Chapter 2281

Lieyang Star,

Su Chen appeared on Lieyang Star at this moment.

He also suddenly thought that Lieyang Star was similar to the heaven of the ancient immortal world.

On earth,

Lieyang Star was like the heaven of the immortal world. Su Chen felt that Lieyang Star should be It has something to do with the prehistoric immortal world.

After Su Chen checked the entire Lieyang Star, he didn't find anything strange. There was nothing strange about the half-cut planet.

Whoosh!

Su Chen instantly appeared in the Tiandao Tower of Lieyang Star.

Since he has arrived on Lieyang Star, the Sun God Emperor Hongkun should also die. The culprit who wants to kill him, Su Chen cannot let him continue to live.

"who?"

A guardian of the Lieyang Star suddenly noticed Su Chen's appearance. He quickly attacked Su Chen with a weapon, touch!

"The holy dragon protects the thunder flames?" Su Chen grabbed the attacking weapon and asked,

"Yes, who are you? Why broke into the Tiandao Tower of Lieyang Star?"

Holy Dragon Guardian Lei Yan looked at Su Chen in surprise. He didn't expect that his attack would be caught by this person, and he couldn't shake it even with all his strength.

Lei Yan is a third-generation divine body guardian, and he would actually do it in front of this person. Feeling very scared.

Su Chen let go of Lei Yan's weapon and said coldly, 28

"Lei Yan, for Leina's sake, I won't kill you, so just stand aside and don't disturb me."

Lei Yan asked suspiciously when he heard Su Chen's words,

"Do you know the Lord God?"

Su Chen ignored Lei Yan.

He looked at the ball of red energy in the middle and cursed,

"You old man, aren't you going to kill me? I have arrived, why don't you show up yet?"

"You old man, if you don't speak up, you don't have to speak out anymore."

Lei Yan saw Su Chen questioning the energy of the Tiandao Tower, and he reminded him speechlessly, "Your Excellency, that is the energy in the Tiandao Tower, and it is lifeless."

Su Chen curled his lips and reminded,

"Lei Yan, that's not some kind of energy, that's your Sun God Emperor Hongkun"

"What? How can this be? The Sun God has committed suicide and died. How could the Sun God be a ball of energy?"

Lei Yan was very surprised when he heard Su Chen's words,

Sun God Emperor Hongkun?

How is this possible?

Sun God Emperor Hongkun has committed suicide and died long ago. How can this energy be Sun God Emperor Hongkun?

Su Chen looked at the energy in the middle and was surprised Continue to threaten,

"Nothing is impossible. An old monster who doesn't want to die is neither human nor ghost. Di Hongkun, if you don't speak up, don't blame me for not giving you a chance to speak."

"Are you Su Chen?"

At this time, an old voice came out from the energy.

Su Chen crossed his arms and watched the energy turn into a human form, "Di Hongkun, it seems you still remember me?"

Lei Yan watched with confusion as the energy turned into a human form.

The Sun God Emperor Hongkun is really not dead? He and other guardians have been guarding the Tiandao Tower for so many years. Why didn't the Sun God communicate with them? Pan Zhen? Lei Yan suddenly thought that every time Pan Zhen came, Pan Zhen would ask these guardians to leave. So Pan Zhen always knew that the Sun God was not dead? The energy-body Di Hongkun looked at Su Chen and said in surprise,

"Su Chen, how can you be so powerful? Are you the divine body of the fourth generation god? No, you are more powerful than the fourth generation divine body."

Su Chen did not answer Di Hongkun's question.

He felt something was wrong when he saw Di Hongkun. How could there be Lena's energy in Di Hongkun's energy body?

Di Hongkun could not have the gene of the light of the sun. Even if he had the energy gene of the sun, how could Reina's aura appear in Di Hongkun's energy?

Su Chen frowned and thought for a moment before asking,

"Di Hongkun, why did you let Pan Zhen order a guard to kill me half a year ago? I remember there was no conflict with you, Lieyang Star. Is it because Reina and I are close?"

"Su Chen, Reina is the future of Lieyang Star. She cannot have a future with an earthling. Your appearance will disturb Reina from becoming a true master god, so I ordered Pan Zhen to get rid of you. (To read Baoshuang novels, go to Feilu Novel Network!)"

When Su Chen heard what Di Hongkun said, he mocked, "Hey, Di Hongkun, do you think I will believe what you say?"

"What I said is true."

Su Chen pouted and didn't want to continue with Di Hongkun.

This old monster was talking nonsense.

Why did he want to disturb Leina's growth?

If it was for Leina's growth, why did Di Hongkun seal Leina's body? Ability? Will sealing Reina's ability make Reina grow quickly?

"Di Hongkun, Reina is the light of the sun. What are the seals you put on Reina for? Are you afraid that Leileina can't control herself and blow up the Sun Star? Or do you want to plunder Reina's Sunlight Gene?"

After Di Hongkun heard Su Chen's words, his energy incarnation shook violently and said,

"Reina is my granddaughter, how could I possibly rob Reina of her Sunlight genes?"

Su Chen curled his lips and said disdainfully,

"I almost believe what you say, Di Hongkun, it's easy for me to check your memory."

"Do you think that if I check your memory, and even publish your memory on the Lieyang Star, so that the entire Lieyang Star can see it, do you think the people on the Lieyang Star will still respect you, the former Sun God? ?"

"you....."

Di Hongkun became angry when he heard Su Chen's words.

His energy body burst out with powerful light, and he wanted to kill this human being.

Di Hongkun's secret cannot be known by the people of Lieyang Star. No one is allowed to destroy his ten thousand year plan.

Su Chen didn't care about Emperor Hongkun's anger.

An energy body, an insignificant fourth-generation Lord God, could crush Emperor Hongkun to death with one hand.

"Why 913? Di Hongkun, do you have nothing to say?" boom!

"Die to me!"

"How can an ant shake an elephant? Di Hongkun, everything you have done is unforgivable."

Su Chen looked at Di Hongkun's attack with disdain and waved his hand.

A light curtain enveloped Di Hongkun's energy body. Di Hongkun's attack had no effect on the light curtain at all. The light curtain even shook. No vibration

"Lei Yan, what happened?"

At this time, a girl with eyes quickly came to the Tiandao Tower. She saw the confused Lei Yan and asked hurriedly.

Lei Yan saw the red phoenix Tianzhu Wuzhao arriving. He reacted and hurriedly told Wuzhao what he had just heard.

"Red Phoenix Heavenly Protector, the Sun God is not dead, that energy body is the Sun God Emperor Hongkun, and the Sun God wants to plunder the sun of Lord Reina....."

Chifeng Tianhu Wuzhao was very surprised when she heard Lei Yan's words.

She looked at Su Chen next to her and then looked at the energy body,

Sun God Emperor Hongkun?

This energy body is actually the Sun God Emperor Hongkun?

And the Sun God actually wants to plunder Rena's sun light gene? what is this?

The Sun God Emperor Hongkun had already committed suicide and died. Why did the Sun God Emperor Hongkun become an energy body in the Tower of Heaven?

"Lei Yan, girl with glasses, I will pass on the memory of Sun God Emperor Hongkun to you. If Reina asks why I killed her grandfather in the future, you must tell Reina this matter."

Chapter 2282

Su Chen originally wanted to give the memory of Sun God Emperor Hongkun to Reina, but he was worried that that silly girl Reina would not believe him, and even Reina would feel that she had tampered with her memory, so Su Chen could only give the emperor the memory first. Hongkun's memory is passed on to Lei Yan and the girl with glasses

"We understand that if this is the case, we will report it to Lord Rena!"

Lei Yan and Wu Zhao nodded hurriedly.

They also wanted to know whether the Sun God was really going to harm Reina. Although the Sun God Emperor Hongkun was the main god of Lieyang Star, this happened thousands of years ago.

The Sun God who was supposed to die did not die, and the two of them were also worried that just as Su Chen said, the Sun God Emperor Hongkun would plunder Reina's Sunlight genes, and might even use Reina to resurrect her from the dead.

"Remember your words!"

Su Chen nodded and waved his hand. He pulled out some white threads from Di Hongkun's energy body. These white threads turned into white light and entered the heads of Lei Yan and Wu Zhao.

Lei Yan and Su Chen Wu Zhao hurriedly closed their eyes. Eyes looking at redundant memories,

"Di Hongkun, goodbye!"

Su Chen looked at the energy body of the Sun God Emperor Hongkun. He clenched his fist and the blue light curtain instantly began to shrink. Emperor Hongkun's energy body also shrank rapidly under the squeeze of the light curtain.

"No, I am the Sun God, the main god of the Lieyang Star. Su Chen, you cannot kill me."

Su Chen sneered when he heard Di Hongkun's cry,

"The idiot lord god doesn't even spare his own granddaughter. A lord god like you is really disgusting to watch."

After a while,

Di Hongkun's energy body was squeezed into a bead. Su Chen reached out to pick up the bead and took it in his hand to look at it.

"Purify!"

When Su Chen discovered that the aura of Emperor Hongkun was still on the bead, he directly purified the energy bead.

In this way, the Sun God Emperor Hongkun was also dead. If this bead didn't have huge energy, Su Chen Even Di Hongkun's energy beads will be destroyed.

After a while,

Lei Yan and Wu Zhao opened their eyes, and they both understood Di Hongkun's conspiracy.

Neither Lei Yan nor Wu Zhao thought that the Sun God would take action against Reina. God Emperor Hongkun not only wants to plunder Reina's sun light gene, he even wants to devour Reina.

This is simply not worthy of being the main god of Lieyang Star.

If it weren't for the energy body of God Emperor Hongkun of the Sun (cifb) Stable, not only did Reina's sun light genes be plundered, but Reina herself had already been secretly devoured by the Sun God.

Lei Yan looked at the energy beads in Su Chen's hand and asked,"The Sun God died like this?"

Su Chen nodded and replied,"If you die, there will no longer be Sun God Emperor Hongkun in this universe.""

Wuzhao said angrily,

"Good death. The Sun God has died long ago. He should not appear on the Sun Star again."

"This is the fourth generation energy of Di Hongkun. You can use Di Hongkun's energy to upgrade to the fourth generation divine body.

Lei Yan asked suspiciously after hearing Su Chen's words, "You don't plan to use it yourself?"

"Hey, these are of no use to me."

Wuzhao bent over and begged Su Chen,

"Mr. Su Chen, this energy should be reserved for the use of the Lord God Reina."

Su Chen waved his hand and said,

"No, Reina is now the fifth generation divine body, and the energy beads are useless to Reina."

Lei Yan and Wu Zhao were very confused when they heard Su Chen's words, fifth-generation divine body?

Is there a fifth-generation divine body in the universe?

Kesha, the most powerful king of gods in the universe, is only the fourth-generation divine body. , they have never heard that there is a fifth-generation divine body.

Su Chen handed the energy body to Wu Zhao and reminded,

"You should use this energy bead to upgrade quickly. Also, you should be careful about Pan Zhen. Pan Zhen should know everything about Sun God Emperor Hongkun. You should understand that Pan Zhen is Emperor Hongkun's helper."

"We will be careful about Pan Zhen."

Wuzhao and Lei Yan both nodded to Su Chen.

They already knew about this from Di Hongkun's memory.

Pan Zhen, their general, had always known about the existence of the Sun God, and had even been helping the Sun God. Do things.

Whoosh! (To read Baoshuang novels, go to Feilu Novel Network!)

When Su Chen heard Lei Yan and Wu Zhao's words, he disappeared instantly.

The Sun God Emperor Hongkun had been killed by him, and only one Lieyang Star was left. Pan Zhen is shocked.

Su Chen is not in a hurry to kill Pan Zhen.

After Lei Yan and Wu Zhao upgrade to the fourth-generation divine body, Pan Zhen should have a hard time. This is what Su Chen wants to see. Su Chen plans to let Pan Zhen wander for a while. The dog killed him again.

Lei Yan and Wu Zhao saw Su Chen leaving.

They looked at each other and planned to upgrade first. Pan Zhen was about to take the people on earth back to Lieyang Star, and they were also prepared to capture Pan Zhen. Waiting for Lord Lena's decision

"I'll do it! Queen Keisha, why are you in my room?"

As soon as Su Chen teleported back to the Sky Blade Battleship, he found Queen Kesha in his room, even sitting on his bed.

Seeing Su Chen's sudden return, Queen Kesha asked coldly and arrogantly,

"Where did you go?"

Su Chen was speechless when he heard Queen Kesha's words,

"What does this have to do with you? I am not one of your angels, Queen Keisha, you are too strict."

Queen Kesha shouted with a serious face, "This is the Sky Blade Battleship. Did you inform me when you left privately?"

I guess!

Is Queen Kesa planning to cause trouble?

Well, she upgraded to Sky Blade Seven by herself. Why did she need to notify this peeping tom when she left?

Su Chen curled his lips and didn't want to talk to this peeping tom.

He I feel that Keisha has been the queen for a long time and wants to take care of everything.

Su Chen is not an angel in the Merlot Heaven. What qualifications does Queen Kesha have to control where she goes?

"Your Lady Queen, this is my private matter, and you are not my wife. Why should I inform you?"

"Shameless pervert!"

Queen Kesha clenched her fists tightly when she heard Su Chen's words. This bastard is a shameless person. Now he dares to tease her. She shouldn't ask this shameless person at all.

Su Chen sat on Queen Kesha The person next to you smiled and said, "Queen, leave if you have nothing to do. I want to rest. However, if you want to warm my bed, I will welcome you very much."

Boom!

Queen Kesha clenched her fist and quickly attacked Su Chen.

This shameless bastard, warm the quilt?

This shameless man is simply looking for death.

She can't beat Su Chen today, and Kesha will not make it easy for this shameless man..Bump bump bump....

Su Chen was punched out by Queen Keisha, and human-shaped holes were created by Su Chen in the walls.

"Damn it, Keisha, you crazy woman"

"Huh, Su Chen, you better behave properly when you talk to me in the future, otherwise what you will end up doing today will be your example."

Chapter 2283

In the Sky Blade Battleship, the angels saw the conflict between Queen Kesha and Suchen. All the angels didn't know what to do.

"what should we do? To help Queen Keisha?"

"Isn't this bad? Queen Keisha and Your Excellency Suchen are probably joking. We'd better not go over and get involved."

"Well, we don't need to worry about it. Your Excellency Su Chen will not take action against the Queen."

"What if? What if His Excellency Su Chen takes action against the Queen?"

"Then we will stop it. However, I believe that Mr. Su Chen will not take action against the Queen."

"Just wait and see, I hope His Excellency Su Chen will not take action against the Queen."

The surrounding angels were talking to each other in low voices. One was their queen, and the other was Su Chen, who had just upgraded their divine body. They didn't want Su Chen to conflict with Queen Kesha.

Su Chen heard the angels around him His face turned dark during the conversation,"417", he was knocked away and broke through more than ten walls. Can't he go to Queen Kesha for an explanation?

Queen Kesha saw Su Chen coming back,

She reminded with a serious face,

"Su Chen, you have to tell me next time you leave the Sky Blade Battleship, but just forget it this time."

Queen Kesha disappeared into Su Chen's room as she spoke.

She was also worried that Su Chen would take revenge on her.

Su Chen was much stronger than her.

If Su Chen took action against her,

Queen Kesha would not worry about Su Chen. Chen Hui will deal with her harshly, but if this shameless pervert does something excessive to her, Queen Kesha will be powerless to stop her. She doesn't want to stay and be harassed by Su Chen.

I'll go. Is this a crime-fighting abscondment?

This guy Yes, is Queen Kesha afraid that she will take action?

Su Chen stretched out his hand to move Queen Kesha back, but he thought about it and shook his head helplessly.

Whoops!

Su Chen waved his hand, and he broke the ten Many walls were instantly restored to their original state. Su Chen remembered that Queen Kesa beat him this time. Queen Kesa will definitely pay the price in the future. When the angel Linglong saw Queen Kesa leaving, she came to Su Chen and saluted. ,

"Your Excellency Su Chen, and the last thousand angels have not yet taken a spiritual bath, but there is no energy in the spiritual bath. Sister Leng asked you to put in some more life spirit liquid."

Su Chen was very confused when he heard Angel Linglong's words.

Five thousand angels have been bathing for two days and one night. How could it be possible that they haven't finished taking the spiritual bath? Could it be that the spiritual bath was interrupted midway?

"Linglong, it's been two days and one night. The angels of the five thousand angel legion take a spiritual bath with one hundred angels at a time for an hour. Shouldn't all the angels be upgraded?"

Angel Linglong explained to Su Chen in embarrassment, "Well, Your Excellency Su Chen, a hundred angels soaked for two hours. This is what Sister Leng and Sister Yan ordered the angels to soak like this."

"I'll do it!"

Su Chen was very speechless when he heard Angel Linglong's words. One hundred angels took a spiritual bath for two hours at a time. One drop of life spirit liquid was not enough for a thousand angels to absorb.

Damn, this may be Queen Kesa's order to Leng Long. What Kazuhiko did, damn peeping tom, is he trying to think of himself as Kaizi?

No, he can't suffer such a loss.

Kesha and Hexi, they both have to compensate for their losses, or let Queen Kesha and Tianji King Hexi compensates for his losses with his own body?

This is a good idea.

Kesha and Hexi are both beautiful angels. Su Chen thought about it and decided not to let Kesha and Hexi go.

Su Chen hugged the exquisite angels beside him Water snake waist, he helplessly took out another jade bottle and handed it to Angel Linglong and said,

"Linglong, these are two drops of life spirit liquid. Go ahead and put them in the bath."

"Thank you, Mr. Su Chen!"

Angel Linglong was very speechless when Su Chen hugged her. She didn't expect that Su Chen would even take advantage of her.

In addition to Angel Leng and Angel Yan in the Sky Blade Battleship,

Su Chen also kept hugging Angel Chase in the Sky Blade Battleship. Angel Qingqing, Angel Keira, Angel Lingxi, and Angel Linglong. Angel Linglong had no objection to Su Chen holding her. After all, all the angels in the Sky Blade Battleship knew about Su Chen's nature. (To read the Baoshuang novel, go to Feilu Novel Network!)

Su Chen smelled the angel's Linglong hair and said teasingly, "Linglong, if you want to thank me, come over and serve me in a moment."

Angel Linglong rolled her eyes at Su Chen and said with a smile,

"Haha, I don't dare, Mr. Su Chen. If Sister Leng and Sister Yan find out, I will definitely be punished."

"Forget it, go ahead and arrange a spiritual bath for the angels."

Su Chen shook his head and let go of Angel Linglong.

This Angel Linglong is too smart.

Angel Linglong is reminding herself not to have any ideas about her, otherwise she will tell Angel Leng and Angel Yan. In the control room of Tianren No. 7 ,

Kesha saw that Su Chen did not chase after her, and even gave Angel Linglong two drops of life spirit fluid.

She nodded and smiled.

The Seventh Angel Legion will be the most powerful angel legion in Merlot Heaven in the future.

Guard Super angels have all been upgraded to the fourth-generation divine body, high-level angels are close to the fourth-generation divine body, and all other angels have been upgraded to guard-level and high-level angels.

Without the threat of the beast realm, there would be nothing in the entire universe. The power, any main god, can be the opponent of the Seventh Angel Legion.

Another day passed in boredom.

This day, Su Chen and Kesha were always hostile to each other when they met, which made the angels cautious not to disturb. , they were all worried about another conflict between Su Chen and Queen Kesha.

The next day,

Su Chen was sitting on a chair in the control room eating flat peaches.

Kesha came to sit next to Su Chen and asked,

"Did you go to the Fierce Sun Star to take revenge yesterday?"

"Yes, I killed Di Hongkun."

Kesha nodded when she heard Su Chen's words. She was also very surprised that Sun God Emperor Hongkun was not dead.

However,

Su Chen had already killed Sun God Emperor Hongkun, and she was not worried about what Emperor Hongkun would do. Conspiracy thing,

"Di Hongkun should have died a long time ago. Give me some of your peaches."

Su Chen curled his lips and took out some flat peaches and put them on the table, "Kesha, you really plucked your hair. Are you planning to squeeze me dry?"<sup>5.8</sup>

"Squeeze it dry? You shameless pervert, can't you speak properly?"

"Tsk, that's because your thinking is unhealthy"

"I'm too lazy to talk to you!"

Queen Kesha's eyes lit up after taking a bite of the flat peach.

How full of energy?

This is much more powerful than the spiritual fruit given to her before.

No, there is no comparison at all.

Queen Kesha took a bite of the flat peach, which is worth a The upgraded energy of the fourth generation divine body made her feel incredible.

She waved her hand and collected the six or seven flat peaches on the table. One bite of the flat peach can provide an angel with upgraded energy. These flat peaches are simply unparalleled treasures.

"You are really like a wild goose, Queen Kesha, don't let them eat the angels who are not in the fairyland, otherwise the angels will be burst by the huge energy."

Chapter 2284

When Su Chen saw Queen Kesha taking away the peaches on the table, he shook his head and was very speechless.

This was not the majestic Queen Kesha, nor was she the noble, elegant and aloof Queen Kesha. , Queen Keisha did this vividly.

Queen Keisha heard Su Chen's words and ignored this bastard. How could she let go of the huge energy in the peaches ? This bastard Su Chen used these peaches to eat as fruit. This was simply a waste, even a waste of natural resources. Queen Kesha He even wanted to collect all of Su Chen's flat peaches. Kesha heard that only angels in the fairyland could eat flat peaches. She had only taken six or seven flat peaches from Su Chen just now. Queen Keisha just wants some more flat peaches. This bastard said she had plucked her hair. She has nothing to be embarrassed about.

"Su Chen, are there any more peaches?"

Su Chen curled his lips and mocked,"Taozi? Kesha, these are flat peaches that took three thousand years to mature. Do you think they are Chinese cabbage?"

"A flat peach that takes three thousand years to mature?"

Queen Kesha did not expect that it would take three thousand years for a flat peach to mature, which shocked her very much.

No wonder there is huge energy in the flat peach. It turns out that it takes three thousand years for a flat peach to mature.

Su Chen said speechlessly,

"This is the best innate spiritual root in the world of chaos. Except for the traceless chaotic spiritual roots, the best innate spiritual roots are very rare in the entire chaotic world."

Queen Kesha continued to ask with a curious look on her face, "What is the best innate spiritual root?"

Su Chen rubbed his forehead and explained,

"Even if I tell you, you don't understand. Just like the flat peaches you eat, these are the flat peaches produced by the ultimate innate spiritual root flat peach tree."

"Flat peaches are divided into three-thousand-year-old flat peaches, six-thousand-year-old flat peaches, and nine-thousand-year flat peaches. You only eat three-thousand-year-old flat peaches. If you eat six-thousand-year-old flat peaches, you will burst."

Queen Kesha was very surprised when she heard Su Chen's explanation. Kesha did not expect that the best innate spiritual roots are very rare in the chaotic world.

Three thousand years of flat peach?

Six thousand year flat peach?

Nine thousand year old flat peach. ?

There are actually three types of flat peaches.

One bite of a three-thousand-year-old flat peach is equivalent to the energy of the fourth-generation divine body. So what about the six-thousand-year-old flat peach and the nine-thousand-year-old flat peach?

And how old is this bastard?

The three-thousand-year-old flat peach Su Chendu Yes,

Queen Kesha guessed that Su Chen was certainly not young, and might even be older than her.

Whoosh!

A shadow assassin suddenly appeared next to Su Chen and saluted,

"Master, a space barrier has been discovered on Earth, and we don't have the ability to open it."

"Um? Space enchantment?"

Su Chen was very confused when he heard what the Shadow Assassin said.

Space enchantment?

Or is it a space enchantment that cannot be opened?

It stands to reason that the space passage between the super god world and the prehistoric fairy world has been disconnected, and the space passage has also been abandoned. Why is Youxue Even a Taiyi Golden Immortal can't check the space barrier?

The shadow assassin continued respectfully to Su Chen, "Master, Commander Youxue suspects that there is someone in the space barrier, and he may be a powerful being."

"I'll go check it out!"

Su Chen stood up and decided to check it out.

He knows the laws of space, and ordinary space barriers are useless to him.

The Shadow Assassin heard Su Chen's words and hurriedly persuaded him,

"Master, we should wait for Saint Yin Ji to arrive before checking. If the power in the space barrier has bad intentions, Master may have an accident."

After Kesha heard what the Shadow Assassin said, she seriously advised Su Chen,

"Su Chen, I think you should listen to your subordinates. If there is a person with malicious intentions in the space barrier, it will be very detrimental to you."

Su Chen waved his hand and said,

"Kesha, the space barrier used to be the space channel between your world and the Great Desolate Immortal Realm. Even if there was someone inside, he would not dare to take action against me. There are not many people in the Great Desolate Immortal Realm who dare to take action against me."(To read Baoshuang novels, go to Feilu Novel Network!)

Even if there is a powerful person from the ancient immortal world in the space channel, that powerful person would not dare to take action against him when he sees him. No one in the entire ancient immortal world dares to take action against him. A few.

Hongjun,

Taishang Laozi, and

Yuanshi Tianzun.

These three are the most likely people to take action against him.

However, how could the three saints appear in the passage that separates the super-god world from the prehistoric immortal world? The prehistoric immortal world It is impossible for a saint to find the spatial coordinates of the super-god world.

"Then I'll go too, I also want to see if there is anyone in the space barrier."

Kesha heard that Su Chen insisted on going, so she decided to go with Su Chen.

Su Chen's identity was unusual in Xuantian Realm. Although Kesha's strength was low, she couldn't let this bastard go. Taking risks,

Keisha was also worried that if something happened to Su Chen in their world, the saint who was about to arrive would get angry and destroy their world.

Su Chen nodded and agreed, "Okay, Kesha, you let Angel Linglong wield the Heavenly Blade. No. 7 heads to Earth"

"good!"

After receiving the order from Queen Keisha, Sky Blade Seven quickly flew towards the earth at the speed of light.

In just a few minutes,

Sky Blade Seven appeared on the earth.

After the Shadow Assassin gave the angels the coordinates, Tianren No. 7 appeared over a valley outside Yellowstone City.

Whoosh!

The Shadow Assassins appeared in the valley with Su Chen and Kesha. The protective shield of Angel No. 7 was also opened. There is an unknown and powerful enemy here. , Queen Keisha also has to be careful

"Owner!"

Youxue saw Su Chen arriving. She showed up with a hundred shadow assassins and saluted Su Chen.

After Su Chen looked at the space boundary, he ordered Youxue, "Youxue, bring the shadows with you. The assassin retreated into Sky Blade No. 7."

Youxue heard Su Chen's words and said hurriedly, "Master, we leave the person who protects the Lord (Manuo) behind."

"No need, as long as they are gods from the ancient immortal world, they don't dare to take action against me. Youxue, please return to Tianren No. 7."

"Yes, master!"

After Su Chen saw Youxue leaving with the Shadow Assassin, he looked at Kesha beside him.

"Kesha, you won't leave?"

Kesha glanced at Su Chen and said, "Why should I leave?" Am I your subordinate?"

"Kesha, if you are killed soon, don't blame me for not warning you."

"You don't need to control my life or death."

Su Chen stopped talking when he heard Kesha's words. Just stay with this arrogant queen. Queen Kesha is at least a beauty. It's good to have a beauty by your side.

Su Chen activated the Space Law, and he planned to check Who will be in the space barrier?

"Am I the one who is wrong, Hongjun? Why is that old bastard Hongjun in this space barrier?"

Chapter 2285

Su Chen didn't expect that old bastard Hongjun would be in the space barrier.

This time he was in big trouble.

Su Chen had to leave this world quickly. If Hongjun found out about him, that old bastard would definitely cut him into pieces..

In the prehistoric fairy world,

Hongjun should be the person who hates himself the most.

"Su Chen, who is Hongjun?"

After Queen Kesha heard what Su Chen said, she saw Su Chen's nervous look and asked suspiciously.

Su Chen pulled Kesha and said hurriedly, "Kesha, go quickly, leave here first, this time Big trouble."

Kesha was pulled by Su Chen and wanted to throw away Su Chen's hand, but she saw Su Chen's panic. She was stunned for a moment.

Kesha had never seen Su Chen scared after meeting Su Chen. What, who is Hongjun?

Why is Su Chen so panicked?

Boom!

The earth was shaken, the space barrier was instantly broken, and an ordinary old man appeared in front of Su Chen and Kesha.

This The old man is Hongjun, the Taoist ancestor of the Prehistoric Immortal Realm. Ever since Hongjun was separated from the Heavenly Way by the Prehistoric Immortal Heavenly Way, he has been hiding in this space barrier to recover.

He dare not stay in the Prehistoric Immortal Realm.

Taishang Laozi, Yuanshi Tianzun, Tongtian , the Second Saint of the West, if these saints discover him, he will be dead.

Hongjun's current realm is only the fourth level of the Saint Realm. He is not even a match for the weakest Zhunti.

All of this was caused by Su Chen. , this time I met Su Chen in this small world, how could Hongjun let Su Chen leave.

Hongjun looked at Su Chen with an excited expression on his face and shouted,

"Emperor Su Chen, since you have met the old Taoist, why do you need to leave in a hurry?"

Su Chen felt very helpless when he saw Hongjun appearing in front of him.

Is this really the case that we are enemies on a narrow road?

He met Hongjun in a small world. When did he have such bad luck?

"Hongjun, you are not in the prehistoric fairy world, how come you appear in the space barrier of this small world?"

Hongjun shouted angrily when he heard Su Chen's words,

"The prehistoric fairy world? Emperor Su Chen, do you still dare to talk about the prehistoric immortal world? Can the old Taoist stay in the ancient immortal world? If you hadn't caused Lao Dao such misery, would Lao Dao be hiding in this space barrier? Su

Chen curled his lips and retorted, "It's none of my business. If you didn't kill my wife, would I have dealt with you?"

"Humph, it's useless to talk more. Emperor Su Chen, no one should know the coordinates of this small world. How did you discover this small world?"

Hongjun is also worried that other saints will come to this small world.

Su Chen is surrounded by two saints, Nuwa and Gaia. If Su Chen has the coordinates of this small world, then both Nuwa and Gaia may come. Hongjun hopes Su Chen discovered this small world accidentally.

Su Chen curiously asked Hongjun, "Hongjun, how did you discover this small world?"

Hongjun quickly checked the world.

He didn't find any immortals above quasi-sages. He breathed a sigh of relief.

Su Chen must have arrived in this small world accidentally. This is good news for him. , even if Hongjun killed this scumbag, Nuwa and Gaia would not know.

Hongjun looked at Su Chen and decided to let him die.

"Emperor Su Chen, don't forget my identity. During the Battle of the Gods in the ancient immortal world,"

"The Great Desolate Immortal World was broken into four major continents, and some small worlds were also cut off from the Great Desolate Immortal World. As the spokesperson of Heaven at that time, would I not have the coordinates of some small worlds?"

Su Chen nodded when he heard Hongjun's words.

This old bastard is really cautious.

He hides alone in a barrier in a small world, so that the saints in the prehistoric fairy world cannot find Hongjun. Hongjun Jun You can slowly recover from the physical trauma.

Queen Kesha is confused at this moment,

Emperor Su Chen?

This bastard is the Emperor of the same realm?

How is this possible? (To read Baoshuang novels, go to Feilu novels Net!)

How could a Taiyi Golden Immortal be the Emperor of Heaven in a powerful realm?

But with the frightening old man in front of her,

Queen Kesha felt that it was impossible for Hongjun to lie, and it seemed that Hongjun was still dating Su Chen. He had a grudge, and even he was hiding in the space barrier of the small world because of Su Chen.

Queen Kesha looked at Su Chen and wanted to strangle this bastard to death. The three of them were worth more than hundreds of millions of people?

This shameless bastard was simply Nonsense.

Su Chen hugged Kesha and said helplessly, "Hongjun, actually we don't have much hatred, why don't we forget it?"

Hongjun shouted angrily when he heard Su Chen's shameless words,

"Not much hatred? never mind? The old Taoist was in the tenth level of the Holy Realm before, but now? Now the old Taoist is just a scumbag from the fourth level of the Holy Realm, and there is no possibility of promotion in the future. Who caused all this? never mind? If it were you, would you forget it?"

Su Chen looked at Hongjun and shouted,

"Damn it, Hongjun, you are still in the fourth level of the Holy Realm. You are much more powerful than me. You should be satisfied. The prehistoric heaven has not knocked you down to the Holy Realm. This is already worthy of you."

Hongjun doesn't want to talk nonsense with Su Chen.

This shameless Emperor will die today no matter what, and he won't be able to let go of Su Chen's soul.

"Emperor Su Chen, you must die today. It is your destiny to meet you in this small world."

Su Chen saw that Hongjun was about to take action against him. It was impossible for him to escape the killing of a saint. This old sinister man seemed to really want to take action to kill him this time. Suddenly

,

Su Chen thought of the world of ferocious beasts. In the domain, the Beast Emperor Shen Ni was surrounded and killed by Hongjun and others. Su Chen looked at Hongjun and had a way to escape.

Su Chen hurriedly waved his hand and shouted,

"Wait, Hongjun, I am not the only old friend of yours in this world, you also have an enemy in this world, no, I should say it is one of your enemies in this world."

Hongjun heard Su Chen's words and mocked,

"Emperor Su Chen, I have just checked the entire world. Except for some of your subordinates, there are no other people here at all. Are you trying to deceive the old Taoist?"

Su Chen reminded with a smile,

"Really, Hongjun, take a closer look at a space barrier in the universe. That is the realm of your old friend."

"Um?"

Hongjun looked at Su Chen's confident look, which made him very confused.

One of his enemies?

Realm?

Who could it be?

Yin-Yang Demon God? Qiankun Demon God? Or Space Demon God? Hongjun immediately used Yuan Shen to check again. In this small world, he wanted to know if Su Chen had deceived him.

If there really was a realm, or even his enemy, it would be impossible for Hongjun to hide here.

Queen Kesha saw that Hongjun was checking the world, she glared at Su Chen and asked angrily,

"Su Chen, are you actually an emperor? You bastard deceived us!"

"Let me tell you, Kesha, is this the time to say this? Didn't you see that our lives were controlled by this old cunt?"

Chapter 2286

Su Chen was very speechless when he heard that Queen Kesha was still concerned about his identity at this time.

A powerful enemy was right next to him. Isn't this little girl Queen Kesha not worried at all?

Damn it,

Queen Keisha's waist is really soft.

Su Chen hugged Kesha nervously just now, and he didn't have time to feel Kesha's soft waist. Now that he felt Kesha's soft waist, Su Chen's hands began to move involuntarily.

"Shameless guy, let me go!"

Queen Kesha heard and felt Su Chen's hands moving around her waist, and she yelled at Su Chen with shame and anger on her face,

"Ahem, Queen Kesha, I didn't do this on purpose. I was just thinking about how to escape, and my hands moved involuntarily. This is a natural reaction."

"Shameless!"

At this moment, in Tianren No. 7,

Youxue became very anxious after seeing that it was Hongjun who appeared.

Hongjun was a very powerful saint. They all came together. Hongjun blew a breath. If you can destroy them, Youxue can only pray that Saint Yinji can come over in time.

On the earth,

Taotie,

28 Dukao and some elders in the academy, and even Karl from the Death Song Academy, they all discovered the earth. There was a vibration, but they searched around and couldn't find where it was.

There were warships flying back and forth all over the earth looking for something special, but Huangshi City was shielded by Hongjun, and these scum couldn't find Huangshi City at all. Everything around him.

At this time,

Hongjun's eyes suddenly widened.

The ferocious beast?

He actually found the ferocious beast in a crack in the space barrier.

Realm?

Outside the crack in the space barrier is a huge realm.

The realm of ferocious beasts?

The Beast Emperor God is resurrected?

Damn it, the Beast Emperor God is more powerful than the Demon Ancestor Luohu. It was only when several of them joined forces with the Chaos Demon Gods to kill the Beast Emperor God Ni.

After the Beast Emperor God was resurrected,

The Ancient Immortal Realm will also be found by the Beast Emperor Shen Ni, and their Chaos Demon Gods who surrounded and killed the Beast Emperor Shen Ni will be found.

Hongjun was frightened in his heart.

If he was still in the tenth level of the Holy Realm, Hongjun would not care about the Beast Emperor Shen Ni. Ni, but he is now a scumbag from the fourth level of the Holy Realm. The Beast Emperor Shen Ni might kill him with one strike.

Hongjun glared at Su Chen and shouted,

"Damn it, Su Chen, were you the one who opened the space crack in the ferocious beast realm?"

Su Chen was very speechless when he heard Hongjun's words.

What's wrong with him?

Was Hongjun scared to death?

How could he have opened the space crack? This old man was so frightened by the Beast Emperor that he lost his mind. ?

Su Chen curled his lips and Ji mocked,

"Let me be honest, ferocious beasts are all monsters without intelligence. Besides killing, what else can ferocious beasts do? Do you think I will seek death to open the space channel?"

Hongjun lowered his head and muttered to himself,

"There are still more than two years before the space cracks will completely open. If a powerful beast discovers the space cracks, maybe the space cracks will be broken by the beasts tomorrow."

"This world is going to end, my hiding place will be exposed, and even the prehistoric fairyland will be discovered by the Beast King Shenni."

Su Chen looked at Hongjun and reminded,

"Hongjun, you can first inform the Great Desolate Immortal World that there is a threat from the ferocious beast realm. I believe that other saints will not target you again. If the Great Desolate Immortal World is finished, you will be finished too."

Hongjun said indifferently with an expressionless face,

"Emperor Su Chen, I will inform other saints in the prehistoric immortal world, but I have to kill you first."

Su Chen looked at Hongjun in bewilderment. (To read Baoshuang novels, go to Feilu Novel Network!)

What the hell, why does Hongjun, an old bastard, want to kill himself? Shouldn't this old bastard be united with him? Dealing with the realm of ferocious beasts? Did this old sinister destroy himself before dying?

Su Chen became angry thinking about this.

He pointed at Hongjun and cursed,

"Damn it, Hongjun, I said you are just an idiot, can you save you if you kill me? Can you save the prehistoric fairy world? Hongjun shouted angrily at Su Chen,

"You must die. If it weren't for you, I would still be in the tenth level of the Holy Realm. I would not be afraid even if the Beast Emperor and God Rebellion came. It was you, the bastard, who made me extremely embarrassed. It was you who made me unable to resist when I encountered a crisis. I How could I let you go, you bastard?"

Su Chen let go of Kesha and yelled at Hongjun,

"Let me go, Hongjun, do you still blame me?"

"I am a good emperor of the ancient world, but you forced me to leave the ancient world. I haven't even taken revenge on you yet, how dare you, an old bastard, take revenge on me?"

"Hongjun, if you hadn't attacked me first, you would still be your Taoist ancestor, and I would be my Heavenly Emperor. You were expelled by Heaven and lost the authority of Heaven. I was forced to leave the prehistoric immortal world and lose the status of Emperor of Heaven. Hongjun Jun, we are actually both losing."

Hongjun was silent when he heard Su Chen's words.

He and Su Chen were really hurting both sides.

The prehistoric fairyland is now ruled by the Supreme Laozi, Yuanshi Tianzun, Tongtian, and the two sages of the West.

The saints have been relieved by the way of heaven. There is a ban on entering the prehistoric immortal world. The entire prehistoric immortal world is under the control of the five saints of Laozi.

Where is he?

Where is Su Chen?

A Taoist ancestor of the prehistoric immortal world.

An emperor of the prehistoric immortal world!

They are hiding in a small world in a space barrier. Here, one was forced to leave the ancient fairyland.

Hongjun and Su Chen were really connected by the same fate.

Keisha looked at the exchange between Su Chen and Hongjun in confusion. She did not expect that Su Chen would dare to exchange words with a saint. 120

One is the Emperor of Heaven in the former Immortal World? The other is the Taoist Patriarch of the Immortal World in the past?

Both of them have frighteningly high status, but after they both suffered losses, one could only hide in the space barrier of the small world, and the other was trapped. Forced to leave the ancient immortal world, Su Chen and Hongjun are really connected by fate.

No, doesn't this bastard also have a Xuantian realm?

This shameless bastard,

Su Chen is deceiving that Hongjun again.

Queen Kesha looked at Su Chen She clenched her fists tightly.

Su Chen was too insidious.

She felt that Su Chen deliberately said these things to resonate with Hongjun, so that Su Chen could confuse Hongjun.

If Hongjun found out that Su Chen had a powerful world Yu Yu, he might slap this shameless bastard to death with an angry palm.

Kesha felt that she should beware of Su Chen in the future, a sinister guy, no!

A sinister and lustful guy.

Kesha was taken advantage of by Su Chen just now, this The bastard is so shameless and lustful in times of danger. If she doesn't guard against this shameless bastard, she will help him count his money after being eaten by Su Chen.

"Emperor Su Chen, let's cooperate. You can command the various races in the prehistoric immortal world. I am responsible for convincing other saints that the ferocious beast realm is our common enemy. We can only cooperate to fight against the ferocious beast realm."

Chapter 2287

Hongjun finally decided to cooperate with Su Chen.

If the prehistoric fairyland was found by the Beast King Shenni, the prehistoric fairyland would either be destroyed or occupied by ferocious beasts.

By then,

Hongjun would be found even if he had been hiding in other small worlds. Instead of In this way, he might as well unite with Su Chen to fight against the ferocious beasts.

Su Chen can call on all races in the prehistoric fairyland and some powerful forces to fight against the ferocious beasts.

There are five saints in the prehistoric fairyland, plus his six saints. ,

Su Chen has two saints beside him, so there are eight saints. The prehistoric heaven is still a heaven of the eleventh level of the holy realm.

Even if the Beast Emperor Shenni is in the tenth level of the holy realm, they still have a high chance. Kill the Beast Emperor Shen Ni.

Su Chen breathed a sigh of relief when he heard Hongjun's words.

He finally fooled this old bastard.

Damn, I almost died here today.

When Yin Ji arrives tomorrow,

Su Chen won't worry about Hongjun, this old bastard. ,

However, if the saints from the Great Desolate Immortal World can be induced to deal with the Fierce Beast Realm, this might allow the Great Desolate Immortal Realm to start a war with the Fierce Beast Realm first.

If the Beast Emperor Shen Ni is not very powerful, then it would not be bad to unite with the Ancient Immortal Realm to destroy the Beast Emperor Shen Ni.

If the Beast Emperor was invincible,

Su Chen could immediately escape from this whirlpool.

Su Chen nodded and agreed,"Okay, but you have to convince the other saints in the ancient immortal world first. You should understand that those saints don't welcome you and me."

Hongjun nodded and reminded,

"Leave this to me. You have to bring the powerful races such as the Witch Ancestor and the Demon Clan back to the primitive world. There are countless ferocious beasts in the ferocious beast realm. The other races in the prehistoric fairyland are no match for the ferocious beasts."

Su Chen curled his lips and replied,

"I understand this. Soldiers will fight against soldiers against generals. If you saints can defeat the Beast King Shen Ni, I will order the army to destroy the other ferocious beast armies. Hongjun thought about it and said with a cold face,

"That's fine, Emperor Su Chen, in order to prevent you from deceiving me, I will leave a spatial mark on you. I don't believe in your character."

Su Chen said unceremoniously when he heard Hongjun's words,

"Old bastard, I don't believe in your character either. I will also leave a spatial mark on you."

"snort!"

Hongjun snorted coldly when he heard Su Chen's words. He waved his hand and left a spatial mark before disappearing in front of Su Chen.

"Old cunt!"

After Su Chen made Hongjun disappear, he gestured with his middle finger and cursed.

When Queen Kesha saw Hongjun (cidh) disappear, she hurriedly asked Su Chen,

"Su Chen, has Hongjun returned to the ancient immortal world?"

"if not?"

Queen Kesha asked Su Chen expectantly, "Can Hongjun let the saints from the ancient world of immortality come to save our world?"

Su Chen curled his lips and said speechlessly,

"Are you a dummy? Didn't you hear what I just said?"

"I....."

Queen Kesha was speechless for a moment.

Hongjun just wanted to prepare for a battle with the ferocious beasts in the ancient fairyland. No one would care about their world at all.

Queen Kesha also sat on the ground helplessly.

Hongjun didn't care about the life and death of their world at all. This bastard didn't care either.

For these big shots, a small world was destroyed when it was destroyed. They should have seen many. The small world was destroyed.

After Su Chen lay on the grass with his eyes closed and thought for a while, he sat up and shouted,

"Youxue!"

Youxue instantly appeared next to Su Chen and saluted,

"Owner!"

Su Chen ordered with a serious face,

"Youxue, immediately sent the Shadow Assassin back to inform Concubine Yan, so that our legion of gods can prepare for the war, and also ask Nuwa and the saints of Gaia to also prepare, a realm war is about to begin." (To read exciting novels, go to Feilu Novel Network!)

"Yes, master!"

Su Chen lay down again and closed his eyes.

He had to think carefully about the war with the ferocious beast realm in the future.

The super-god world will definitely not be able to fight a war.

This world is too fragile.

The battle between Golden Immortal or Taiyi Golden Immortal will be difficult. Able to destroy this world, the prehistoric fairy world, even if war breaks out, it can only be carried out in the prehistoric fairy world. The Beast Emperor Shen Ni is a key person.

As long as the Beast Emperor Shen Ni is killed, there will be four ferocious beasts left in the ferocious beast realm. It was nothing to worry about. The realm of ferocious beasts could also be trampled by his army of gods.

Kesha looked at Su Chen lying on the grass and asked, "Su Chen, have you given up on our world?"

"good!"

Su Chen replied without opening his eyes.

He was not in the mood to talk to Kesha right now.

If the realm war started, he would have many things to think about.

A wrong decision by Su Chen would cost tens of millions or even hundreds of millions of people. Legionnaires suffered casualties.

Kesha pushed Suchen and asked loudly, "Why? Why can't you save our world? With your abilities, you should be able to save our world, why don't you?"

Su Chen quickly hugged Kesha and let her lie on his chest.

"Keisha, do you think I can save your world? This is just a small world. When my army of gods arrives, if you don't do anything, your world will be shattered and destroyed by the powerful aura."

"Your world is too fragile. As long as a golden immortal fights with all his strength, your world will be unable to withstand destruction. How can I save your world?"

"I....."

Queen Keisha did not expect that things would be like this. Their world was not even qualified to become a battlefield.

How fragile?

If a Golden Immortal explodes with all its strength, their world will not be able to bear it.

No wonder Su Chen has never wanted to save their world.

This is not a failure to save, but an inability to save.

Suddenly,

Kesha thought that she was still lying on Su Chen's chest, and she was about to struggle immediately, but Su Chen held Kesha tightly, and Kesha struggled hard to no avail.

Kesha glared at Suchen and shouted,

"Let me go!"

Su Chen hugged Kesha tightly and said, "Let me take a rest. I have a lot to think about now, and my head is starting to hurt."

"shameless!"

Queen Kesha was helpless towards Su Chen.

She couldn't get away unless this bastard let go.

She looked at Su Chen with his eyes closed and his brows furrowed as he thought about something. Queen Kesha just let this bastard hold her.

However, this If the bastard dared to touch her, Queen Kesha immediately used her silver wings to chop the shameless bastard.

In Sky Blade No. 7, the angels of the Seventh Angel Legion were all stunned. Their queen was actually lying on the ground. On Su Chen's chest? All the angels in the Angel Legion were so dumbfounded that they didn't dare to say anything.

Angel Linglong rubbed her eyes and whispered,

"What exactly is going on? Why is Queen Kesha lying on Suchen's chest?"

Chapter 2288

In the valley of Yellowstone City, there was silence all around.

On the grass in the valley,

Su Chen was lying on the grass holding Queen Kesha, and Tianren No. 7 was floating in the air.

An hour later, many battleships appeared in the sky above Huangshi City, including Taotie's battleships, Super Seminary's battleships, and even Demon No. 1 appeared above Huangshi City.

After Hongjun left Huangshi City, the space barrier here It has been lifted, and various forces on the earth looking for the source of the vibration have discovered something strange about Yellowstone City.

In Tianren No. 7, a high-level angel asked the angel Linglong,

"The Legion Commander, Taotie, Demon, and the battleships from the Super Seminary have all appeared in Yellowstone City. Do we want to stop them?"

"No, I will inform Queen Keisha!"

Angel Linglong looked at the many warships arriving in Huangshi City. She shook her head and refused.

At the "670" meeting of the Theocratic Council, all the main gods announced alliances. Angel Linglong did not want to prevent the arrival of other forces at this time. It took more than an hour. Now,

Angel Linglong also wants to remind Queen Keisha,

"Queen, the fleets of other main gods have arrived!"

Queen Kesha suddenly opened her eyes when she heard Angel Linglong's reminder. She had forgotten that Angel No. 7 was in the sky. It was over this time.

Queen Kesha was being held by Su Chen and lying on the grass. She was even lying on this All the angels in Sky Blade No. 7 should have noticed the shameless bastard's chest.

Damn you bastard!

Queen Kesha glared at Su Chen angrily and yelled,

"Su Chen, you bastard, let go of me quickly, the fleets of other main gods are coming."

Su Chen also opened his eyes at this time.

He looked around Huangshi City and let go of Kesha.

These cannon foddors arrived at the wrong time. Before

Su Chen had time to kiss Kesha, these cannon foddors all arrived.

Su Chen stood up and looked at the space barrier.

The space barrier was originally broken by Hongjun, but when Hongjun left, he casually arranged a space barrier. It was impossible for him to open this space channel, and the cannon fodder arrived. I can only watch but cannot enter.

"Leave, there is nothing to check here, a space barrier sealed by a saint, these cannon fodder cannot break it"

"good!"

Su Chen and Kesha had just left the space barrier, and warships appeared in the sky above the valley.

Tianren No. 7 also quickly returned to space while turning invisible.

The angels had no intention of participating in checking the space barrier. Kaisha After Queen Sha and Su Chen arrived, they ordered them to return to space. Angels would not disobey Queen Kesha's orders.

In Sky Blade No. 7,

Su Chen sat in a chair and was silent for a while before standing up and saying,

"Keisha, I want to go to the beast realm."

Kesha shouted in surprise when she heard Su Chen's words, "What? Do you want to die? Is the realm of ferocious beasts something you can go to?"

Su Chen waved his hand and explained,

"I just went to check the situation in the ferocious beast realm. Don't worry, I'm just checking the situation outside the space crack. I won't go deep into the ferocious beast realm."

"You can die if you want. Our world will be over anyway. Maybe I will die in the hands of a vicious beast in the future."

"Goodbye!"

Su Chen waved his hand and disappeared into Tianren No. 7.

He wanted to check the beast realm, to be precise, he wanted to check the space passage.

Su Chen wanted to try to see if he could move the space passage.

If the space passage If he can move it, he can connect the space passage of the ferocious beast realm with the space passage of the prehistoric fairy world. In this way, the ferocious beasts of the ferocious beast realm cannot come to the super god world, and even if a realm war breaks out, it will not be affected. To the super god world

"This bastard!"

Queen Kesha was very angry when she saw Su Chen disappear. She didn't expect that Su Chen really went to the realm of ferocious beasts. (To read Baoshuang novels, go to Feilu Novel Network!)

Kesha didn't know if Su Chen could Through the space rift, they reach the dangerous beast realm.

But the beast realm is extremely dangerous.

If something happens to that bastard in the beast realm, their world may end early.

At this time, the Taotie Fleet and the Super The seminary's fleet began to bombard the space barrier. After a burst of bombardment, the entire valley was completely destroyed, but there was no trace of the space barrier being broken.

In Taotie's command ship,

Commander Taotie told Karl : ,

"Oh my God, the blue light can't be broken at all, and the Star Destroyer Cannon didn't even break a trace."

When Carl heard what Commander Taotie said, he was very excited.

Blue light barrier?

Even the Star Destroyer Cannon of Taotie's flagship cannot be destroyed. This must be the relics of Pangu civilization.

"Pangu civilization? There should be the remains of Pangu civilization. Commander Taotie, there is no need to bombard anymore. I will go over and check it out myself."

"Yes, my God!"

Dukao and several elders were very happy at this moment. They also felt that the blue light was the Pangu civilization. This should be the relics left by the Pangu civilization on the earth....

An old man shouted excitedly,

"Dukao, please inform Elder Sanchez that the Pangu civilization has been found, but we cannot break into it."

"Yes, Sixth Elder!"

Dukao was also very happy. After the Pangu civilization on the earth was found, his life was guaranteed, and the pressure of thousands of years disappeared from him.

In Devil No. 1, a devil faced a body next to him. The tall devil asked,

"Atto, shall we inform the Queen?"

Atuo shook his head and refused,

"No, the Queen just asked us to check the situation on Earth, and also ordered us not to take any action. The angels didn't show up, so we don't need to notify the Queen."

"Then we can only watch from the sidelines?"

"Without the Queen's order, we cannot take any action. Don't you understand?"

"Understand, understand, without the Queen's order, we can only act."

In the Black Great Wall, people like Sun Wukong and Liu Chuang also discovered the strangeness of Huangshi City, but Huangshi City was surrounded by countless alien warships, and it was impossible for them to check even if they wanted to.

Xin Zhao looked at the screen. The battleship from the seminary was surprised and said,

"Oh dear, there is actually a battleship army in the academy. There are hundreds of battleships, right? 4.1"

Liu Chuang said with a serious face,

"Over Huangshi City, Taotie's fleet has more than 300 warships, and the academy has more than 100 warships. The academy is so powerful, why didn't it come to rescue the earth in the first place?"

Sun Wukong shook his head and explained,

"The academy has evil intentions against the earth, and the war on the earth is still to train you. The power of the galaxy has not been turned on the angel gene, nor has the angel technology been obtained. The power of the galaxy has been abolished, and the academy should not want to hide its plot against the earth."

In the Prehistoric Immortal World,

Hongjun was discovered by other saints when he appeared in the Prehistoric Immortal World.

In Zixiao Palace,

Hongjun waited expressionlessly for the arrival of other saints. The appearance of the ferocious beast realm, the appearance of the Beast King Shen Ni, Hongjun believes that saints like me will not attack him again

"Hongjun, I thought you would continue to hide, and your appearance this time would be your death."

Chapter 2289

In Zixiao Palace,

Tongtian suddenly appeared here.

He looked at Hongjun sitting on the futon and showed endless hatred.

This teacher, this old cunt who ruined his teachings,

Tongtian has never been so cruel to anyone.

Hongjun waved his hand and said, "Tongtian, come and sit down. Other saints should be arriving soon.""

"Hongjun, what kind of conspiracy do you have?"

Tongtian sat aside and wanted to see what conspiracy Hongjun was going to play. His cultivation level was stronger than Hongjun's. It was impossible for Hongjun to escape this time.

"You'll understand in a moment!"

"snort!"

After a while,

I, Yuanshi, and the two Western Saints arrived one after another.

After they arrived, they all sat on the futon.

Hongjun unexpectedly appeared on his own initiative.

They saints were not in a hurry and killed Hongjun immediately. They wanted to see Hongjun. What was the purpose of showing up this time?

When Hongjun saw all the saints arriving, he opened his eyes and said,

"Now that everyone is here, we will announce something later.

Yuan Shi mocked with disdain, "Hongjun, what are you going to announce?"

Hongjun didn't pay attention to Yuan Shi's ridicule.

His current cultivation level is not as good as these saints. The creatures in the ancient immortal world are respected by strength. Without strength, he is a scum.

"A catastrophe is coming to the Great Immortal Realm. The Fierce Beast Realm will discover the Prehistoric Immortal Realm in about two years, and the Realm War will break out in about two years. This time, the Fierce Beast Realm is very powerful."

I asked with a vigilant look, "The realm of ferocious beasts? What realm is this?"

"Do you still remember the Beast King and Shenni?"

Jie Yin exclaimed when he heard Hongjun's words,

"What? The Beast King is rebellious? How can this be? The Beast Emperor Shen Ni has been killed by countless members. How could the Beast Emperor Shen Ni still be alive?"

The other saints all looked surprised.

The Beast King is a rebel?

He is a super strong man who established the Beast Dynasty in the Great Desolate Immortal World. He even almost unified the Great Desolate Immortal World. The first great disaster in the Prehistoric Immortal World was the crusade of all races. Ferocious beasts.

The Beast Emperor Shen Ni once fought against the powerful chaos demons such as Hongjun, Luohu, Yangmei, Qiankun, Yinyang, and even some powerful prehistoric races such as the Dragon Clan, Phoenix Clan, and Qilin Clan.

This was also a battle that lasted for thousands of years. He just killed the Beast Emperor Shen Ni, and the Beast Emperor Shen Ni is very powerful.

If the ferocious beast realm is really the realm of the Beast Emperor Shen Ni, then the prehistoric fairyland will be in big trouble.

The Beast King Shen Ni is definitely He will come to the Primordial Immortal Realm to take revenge, and may even destroy the entire Primordial Immortal Realm.

Hongjun looked at Lao Tzu and the others, shook his head and explained,

"You all thought wrong. Our Chaos Demon God was born in Chaos. As long as a trace of the Chaos Demon God's soul is not destroyed, the Chaos Demon God can revive again. The Beast Emperor Shen Ni should have escaped with a trace of his soul, otherwise he would not have been able to. Reviving again."

Tongtian asked hurriedly with a serious face, "Hongjun, what is the realm of the Beast Emperor and Shenni? Hongjun touched his beard and replied,

"It is at least the tenth level of the Holy Realm. Don't forget that the Beast Emperor Shen Ni has dozens of hidden elements that are recovering. His cultivation level must be about the same as my previous level."

Saints like me and Yuanshi were silent.

The revival of the Beast Emperor and the Divine Rebellion will definitely bring a huge crisis to the Great Desolate Immortal World. What's more, Hongjun said that the Beast Emperor and the Divine Rebellion will come to the Great Desolate Immortal World in less than two years.

In the realm of ferocious beasts, there is going to be a realm war in about two years.

It's just the powerful Beast Emperor Divine Rebellion, or even the powerful ferocious beast realm. How can the prehistoric fairyland stop it? In the tenth level of the Holy Realm, the Beast Emperor Divine Rebellion It was so powerful that they could not resist.

Hongjun stood up and said seriously,

"Everyone, I have met with Emperor Su Chen. In the war in the beast realm, Emperor Su Chen is willing to fight with us against the beasts."

"There are six of us saints in the Primordial Immortal Realm, and there are two saints beside Su Chen. With the eight of us saints plus the Primordial Heavenly Dao, this war in the Ferocious Beast Realm may not necessarily fail."

When Yuan Shi heard Hongjun talking about Su Chen, he sneered and said,

"Hey, Hongjun, you are wrong. There are at least four saints around Emperor Su Chen. Some time ago, in the wild realm, two strange saints appeared next to Emperor Su Chen. They were even the fifth and sixth saints in the holy realm. Chongtian."

Hongjun was confused when he heard Yuan Shi's words. (To read Baoshuang novels, go to Feilu Novel Network!)

There are four saints around Su Chen?

Nuwa and Gaia, aren't these two saints?

Su Why are there other saints around Chen?

"How can this be? How could Su Chen cultivate another saint in such a short period of time? Yuan

Shi shook his head and mocked again,

"Hongjun, you are wrong again. Su Chen not only has two more saints around him, he even has a realm."

"Xuantian Realm, this is a realm controlled by Su Chen. Although I don't know whether Xuantian Realm is powerful, there are four saints around Su Chen, which makes us have to be careful when facing Su Chen."

When Yuan Shi met Su Chen in the wild realm, although he had just escaped from the realm of heaven, he could clearly see the saints around Su Chen,

Gaia!

There were also two named Yin Ji Like Leng Yue's female saint, the lowest realm of those saints is the same as his, and two of them are even more powerful than his. If

Yuan Shi hadn't fled in a hurry, he would not have been killed by the Chaos Demon God. The saints around Su Chen were also Will kill him.

Hongjun's face turned gloomy at this moment.

Damn it, he was still deceived by Su Chen.

That bastard was so insidious and shameless.

In order to confuse himself,

Su Chen didn't expose other saints, and even The Xuantian Realm has not been exposed. In this way, Su Chen's appearance in that small world is also a conspiracy.

Hongjun wanted to kill Su Chen immediately, but when he thought about it, it was too late now.

Su (Nuo Li) Zhao Chen did not leave that small world. Nuwa and other saints may have been protecting Su Chen.

Tongtian stood up and said with a gloomy face,

"We must persuade Su Chen to help the Great Desolate Immortal Realm. There are at least four saints around Su Chen, which is a huge help to us in the Great Desolate Immortal Realm. Facing the ferocious beast realm and the powerful Beast King Divine Rebellion, how can we People are no match at all."

I shook my head and said,

"It's difficult. Su Chen has his own realm, and it's impossible for him to risk helping the prehistoric fairy world fight against the ferocious beast realm."

Zhunti reminded helplessly,

"Interests, as long as we show the greatest sincerity, I believe Su Chen will agree to help the prehistoric fairy world."

I nodded and agreed, "Then let's discuss some benefits first. Without Su Chen's help, there would be no chance of winning in the Ancient Immortal Realm."

"Can!"

"That's all"

Chapter 2290

Super God World, the space boundary of the ferocious beast realm.

Su Chen appeared here at this moment.

It has been more than a day.

Su Chen has not found out how to enter the realm of ferocious beasts. Some space cracks cannot be passed at all. If he forcefully passes through some space cracks, the violent space turbulence will tear him into pieces. pieces

"Suchen!"

At this time, a woman suddenly appeared next to Su Chen. When

Su Chen saw the woman, she waved her hands and said, "Yin Ji, you are here."

Su Chen looked at Yin Ji's white dress, her proud and erect figure, her pretty face, her delicate red lips, and her waist of water snakes. Yin Ji was getting more and more beautiful. Yin Ji came to Su Chen stood next to him and said with a smile,

"Well, I just arrived, Su Chen, is this the space channel barrier of the beast realm?"

Su Chen nodded and replied,

"Yes, I plan to take a look in the beast realm, but these space cracks cannot be passed through at all. It seems that this is a one-way space passage."

Yin Ji checked the space cracks and guessed with her eyebrows raised,

"Su Chen, you can't say that. The space channel has not been completely opened. Is it one-way? We can only know after waiting for the space channel to be fully opened."

"That's right!"

Su Chen hugged Yin Ji's waist and kissed her and asked,

"Beauty, we haven't seen each other for a long time. Do you miss me?"

Yinji Bai Suchen hugged and kissed her and was very speechless.

She had known for a long time that one day, this bastard would have evil intentions towards those female saints. Needless to say, Nuwa and Gaia were gentle, elegant and purple. They were all secretly harmed by this bastard.

Yin Ji leaned in Su Chen's arms, she rolled her eyes at this shameless pervert and said,

"I miss you? What do I want you to do? You are just a shameless pervert, don't think that I know about you and Ziyun."

Su Chen touched Yin Ji's delicate little face and said with a smile,

"Yinji, are you jealous? You and I met first, and Ziyun became my woman before you. Are you feeling very depressed?"

Yin Ji opened Su Chen's hand and said angrily,

"You are so shameless. Ziyun has been hiding her relationship with you. If I hadn't found out that Ziyun had lost her virginity, I wouldn't have known that you had secretly taken the gentle Ziyun."

"We are in love, just like you. You wanted to kill me before, but now you have become my quasi-woman, right?"

"I.....I'm too lazy to talk to you"

"Ha ha....."

Su Chen hugged Yin Ji's soft waist and laughed,

Yin Ji!

How could this beautiful and powerful female saint Su Chen give up? There are also several powerful, beautiful and glamorous female saints such as Leng Shuang (Leng Shuang, not Leng Yue, I was mistaken earlier), Dark Moon, Luluo, and Lingxi.

Su Chen was also determined to win them.

Since these beautiful and glamorous female saints have followed him, they will follow him for the rest of their lives, and even their bodies and hearts will belong to him.

Yin Ji asked Su Chen seriously,

"Su Chen, are you really planning to launch a realm war against the ferocious beast realm? The information Youxue sent us said that the ferocious beast realm is very powerful. Can our Xuantian realm win this realm war?"

Yin Ji, Nuwa and other saints are not in favor of launching a realm war.

The situation in the ferocious beast realm is unclear, and they don't even know how powerful the beast emperor is. Putting the Xuantian realm into crisis.

Su Chen shook his head and explained,

"Yin Ji, I will let the Great Desolate Immortal Realm take the lead in this war in the Ferocious Beast Realm. The cultivation level of the Beast Emperor Shenni is unknown. Before we understand the strength of the Ferocious Beast Realm, our Xuantian Realm will not join rashly. Realm war."

Yin Ji nodded when she heard Su Chen's words.

It's not a bad idea for Su Chen to make such an arrangement, letting the Great Desolate Immortal World take the lead. (To read Baoshuang novels, go to Feilu Novel Network!)

If the beast realm is very powerful, Xuanhuang Immortal Realm will take the lead. The Heaven Realm can also avoid war with the Ferocious Beast Realm. If the Ferocious Beast Realm is not too powerful, the Xuantian Realm can also participate in the war and take a share of the pie.

"Well, as long as you have a sense of proportion in your mind, the various combat legions in the Xuantian Realm are already preparing for war. Ziyun and An Yue have also left the border in advance, and the Xuantian Realm can then launch a realm war. Su

Chen nodded and pointed at the space passage and asked, "Well, Yin Ji, can this space passage be moved?"

"Do you want to move this space channel?"

Su Chen rubbed his forehead and said,

"Yes, this small world is too fragile. If powerful beasts from the beast realm arrive, this small world may collapse."

"Moreover, this small world cannot be used as a battlefield for war. I want to connect this space channel with the space channel of the prehistoric fairyland, so that the boundary war will not affect this small world."

Yin Ji didn't expect that Su Chen wanted to save this small world.

If a small world is destroyed, just destroy it. Why save a useless small world?

She couldn't understand why Su Chen would do this. Su Chen was not a soft-hearted person..

In the Realm of Darkness,

Su Chen destroyed the entire Realm of Darkness. Countless creatures can be said to have been killed by Su Chen.

Yin Ji guessed that there should be someone Su Chen cares about in this small world, and it must be someone. Beautiful woman, otherwise Su Chen would not be able to save a dispensable little world.

Yin Ji thought about it and rolled her eyes at Su Chen and said, "It is very difficult to move the space channel, but if a few saints take action together, this The space channel should be movable."

Su Chen heard Yin Ji say that the space channel could be moved, which gave him an idea. It would be better if the super god world could not be destroyed, even if it was for the sake of beautiful women like Angel Yan and Lian Feng. Angel Yan and those women repay themselves.

A few saints can move this space channel, so there are six saints in the prehistoric immortal world.

This should be more than enough.

"As long as I can move, let the saints from the ancient world take care of this. Hongjun should know my current identity. That old bastard will definitely scold me for deceiving him."

"However, if the prehistoric immortal world has to deal with the invasion of the ferocious beast realm, the saints of the prehistoric immortal world will definitely come to me to beg me. At that time, this space channel will allow the saints of the prehistoric immortal world to move the four directions."
