Su Chen and Ji Ziyue will definitely make this bastard look good.

The Saint of Yaochi and Yan Ruyu looked at each other.

They were also very angry at what Su Chen said, but they could not refute Su Chen's words at all.

What Su Chen said was correct.

If the three women had not been protected by the guardians, they would have been killed by the creatures in the realm of heaven.

During the Realm War, countless masters of the Dragon Transformation Realm in the Wild Realm and the strong men in the Immortal Realm were killed. The three of them were just scumbags. Maybe it would be better for them to hide behind the war and not cause trouble. boom!

Suddenly, a huge space passage appeared in the sky.

Outside the space, the ruthless empress stood motionless in the air wearing a grimace mask.

When Su Chen saw the huge space passage appearing in the sky, he shook his head and said,

"The space barrier channel in the Xuantian Realm was opened."

The Saint of Yaochi heard Su Chen's words and asked happily, "Is the space channel opened? So the army of gods from the Xuantian Realm is coming?"

"good!"

Su Chen nodded and replied.

The ruthless empress assembled the Wu Clan's combat legion, and even Su Yan's Black Bird combat legion.

The two great combat legions, (to read Baoshuang novels, go to Feilu novels Net!)

The 100 million divine army, the divine army in the Xuantian Realm is more than enough to destroy the Heavenly Realm, and this does not include the two powerful saints Yin Ji and Leng Yue. The three saints of Yaochi heard that Su Chen Confirmed, they all looked at the huge space passage in the sky.

The three women wanted to know the difference between the army of gods in the Xuantian Realm and the army of gods in the Ancient Immortal Realm. Is the Xuantian Realm as powerful as they imagined.

Boom boom boom.....

There was a roaring sound from the space channel in the air, and the war between the Heaven Realm and the Savage Realm, as well as the creatures in the Ancient Immortal Realm, stopped fighting.

The emergence of the space passage has made the creatures in the three realms speculate that there are creatures from other realms coming to the wild realm. Without knowing whether they are enemies or friends, the armies of gods in the three realms have to wait and see what is about to happen. Arriving in a strange realm.

Liu Shen, Xi Huangmu, and the four quasi-saints Taiyi Zhenren from the Ancient Immortal Realm also gave up fighting with the Immortal Emperor of the Heaven Realm. With the appearance of the space passage, they all speculated that the divine reinforcements from the Xuantian Realm were coming..

The Queen Mother of the West asked Liu Shen,"Liu Shen, are the reinforcements from Xuantian Realm arriving?"

Liu Shen looked at the ruthless empress, nodded and replied,

"It should be that the ruthless empress is outside the space channel. This must be the arrival of reinforcements from the Xuantian realm."

"It would be great if reinforcements from the Xuantian Realm arrive. With the participation of the Xuantian Realm in this realm war, the Savage Realm can be saved."

"Yes, we can also see how powerful the army of gods in Xuantian Realm is."

"Um!"

Taiyi Zhenren and Kong Xuan had serious faces at this moment.

They all looked at the space passage intently. They wanted to know how powerful Su Chen's Xuantian Realm was, and who was more powerful between the Xuantian Realm and the Great Desolate Immortal Realm. woo woo woo woo.....

A sound of horns came from the space channel, and then groups of black-armored divine armies arrived quickly from the space channel. In just a moment, tens of millions of black-armored divine armies arrived outside the space channel.

However, black-armored divine armies continue to appear in the space passage.

"this.....These are actually the armies of gods from the realm of the Great Sage (Celestial Immortal). This is so scary."

"My God, the lowest realm of the black-armored divine army is the realm of the Great Sage. I have also seen the divine armies of many quasi-emperors (xuanxian). What kind of realm is this?"

"It's too powerful. The army of cultivators in our wild realm are all Taoist palaces. The realms of the Four Extremes and Dragon Transformation are the elite half-step almighty and almighty realms. They are all scum in front of the black-armored god army."

"The Savage Realm cannot be compared with the Black-armored Divine Army. This is simply incomparable. The Black-armored Divine Army is too powerful."((good)

"The ruthless empress is beside you. This should be our reinforcement from the wild realm."

"The Great Sage, the Quasi-Emperor, the Great Emperor (Golden Immortal), these are all the armies of gods. The strong men in this realm are probably even more powerful. These should be the army of gods of the ruthless Empress Qiao."

"Haha, the Heavenly Realm is going to be finished this time. The empress' black-armored god army is much more powerful than the monsters in the Heavenly Realm."

The army of cultivators in the wild realm saw the army of black-armored gods appearing. These cultivator armies were frightened. The lowest cultivation level of the army of black-armored gods is the realm of the great sage. A great sage in the wild realm There are all elders in the holy land, but this army of black-armored gods is just a small soldier.

The army of cultivators in the wild realm are all looking at the army of black-armored gods in a daze at this moment.

"Liu Shen, did we read that correctly? The powerful men in the realm of the Great Sage are actually the army of gods? Xuantian Realm is so powerful that people are afraid of it"

Chapter 2230

The Queen Mother of the West looked at the Black-armored Divine Legion that appeared.

She was very shocked.

The Great Sage, the Quasi-Emperor, and the Great Emperor were all small soldiers in the Black-armored Divine Legion. This was beyond her imagination. The powerful men in the realm of the Great Sage are all elders, quasi-emperors and great emperors in the Holy Land. In the wild realm, they are all overlords. However, these powerful beings are just soldiers in the black armored army. I was shocked by the power of the Heaven Realm. Liu Shen looked at the legions of black-armored gods that kept appearing, and she was also surprised and said, "I didn't expect Xuantian Realm to be so powerful." The Queen Mother of the West said worriedly,

"The Wild Realm is too weak, and the Xuantian Realm is not as powerful as the Ancient Immortal Realm. Alas, if the Wild Realm continues to weaken, it will be completely reduced to a small world of mortals in the future. Liu

Shen looked at the ruthless empress and smiled,

"We'll find a way later, Queen Mother of the West, we have the Ruthless Empress here. As long as the Ruthless Empress begs her brother, I believe that the Ruthless Empress' brother will help the Wilderness Realm."

The Queen Mother of the West nodded and said,

"That's right, we have a ruthless empress here, and ruthless women will not watch the wild realm continue to weaken."

At this moment,

Taiyi Zhenren and Kong Xuan were even more surprised.

They did not expect that the army of gods in the Xuantian realm would be so powerful. The lowest realms are all heavenly immortals, and there are even many realms of Xuanxian and Jinxian.

This It is not the Witch Clan they are familiar with.

The Witch Clan combat legion mentioned by the ruthless empress has not yet appeared. The

Wu Clan is a very powerful race in the prehistoric fairy world. After a while, the Wu Clan's divine combat legion arrives, which may be more powerful than the Black-armored Divine Legion?

"The Xuantian Realm is more powerful than we imagined. The Heavenly Emperor Su Chen is indeed the Heavenly Emperor Su Chen"

"Alas, Heavenly Emperor Su Chen is a respectable Heavenly Emperor, but in the prehistoric fairy world....."

"This is not something we need to worry about. We are just a saint sect. After all, the saints have the final say in the prehistoric fairyland."

"Yes, saints have returned to the prehistoric immortal world. We are only quasi-sages. Everything in the prehistoric immortal world needs saints to decide."

Taiyi Zhenren and Kong Xuan all shook their heads helplessly.

Although they hoped that Su Chen could rise again and even develop a realm more powerful than the prehistoric fairy world, these are simply not something they can control..

After all, the saints have the final say in the prehistoric fairy world.

Outside the space passage,

50 million black-armored legions have been assembled.

A black-armored god from Da Luo Jinxian saluted to the ruthless empress,

"In the Xuantian Realm, under the command of Princess Changle, the Xuanniao Combat Legion, please see Her Royal Highness the Princess!"

"Black Bird Combat Legion, see the eldest princess!"

"Black Bird Combat Legion, see the eldest princess!"

"Black Bird Combat Legion, see the eldest princess!"

The gods of the 50 million Black Bird Combat Legion all touched their chests and saluted.

The ruthless empress waved her hands and said coldly,

"No gift!"

"Thanks! Princess!"

"witch witch witch....."

Boom boom boom.....

In the space passage, after the Blackbird combat legion was assembled, bursts of loud shouting suddenly came from the space passage.

At this time, an evil spirit came from the space passage

, and groups of tall and powerful troops arrived quickly from the air passage.

Each of these legions of gods carry huge evil spirits on their bodies. They are like legions coming out of hell, violent legions of gods that kill countless creatures.

Inside and outside the second line of defense, there is the wild realm, the prehistoric fairyland, (to read Baoshuang novels, go to Feilu Novel Network!)

In the realm of heaven, all the creatures here have been silenced, and all the creatures have been suppressed by the Wu Clan that just appeared. The legion was frightened. The Wu Clan's combat legion was filled with cruelty, ferocity, and violence, which made all living beings shiver uncontrollably.

When Su Yue saw the Wu Clan combat legion arriving, she looked at Su Yan and smiled,

"Sister, your black bird combat legion seems to be inferior to the Wu clan combat legion."

Su Yan rolled her eyes at Su Yue, then she reached out and tapped Su Yue's little head and said,

"What you are talking about is bullshit. My Black Bird Combat Legion is cultivating to become an immortal step by step. The Wu Clan Combat Legion is originally an immortal, and the Wu Clan Combat Legion are all butchers."

"The Witch Clan's combat legions massacred more than a billion rebellious creatures in the former Yin-Yang Realm, and hundreds of millions of rebellious creatures in the Light Realm. The Wu Clan's combat legions were all murderous barbarians."

Su Yan still has lingering fears when thinking about every war between the Wu Clan combat legion.

The Wu Clan combat legion is very powerful, no, it should be said to be very cruel.

As long as the Wu Clan combat legion starts a war, these ferocious Wu Clan combat legions will kill all living beings. They are very ferocious, and any enemy standing in front of them will be ruthlessly slaughtered.

Elena smiled and said,

"Haha, eldest sister, but the Wu clan combat legion is the most powerful combat legion in the Xuantian realm."

Su Yue rubbed her little head and continued, "The demon clan's combat legions are not weak either. It should be said that both the Witch Clan and the demon clan are the most powerful combat legions in the Xuantian Realm. Su

Yan touched his chin and asked, "Su Yue, Elena, do you think we should go over there? My Black Bird Combat Legion has arrived, should we also go and show off our power?"

"Sister, it's better not to do it anymore. Dad is in the second line of defense. We still don't want dad to discover us."

"Yes, yes, this time my aunt is going to command the army of gods to fight. We'd better not disturb her. I'm also worried that if we are discovered by our father, we will be in trouble."

Elina and Su Yue both shook their heads hurriedly.

They didn't want to show any prestige. Their aunt and father were not something the three sisters could offend.

In the second line of defense, the Saint of Yaochi, Ji Ziyue, and Yan Ruyu , the three of them looked at the divine army that appeared in stunned silence. The three Yaochi Saints were very shocked by the Black Bird Combat Legion that had arrived earlier.

But when the Witch Tribe Combat Legion arrived, the three girls were not only shocked, but also They all looked at the Wu Clan combat legions that kept appearing in fear.

Su Chen looked at the Black Bird Combat Legion in the sky and the Wu Clan combat legions that kept coming.

He nodded.

The Black Bird Combat Legion can grow quickly. , this is not only the credit of the system, but also the large amount of training resources provided by the Xuantian Realm, and even the training of the Black Bird Combat Legion in the Time Barrier, which allowed the Black Bird Combat Legion to grow rapidly.

Su Chen saw the three daughters of the Yaochi Saint Looking confused, he smiled and asked,

"how? Are you all so scared?".
