Chapter 2241

On Earth, outside a small military base, Su Chen and the Immortal Queen suddenly appeared here.

Su Chen looked at the earth and frowned.

The earth has fallen?

The earth is full of gluttonous battleships, and all the big cities have been destroyed. war! war!

There are wars in different places, but the earth's army is constantly being killed by the Taotie. The asymmetry of the war and the huge disparity in technology make the earth's army unable to stop the Taotie's attack.

The Immortal Queen also looked at the earth and said,

"Master, this small world is too fragile. I can destroy this small world with a casual blow."

The Immortal Queen is now at the level of the Red Dust Immortal.

She caught the last train when Concubine Yan used the group promotion card. The Immortal Queen's quasi-emperor (Xuanxian)'s cultivation level was immediately raised to the level of the Red Dust Immortal (Taiyi Golden Immortal). Realm.

This has raised two realms at once.

The Immortal Queen is very happy with her current strength, which makes her wholeheartedly follow Su Chen.

Su Chen hugged the Immortal Queen's plump waist and reminded, "Little Phoenix, let's pretend to be ordinary people from now on, don't destroy this little world for me."

23"Yes, Master"

"Come on, let's go to the military camp below first."

Su Chen waved his hand casually, and he and the Immortal Queen changed into modern clothes.

"who?"

Outside the military base,

Su Chen and the Immortal Queen had just arrived when the soldiers guarding outside the base discovered them.

Su Chen hugged the Immortal Queen and waved his hands and said, "We are ordinary people!"

A soldier asked Su Chen warily,

"Where did you come from?"

Su Chen looked at these soldiers and replied,

"On the mountain, we escaped from the aliens until we reached the mountain. We only came out of the mountain when we ran out of food."

When the soldier heard Su Chen's words, he waved his hand hurriedly and said, "Come in quickly, you are really lucky. Taotie is killing people everywhere on the earth. You are very lucky not to be discovered by Taotie."

"Thank you!"

Su Chen took the Immortal Queen and followed the soldier into the military base.

The military base was just a small base with only a thousand soldiers, and there were no heavy weapons. There were only a few lonely tanks in the entire base.

"You rest in this tent. Remember, don't walk back and forth in the base. We will bring you food."

"OK!"

In the tent, after Su Chen and the Immortal Queen sat down, the Immortal Queen couldn't understand why Su Chen pretended to be an ordinary person. There were no powerful creatures in this small world. Whatever they wanted to do was easy, but After all, Su Chen is her master and man. She will not object to any decision Su Chen makes.

"Interesting, Black ArmorQilin from the team is actually in this base."

Su Chen suddenly discovered Qi Lin in the military base, which surprised Su Chen.

How could sniper Qi Lin appear in this remote military base? Why wasn't she with the other flying black armor team?

The Queen of the Immortal Queen heard Su Chen asked doubtfully,"Master, do you know any humans in this small world?"

Su Chen nodded and said with a smile,

"Well, I came to this small world before when my cultivation realm was sealed. I escaped from this small world in embarrassment. I came to this small world this time just for revenge."

Su Chen thought about being chased by Lieyang Star and Chao Seminary.

At that time, he was a little embarrassed. It was also the first time that Su Chen escaped from a small world after being chased. With his arrival this time, Lieyang Star and Chao Seminary were chasing him.

The seminary is going to be destroyed.

However, (for reading Baoshuang novels, go to Feilu Novel Network!)

Su Chen will not destroy Lieyang Star and Super Theological Seminary all at once.

He has plenty of time, so

Su Chen decides to do a good job Playing with Lieyang Star and Super Theological Seminary, he also wanted to know whether the plot in this small world would continue to develop according to the previous plot with his existence.

Su Chen suddenly thought of the space principal who had become the consciousness of the universe, the old You bastard, you can't stay even if you're an old bastard.

The Space Principal wants to control the Super God Small World. This is because he wants to compete with him for control. The Super God Small World will become an affiliated small world of the Xuantian Realm in the future. Anyone who dares to fight against the Super God The small world must die.

Su Chen touched the Immortal Queen's hair and said, "Little Phoenix, you will go to the universe to check the consciousness of this universe later. If you find the consciousness of the universe, destroy it.""

"Yes, master!"

At this moment, in the command room of the base, after Qilin and several commanders heard the soldiers' reports, they did not expect that there were civilians hiding here in the wilderness.

Qilin frowned and asked in confusion,

"One man and one woman? And she was dressed very neatly? This is not normal. Think about it. In the deep mountains, would people fleeing be fully clothed?"

A commander asked worriedly, "Sir Qilin, are you saying those two people have suspicious origins?" Qilin said with a serious face, "They are very suspicious. Let's go and check first. If they are of unknown origin or even aliens, we must control them immediately.""

"Yes, sir!"

A group of soldiers holding weapons quickly surrounded the tent where Su Chen was. Qilin also came outside the tent wearing black armor and holding a death sniper rifle.

Qilin shouted from outside the tent,

"People inside come out, I am the black-armored super soldier Qilin, and I want to verify your identities."

Su Chen walked out, stroking his chin and asked with a smile, "Beauty Qilin, are you planning to arrest me?" bump!

"Su....Suchen, you....."

Qilin was stunned when she saw that it was Su Chen who came out. The sniper 277 gun in her hand fell to the ground.

Qilin did not expect that Su Chen appeared.

This shameless bastard was really not dead.

"Qilin, were you frightened when you saw me?"

Qilin looked at Su Chen and yelled excitedly,

"You shameless bastard, why didn't you show up earlier if you weren't dead? The earth has been occupied by gluttons, and 80% of humans have been killed or injured. Why didn't you show up earlier?"

Su Chen looked at the excited Qilin and said,

"Show up early? Qilin, if I show up, do you think Super Seminary will let me go? Will the gods of Lieyang Star let me go? Will your black-armored team obey the order and kill me?"

"I..."

"Qilin, come in, I have many things to ask you."

Su Chen interrupted Qilin and shouted.

Su Chen wanted to know what happened to the demons, angels, Lieyang Star and Super Seminary since he left the small world of Super God.

Although Su Chen can quickly Check these, but he doesn't want to do this.

If he knows everything, it will be boring for him to come to this small world.

Su Chen just wants to be ordinary now.

Before he took action to destroy Lieyang Star and Super Seminary, he She will not use strength that exceeds that of a god.

In the air, a blond woman with black wings whispered doubtfully,

"Suchen? Who is this? Is there such a super soldier in the black armor team?"

Chapter 2242

In the tent,

Su Chen glanced at the sky and didn't care.

He had been very aware of the angel Ruoning hidden in the sky early in the morning. That ugly angel Ruoning, Su Chen didn't want to kill her. Of course, the premise was that the angel Ruoning didn't want to. Those who seek death come to trouble him.

Qilin came into the tent and found that there was no one else in the tent. Qilin thought that Su Chen had arrived with a woman. Where was the other woman?

"Su Chen, didn't you come with a woman? What about the other woman?"

Su Chen sat down and replied,

"She had something to do and left"

"Who is that woman? She was able to leave silently. That woman must also be a super soldier, right?"

"She is just my maid, Qilin. When the Taotie attacked the Earth, why didn't the angels help the Earth? Qilin sat down and said to Su Chenshu,

"Su Chen, since you were hunted and disappeared, Morgana killed Ryze and destroyed the Super Seminary. The angels killed the people who were chasing you from Lieyang Star. Both demons and angels hate the Super Seminary very much. In TaotieWhen the Earth is invaded....."

Su Chen listened to Qilin's story, and he was very surprised.

Morgana and Angel actually killed the two people who were chasing him, and Morgana even destroyed the Super Seminary. 403 Moreover, Morgana and Angel temporarily reconciled.

In this way, Morgana did not kill Kesha, the King of Angels. The plot has really changed.

Su Chen rubbed his forehead and felt that the plot had strayed too far.

Without the help of the angels, the earth would be doomed.

However, it was none of his business.

Everyone on earth was dead, and

Su Chen didn't care.

There were countless earths in countless small worlds, and Su Chen couldn't save every earth.

Su Chen suddenly thought of Dukao and asked, "Qilin, is Dukao dead?"

"No!"

"That bastard is really lucky!"

Qilin looked at Su Chen and begged,

"Su Chen, the earth needs you now, work with us to drive the Taotie out of the earth."

Su Chen mocked when he heard Qilin's words,

"Does the earth need me? No, Qilin, the earth has been controlled by the Super Seminary. I have a grudge against the Super Seminary. Do you think I will help the Super Seminary? Qilin exclaimed with a surprised look on her face.

"Su Chen, don't you want to save the earth? Don't you want to save humans on earth? Don't forget that you are also from Earth. (cxbf)"

"In no mood!"

Save the earth?

Save humanity?

Save the hell, he is not a holy mother bitch!

Su Chen even killed the human emperors in the ancient fairyland. He even slaughtered countless humans. He has no idea about the life and death of a small earth. I didn't care.

Boom boom..

At this time, there was a sudden explosion sound outside, as if an army was attacking the base.

"No, Taotie's army discovered this place."

Qilin hurriedly ran out when she heard the explosion.

The Taotie army came to attack. This small base has been exposed. Qilin must quickly escape with the army here, otherwise none of the army soldiers here will survive.

"Angel Ruoning, what are you going to do?"

Su Chen frowned and couldn't understand. It was easy for Angel Ruoning to destroy this small base. How could she summon some gluttonous troops to attack here?

Su Chen thought about it and decided to see what Ruoning, that old woman, wanted to do. What to do.

Whoosh!

Su Chen disappeared into the tent in an instant.

In the base,

Taotie's small gunboats continued to bombard the base.

Half of the soldiers in the base had been killed or injured, and the remaining soldiers were hiding in hiding to avoid the gunboat attacks.

After Qilin came out, she attacked the gunboats with a death sniper rifle, but there were more than thirty Taotie gunboats in the air. It was impossible for Qilin to shoot down all the Taotie gunboats.

Qilin hurriedly shouted to a commander in the distance, (To read exciting novels, go to Feilu Novel Network!)

"Commander Liu, quickly order the army to retreat. We are no match for the Taotie army."

"Yes, Chief Qilin!"

In the air, the angel Ruoning looked at the battle below with a frown.

She was very surprised after finding out Su Chen's information,

Su Chen!

This human being is actually related to both demons and angels.

Even because of this Su Chen, the demon The tens of thousands of years of grievances with Angel were temporarily reconciled. Angel Ruoning also wanted to know what kind of human being Su Chen was.

Whoosh!

Su Chen suddenly appeared next to Angel Ruoning and shouted,

"Black-winged one, what are you looking at?"

"who? Su Chen turned out to be you!"

Angel Ruoning didn't expect that Su Chen would appear next to her silently, and she didn't even feel any spatial fluctuations. Angel Ruoning looked at Su Chen and became wary.

Su Chen looked at Angel Ruoning and was stunned. Frowning, why is the angel Ruoning different from the angel Ruoning in the plot? The angel Ruoning in the plot does not have blond hair, but this angel Ruoning is an ugly woman with blond hair.

"Angel Ruoning, since you know me, I think you just found my information."

Angel Ruoning took out a bow and asked coldly,

"Su Chen, who are you? You cannot be a human being."

Whoosh! As soon as Su Chen stretched out his hand,

Angel Ruoning's bow appeared in his hand.

"God-killing martial arts? This should be the god-killing bow you stole from Queen Keisha, right?"

"you....."

Angel Ruoning didn't expect that Su Chen would take away her God-killing weapon in an instant, and she couldn't even take back the God-killing weapon.

Angel Ruoning was a little afraid of Su Chen.

Su Chen suddenly shouted into the air, "Angel Chase, why didn't you show up when you came? Don't you want to see me?"

Whoosh!

A pair of angels with white wings quickly came to Su Chen's side,

"Suchen!"

Su Chen quickly hugged Angel Zhui and praised with a smile, "Angel Chase, I haven't seen you for so long, but you are still so beautiful."

Angel Chase was very helpless when Su Chen hugged her.

This bastard was still so shameless.

Angel Chase remembered that Su Chen had often peeked at her long legs before, and this time she hugged her even harder.

Angel Chase was embarrassed and annoyed. Pushing Su Chen and saying,

"Su Chen, just hope nothing happens to you. I have already informed Sister Yan, and Sister Yan will be here soon."

Su Chen hugged Angel Chai's small waist tightly and said,

"Angel Chase, don't push me. You, Angel Yan, and Angel Lingxi didn't protect me last time, so I had to run away. I hold you as your punishment."

Angel chased Bai Su Chen and said helplessly with one glance,

"You are so shameless!"

Su Chen took the God-killing bow and handed it to Angel and said, "This is for you. If Angel Ning stays in the God-killing weapon, I have released the gene code. From now on, this God-killing weapon will belong to you."

Although Angel Ruoning was afraid of Su Chen, she saw Su Chen giving her god-killing weapon to the angel to chase.

Angel Ruoning still couldn't help shouting,

"Su Chen, that's my god-killing weapon!"

Chapter 2243

After Su Chen handed the God-killing Wu to Angel to chase after him, he looked at Angel Ruoning with great disdain.

Didn't Angel Ruoning see the situation clearly? She's just a prisoner now, duh!

Although Su Chen has not caught Angel Ruoning yet, it is impossible for Angel Ruoning to escape.

"you....."

Angel Ruoning was very angry when she heard Su Chen's words, but she didn't dare to take action.

She couldn't figure out Su Chen's strength

, but Angel Ruoning felt that Su Chen was stronger than her. Su Chen might even be the peak of the third generation. The divine warrior.

Angel Chase looked at Su Chen and said seriously,

"Su Chen, Angel Ruoning is a traitor to Merlot Heaven, we cannot let her go."

Su Chen glanced at Angel Ruoning and said to Angel Zhui, "She can't leave."

Angel Zhui was very surprised when she heard Su Chen's words.

She had just seen Su Chen easily evade the God-killing Martial Arts. Angel Ruoning looked horrified and did not dare to make any move. Angel Zhui felt that Su Chen's strength must be higher than It was much stronger half a year ago.

Angel Zhui asked with a puzzled look on his face,

"Su Chen, which generation of super soldier are you now? Why can't I see your level of strength?"

23 Su Chen thought for a while and replied,

"Me? I should be as powerful as you, Queen Keisha, and can be regarded as the fourth generation of divine body."

Su Chen doesn't want to say that he is very powerful, nor does he want to say that he is very weak.

If Su Chen has the same strength as Queen Kesha, then no one will dare to bother him in the future, and he will be able to have some peace and quiet.

Angel Chase shouted in surprise, "What? Are you the fourth generation divine body?"

Angel Ruoning also looked at Su Chen in shock.

She still underestimated Su Chen. This human being is as powerful as Queen Kesha. This time she really asked for trouble. Angel Ruoning felt that she shouldn't have done it at all. Come here.

Su Chen shook his head and smiled,

"Angel Chase, don't make a fuss. If you make a fuss now, you will make an even bigger fuss later."

Boom boom boom....

In the sky, two huge battleships came to Earth from space. The Taotie battleships they encountered along the way were mercilessly destroyed.

Holy shit!

Is this Tianren No. 7?

And Devil One?

Damn it,

Angel Yan and Morgana arrived at the same time?

Su Chen looked helpless at this moment, angel! demon!

Who is he going to leave with later?

Leaving with an angel?

Morgana will definitely go crazy and leave with the demon?

The angels will definitely judge him

"Angel chases me....."

After Angel Chase let go of her, she guessed that Su Chen was going to run away.

Angel Yan and Morgana arrived at the same time. This shameless bastard would definitely be in trouble with whom to leave.

Angel Chase hurriedly grabbed Su Chen and said,

"Su Chen, don't think about leaving. You must go to the Angel Nebula with us this time."

I guess!

Why is Angel Chase so smart?

Damn it, it's going to end this time.

Su Chen is being pulled by Angel Chase, and he doesn't want to break away from Angel Chase and run away. (To read Baoshuang novels, go to Feilu Novel Network!)

Forget it, what is coming has arrived. If Su Chen runs away now, he may offend both angels and demons.

"Um? Want to escape? Space prison!"

Su Chen suddenly saw Angel Ruoning running away quickly. He smiled and waved to imprison Angel Ruoning in a space prison.

Angel chased Su Chen and waved his hand to disappear Angel Ruoning.

Space prison?

This Is it the ability of time and space genes?

However,

Angel Chase became so powerful in less than half a year, and she was very curious.

At this time,

Tianren No. 7 and Demon No. 1 both arrived in the sky, and

Angel Yan led Ten Several angels leapt down from Sky Blade Seven, and Morgana also quickly arrived from Demon One with dozens of demons.

"Suchen!"

"little bastard!"

Angel Yan and Morgana shouted at the same time when they came to Su Chen.

Su Chen waved awkwardly and said, "Angel Yan, Morgana, you are all here."

Morgana stared at Su Chen and asked,

"Little bastard, where have you been?"

Angel Yan also asked Su Chen,

"Su Chen, have you gone to another world?"

Su Chen shook his head and said,

"We'll talk about this later, Morgana, this time Angel Yan and I will go to Merlot Heaven."

Morgana shouted angrily when she heard Su Chen's words, "Little bastard, since you dare to abandon me and these little Bitchis?"

Should I go?

Abandon?

It's none of his business. The relationship between Su Chen and Morgana is innocent. They have never done anything at all.

Su Chen took out a space ring and handed it to Morgana, saying,

"Morgana, here are these for you. There is a heavenly elixir here, as well as some spiritual tea and spiritual fruits. You should improve your strength first. I will only go to the Merlot Heavenly Court for about a month, waiting for you to advance to the fourth generation of the sacred body. , I might come back to Earth."

Morgana asked suspiciously after hearing Su Chen's words.

"Little bastard, are you telling the truth?"

"Of course it's true. Tianling Dan can advance to the fourth generation divine body. You also know the functions of spiritual tea and spiritual fruit."

"Okay, 810 for one month. If you don't return to Earth for one month, I will break into the Angel Nebula."

Morgana took the space ring and nodded in agreement.

Although she hoped that Su Chen would leave with her, it was unrealistic.

These Xiao Bichi would definitely not let Su Chen leave with her, and

Morgana also She wants to advance her divine body first.

As long as she can advance to the fourth generation of divine body, even Kesha and Bichi will not be able to do anything to her in the future.

Su Chen nodded hurriedly and said, "Don't worry, I can't bear to part with a beautiful woman like you. I will definitely return to Earth within a month"

"Hum, shameless little bastard, let's go!"

Morgana was very speechless when she heard Su Chen's shameless words.

After she glared at Su Chen, Morgana left quickly with her demon men.

Su Chen relaxed when he saw Morgana leaving. In one breath, "Phew! Finally got Morgana."

Su Chen hugged Angel Yan's waist and said with a smile,

"Yes, but Angel Yan, if you swear an oath of protection to me, I will give you ten times more."

"Shameless pervert, you are dreaming!".

Chapter 2244

When Angel Yan heard Su Chen's shameless words, she wanted to kick this shameless bastard away. There were many angels around here.

Does this shameless pervert want other angels to laugh at her?

"Suchen!"

At this time,

Qilin on the ground shouted to Su Chen.

Qilin did not expect that angels and demons appeared.

She guessed that Su Chen might leave the earth, but the earth was being attacked by alien gluttons. Qilin hoped that Su Chen can let angels or demons drive the Taotie out of the earth.

Su Chen waved his hand, and

Qilin appeared in the air instantly.

Su Chen smiled and asked Qilin,

"Beauty Qilin, what's the matter with you?"

"Su Chen, can you let the angels help the earth drive the gluttons out of the earth?"

Angel Yan said seriously after hearing Qilin's words,

"Qilin, it's not that we angels are unwilling to help the Earth. Angels and the Super Seminary have a previous agreement on the sphere of influence of the Super Seminary on Earth. Without the consent of the Super Seminary, we angels will not cross the line to help the Earth."

"What? Is there such a thing?"

Lin was very surprised when she heard Angel Yan's words. She didn't expect that the Super Seminary would have such an agreement with Angel.

However, the Super Seminary is no longer able to protect the earth. Why doesn't the Super Seminary let the angels help? Could it be that the Super Seminary is worried that the earth will be dominated by angels?

Su Chen shook his head and reminded Qilin,

"Qilin, the Super Theological Academy can protect the earth. The foundation of the Super Theological Academy is very powerful. However, the Super Theological Academy uses the earth to train troops. The earth is just the training ground of the Super Theological Academy."

Qilin was very confused when she heard Su Chen's words.

"Training? Proving ground?"

"Yes, your black-armored team is a soldier. The Super Seminary hopes you will grow up as soon as possible. If you want to grow up quickly, you need war. Qilin, do you understand?"

Qilin shook her head and said in disbelief, "How could this happen?" The Super Theological Seminary actually wants to sacrifice the humans of the earth in order to allow our black-armored team to grow? I don't believe that the Super Seminary would do this. Seeing that Qilin didn't believe it, Su

Chen reminded her,

"Do not believe? There are many powerful teachers in the Super Seminary. Have you seen those teachers taking action to help the earth? There are branches of Super Seminary all over the universe. You wouldn't think that Super Seminary is just a school on Earth, right?"

The more Su Chen thought about Super Seminary, the weirder he felt.

In the plot, when Taotie invaded the earth, the teachers and instructors of Super Seminary disappeared without a trace.

This is a very strange thing. , if those teachers and instructors take action when the earth is invaded, will the earth still need the help of angels?

Moreover, in the plot, the angels are the angels who helped the earth with many deaths and injuries. Is this also a conspiracy of the super seminary?

"this....."

Qilin's face turned ugly.

Su Chen was right.

Since the war, the teachers and instructors in the Super Seminary have not appeared. Even after the fall of the earth, those teachers and instructors disappeared. Qilin felt that Su Chen said should all be true.

Su Chen patted Qilin's shoulder and reminded,

"Qilin, think about it carefully. I'm leaving. You have to be more careful in the future. The power of the galaxy is the focus of the super seminary, and everyone else is just a foil."

Angel Yan and Angel Chase were very surprised when they looked at Su Chen.

They didn't expect Su Chen to say this.

However, what Su Chen said was very reasonable.

There are many powerful teachers in the Super Seminary, and there are also many in the entire universe. Angel Yan and Angel Zhui also felt that the Super Seminary of the Super Seminary used the earth as a training ground.

After Su Chen sent Qilin back to the ground, he and Angel Yan flew to Tianren No. 7. Some things He could only remind Qilin that as for right and wrong, she could only let Qilin find the answer on her own.

Whoosh!

Tianren No. 7 quickly disappeared from the earth.

"Qilin, how come both angels and demons have come to earth?"(To read Baoshuang novels, go to Feilu Novel Network!)

At this time,

Qiangwei flew over quickly.

She also saw Demon No. 1 and the Angel Combat Body coming to the earth. Qiangwei hurried over, but she still It was a step late.

Qilin was very surprised when she saw Qiangwei arriving.

Qiangwei had been missing for several months. She did not expect that Qiangwei would appear at this time.

"Qiangwei, angels and demons all came to find Su Chen, who was here just now."

Qiangwei heard Su Chen appeared and asked hurriedly,

"Suchen? Nothing happened to that bastard Su Chen, right? Qilin shook her head and replied, "No, that bastard couldn't be any better.""

"Damn, I almost met that bastard"

"Qiangwei, Su Chen will come to Earth again. Then we will go find him together."

"good!"

On Earth,

Super Seminary, Taotie, Lieyang Star, and even Tianzha saw demons and angels appearing on earth at the same time.

This made them all very nervous, but after a while, the demons and angels left one after another. The earth was destroyed, which made these forces confused.

In the universe,

Tianren No. 7 flew quickly towards the Angel Nebula.

Su Chen looked around in Tianren No. 7.

He fought against Tianren No. 7. He was very curious, and he was also very jealous of the angels wearing short skirts in Tianren No. 7.

These long legs were dangling in front of him, and

Su Chen felt dizzy just looking at them.

Angel Chase Seeing Su Chen staring at the long legs of the other angels, she patted her forehead and reminded helplessly,

"Su Chen, can you please stop being so embarrassed?"

When Su Chen heard what Angel Chase said, he saw Angel Yan, Angel Lingxi, and even a beautiful angel staring at him.

Su Chen coughed awkwardly.

Angel Yan taunted Su Chen, "You are just one Shameless pervert, I don't want to take you to Meiluoyang Heavenly Court now."

Angel Lingxi said with a smile,

"That's right, Su Chen, don't look at the long legs of other angels so lustfully, you'll get beaten easily."

Su Chen touched his nose and said hurriedly, "Come on, I will just sit here and not go there, and I won't look around randomly anymore."

Angel Lingxi looked at Su Chen's depressed look and asked.

"Su Chen, you gave Ah Zhui a god-killing weapon, where's mine? What weapon are you going to give me?"

Su Chen took out four snow-white swords, handed them to Angel Yan and the others respectively and said,

"Lingxi, your weapons are indispensable. I have specially made some weapons for you this time. Look at these weapons. These swords are called white feathers. They are all top-quality spiritual weapons."

Chapter 2245

The spiritual swords Su Chen took out were made by the disciples of Jiejiao.

Although these spiritual swords are not spiritual treasures, in the world of super gods, they are top-notch artifacts. Even those void weapons do not have these spiritual swords. The sword is powerful.

Su Chen asked his men to forge more than a thousand spiritual swords in total. He thought that in the future, beautiful angels would use spiritual swords to fight against the scum of heaven. This would definitely kill every scum of heaven with one sword.

However,

Morgana cannot know about this matter, otherwise Morgana will definitely ask him for the spiritual sword. Su Chen does not intend to distribute these spiritual swords to disgusting demons.

After the four Angel Yan girls received the White Feather Spirit Sword, they all liked the beautiful long sword in their hands. The four Angel Yan girls also felt how powerful the Spirit Sword was. They guessed that neither the Flame Sword nor the God-killing Martial Arts could compare to these. Spirit Sword

"Let's go outside and try the White Feather Sword!"

Angel Yan said to the Angel Chase girls, and she quickly disappeared into the Sky Blade battleship. The snow-white spirit sword of the same body made Angel Yan couldn't help but want to test its power. The

Angel Chase girls also quickly disappeared into the battleship. Here, they also wanted to know how much more powerful the White Feather Sword was than the Fiery Sword.

Su Chen saw the four Angel Yan girls going to test the power of the Spiritual Sword.

He sat down and continued to admire the white and long-legged angels. There was no Angel Yan and Angel Chase. With the four girls here, he could look at the many beautiful angels openly.

Suddenly, the voice of the Immortal Queen came from Su Chen's soul,

"Master, I discovered the cosmic consciousness of this small world, but the cosmic consciousness of this small world is at a space barrier, and there seems to be a world on the other side of the space barrier. What should I do?"

Su Chen frowned when he heard the words of the Immortal Queen.

Space barrier?

Another world?

Is this the void in the super god world?

Is the void world on the other side?

What kind of world is the void world?

It is a small World?

Or a realm?

Su Chen thought for a moment and then ordered, "Little Phoenix, kill the cosmic consciousness of this world. Also, check at the space barrier to see what the other world is like."

"Yes, master!"

Void?

The Space Principal wants to go to the void world?

Tsk!

A cosmic consciousness without a body, a scum whose highest level of cultivation is nothing more than an immortal, the Space Principal actually wants to peep into another world. This is simply boring.

Su Chen felt ridiculous about the arrogance of the Space Principal.

The Space Principal should have discovered the void world a long time ago. He destroyed his body probably because he knew that the world on the other side was very powerful.

After the Space Principal became the cosmic consciousness, he thought that this way he would not be Killing, this should be similar to the phantom body of Karl, the God of Death, except that Principal Sky's cosmic consciousness is more advanced than Karl's phantom body.

Su Chen shook his head and mocked,

"The Space Principal is really ignorant and fearless. If the super-god world encounters a realm, it would be superfluous for the Space Principal to become a cosmic consciousness. In a realm, any angel or immortal who comes will be able to destroy him."

"Your Excellency, please have some tea!"

At this time, a beautiful angel came to Su Chen with a cup of tea.

"Um? Your name is Angel Qingqing?"

Su Chen looked at the beautiful short-haired angel who arrived.

He felt very familiar, but he couldn't remember who this angel was.

Angel Qingqing was very surprised when he heard Su Chen call her name.

She was just Angel Yan. (To read Baoshuang novels, go to Feilu Novel Network!)

The angel Qingqing has never met Su Chen, so how could Su Chen know of her existence?

"I am Angel Qingqing, do you know me?"

Su Chen didn't expect that this beautiful angel is really Angel Qingqing.

A young lady who was deceived by Fraser Blacksmith with just one word. Angel Qingqing is really silly and cute.

"I heard about you, weren't you in Fraser?"

Angel Qingqing replied with a smile,

"I was originally going to Fraser, but Angel Yan asked us to look for you on Earth, so I was delayed when I went to Fraser to switch defenses."

"Angel Qingqing, Fraser, you don't have to go. If Angel Yan lets you go, just tell Angel Yan that I won't let you go."

"Why?"

"You will die if you go to Fraser!"

"Angels are not afraid of death. We angels die for justice, and this is a well-deserved death."

Su Chen was very speechless when he heard Angel Qingqing's words. The angels were really brainwashed by Kesha and made them stupid. It would not be a pity to die for justice!

When the angels shouted these words, they killed and injured countless people. Angels.

In the battle on Earth, many high-level angels alone were killed. When Tianzha attacked Mero Heaven, the angels suffered even more heavy casualties.

Su Chen thought for a while and said,

"Angel Qingqing, you will be my right-wing guard in the future. I will raise this matter with Queen Kesha."

Su Chen plans to get a few angels for Queen Keisha. The high-priced angel Angel Qingqing is good. Her strength is considered to be above average among angels. The most important thing is that Angel Qingqing is beautiful.

There is also the arrogant Angel Leng. ,

Su Chen is determined to win over Angel Leng.

Angel Ruoning has been caught by him, and Angel Leng, the angel lady, will not be killed again in the future.

Angel Qingqing shouted in surprise, "What? You want me to be a human right winger?"

"Who told you I'm a human being?"

"Are you not human?"

"I used to be a human being, but I am not a human being now. The term human being has long since faded away from me."

Angel Qingqing looked at Su Chen unexpectedly.

Angel Qingqing didn't know whether Su Chen was a human or not, but how could angels be the bodyguards of people who were not angels? She would not agree to be Su Chen's right-wing bodyguard.

"It is impossible for me to be your right-wing bodyguard. You are not an angel, and Queen Keisha will not agree to your unreasonable request."

"That's not necessarily the case!"

At this time, the four Angel Yan girls returned to the Tianren battleship, and

Angel Yan asked Su Chen, "What's wrong? Su Chen, are you teasing my guardian angel?"

Su Chen curled his lips and said,

"Girl, when did I tease your guardian angel? I just had a few words with Angel Qingqing. Angel

Qingqing said to Angel Yan seriously, "Left guard, this person wants me to be his right guard.""

Chapter 2246

Angel Yan became angry when he heard what Angel Qingqing said.

This shameless bastard,

Su Chen had previously peeked at the long legs of the angels in the Angel Battleship.

Angel Yan just left for a while, and this bastard actually hit Angel Qingqing. idea

"I guess, Angel Yan, I just asked Angel Qingqing to be my guardian angel. What kind of teasing is this?"

Angel Yan stared at Su Chen and mocked,

"If you are not an angel, why would you let an angel be your guardian angel? You shameless bastard, do you think I don't know your plans?"

What the hell, I can't explain this clearly.

Damn, forget it, good men don't fight with women.

When we get to the Merlot Heavenly Court,

Su Chen will ask Queen Kesha for angel protection. When Angel Yan arrives, It's useless even if you disagree.

Angel Zhui and Angel Lingxi smiled when they saw Su Chen's depressed look. They also felt that Su Chen's purpose was impure and he was a perverted guy. They knew Su Chen very well.

Angel Zhui introduced Su Chen,

"Su Chen, this is the Angel Keira of the Sky Blade Seven combat body. Angel Keira is usually in charge of the Sky Blade Seven."

Angel Keira thanked Su Chen,

"Mr. Su Chen, thank you for the weapon you sent me. I like the White Feather Sword very much.
Su

Chen waved his hand and said with a smile, "You're welcome. We are all our own people. Angel Yan will be my wife in the future, and I can be considered half an angel.""

When Angel Yan heard Su Chen's words, he said in embarrassment,

"You are so shameless!"

"hehe....."

The girls who were chased by Angel looked at Angel Yan's embarrassed look, and they all couldn't help laughing.

Three days later, after the angels and demons appeared on

Earth and the Black Armored Team, and after the earth's communications were briefly restored, the Black Armored Team were also contacted and gathered together. In the Black Great Wall Base, Galaxy Force and Liu Chuang were sitting in a conference room. Liu Chuang looked at Qilin and asked,

"Sister Qilin, Su Chen really showed up?"

"good!"

Qilin nodded and replied.

She looked at these people and felt very helpless.

Qilin originally did not want to come to the Black Wall Base.

What Qiangwei said to her, and what Su Chen said to her, Qilin said to Du Kao and those people were distrustful.

But in order to save the humans on Earth, Qilin did not leave with Qiangwei. She still wanted to do something for the earth.

Even if she was used.

Even if she was used as cannon fodder.

Qilin also wanted to save more. Some humans.

Liu Chuang suddenly realized after hearing Qilin's conversation.

"I asked why demons and angels suddenly appeared on earth. It turned out that Su Chen appeared."

Xiao Lun waved his hand to Liu Chuang and said,

"Chuangzi, we are hostile to Su Chen. Don't forget about the murder of Teacher Ruizi. Liu

Chuang asked in confusion.

"What does this have to do with Su Chen? Besides, Ruizi and the people from Lieyang Star are chasing Su Chen. What do you think about this matter? Why did Teacher Ruiz pursue Su Chen? Xiao Lun, can you tell me? Xiao Lun said with a serious face,"

It must be Su Chen who did something unforgivable." Qilin mocked Xiao Lun with disdain, "Hey, you, a deserter, have the nerve to say this?" It feels embarrassing for us to sit with you."

"Qilin, you....."

Xiao Lun's face was very ugly when he heard Qilin's words.

He had escaped during the Battle of Tianhe, but that was the first time he was scared on the battlefield. General Du had already forgiven him for this matter. Xiao Lun did not expect Qilin. Still talking about this.

Qilin continued coldly,

"how? Did I said wrong thing? Su Chen saved the entire Tianhe City. Did he make a mistake in saving Tianhe City? how about you? If you escape after a war, are you a great hero?"

Xin Zhao and Rui Mengmeng didn't speak.

Although they didn't understand why Ruiz wanted to hunt down Su Chen, it was a matter of the academy. (To read Baoshuang novels, go to Feilu Novel Network!)

They didn't want to know. , and did not even think about asking about the grievances between Su Chen and the academy. They just wanted to drive Taotie out of the earth.

At this time,

Dukao came to the conference room.

He looked at Xiao Lun and others and said with a smile,

"You are all here. Liu

Chuang stood up and said,

"General Du, we are not all here, Qiangwei and Reina have not arrived yet."

Dukao waved his hand and said seriously,

"We have not contacted Qiangwei. As for Leina, I think you all know that the Sun Star has occupied Juxia City, and Leilei may become our enemy in the future."

People like Liu Chuang and Qilin felt very helpless when they heard Dukao's words.

A gluttonous alien army could not be defeated by the earth. At this time, the Lieyang Star also participated in the war and even occupied the giant. City, this is clearly an invasion of the earth.

Dukao looked at everyone and continued,

"The black-armored team will start cooperating with the army to attack the Northern Star tomorrow. We must recover the Northern Star first."

Xin Zhao asked with a confused look on his face.

"General Du, Taotie's battleship is very powerful. Can the army on earth defeat Taotie's battleship?"

"Don't worry, we have already built a battleship, and the Taotie and Lieyang Stars are fighting in many cities in the south. There are not many Taotie alien troops in the Northern Star."

Qilin and others did not expect that Taotie and Lieyang Star would go to war.

Although they wanted to see aliens killing each other, aliens launched wars on the earth, and in the end the unlucky ones were the humans on the earth.

"Your black armor has been upgraded. Now go to Lianfeng to get your black armor. Tomorrow you will cooperate with the army to attack the Northern Star."

"Yes, General Du!"

Angel Nebula,

Merlot Heaven.

Tianren No. 7 has arrived at Merlot Heaven.

Especially the long-legged angels flying in the sky,

Su Chen was even more dazzled by it.

"Merlot Heaven is really beautiful."

Angel Yan saw Su Chen starting to look around again, even following the angel flying in the air.

She couldn't help but remind Su Chen,

"Su Chen, you can give me some ideas later, and don't look at things you shouldn't. Otherwise, if the Queen gets angry, you will be kicked out of the Merlot Heavenly Court."

Su Chen hurriedly replied,

"Understand, I won't look around. If you want to look, I'll only look at you."

"Shameless!"

Angel Chase and Angel Qingqing are all speechless.

They have been speechless for the past few days. Su Chen really has no choice.

If Su Chen hadn't taught them a technique to quickly restore dark energy, they would have wanted to leave this shameless bastard. From a distance, they all felt that it was too embarrassing to be with Su Chen.

At this time, a beautiful blond angel flew over. She looked at Su Chen and laughed at Angel Yan,

"Oh, Angel Yan, you really found your man. It's been almost half a year. For a human, you worked hard to gather an angel army, and even got the Queen to agree to dispatch the Sky Blade Battleship. For a weak man, you are They are wasting the resources of Merlot Heaven."

"Angel Leng, stop making sarcastic remarks here, get out of the way, we have to go see the Queen"

Chapter 2247

Angel Yan did not expect that Angel Leng was also in Merlo Heaven.

This old angel who had always been at odds with her. Angel Yan was very helpless towards Angel Leng.

She and Angel Leng were not only best friends, but also their biggest competitors. They will compete in everything.

She brought Su Chen to Merlot Heaven today.

Angel Leng must have received the news in advance, and Angel Leng was even waiting here specifically for her arrival.

The angel looked cold and arrogant and mocked,

"Angel Yan, what? Are you afraid that I will be harmful to your man?"

Angel Yan heard Angel Leng keep saying that Su Chen is her man. Is this shameless bastard her man?

Ugh!

Although not now, she will become Su Chen's guardian angel in the future.

Angel Yan patted his forehead and felt very Speechless, all the angels in Merlot Heaven may know that she has a man-

"Angel Leng, are you just so free?"

Angel Leng stretched and said proudly,

"ha! I am also going to see the queen today, Angel Yan, let's go together."

Angel Leng wants to meet Angel Yan's man Su Chen this time.

In the past six months,

Angel Yan has been looking for Su Chen on the earth.

Angel Leng is also very curious about this sister. How could an earthling make his old enemy Angel Yan be like this? Are you interested? Angel Leng also wanted to know how Su Chen confused Angel Yan.

Angel Zhui and Angel Lingxi, the guardian angels, were all speechless as they watched Angel Leng and Angel Yan bickering.

They were all in such a scene. I have seen it too many times. As long as Angel Leng and Angel Yan are together, either Angel Yan will ridicule Angel Leng, or Angel Leng will deliberately make trouble for Angel Yan.

Su Chen looked at Angel Leng with interest.

This arrogant angel was different from the one in his impression. Angel Leng is exactly the same. Although Angel Leng has a harsh mouth, she is a beautiful angel with a sharp mouth, a hard mouth and a soft heart.

Angel Leng lives for fighting all his life. It can also be said that he lives to protect the justice and order of Queen Keshaa..

In the plot,

Angel Leng's death in battle is very regrettable.

This beautiful angel should not have died in battle. She should have a happy ending.

Su Chen stepped forward and shouted to Angel Leng,

"Angel cold! Angel

Leng looked at Su Chen and asked coldly, "Angel Yan's man, what did you call me for?"

Su Chen coughed and said with a smile,

"Cough, Angel Leng, Angel Yan is not my guardian angel yet. I think you are good. If you agree to be my guardian angel, I will give you a gift, a big gift that you can't refuse."

Shoo!

Angel Leng's face became even colder after hearing Su Chen's words. She quickly took out the flaming sword and pointed it at Su Chen and threatened,

"Human, do you want to die? You even dare to tease me. It seems you are tired of living."

"Sister Leng, don't be impulsive!"

"Sister Leng, Su Chen is the person the Queen wants to see. You must not do anything."

"Sister Leng, Su Chen is talking nonsense. Don't be the same as him."

"Sister Leng, calm down and don't do anything.".....

Angel Lingxi and other guardian angels saw that Angel Leng was about to take action. They hurriedly stopped in front of Su Chen. Angel Leng persuaded him.

They were also very helpless towards Su Chen.

Angel Leng was the oldest angel in the Angel Legion and also The angel with the hottest personality.

Did Su Chen want to be beaten when he provoked Angel Leng?

"Su Chen, shut up."

Angel Yan pulled Su Chen angrily.

She didn't expect that Su Chen would even dare to tease Angel Leng. How could she fall in love with this shameless bastard? Angel Yan felt that bringing Su Chen to Melo Heaven was a mistake.

Su Chen He hugged Angel Yan's small waist and said with a smile,

"Yan, I was just joking with Angel Leng, but I really want to give Angel Leng a gift. Angel Zhui also knows the gift I want to give."

"Um?"

When Angel Yan heard what Su Chen said, he was very confused. (To read Baoshuang novels, go to Feilu Novel Network!) It was the first time that Su Chen saw Angel Leng. What gift did this bastard want to give to Angel Leng?

Angel Yan just read Xiang Qianzhui, did Qianzhui actually know about the gift that Su Chen was going to give? Why didn't Qianzhui tell him?

When Qianzhui heard Su Chen's words, he thought of Angel Ruoning.

Su Chen caught Angel Ruoning on earth, and Qianzhui also She forgot to tell Angel Yan. If Su Chen hadn't mentioned giving Angel a cold gift this time, she would have completely forgotten about Angel Ruoning.

"Su Chen, are you talking about the angel Ruoning you captured?"

"good!"

Su Chen nodded and replied.

He waved his hand, and the angel Ruoning appeared next to him.

"Angel Ruoning!"

Angel Yan and Angel Lingxi and several other angels immediately surrounded Angel Ruoning after they saw her.

"teacher!"

Angel Leng looked at the sudden appearance of Angel Ruoning with a confused expression.

She did not expect that Su Chen would catch Angel Ruoning. Angel Ruoning is a third-generation high-level angel. How could a human capture a third-generation high-level angel? ?

After Angel Ruoning was released from the prison of Su Chenchang's space,

Angel Ruoning looked at the angels who besieged her, and then she looked at the beautiful Merlot Heaven.

Angel Ruoning said in a low mood, "Merlot Heaven, I didn't expect that I would return to Merlot Heaven again."

Angel Yan said with a serious face,

"Angel Ruoning, you betrayed Tiancheng. I have no right to deal with your life or death. Your life and death will be decided by the Queen."

Angel Ruoning said with disdain after hearing Angel Yan's words,

"Angel Yan, the third generation of high-priced angels, the new generation of sacred left-wing guards, do you think you can kill me?"

"Angel Ruoning, do you want to try it?"

Angel Yan took out his spiritual sword Bai Yu and asked coldly.

Angel Ruoning and she were both third-generation high-priced angels. Even Angel Ruoning had more combat experience than her.

Angel Yan was not sure whether he could kill Angel three days ago. Ruoning, but she now has the spiritual sword Bai Yu.

After the patrolling angels discovered the situation below, groups of angels quickly arrived and surrounded the angel Ruoning.

At this time, a majestic female voice suddenly came,

"Yan, bring your man and angel Ruoning to the main hall"

"Yes, King!"

Angel Yan hurriedly saluted in the direction of the main hall, and other angels also saluted in the direction of the main hall. The angels here also included Angel Ruoning.

Su Chen touched his chin and whispered, "Queen Kesha has been observing here. Where?".

Chapter 2248

In the meeting hall of Merlot Heavenly Court, hundreds of beautiful angels stood neatly in the hall, with snow-white wings, long white legs, and beautiful angels with hunched forward and backward figures, all waiting for Su Chen's arrival. The angels here are all familiar with

Su Chen. Although they have never met Su Chen, in the past six months, Angel Yan has led an angel army to search for Su Chen on the earth. Queen Keisha even sent a Sky Blade battleship. Going to Earth made the angels in Merlo Heaven very curious about Su Chen. On the high throne, a beautiful and noble female angel sat with her legs crossed. She held her chin and thought.

"Met the Queen!"

At this time,

Angel Yan and Angel Leng brought Su Chen and some angels to the main hall. All the angels saluted the angels on the high seats.

""410""Let me go, Kesha is really wearing long johns.""

Su Chen looked at Kesha with her legs crossed on the high seat, and he couldn't help but said.

However,

Queen Kesha is really noble and beautiful. Queen Kesha has a noble and elegant temperament, a convex figure, and a super No woman in the world of God can be as noble as Queen Kesha.

At this moment, angels such as Angel Yan and Angel Leng, as well as the angels around them, were all stunned.

They did not expect that Su Chen was so bold.

Su Chen actually dared to He secretly looked at Queen Kesha's thighs and even told her that Queen Kesha was wearing long johns.

Angel Yan clenched his fists tightly and reminded Su Chen angrily,

"Su Chen, do you want to die? Apologize to Queen Keisha now."

Angel Yan now wants to strangle this shameless bastard. She didn't expect that Su Chen would dare to look at Queen Kesha's thighs. This shameless bastard is so horny that he is hopeless.

Su Chen found that all the angels around him were glaring at him.

He also knew that he had just offended the public.

In the eyes of these angels, Queen Kesha was a sacred and inviolable existence. If Queen Kesha hadn't been in the hall, the angels here would have swarmed up and stabbed him to death.

"Cough, Queen Keisha, I was offended just now."

Queen Kesha waved her hand and asked doubtfully,

"Su Chen, you surprise me. I can't find out your origin, and I can't even find out your strength. Who are you? Why does it appear in this universe?"

Keisha became curious about Su Chen.

The news sent back by Angel Yan half a year ago, and even the super energy crystals sent over, surprised Queen Keisha. Queen

Kesha even gave up the future to become the main god of the Milky Way. She had to use all her strength to find this mysterious Su Chen.

However, after she saw Su Chen today,

Kesha's knowledge treasure house could not find out any information about Su Chen, and she could not even check Su Chen's strength at all. Queen Sha thought that Su Chen might be someone from the void world.

Su Chen smiled and shook his head and said,

"Queen Kesha, I am not from this world, nor as you guessed, nor am I from the void, I am from a more advanced world."

Queen Kesha asked suspiciously when she heard Su Chen's words.

"A more advanced world? What world is it?"

Su Chen thought for a while and explained to Queen Keisha,

"Queen Keisha, let me tell you this"

"The world you are in is just a middle thousand world. Above the small thousand worlds is the middle thousand world. Above the middle thousand worlds there are great thousand worlds, low realms, medium realms, high realms, and even super realms."

"One realm can control countless small worlds, and a strong man in one realm can completely destroy your world with one hand. I come from a super realm."

Queen Kesha and all the angels in the hall were very shocked when they heard Su Chen's words.

Small Thousand Worlds, Middle Thousand Worlds....., they did not expect that there are many worlds outside their world. (To read Baoshuang novels, go to Feilu Novel Network!)

Moreover, the world they live in is just a world of Zhongqian. A strong man in a powerful world can destroy this world with one hand, which makes them unbelievable.

Queen Kesha asked Suchen with a serious face,

"Su Chen, since you come from a super realm, what are you going to do when you come to this world? How strong are you?"

Su Chen shook his head and replied,

"I only came to your world accidentally last time. My cultivation realm was sealed at that time. Otherwise, I would have to be forced to leave by two ants. As for my strength, I can destroy your world with one hand."

Angel looked at Su Chen coldly and questioned, "Lie, Su Chen, I don't believe what you said....."

Su Chen asked with a smile, "Angel Leng, how do you believe it?"

Angel Leng stretched out her white neck proudly and said,

"Unless I see it, I have to believe what you say"

"as you wish!"

After Su Chen heard Angel Leng's words, he waved his hand, and a huge picture appeared in the air of the main hall.

First, the picture showed the magnificent picture of Melo Heavenly Court in Xuantian Realm, and then the army of gods in Xuantian Realm began to fight. The war scenes between the Yin and Yang Realm and the Realm of Light, and even the war in the Wilderness Realm also appeared on the screen.

All the angels in the hall looked at the scene in the sky in confusion, the magnificent palaces.

Countless powerful gods. Legion, a vast and cruel war scene.

A strong man can destroy everything thousands of miles away with a single blow. A war slaughters tens of millions or even hundreds of millions of creatures.

A vast and boundless world is completely destroyed by a strong man with a single blow. , which made the angels in the hall break into cold sweats.

Half an hour later,

Queen Kesha came back to her senses and looked at Su Chen with a complicated face.

She didn't think the image in the picture was fake. Every aspect of the picture was fake. Every scene exceeded her imagination.

Void?

The void world Kesha imagined could not be so powerful. 5.1

"Merlot Heaven? Su Chen, I didn't expect that the Heaven in your realm is also called the Merlot Heaven."

Su Chen touched his nose and said awkwardly, "It's just that the names are the same."

Merlot Heaven, when Su Chen originally came up with this name, he also thought of the Angel's Merlot Heaven. If Queen Kesha knew about it, would Queen Kesha ask for copyright fees for herself?

Angel Yan looked at Su Chen asked in confusion, "Su Chen, what is your status in Xuantian Realm?"

"I....."

Boom boom boom.....

Suddenly, the entire Super God Universe shook, and bursts of roaring sounds came from the universe.

Angel Leng asked in surprise, "What happened? Why is the universe shaking?"

"Don't worry, the vibration will be over after a while"

Chapter 2249

In the angel meeting hall, when Su Chen was shaking in the Super God Universe, he understood what was happening. The Immortal Queen should be killing Principal Sky, but why did the Immortal Queen take action after three days?

Su Chen was a little confused about this, but he didn't check it.

The Immortal Queen was in the realm of Taiyi Golden Immortal.

In the world of super gods, the Immortal Queen was an invincible existence.

The Immortal Queen just now took action to kill the Space Principal. This might be It must be something that the Immortal Queen discovered earlier.

Queen Kesha asked in confusion when she started fighting, "Su Chen, what happened?"

Su Chen looked at Kesha with a bumpy figure and said with a smile.

"My maid is killing the space principal"

"What? Su Chen, are you telling the truth?"

Queen Kesha was very surprised when she heard Su Chen's words.

Kill the space principal?

The space principal has turned into cosmic consciousness. Why did Su Chen let his men kill the space principal?

Also, the space principal turned into cosmic consciousness. , can Su Chen's men kill him?

Queen Kesha looked at Su Chen and wanted Su Chen to give her an explanation.

"good!"

Queen Kesha asked with a serious face,

"Why? Principal Sky has turned into cosmic consciousness, why do you want to kill Principal Space?"

Queen Keisha felt that Su Chen must have an ulterior secret when he came to their world this time, and Su Chen's world might even launch an invasion of their world.

Queen Kesha wanted to know the purpose of Su Chen coming to their world,

If Su Chen launches an invasion of their world, Queen Kesha will also become an enemy of Su Chen. This is their world, and their world does not welcome the invasion of other worlds. When

Su Chen saw the angels in the hall, they all looked towards He, he thought for a moment and explained,

"Queen Keisha, you will understand this later. Don't think that the space principal is too righteous."

"An old man who is as afraid of death as Carl, the god of death. Carl turned his body into an illusion, and the space principal turned into cosmic consciousness. They were all frightened by what you call the void~."

Queen Kesha asked Su Chen seriously, "Su Chen, will your world invade our world?"

"meeting!"

Su Chen nodded and replied, the super-god world will become an affiliated world of the Xuantian Realm in the future, and the Xuantian Realm will also send gods to control this super-god world. This is something that cannot be changed.

Queen Kesha heard After Su Chen's words, she said with a cold face,

"Then we will be enemies in the future!"

Su Chen shook his head and coughed,

"Hey, Queen Kesha, you are no match for Xuantian Realm. All the so-called gods in the universe can be easily destroyed by one of my men."

Queen Kesha said with firm eyes, "Then it's impossible for us to surrender."

The angels in the hall all looked at Su Chen with eager eyes. After giving the order to Queen Kesha, they would kill Su Chen without hesitation.

Angel Yan and Angel chased several angels, and they looked at Su Chen at a loss.

Su Chen's world is actually going to invade their world?

This was hard for them to accept.

Although Xuantian Realm is very powerful, they cannot just watch other worlds invade their world.

Su Chen looked at Queen Kesha and the angels in the hall. These angels all looked at her with hatred.

Su Chen shook his head helplessly.

It seemed that Merlot Heavenly Court did not welcome him, but he was determined to win the Super God World. In order to make Xuantian Realm powerful, all the discovered Small Thousand Worlds, Middle Thousand Worlds, and Great Thousand Worlds, Even a useful realm.

Su Chen can't even give up. (To read Baoshuang novels, go to Feilu Novel Network!)

The Chaos Demon God has revived more than a hundred times, and other Chaos Demon Gods are also recovering. Su Chen wants to avoid being invaded by the Chaos Demon God in the future. Xuantian Realm, he can only make Xuantian Realm continue to become stronger.

Whoosh!

"Owner!"

At this time, the Immortal Queen suddenly appeared in the hall. She looked at Su Chen and saluted hurriedly.

Queen Kesha and the angels saw the sudden appearance of the Immortal Queen, and even saluted Su Chen.

They all looked surprised..

The Immortal Queen suddenly appeared in the Merlot Heavenly Court, which shows that the defense of the Merlot Heavenly Court is ineffective in the eyes of some strong people.

Su Chen looked at the Immortal Queen and asked in confusion, "Little Phoenix, how come it took three days to kill the universe consciousness?"

The Immortal Queen hurriedly explained to Su Chen,

"Master, there is a monster at the space barrier that came to this world from another world. I was observing the monster, so I postponed killing the universe consciousness."

"What kind of monster?"

"The master is a kind of monster who only knows how to kill without thinking. The monster is not very powerful, only in the realm of Xuanxian, but the monster can kill any creature it sees. This is similar to the creatures in the realm of heaven."

"No sense of thinking? Just know how to kill?"

"Yes, Master, the space barrier is about to break down. In three years at most, the space channel between the other world and this world will be connected."

Su Chen was very speechless when he heard the words of the Immortal Queen.

He just came to this world to avenge himself, and by the way, he incorporated the Supergod World into the Xuantian Realm. Why did something happen again this time? When

Su Chen went to the Wilderness Realm, he met The realm of heaven invaded the wild realm.

This time he came to the super-god world.

The space passage between the other world and the super-god world must be connected, and war is inevitable.

Could he be a disaster star?

Su Chen thought that he didn't care where he went. Changes would happen, which made him very helpless.

Su Chen looked at Kesha and said,

"~Queen Kesha, you also heard what my maid said. The other world, which is what you call the Void World, will be connected to your world within three years."

"At that time, the war between the two worlds will break out. If you angels join the Xuantian Realm, I will dispatch the divine army to help you defeat the invasion of the Void World."

Queen Kesha waved her hand and said arrogantly,

"No need, our world will defeat the invasion of the void world on its own"

"what ever!"

"Su Chen, Angel Nebula is not happy to welcome you, and I hope you leave as soon as possible."
boom!

"You are presumptuous and dare to be rude to your master. Do you want to die?"

When the Immortal Queen heard that Queen Kesha wanted to drive Su Chen away, she burst out with some momentum and shouted angrily.

In the hall, all the angels were lying on the ground under strong pressure. Even Queen Kesha was also intimidated. He was lying on the throne with a shocked look on his face.

Su Chen waved his hand to the Immortal Queen and said,

"Little Phoenix, take back your momentum"

"Yes, master!"

"Phoenix, go to the space barrier. If another monster comes to this world, catch one alive and bring it back to me."

"Yes, master!"

When the Immortal Queen heard Su Chen's order, she saluted Su Chen and disappeared instantly.

"Queen Kesha, I need a few angels. I will exchange them for powerful weapons and elixirs. I will not force your angels. If they are unwilling to follow me, then these weapons and elixirs will be used as I give you angels for free"

Chapter 2250

Su Chen placed a thousand spiritual swords, ten pills and spiritual fruit tea in the main hall.

These were all the things he wanted to provide to the angels.

Su Chen was thanking the angels for avenging him and killing Lieyang Star. He also wanted to take Angel Yan and several angels away.

Within three years, there will be a world war in the super god world.

A void monster has the strength of the Xuanxian realm. It is impossible for the super god world to defeat the void world. Su Chen took the familiar angels away to protect them.

Queen Kesha looked at the spiritual swords on the ground. She used her angel eyes to see that these spiritual swords were very powerful.

Although she didn't know what the elixir was, the super energy crystal that Angel Yan sent last time was very powerful. The elixir Su Chen took out should be able to enhance the divine body.

She knew all about the spiritual fruit and spiritual tea, and Kesha still had the spiritual fruit and spiritual tea that Angel Yan sent last time.

Kesha thought about what Su Chen just said, and then she asked Su Chen,

"Su Chen, do you want those angels?"

"Angel Yan, Angel Zhui, Angel Lingxi, Angel Keira, Angel Leng, Angel Qingqing, these are the six angels I have."

Su Chen originally wanted to ask for a few more angels, at least Angel Zhixin, but he had already asked for Kesha's left-wing guard. If he wanted Kesha's right-wing guard again, Kesha might immediately drive him away from Mei. Luo Tianting.

In the main hall,

Queen Kesha and many angels looked at Angel Yan and the others. They all wanted to know if Angel Yan and the others would leave with Su Chen.

"Su Chen, I will not leave Merlot Heaven"

"I won't leave either!"

"Su Chen, none of us will leave. We are angels. We are the angels of Merlot Heaven. We will not betray the Queen or Merlot Heaven."

"It's impossible for me to leave"

"I am an angel and I will not leave Merlot Heaven."

The six angels, Angel Yan and Angel Leng, all rejected Su Chen expressionlessly.

They are all angels of Merlot Heaven and loyal supporters of Queen Keisha.

These six angels will not betray Kaisha. Queen Sha would not abandon Merlo Heaven.

Although Angel Yan did not want a war between Su Chen and her world, she thought that Su Chen would not be able to prevent the war from happening. After all, Su Chen was not the Emperor of Heaven in Xuantian Realm.

Angel Yan felt that this was the last time she and Su Chen met.

Next time they meet, they might be enemies.

"All right! As you wish!" Su Chen nodded when he heard the words of Angel Yan and Angel Leng. Su Chen felt that he was a little arrogant. Angels are not human women. With Kesha, the angel queen, Angel Yan and the others are not at all. Maybe she will leave with him. Su Chen waved his hand to Angel Yan and said, "Angel Yan, let's say goodbye. I will stay on earth for some time. If you have anything to do, you can come to me on earth and say goodbye!"

"

"etc!"

Queen Kesha saw that Su Chen was about to leave, so she hurriedly stopped Su Chen.

Kesha wanted to know the strength of the void monster just now, the monster of the Xuanxian?

What kind of strength is this?

That monster has been a super power for several generations in their world. Warrior?

Su Chen looked at Queen Kesha and asked doubtfully, "Queen Kesha, what else do you have to do?"

Queen Kesha stood up and asked,

"Su Chen, I want to know about the monster your maid just mentioned. That monster is in the realm of Xuanxian. What is the level of cultivation of Xuanxian? What is the equivalent of several generations of super soldiers in our world?"

After Su Chen heard Queen Kesha's words, he crossed his arms and smiled, "Queen Kesha, why should I tell you?"

"you....."

Queen Kesha didn't expect that Su Chen wouldn't even tell her this, which made her a little angry.

Her angels killed people from the Sun Star for this bastard, and even wasted half a year looking for this bastard. Kesha didn't expect that Su Chen didn't even say this.

Angel Yan rubbed his forehead and said to Su Chen,

"Suchen, just tell the Queen."

When Su Chen heard Angel Yan's words, he nodded and replied,

"Well, Queen Kesha, your strength should be equivalent to the earth immortals in our Xuantian realm. Above the earth immortals are the heavenly immortals, the mysterious immortals, the golden immortals, the Taiyi golden immortals, the Daluo golden immortals, the quasi-sages, and the saints. These great realms It is further divided into early stage, middle stage, late stage and peak stage."(To read Baoshuang novels, go to Feilu Novel Network!)

Queen Kesha didn't expect that a monster could be so powerful,

Earth Immortal?

Her strength is just that of a mere soldier in Xuantian Realm?

A monster is a powerful Xuantian. Immortal, this is two realms more powerful than her.

Queen Kesha looked at Su Chen and asked,

"What state are you in?"

"Taiyi Golden Immortal!"

"What is the most powerful realm in the Xuantian Realm?"

"saint!"

Queen Kesha was completely silent when she heard Su Chen's words, and hundreds of angels in the hall were also silent.

The angels were all frightened by what Su Chen said.

Su Chen turned out to be Taiyi Golden Immortal, in the Xuantian Realm. The most powerful ones are the saints. These powerful gods make them feel powerless.

Su Chen looked at the silent Kesha and the many angels.

Su Chen thought for a while and continued,

"Kesha, saints are divided into twelve realms, one reaches the sky. Although there are saints in the Xuantian Realm, in the entire chaotic world, there are many more powerful saints than the Xuantian Realm."

"If a saint blows a breath, your world will be destroyed. Even if a saint comes to your world, your world will not be able to bear the powerful breath of the saint and will be shattered and destroyed."

"Kesha, the big world of chaos is so big that you can't imagine it. The Xuantian realm plus more than a thousand subsidiary small worlds are just a speck of dust in the big world of chaos."

Kesha couldn't calm down for a long time after hearing Su Chen's words.

Saints are so powerful that she couldn't imagine that there are saints in Xuantian Realm, and there are even more than a thousand subsidiary small worlds, but Xuantian Realm is also in the chaotic world. It's just a speck of dust. How big will the world of chaos be?

Kesha looked at all the angels in the hall.

She thought she should do something, but what could she do?

The monsters in the void world were not something she could match. , will their world be destroyed by the void world in three years?

After Su Chen sucked the confused Angel Ruoning and held it in his hand, he was about to leave. Angel Ruoning was his prisoner, Su Chen couldn't This prisoner will be kept.

Su Chen waved his hands to Angel Yan and Angel Chase Girls and said,

"Goodbye, I hope you angels will be ready for war within three years. There will not only be one or two monsters in the void world, but countless void monsters will come to your world by then."

"Get ready for war!"

"You only have about three years to prepare."
