Chapter 2921

Maximus's hands were trembling.

He was frightened by what Selena said.

Maximus knew that this war would be very huge, but facing five million troops and facing a huge war scene, It's strange that he wasn't nervous.

Selena held her hands tightly and said,

"Yes, we are about to face an attack by five million troops. I was very shocked when I heard it before."

"But there is no way, we cannot avoid war. This time is not the war of the Emperor of the People. If it is the war of the Emperor of the People, I guess tens of millions of troops will participate in the war.

Maximus took a sip of wine and asked,"Where is Su Chen?" Didn't he send back any news? Selena shook her head and said,

"No, Su Chen is still contacting the immortals in the ancient world. It has been almost a year. Su Chen should be back soon."

Maxim stood up with a serious face and said,

"Selina, we have to face this war alone, and we cannot ask Su Chen to help us in everything. The weapon preparations left by Su Chen are not enough for us to arm millions of troops. Yu, with sophisticated weapons and armor, we will not lose when facing the Great Yan Tribe."

"That's right. Bai Yuekui has summoned the Black Armor Legion. If the enemy sends out cultivators, the Black Armor Legion will be dispatched. Alice, Wenina, Mu Ningxue, and Natasha will also arrive in a few days."

"Selena, is it okay to leave Laura alone in the Black Bird Tribe?"

"No problem, Mark, don't forget Luo Nu. Luo Nu is also in the Black Bird Tribe. Laura and Luo Nu will stabilize our rear."

"That's good. I'm looking forward to the unprecedented battle ten days later. If we defeat the Dayan Tribe, the Hengdun Mountains of the human race will belong to the Xuanniao Tribe. The Xuanniao Tribe will be able to fight against the Human Emperor Xuanyuan in the future."

Maxim and Selina talked for a while, and they all left the tent to deploy their troops.

This war was a huge crisis, and it was also a war for the rise of the Black Bird Tribe.

The Great Yan Tribe of the former Human Emperor was the only There is a Xiong Tribe in Xuanyuan. If the Black Bird Tribe defeats and annexes the Dayan Tribe, the Black Bird Tribe will soar into the sky. In the future Human-Emperor War, the Black Bird Tribe will have the qualifications and strength to participate, and the human race will have a three-legged situation in the future.

Five Queen of Heaven,

Xuannio Tribe,

Su Chen was sent back to the Xuannio Tribe by the Nuwa Empress. No, he should have been kicked back to the Xuannio Tribe by the Nuwa Empress.

"Arrogant woman!"

In the Xuanniao tribe,

Su Chen touched his buttocks and was very speechless. He didn't expect to anger Empress Nuwa.

In the Wa palace,

Su Chen and Empress Nuwa got tired of each other for a few days, and

Empress Nuwa couldn't stand him.

Su Chen enjoyed Empress Nuwa's tenderness and passion.

However, when Su Chen asked Shanshi Fengxi to accompany him, Empress Nuwa kicked him out of the Wa Palace in shame.

"See the patriarch!"

"See the patriarch!"

"See the patriarch!"

In the Xuannio tribe, the troops on guard duty saw Su Chen appear, and all the soldiers saluted Su Chen.

Su Chen has not been in the tribe for more than a year, but the soldiers in the tribe all know Su Chen. After all, there is a huge statue of Su Chen in the tribe.

Su Chen waved to the surrounding tribe soldiers.

The soldiers of the Black Bird Tribe were very good.

Although they were not as good as his Black Armor Legion, the soldiers of the Black Bird Tribe wore the armor of the Black Armor Legion and held the weapons of the Black Armor Legion. Weapons, the soldiers of the Black Bird Tribe are also the most powerful beings among all human tribes.

In the palace,

Laura and Luo Nu were talking.

They suddenly heard cheers from the tribe.

Is Suchen back?

Laura and Luo Nu stood up to welcome Suchen's return.

At this time,

Su Chen suddenly appeared in the hall and hugged Laura.

"Laura, do you miss me?"

Laura said hurriedly in shame, "Su Chen, let me go quickly, there are others next to me."

Laura also misses Su Chen very much, but Luo Nu is still there.

She doesn't want other people to watch Su Chen making out with her.

"This is?"

Su Chen was very surprised when he saw Luo Nu.

She was a very beautiful and sexy beauty, with a unique and wild temperament that was very attractive.

Laura introduced Su Chen with a smile,

"Su Chen, this is Luo Nu, the leader of the Xiling tribe. The Xiling tribe and our Xuannio tribe have merged. Luo Nu is now the elder of our Xuannio tribe."

"Hello, snail girl"

"Luo Nu has met the clan leader."

Luo Nu was very surprised when she looked at Su Chen.

Su Chen was very young and a cultivator of the Tribulation Realm.

Alice and the girls were right. Su Chen was very handsome and had a very noble temperament.

Luo Nu thought of the statue of Su Chen in the Black Bird Tribe.

Su Chen and the statue were exactly the same. She had previously thought that the statue was what Su Chen looked like when he was young.

Luo Nu's heart beat violently.

Marriage?

She thought of Wenina and What Alice and the girls said made Luo Nu look forward to her marriage with Su Chen.

Su Chen nodded to Luo Nu and said, "No need to be polite."

Luo Nu?

Luo Nu can't be Luo Ancestor, right?

Su Chen guessed that Luo Nu should be Luo Ancestor or Xuanyuan's wife.

However, how could Luo Nu's tribe merge with the Xuandiao tribe? Didn't Luo Nu have any of these 127 periods? Do you know Xuanyuan?

After Luo pulled Su Chen to sit down, she hurriedly said to Su Chen,

"Su Chen, the war will break out in a few days. The Dayan tribe has launched a war against our Xuanniao tribe. Five million tribal coalition forces are going to attack our Xuanniao tribe. On the Qingfeng Plain....."

Su Chen was very surprised when he heard Laura's story.

The Dayan Tribe launched a war against the Black Bird Tribe? Dayan tribe or the tribe of the previous Emperor Shen Nong?

How is this going?

Why did Shennong's tribe launch a war against his Xuanniao tribe?

Su Chen asked in confusion, "Laura, why did the Great Yan Tribe launch a war against our Black Bird Tribe?"

Laura poured a cup of tea for Su Chen and explained,

"Su Chen, it was because of the Xiong Tribe in Xuanyuan. Qilin found out that the Xiong Tribe sent envoys to the Dayan Tribe."

"Just a few days later, the Dayan tribe gathered its troops to launch a war against us. We guessed that Xuanyuan ordered the Dayan tribe to launch a war against our Xuanniao tribe."

Su Chen frowned and couldn't understand.

The Human-Emperor War will break out in a few years.

Doesn't Xuanyuan want to unite the human tribes to prepare for the war? Why did Xuanyuan let his powerful ally Dayan Tribe attack his Black Bird Tribe at this time?

Luo Nu Blushing shyly, he said, "Chief, I think I know the reason."

Chapter 2922

Luo Nu heard from Mu Ningxue that the Great Yan Tribe was going to attack the Black Bird Tribe. Later, according to the news sent back by Qilin, she guessed why Xuanyuan asked the Great Yan Tribe to attack the Black Bird Tribe.

Everything may be because of her.

Luo Nu had heard that Xuanyuan wanted to marry her before.

She was called a goddess in the human race and had a high reputation in various human tribes. Xuanyuan wanted to ally all the human tribes. Luo Nu guessed that Xuanyuan would marry her~ She also has a purpose.

Laura asked Luo Nu, "Luo Nu, you won't say it's because of you - right?"

Luo Nu explained with a blush,

"Yes, there were rumors that Xuanyuan wanted to marry me a few years ago. The Xiling tribe and the Xuanniao tribe merged, and Su Chen and I would get married. Xuanyuan might have become angry and wanted to destroy the Xuanniao tribe."

Su Chen touched his chin and nodded.

He also understood that if Luo Nu was the ancestor of Luo,

Xuanyuan would not miss Luo Nu.

Luo Nu invented silkworm rearing and also invented silk-woven clothing.

Luo Nu was one of the most important human beings. The reputation should be very high, and Luo Nu is also a sexy and attractive beauty. If

Xuanyuan marries Luo Nu, the wavering tribe in the world will definitely support Xuanyuan. Xuanyuan wants to kill two birds with one stone.

Su Chen She sent a message to Laura and asked,"Laura, Luo Nu wants to marry me."

Laura smiled and sent a message to Su Chen,"Yes, Su Chen, this is a decision made by the two of us. She is very beautiful. You want to get another beautiful woman. However, Luo Nu does not agree. She wants to meet you before making a decision.】

【Did you sell me for the Xiling tribe?】

【Tsk, Su Chen, if you don't want to, we will persuade you to cancel your marriage with Luo Nu.】

【Ahem, Laura, I was just kidding.】

【You are so shameless. 】

Laura was speechless about Suchen, a shameless pervert.

If they couldn't deal with this bastard, how could they help this bastard find a woman?

Su Chen touched his nose and asked Luo Nu,"Luo Nu, are you willing to marry me?"

"I.....I do."

Luo Nu shyly nodded in agreement.

She had a very good impression of Su Chen.

Regardless of his cultivation level or his appearance and temperament, Su Chen was the most handsome and noble man she had ever seen.

Besides,

Luo Nu lived in the Xuannio Tribe. After a few months, her Xiling tribe members, and even the human tribes of other tribes, will think that she has been married to Su Chen, and it is impossible for Luo Nu to marry anyone else except Su Chen.

"Luo girl, you will be my wife from now on."

Su Chen stepped forward and hugged Luo Nu.

Human Emperor Xuanyuan's future wife is now his.

If Xuanyuan dares to launch a war against his Black Bird tribe, Su Chen will snatch all of Xuanyuan's wives.

By the way, there are also Jiutian Xuannv,

Damn, Su Chen never met Jiutian Xuannv in the two ancient and ancient fairy worlds he passed through. Could it be that Jiutian Xuannv fell during the Three Sovereigns and Five Emperors period?

Is Jiutian Xuannv a subordinate of the Queen Mother of the West?

Or a subordinate of the Queen Mother?

Su Chen plans to Ask clearly, whether Jiutian Xuannv is a subordinate of the Queen Mother of the West or a subordinate of the Queen Mother, Su Chen will not help Xuanyuan anymore. The Human Emperor Xuanyuan should let him have sex.

"Husband!"

Luo Nu shyly leaned into Su Chen's arms.

She finally had a man.

Yes, being held by a man felt very comfortable.

Luo Nu understood why her tribe members were in pairs and why she was with her beloved. We will be full of smiles together.

Laura asked speechlessly, "Su Chen, are you going to the war in Qingfeng Plain?"

After Su Chen kissed the shy Luo girl, he said to Laura,

"No, it doesn't matter whether I go or not."

"The army of the Black Bird Tribe is well-equipped with weapons and equipment. Although the Dayan Tribe and other tribal alliances have an army of five million, they are all a mob."

"The Roman army trained by Maximus, our army will surprise the armies of the tribal alliance."

Su Chen has no intention of going to the Qingfeng Plain to participate in the war. He believes in Maxim and Selina.

This war can also be regarded as a test.

If Maximus and the others defeat the Great Yan Tribe Alliance army, the people in the future will
During the Imperial War,

Su Chen felt more at ease with them.

If the war failed, they would have no chance of winning in the face of an even larger war for the Imperial Emperor.

"That's right."

Laura nodded to Su Chen.

The Black Bird Tribe has outstanding generals and well-equipped troops. If they can't win the war in Qingfeng Plain, they will also lose completely in the future Human-Emperor War.

"It's getting late, so we go to rest."

Su Chen hugged Luo Nu and Laura and disappeared into the hall in an instant.

There were two sexy and beautiful beauties beside him. Su Chen no longer thought about other things.

The war was commanded by Maxim and several people, and the Black Bird tribe was temporarily Nothing would happen for a while.

As for the immortal, that girl Su Yan helped him do it.

Su Chen could just enjoy the beauty and win.

After a night of stormy wind, rain, flowers, snow and moon, the next morning,

Su Chen walked out of the room in a comfortable state of mind and body. , as for Luo Nu and Laura, they may not get up until noon.

Huh?

Two immortal cultivators in the Tribulation Realm?

Su Chen had just arrived in the hall, and he suddenly sensed the arrival of two immortal cultivators from the Black Bird Tribe.

Su Chen touched He held his chin in thought,

"Interesting, who are the two evil cultivators? What do they want to do when they come to the Black Bird Tribe?"

At this moment, two men in black robes sneaked into the Xuanniao tribe. They carefully checked the surrounding situation.

"Tiansi, why are we sneaking around? Even if there are immortal cultivators in the Xuanniao Tribe, we shouldn't be afraid."

"Morris, you know what the heck, we are going to secretly take the snail girl away this time. If Xuanyuan has the snail girl, other human tribes will support Xuanyuan, and our destiny mission will be completed more smoothly."

"Can't we just kidnap the snail girl?"

"It's different, Maurice, Luo Nu may have a close affinity with the leader of the Xuanniao tribe. If we kidnap Luo Nu openly, other tribes will definitely think that Xuanyuan abducted Luo Nu. The nature is different, and those tribes will not support Xuanyuan"

"Oh, that's it, Tiansi, I understand, we will secretly kidnap the snail girl."

In the main hall,

Su Chen heard the conversation between the two men in black robes.

He understood that the two men in black robes who were in the Tribulation Realm were members of a hostile group. They came this time to kidnap Luo Nu.

Su Chen checked The two men in black robes whispered, "Hostile team? Xuanyuan? Did Xuanyuan order the hostile team to kidnap Luo Nu? The arrival of the hostile team is two people? Or has a squad of five arrived?"

Chapter 2923

Su Chen waved his hand and set up a space formation.

He trapped the two members of the hostile team first.

If there were still people in the hostile team hiding around the Xuanniao tribe, Su Chen would kill them all.

"what happened? Maurice, why do we keep going back and forth here? Is there a formation here?"

"It should be a formation. Let's quickly find a way to break this formation."

"I don't understand the formation. Do you want to try attacking the formation?"

"No, there are immortal cultivators in the Xuanniao tribe. Although their strength is not as good as ours, the immortal cultivators in the ancient immortal world all know the formation. If we are trapped by the immortal cultivators and face the attacks of many immortal cultivators, we may die. In the black bird tribe"

"Maurice, please quickly find a way to break the formation. We can't stay in the Black Bird Tribe for too long."

"Okay, I will break the formation as soon as possible."

After the two members of the hostile team "910" discovered that they were trapped in the formation, their ugly faces showed panic expressions.

If they did not break the formation quickly, they might be attacked by the immortal cultivators of the Black Bird Tribe., and may also die in the Black Bird Tribe.

Heavenly Court,

Pantaoyuan,

Su Yan looked at the image in front of him and was very confused,

Xuanniao Tribe?

How come the human race has the Black Bird Tribe?

Su Yan thought about it and waved her hand again, and the image on the Qingfeng Plain appeared in front of her.

"Venina? How can it be? How could Venina appear in the prehistoric fairy world? Is the Black Bird Tribe the tribe founded by Venina?"

Su Yan was shocked when he suddenly saw Wenina.

Wenina is from a small world and is her father's woman.

How could Wenina appear in the ancient fairyland? Could it be that her father was also in the ancient fairyland at this time?

Su Yan Yan feels that she has discovered a big secret.

She guesses that her father should also be in the prehistoric fairyland during this period, otherwise Winina would not be able to appear in the prehistoric fairyland.

"Dad, are you really in the prehistoric fairyland at this time?"

Su Yan rubbed his chin and thought.

If Su Chen was also in the prehistoric fairyland at this time, Su Yan guessed that his father would have discovered her existence long ago.

After all, Su Yan had made a big fuss on Jiejiao Jin'ao Island and was still making trouble in the prehistoric heaven. There was a big commotion, no, the Queen Mother and Xihe's aunts, did they know that her father was in the ancient immortal world?

Or did they not know?

Xihe?

Xihe is very weird.

Logically speaking, Xihe cannot be revived.

Could it be him? Father helped Xihe recover early? So Xihe's aunt has met her father

"That's interesting. Dad wants to give himself a surprise? Or do you want to give yourself a scare?"

Su Yan doesn't intend to expose Xi He, she wants to see what her father is going to do in the ancient world.

Whether it's a surprise or a fright, since her father appears in the ancient world at this time, Su Yan will not be afraid of those saints. At that time, on the Qingfeng Plain, two huge armies of the human race were facing each other. On one side was the five million tribal alliance army, and on the other side was the more than one million black-armored Xuanniao tribe army.

The large tent of the Dayan tribe army Here,

The high priest and the clan elders were talking seriously,

"High Priest, the Black Bird Tribe is more powerful than we thought. Look at them wearing standard armor. The troops of our tribal alliance are like beggars."

"Chief, this war is not going to be easy. The Black Bird Tribe is stronger than we thought. Even if our Great Yan Tribe defeats the Black Bird Tribe, the Great Yan Tribe will suffer heavy casualties."

"Alas, there is no other way. We are riding a tiger now. If we don't start a war, Xuanyuan with the Bear Tribe will not let us go. If we start a war, our Dayan Tribe will suffer heavy casualties."

"Patriarch, I doubt Patriarch Shennong's original decision. Will Xuanyuan be the next Human Emperor?"

"High Priest, this is the decision of Human Emperor Shennong, or it may be the decision of those immortals. We have to obey the orders of Human Emperor Shennong. Even if Xuanyuan's approach is wrong, we have no ability to refute it."

Woo woo woo.....

At this time, the horn of the Black Bird Tribe sounded, and the patriarch and high priest of the Dayan Tribe quickly appeared above the army.

The high priest shook his head and reminded,

"Chief, the Black Bird Tribe is about to attack. Let the troops of our tribal alliance prepare for war."

The leader of the Dayan tribe said with a serious face, "Okay, war is inevitable. For the sake of our tribe, the Dayan tribe must destroy the Xuanniao tribe."

On the shores of the East China Sea in the ancient immortal world, some immortals appeared in the sky. They wanted to see the civil war of the human race. They also wanted to know whether after hundreds of thousands of years of development, there were any powerful immortals among the human race.

A big mountain outside the Qingfeng Plain. Above,

Chi You and several great witches from the Wu Clan appeared here. Chi You looked at the war that was about to begin and laughed and said,

"Haha~ Xuanyuan is really an idiot. In less than two years, our Jiuli tribe will launch a war against the Youxiong tribe. The war for the human emperor is about to begin. That idiot Xuanyuan also asked the Dayan tribe to attack the Xuanniao tribe."

The great witch Fengbo said with a frown,

"I heard that it was because of Luo Nu, Xuanyuan wanted to marry Luo Nu, but Luo Nu got married to the chief of the Xuanniao tribe. Xuanyuan got angry and asked the Dayan tribe to launch a war against the Xuanniao tribe."

The great shaman and rain master said with a smile,

"This time is an opportunity. The Dayan Tribe is the tribe that became the Human Emperor and is also a die-hard supporter of Xuanyuan. If the Xuanniao Tribe cripples the Dayan Tribe, Xuanyuan will lose a helpful helper. Xing

Tian reminded Chi You,"Chi You, the Xuanniao tribe is good. The army is very powerful among the human race. You can contact the Xuanniao tribe." Chi

You shook his head nonchalantly and said,

"No, a tribe with only one million troops may be defeated in this war. My Jiuli tribe is very powerful, and I don't need the help of other tribes."

_ Success, especially letting the arrogant Chi You come to fight for the emperor, may be a mistake.

On the Qingfeng Plain, in front of the army of the Black Bird Tribe,

Maximus rode his horse to the front.

He looked back and watched the training in person. Maximus was very proud of the troops that came out.

"Warriors of the Black Bird Tribe, today's war is the most critical war in the two years since our Black Bird Tribe was founded. We face the five million troops of the Dayan Tribe Alliance."

"But we are the army that protects the Black Bird Tribe. Although the enemy's army is huge, we cannot retreat. We must fight to the end for the Black Bird Tribe."

"For the Black Bird Tribe!"

"For our clan leader!"

"Fight the enemy bravely!".

Chapter 2924

After hearing Maximus's words , all the soldiers in the ten huge phalanxes of the Black Bird Tribe knocked on their weapons and shields and shouted, bang bang bang.....

"For the Black Bird Tribe!"

"For the tribe leader!"

"Fight the enemy bravely!"

"Fight the enemy bravely!"

"Fight the enemy bravely!"

Wenina and Alice are also excited at this moment.

With the roar of millions of troops, they can't help but rush to kill with the army.

"In this war, our Black Bird Tribe will definitely win."

"Yes, our army is as powerful as a rainbow, with neat military formations and consistent actions. The army of the Dayan tribe is a ragtag group of people who don't understand military formations at all."

"I hope the war will go well. We must be wary of the immortal cultivators from the Dayan Tribe. If the immortal cultivators from the Dayan Tribe dare to move out, we will destroy them."

"Well, Alice, you and Natasha have your black armor ready, just in case."

"Okay, the Black Armored Legion is hidden in the rear. We can have the Black Armored Legion dispatched at any time."

"Okay, Maximus is about to attack the Dayan tribe. Qilin is by Maximus's side. We don't have to worry about their safety. Everyone is preparing individually."

Winina and Alice and the girls talked for a while.

They saw that the army was starting to move out. Alice and the girls were also preparing to rob and kill the immortal cultivators of the Great Yan tribe.

Maximus rode on the horse and ordered, "First, The Second, Third, and Fourth Infantry Regiments were dispatched."

Boom boom boom.....

Four hundred thousand infantry regiments walked out of the phalanx, and all the soldiers started to attack with heavy steps.

Maximus said to Qilin,

"Qilin, you go to the cavalry legion. After a while of fighting, you lead two cavalry legions to attack from the flank of the Dayan tribe. The army of Dayan tribe must be dispersed. Qilin replied with a serious face, "Mark, don't worry, with 200,000 elite cavalry, including 40,000 heavy armored cavalry, I will definitely disperse the Dayan tribe's army." Maximus patted Qilin on the shoulder and said, "Okay, I will give you the best opportunity to attack.""

"I went"

"Qilin boy, be careful in the war, don't die"

"Go away, I won't die even if you die."

"Haha~"

Maximus laughed when he heard Qilin's words. He and Qilin can be said to be brothers in need.

In the two teams,

Alice and the girls are Su Chen's women.

Every time Su Chen is with them, besides drinking, That bastard hangs out with those women.

Mark has been with Qilin for the longest time, and

Qilin has always been silent.

Under his influence in the past few years, Qilin is no longer the Qilin brother whose silence is golden.

The leader of the Dayan Tribe waved his hand and ordered loudly,

"Warriors of the Dayan Tribe, rush over to me. We are the tribe of the Human Emperor Shen Nong. We are the most powerful tribe in the human race. For the glory of the Dayan Tribe, we destroyed the Xuanniao Tribe."

"Kill, destroy the Black Bird Tribe"

"They all rushed and destroyed the Xuanniao tribe."

"Warriors of the Rock Tribe, come to me and destroy the Black Bird Tribe. We will get many slaves."

"Kill, the warriors of the Hill Tribe, destroy the Black Bird Tribe for me, and we will get the territory of the Black Bird Tribe."

"For the glory of the Dayan tribe and for the sake of the Human Emperor Shen Nong, the Xuanniao tribe was destroyed."

On the Qingfeng Plain, there are 400,000 uniform troops on one side, and five million troops on the other side are charging and killing.

The asymmetric war is about to break out at this moment.

"Shield array!"

Bang bang bang bang.....

The 400,000 Blackbird tribe soldiers immediately stopped and formed a huge shield. Huge shields stood up around the army. Changge stood up like a hedgehog behind the shield formation.

"Archers prepare, three volleys!"

Swish swish.....

Forty thousand archers drew their bows and started shooting. Countless arrows shot down the Great Yan tribe's army from the air like arrows.

The high priest hurriedly shouted, "Defense, defend quickly, how come the Black Bird Tribe has so many archers?"

"Ah, my legs, save me!"

"Raise your shield quickly, raise it quickly~"

"Don't be messy, speed up and rush over."

"Save me, save me, I don't want to yet....."

"Brother Hong, I can't do it anymore, you have to be careful...."

"Dodge, all avoid the shooting of the archers."

Tens of thousands of troops were killed in the front peak of the Dayan tribe in an instant. Some injured soldiers fell to the ground and kept wailing in pain. The leader of the Dayan tribe shouted angrily, "Archers, shoot down the troops of the Black Bird tribe."

The archers of the Dayan Tribe also started to shoot, but the distance was still too far. The bows and arrows of the Dayan Tribe were just ordinary bows. They were not as far away as the archers of the Black Bird Tribe.

"Damn it, how could the archers of the Black Bird Tribe shoot so far? Are all archers cultivators of immortality?"

Clan Chief Dayan saw that the archers' shooting was of no use at all. He became completely angry. He was also an archer.

Why did the archers of the Xuannio Tribe shoot so far? The archers of the Xuannio Tribe were all Immortal cultivators?

Chief Dayan thought and shook his head.

The Xuannio Tribe has only been established for two or three years.

It is impossible for the Xuannio Tribe to have tens of thousands of low-level immortal cultivators.

The Dayan Tribe has only had a few thousand immortal cultivators for tens of thousands of years. He didn't believe it. There will be tens of thousands of cultivators in the Black Bird Tribe.

The archers on the battlefield are still shooting, and the army of the Great Yan Tribe is about to approach the army of the Black Bird Tribe. A collision between the two armies is imminent.

Maximus waved his hand and ordered, "Prepare the shield array and prepare the long-range soldiers."

Bang bang bang bang.....

After the Great Yan Tribe army came into contact with the Xuannio Tribe army, the Dayan Tribe armies were blocked one by one in front of the giant shield.

The soldiers of the Dayan Tribe slashed at their shields one after another, but before they could break the shields, the long swords instantly penetrated their bodies.

For a quarter of an hour, the shield formation of the Black Bird Tribe turned into a meat grinder. Countless soldiers of the Great Yan Tribe were killed in front of the shield formation.

Time passed little by little, and the Qingfeng Plain was almost stained red with blood. Both sides
Countless troops are still fighting.

An hour has passed, and the Dayan tribe's troops have suffered heavy casualties. They have not even been able to break through the 400,000-year-old Xuannio tribe's military formation.

However, there were also casualties among the soldiers of the Black Bird Tribe, and more than 50,000 to 60,000 soldiers were killed by the Dayan Tribe army.

There are too many troops in the Dayan Tribe Alliance,

400,000 to 5 million.

The Black Bird Tribe army is surrounded by a black mass of enemies. Even if they are weak, they cannot kill all the enemies.

Maximus saw the situation on the battlefield. The shield formation of the Black Bird Tribe army was about to lose its hold.

Mark ordered with a serious face,

"Soldiers, order the fifth heavy armored regiment to dispatch. We must contain the Great Yan tribe's army from the front, and order the ninth and tenth reserve regiments to prepare for the war."

"Yes, Commander-in-Chief!".

Chapter 2925

Maximus saw that the Black Bird Tribe's army suffered heavy casualties, and he could not delay any longer.

If the Black Bird Tribe's shield formation was broken by the Great Yan Tribe's army, the war would enter a tense state.

Maximus couldn't see this happening.

The Black Bird Tribe's army was too small.

He wanted to defeat the Great Demon Yan Tribe, not kill all the Great Yan Tribe Alliance's troops.

As long as the army of the Great Yan Tribe Alliance is defeated,

Maximus will destroy each tribe of the Great Yan Alliance one by one in the future.

"It's almost time to see Qilin's cavalry regiment soon. I hope Qilin boy can be more powerful." The faces of the Dayan Tribe, the Dayan Clan Chief and the High Priest were all very ugly. After more than an hour of fighting, the 5 million troops had not yet broken through the Xuannio Tribe's defenses. The Dayan Tribe Alliance's army suffered thirty or forty casualties. Ten thousand.

You must know that the Xuannio Tribe only dispatched 400,000 troops, and the 400,000 troops of the Xuannio Tribe killed their more than 400,000 troops. Is the Xuannio Tribe trying to defy heaven?

The high priest shook his head and said,

"Chief, we may fail in this war. The military formation of the Black Bird Tribe is extraordinary, and there are still 600,000 soldiers of the Black Bird Tribe who have not yet entered the battlefield. Our Dayan Tribe may fail."

Clan Chief Dayan said with an ugly face,

"I know, but we still have more than four million tribal alliance troops. As long as our army breaks through the defense of the Black Bird Tribe army, our Dayan Tribe will definitely win the war."

The high priest lowered his head helplessly.

He wanted the clan leader to withdraw his troops, but he understood that it was impossible for the clan leader to order the tribal alliance army to retreat.

The Black Bird Tribe?

The black-armored tribal army?

Why did the Black Bird Tribe develop so fast?

The Black Bird Tribe's How can the military training be so powerful? The actions are consistent, the military formations are tight, and the cooperation is like a whole, and they are not afraid of death to block the attack of the tribal alliance army.

Wuwuwu.....

Suddenly, the horns of the Black Bird Tribe sounded, and a hundred thousand heavy armored infantry joined the battlefield.

When the high priest saw the army of the Black Bird Tribe joining the battlefield, he shouted in surprise,

"Heavy armor? How can it be? How did the Black Bird Tribe create heavy armor?"

The leader of the Dayan tribe ordered angrily,

"Come on, sound our war drums and let the troops of our tribal alliance break through the military formation of the Black Bird Tribe."

"Yes, patriarch!"

Dong dong dong dong.....

Hundreds of huge war drums from the Dayan tribe were beating, and the troops of the tribal alliance accelerated their charge toward the Xuannio tribe's military formation.

However, when the heavy armored army began to take charge of guarding the army formation, the

Dayan tribe's army seemed to encounter monsters.

Their swords and guns could not cause any harm to the heavy armored infantry. One after another, the alliance soldiers were slaughtered by the heavy armored infantry.

For a time, the tribe The Alliance troops were frightened and kept retreating.

On the mountain outside Qingfeng Plain,

Chi You and several great witches watched all this quietly. They were surprised by the army of the Black Bird Tribe.

Although this war is a war between ordinary humans, they can destroy the entire army with just one palm of their hand.

However, the cooperation, military formations, and even weapons and equipment of the Black Bird Tribe army are unmatched by other human tribes, not even the Xiong Tribe and Jiuli Tribe.

"The army of the Black Bird Tribe is pretty good. If the troops of the Black Bird Tribe were all immortals, we, the Witch Clan, would have to pay a price if we wanted to kill them."

"Yes, this war is scum for our witch clan. One of our witch generals can destroy all the armies, but the black-armored army of the Black Bird Tribe is good. Among all the tribes of the human race, the army of the Black Bird Tribe is the best. The most powerful"

"The potential of the human race is really huge. If the armies of the Xuannio Tribe were all immortal armies, the prehistoric tribes would not easily provoke the Xuannio Tribe."

"Chi You, you can contact the chief of the Xuannio tribe. In this war, the Xuannio tribe will defeat the Dayan tribe."

"No need, even if the Xuanniao tribe wins the war, the Dayan tribe will cripple the Xuanniao tribe. The Xuanniao tribe will become a small tribe in the future, and may also be annexed by other tribes."

Chi You talked with several great witches, and they continued to look at the war on the Qingfeng Plain.

Xing Tian frowned and couldn't understand.

Even if the Xuanniao tribe suffered heavy casualties after this war, there are still two years left in the Human

Emperor's war.

The Bird Tribe has grown strong in just three years. If the Black Bird Tribe recovers in two years, it will definitely become stronger again. Why doesn't Chi You want to ally with the Black Bird Tribe?

At this time, after Su Chen killed two people from the hostile team, he Appearing in the sky above the Qingfeng Plain, the hostile team was going from the Dayan Tribe to the Black Bird Tribe. Su Chen was worried that the other members of the hostile team were in the Dayan Tribe, and was also worried that Venina and Alice would be in danger.

Su Chen He checked the war and whispered,

"` ~The war was going well, but Maximus still made a mistake."

Maximus's combat command was not wrong, but the Blackbird flag of the Blackbird tribe was not displayed.

Without the existence of the flag, the bravery of the Blackbird tribe's army has not been inspired.

However,

Maximus is a general after all. , not a king, there is still a difference between Mark's view of war and the king's view of war.

Su Chen sent a message to Maximus in the air, [Mark, fly the black bird flag!]

Maximus suddenly heard Su Chen's voice,

He was very happy.

With the arrival of Su Chen, the pressure in his heart disappeared.

Although Maximus looked serious and expressionless, this was a war involving millions of troops, and tens of thousands of people would be killed or injured every moment. Man, (Zhao), it's strange that Maximus isn't nervous

"Come on, bring out the black bird flag of our black bird tribe, and let our black bird flag advance to the battlefield."

"Yes, Commander!"

After a while, the Black Bird Flag was hung high.

The troops of the Black Bird Tribe on the battlefield boiled when they saw the Black Bird Flag.

As the Black Bird Flag advanced toward the battlefield, the troops of the Black Bird Tribe screamed and rushed toward them. enemy pong

"It's the black bird flag, the black bird flag of our tribe"

"The Black Bird Flag is advancing. Quickly and bravely kill the enemy. We must kill all enemies. No one dares to block the Black Bird Flag's path."

"Kill, for the Xuanniao tribe, for the clan leader, to kill the enemy"

"Open the way for the Black Bird Flag, no one dares to block the Black Bird Flag's way"

"The archer shoots, behind is the black bird flag, which is the black bird flag of our tribe. We want the black bird flag to be planted in the camp of the Dayan tribe. We want to defeat the Dayan tribe."

Chapter 2926

On the battlefield, after the golden black bird flag on a black background appeared, the army of the black bird tribe was boiling as if they had taken stimulants. Each one of them was holding a weapon and shouting to kill the army of the Dayan tribe.

The leader of the Dayan Tribe asked with an ugly face, "High Priest, what's going on? Why did the troops of the Black Bird Tribe go crazy after a flag appeared in the Black Bird Tribe?" The High Priest shook his head and replied with a serious face,

"Chief, I don't know. The flag of the Black Bird Tribe is just an ordinary flag, not a spiritual treasure. There are totems in the human tribe, but I have never heard of a flag."

"banner? Blackbird flag? High Priest, how could an ordinary flag make the Black Bird Tribe army boil? Why were the troops of the Black Bird Tribe allowed to rush and kill regardless of life and death?"

"Blackbird flag? Black Bird Tribe? The Black Bird Flag should be the totem of the Black Bird Tribe. After the Black Bird Flag appeared, the troops of the Black Bird Tribe fought for the Black Bird Flag and their totem."

The high priest guessed why the troops of the Xuanniao tribe were suddenly brave, and why they were not afraid of life and death.

Everything was for faith, and everything was for the totem in their hearts.

The Xuanniao flag is the belief of the Xuanniao tribe. 063 For the Black Bird Flag, the Bird Tribe is not afraid of life and death. For the Black Bird Flag, all the troops are willing to fight without regard for their own safety.

"Let me go, the appearance of the black bird flag will be so sensational?"

Maximus saw the excitement of the Black Bird tribe's troops. All the troops were rushing to kill regardless of life and death, all for the appearance of the Black Bird flag. He understood why Su Chen wanted to fly the Black Bird flag.

Mark previously thought that the various tribes of the human race did not have flags. , and he did not fly the flag.

Now it seems that he was wrong.

The Black Bird Flag has been believed by the tribal people for three years. The prehistoric people very much recognized the tribal totem. A tribe without a totem has no cohesion. Maximus understood the black bird at this moment The importance of the flag to the Black Bird Tribe.

Maximus hurriedly ordered,

"Soldiers, sound the attack horn and order the cavalry regiment to dispatch. We must defeat the Dayan tribe in one fell swoop."

"Yes, Commander!"

Woo woo woo.....

After the horn sound of the Black Bird Tribe sounded again, all 600,000 Black Bird Tribes began to charge and kill.

The horn of attack is the horn of attack for the whole army of the Black Bird Tribe.

All troops on the battlefield must start to charge, charge, and kill all enemies in front.

At the rear of the battlefield, after Qilin received the order to attack, he rode to the front of the cavalry regiment and shouted,

"The cavalry regiment of the Black Bird Tribe, it's time for us to go to the battlefield. Our infantry brothers have fought for us to attack. We must defeat the Dayan Tribe in one fell swoop."

"We are the strongest cavalry of the Black Bird Tribe"

"For the Black Bird Tribe!"

"For our clan leader!"

"Defeat the army of Dayan Tribe"

"Charge and kill the Great Yan tribe."

The two hundred thousand cavalry regiments drew out their long swords and sabers one after another. They raised them high and shouted,

"For the sake of the Xuannio Tribe, and for our clan leader, we must flatten the Dayan Tribe and kill the enemy bravely!"

"For the sake of the Xuannio Tribe, and for our clan leader, we must flatten the Dayan Tribe and kill the enemy bravely!"

"For the sake of the Xuannio Tribe, and for our clan leader, we must flatten the Dayan Tribe and kill the enemy bravely!"

"charge!"

Qilin took the lead and rode towards the Dayan tribe. The 200,000 horsemen behind also shouted and followed Qilin and rushed over.

Dong dong dong dong dong.....

The charging momentum of the two hundred thousand cavalry was very powerful. When the Dayan tribe army on the battlefield saw the black-armored cavalry charging towards them, some timid tribe soldiers were so frightened that they had to run for their lives.

"Defense, fast defense on the left wing to prevent the charge of the Black Bird Tribe cavalry"

"The archers gather quickly and kill the cavalry of the Black Bird Tribe."

"Damn it, how come the Black Bird Tribe has so many cavalry? We shouldn't help the Dayan Tribe to attack the Black Bird Tribe."

"It's over, our (aeth) rock tribe is on the left wing, and the warriors of our tribe will be overwhelmed by the cavalry."

"The archers shoot and kill, and the cavalry of the Black Bird Tribe cannot be allowed to rush into our army." The clan leaders of each tribe turned pale when they saw 200,000 cavalry charging towards them. The alliance army's frontal attack was blocked by the Xuanniao tribe infantry, and the Xuanniao tribe The army is still advancing, and now 200,000 cavalry are dispatched. If the cavalry breaks through the left wing of the alliance army, millions of alliance troops will be scattered. There may be deserters in the entire alliance army, and there may also be deserters from the tribal alliance. A disturbance in the army will cause a stampede. The battlefield was empty. Su Chen nodded as he watched all this. The war was no longer suspense. As long as Qilin and the cavalry broke through the left wing of the tribal alliance, the army of the tribal alliance would riot. Millions The commotion in the army cannot be calmed down by the clan leaders of each tribe.

"The immortal cultivators from the Dayan tribe should be dispatched soon. Will they behead Maximus? Or do you want to assassinate the captain of thousands or ten thousand in the Xuanniao tribe army?"

Su Chen looked at the back of the Dayan tribe and thought about it.

The immortal cultivators will not participate in the wars of ordinary people. The immortal cultivators of the Dayan tribe will either behead Maxim and Qilin, or they will assassinate the commanders of the tribal army.

"Huh? Is there an immortal on the mountain next to me? Who is watching the war between the Dayan Tribe and the Black Bird Tribe?"

Su Chen suddenly discovered the presence of immortals on the mountains not far away.

There were many immortals watching the war in the air on the Qingfeng Plain, but there were almost no immortals approaching the battlefield. What immortal would dare to approach the battlefield of the human war?

Here is the East China Sea. Bin, the Human-Emperor War is about to begin.

The saints will not let the immortals participate in the war of ordinary people.

The prehistoric immortals do not dare to disobey the saints' orders, unless they are immortals who are preparing to suffer disaster.

"The great witch of the witch clan? Xingtian is also there? The tall, strong and ugly man next to him must be Chi You, right?"

Su Chen was very speechless after checking.

He didn't expect that the great witch of the Wu clan would appear next to him. How could those rough guys come to check on ordinary people's war?

Boom boom boom.....

Suddenly, there was lightning and thunder over the battlefield, and thousands of immortal cultivators from the Dayan Tribe were dispatched. Thousands of immortal cultivators flew into the air, and they quickly flew towards the command area of the Xuannio Tribe.

At this moment, thousands of immortal cultivators from the Xuanniao tribe were also flying into the air.

Immortal cultivators faced off against the immortal cultivators.

Seeing that there was no hope of victory in the war, the Dayan tribe wanted to use the immortal cultivators to kill the military commander and immortal cultivators of the Xuannio tribe. To reverse the defeat of the war.

Bai Yuekui flew into the air and shouted, "Wenina, several of us will lead three hundred immortal cultivators to kill the immortal cultivators of the Great Yan tribe. Alice and Natasha will lead the black-armored army. Don't move out yet."

Chapter 2927

Wenina and Mu Ningxue nodded.

They led the immortal cultivators from the Black Bird Tribe and quickly met the immortal cultivators from the Dayan Tribe.

As soon as the immortal cultivators from both sides came into contact, hundreds of immortal cultivators from the Dayan tribe were killed. Bai Yuekui and Wenina were at the peak of the Tribulation Realm, and ordinary immortal cultivators were no match for them.

The patriarch and high priest of the Dayan Tribe looked very ugly.

It was over.

The millions of troops of the tribal alliance were scattered. The troops were either killed or fled in all directions and were trampled to death.

Six thousand immortal cultivators were also intercepted by the immortal cultivators from the Xuannio Tribe.

How could there be thousands of immortal cultivators in the Xuannio Tribe? Moreover, there are several immortal cultivators who are at the peak level of transcending tribulation. The immortal cultivators from the Great Yan tribe are no match for those who are cultivating immortals at the level of transcending tribulation.

If the war fails, the Dayan Tribe will also be wiped out by the Black Bird Tribe.

"Chief, I'm going, the Dayan tribe will rely on you from now on."

The high priest said and started to fly towards the battlefield.

He is in the realm of transcending tribulation.

The immortal cultivators from the Dayan tribe are no match for the immortal cultivators from the Xuanniao tribe. He wants to kill Xuanniao. The fallen powerful immortal cultivator.

The high priest knows that he may never come back, but he has no choice.

He is the 04 high priest of the Dayan tribe.

The high priest will not watch the immortal cultivators of the Dayan tribe being killed. The immortal cultivators are the cornerstone of the Dayan tribe. , the Great Yan tribe cannot live without immortal cultivators, otherwise the monsters of the ancient times will kill the humans of the tribe.

"Damn it, what to do? what to do?"

Clan leader Dayan clenched his hands angrily.

He wanted to go to the battlefield, and he also wanted to kill the immortal cultivators of the Xuanniao tribe, but he was only a Mahayana cultivator. Even if he went to the battlefield, it would not help.

Half an hour

An hour passed.

Six thousand immortal cultivators from the Great Yan Tribe were either killed or captured. None of the immortal cultivators from the Great Yan Tribe escaped. The high priest was also seriously injured after being beaten by Venina. Half a day later

,

The army of the tribal alliance was also defeated.

There were either dead bodies on the Qingfeng Plain, or they were kneeling on the ground and surrendering to the tribal army. In addition to the scattered tribal troops on the battlefield, there were hundreds of thousands of tribal alliance troops resisting, but to no avail and with no fighting spirit. It was only a matter of time before the tribal alliance army was destroyed.

Boom!

Suddenly, there was a loud noise in the air, and an immortal appeared silently above the battlefield.

The immortal looked at the battlefield and said loudly, "Human Emperor Xuanyuan ordered, the Great Yan Tribe The war with the Black Bird Tribe is over, and the two tribes are not allowed to have any more wars in the future."

The battlefield became quiet for a moment, and the war stopped.

The troops of the Dayan Tribe Alliance breathed a sigh of relief. They escaped from death this time.

The troops of the Black Bird Tribe didn't know whether they should obey the order, but the tribe's The commander-in-chief and the clan leader did not appear, and all the armies did not know whether they should continue to pursue the Great Yan tribe's army.

Whoosh!

Su Chen suddenly appeared above the battlefield. He looked at the approaching Zhazha Immortal with an indifferent expression. How dare an Earth Immortal come to fight? After ending the war between the two clans, Xuanyuan really regarded him as the human emperor.

Seeing Su Chen appear, Maximus hurriedly saluted and said,

"Maximus, the commander of the Black Bird Tribe army, met the clan leader."

Maximus and Su Chen are friends. It doesn't matter if he doesn't have to salute Su Chen.

But this is a battlefield.

If Maximus doesn't salute Su Chen, it won't make sense. The Black Bird Tribe Army will have objections to him.

"The first legion of the Black Bird Tribe, legion commander Kang Shan meets the clan leader!"

"See the patriarch!"

"The second legion of the Black Bird Tribe, the legionnaire Mu Yong meets the clan leader"

"See the patriarch!"

"The third legion of the Black Bird Tribe, commander of the legion...."

On the battlefield, the various legions of the Black Bird Tribe knelt down and saluted Su Chen. They looked at Su Chen in the air with fanatical expressions.

Su Chen waved his hand and said,

"Come on, everyone, you fought a good war today. With the existence of your legions in the Xuanniao Tribe, the Black Bird Tribe will become stronger and stronger, and your legions will also have the glory of the tribe."

Xuanniao legions on the battlefield shouted,

"For the tribe and the clan leader, it would not be a pity for us to die."

"For the tribe and the clan leader, it would not be a pity for us to die."

"For the tribe and the clan leader, it is not a pity for us to die."

Su Chen ordered expressionlessly,

"Mark, order the army to continue the attack. The tribal alliance troops who do not surrender will be killed without mercy."

"Yes, patriarch."

Maximus nodded to Suchen, waved his hand and ordered,

"Each legion continues to attack, and any tribal alliance army that does not surrender will be killed without mercy."

"Kill, surrender to avoid death"

"The second legion is attacking. The clan leader is watching us from the air. Let me kill the enemy bravely."

"The heavy armored cavalry charges and crushes the enemies in front of us. We are the cavalry among cavalry. We want to show the clan leader that our heavy armored cavalry is the most powerful cavalry."

"Fourth Army, charge for me. Other armies are one step ahead of us. Our Fourth Army cannot fall behind.".....

On the battlefield, as the troops of the Xuanniao tribe charged again, the troops of the tribal alliance threw away their weapons and knelt on the ground.

In the air,

Xuanfeng scolded Su Chen with an ugly face 047,

"Be brave, leader of the Black Bird Tribe, are you going to disobey Renhuang Xuanyuan's order?"

Xuanfeng didn't expect that Su Chen would disobey Human Emperor Xuanyuan's order.

He had already issued Human Emperor Xuanyuan's order, but

Su Chen actually dared to order the army to attack the Dayan Tribe. Did the leader of the Xuanniao Tribe want to die?

Whoosh,

Su Chen instantly appeared next to Xuanfeng. He grabbed Xuanfeng's neck with one hand and said coldly,

"What did you say? Can you tell me again?"

Xuanfeng shouted in horror, "How is that possible?" How can you, a cultivator of immortality, be so powerful? You have hidden your cultivation realm. You are not a cultivator who has transcended the tribulation realm."

"snort! You rubbish Earth Immortal, please die!"

Su Chen crushed Xuanfeng's neck with one hand,

"space cutting"

"No, don't destroy my soul. I am the envoy of Emperor Xuanyuan. You can't kill me....."

Su Chen didn't even let go of Xuanfeng's Yuan Shen, a scumbag Earth Immortal.

Although Su Chen's cultivation level was suppressed at the Tribulation Realm, he could destroy a scumbag Earth Immortal with just a wave of his hand.

Su Chen looked at the Dayan tribe and said coldly,

"If the leader of the Dayan Tribe does not order the tribal alliance troops to surrender, all the humans in the Dayan Tribe will be demoted as slaves, and the Dayan Tribe will disappear from the human tribes."

Chapter 2928

The leader of the Dayan tribe looked very ugly when he heard what Su Chen said.

Is this the ultimatum from the leader of the Xuannio tribe? Will the humans of the Dayan tribe become slaves?

Immortal?

The leader of the Xuanniao tribe actually pinched an immortal to death, and the immortal had no ability to resist at all.

Xuanyuan's previous orders were nonsense.

Xuanyuan was only a candidate for the Human Emperor, he was not yet the Human Emperor.

Xuanyuan ordered their Great Yan tribe to start the war, but Xuanyuan actually asked an immortal to order the war to end. Is this possible? If he were the leader of the Black Bird Tribe, he would not be able to obey Xuanyuan's order and stop the war.

The leader of the Dayan Tribe thought for a moment and asked, "Chief of the Xuannio Tribe, if the army of the Dayan Tribe Alliance surrenders, how will you treat the army of the Dayan Tribe Alliance and the human race." The war of the

Dayan Tribe Alliance has failed;

There is no need to continue.

Continuing will only cause heavy casualties to the tribal alliance army. Moreover, most of the tribal alliance army surrendered, and the remaining tribal army is no match for the Xuanniao tribal army.

Su Chen replied in the air,

"The Dayan Tribe will later belong to the Xuannio Tribe, and the humans of the Dayan Tribe will henceforth be the humans of the Xuannio Tribe."

When the leader of the Dayan tribe heard what Su Chen said, he looked at Su Chen unexpectedly.

Su Chen's answer was simple and clear. The

Dayan tribe belongs to the Xuannio tribe? The humans of the Dayan tribe become the humans of the Xuannio tribe? The people of the Xuannio tribe ? The appetite is really big.

There are more than 10 million people in the Dayan tribe. Including the affiliated tribes, the Dayan tribe has nearly 20 million people. Is the Xuannio tribe going to annex the Dayan tribe and the affiliated tribes? The head of the Dayan tribe thought of this The war failed, but he could still raise millions of troops in the tribe.

Surrender?

Will the Dayan tribe belong to the Xuannio tribe? Or continue to gather troops and start a war with the Xuannio tribe?

The leader of the Dayan tribe was hard to make a decision.

"Chief Dayan only had a quarter of an hour to think about it."

Su Chen saw that the leader of the Dayan tribe did not surrender immediately.

He also understood why.

The Dayan tribe used to be the first tribe of the human race and the tribe of the human emperor Shen Nong.

Since the Xiong tribe became the tribe of the next human emperor, the Dayan tribe has become the tribe of the next emperor. The human tribe is also second only to the Bear tribe. There are tens of millions of humans in the tribe. The army can summon millions more at any time. The leader of the

Dayan tribe may not be willing to surrender. At this moment, the leader of the Dayan tribe flew into the air and shouted,

"The people of the Dayan Tribe, as well as the people of the tribes affiliated with the Dayan Tribe, I am Chi Yan, the leader of the Dayan Tribe."

"In this tribal war, our tribal alliance failed. I ordered all tribal warriors to stop fighting. I ordered all tribal warriors to surrender to the Black Bird Tribe."

Clan Chief Dayan decided to order the surrender after thinking about it.

The army of the Xuannio tribe was too powerful.

The five million tribal alliance troops were defeated by the Xuannio tribe.

Even if he summoned millions of troops from the tribe again, he could still defeat the Xuanniao tribe. A tribe?

The Xuanniao Tribe has only developed for three years. Both its army and its cultivators are very powerful. What about two years later?

After the war for the Human Emperor begins two years later, how big will the Xuannio Tribe's army and cultivators be? Powerful?

On the Qingfeng Plain, the Dayan tribe army heard Chi Yan's order. The tribe alliance troops that did not surrender threw away their weapons and surrendered. The war failed, the Dayan tribe was defeated, and the Dayan tribe alliance troops were very frustrated and Worry

"Victory, our Black Bird Tribe has victory"

"Victory, our Black Bird Tribe defeated the Dayan Tribe, our Black Bird Tribe is the most powerful tribe"

"Black Bird, Black Bird, our Black Bird Tribe is the most powerful"

"Let our Black Bird flag be planted in the Dayan Tribe. After the Hengduan Mountains, it will be the territory of our Black Bird Tribe."

"Black bird! Black bird! Black bird!"

"Black bird! Black bird! Black bird!".....

On Qingfeng Plain, all the soldiers of the Black Bird Tribe were cheering, and all the soldiers of the Black Bird Tribe looked at the Black Bird Flag with fanatical eyes.

Su Chen ordered expressionlessly in the air,

"Mark, accept the troops surrendered by the Dayan tribe. The Dayan tribe and the affiliated tribes will be integrated within a year. Those who resist, kill! Those who cause riots, kill! Anyone who disobeys orders will be killed!"

"Yes, patriarch."

Maximus hurriedly replied, but his face turned black. Do you want to integrate the Great Yan Tribe and its affiliated tribes within a year?

Is this possible?

There are 20 million people in the Great Yan Tribe and its affiliated tribes. He is Even if you are exhausted, it is impossible to complete the integration within a year.

Damn you bastard,

Su Chen goes everywhere with beautiful women.

This bastard wants to tire him and Qilin to death.

The leader of the Dayan clan whispered seriously,

"The leader of the Xuannio Tribe is more courageous than him. He gave the three-kill order. If the Dayan Tribe and its affiliated tribes dare to rebel, the Xuannio Tribe will really massacre the rebellious human race."

The immortals above the Qingfeng Plain saw that the war was over.

The Great Yan Tribe Alliance was defeated.

Even the Great Yan Tribe and its affiliated tribes would be annexed by the Black Bird Tribe. A super tribe of the human race was about to be born. In the

Human-Emperor War two years later,

I'm afraid it's a three-legged situation.

Xuanyuan's Xiong Tribe, Chi You's Jiuli Tribe, and the newly rising Xuanniao Tribe. The Human Emperor will be born among the heads of the three tribes, and the third Human Emperor of the human race will also undergo changes.

"` ~Unexpectedly, the Dayan tribe surrendered. A super tribe actually surrendered to a large tribe."

"The Dayan tribe will be massacred if they don't surrender. The leader of the Xuanniao tribe is not only powerful, but also very courageous."

"Yes, the leader of the Xuannio Tribe crushed an Earth Immortal to death with one hand, and he also had a three-kill order. The leader of the Xuannio Tribe was very courageous."

"misfortune? Or an anomaly? With the rise of the Black Bird Tribe, the war between the Human Emperor and the Human Emperor is going to change."

"Chi You, Xuanyuan, and the chief of the Xuannio tribe (Li Hao), the human race will be a three-legged situation in the future."

"Xuanyuan has the support of the Sage Sect, and Chi You has the support of the Wu Clan. If the Xuanniao Tribe did not have the support of the powerful immortals, the Xuanniao Tribe might be the first to be eliminated in the Human-Emperor War."

At this moment,

Chi You's face was very ugly.

The Xuanniao tribe won the war cleanly and beautifully.

The Xuanniao tribe's army casualties were only more than 100,000, but the Xuanniao tribe got the Dayan tribe and the affiliated tribes. , and gained almost 20 million human beings.

The Xuanniao Tribe will become even more powerful in the future.

If the Xuanniao Tribe trains 10 million black-armored legions within two years, the Jiuli Tribe may not be able to destroy the Xuanniao Tribe.

Chi You looked gloomy. said,

"The Xuanniao Tribe will be the enemy of the Jiuli Tribe in the future. It is as powerful an enemy as the Youxiong Tribe. We cannot allow the Xuanniao Tribe to develop any further. I have to find a way to destroy the Xuanniao Tribe."

Chapter 2929

When Xingtian and Yushi heard Chi You's words, they all frowned and couldn't understand.

The Xuanniao tribe has become stronger, but what impact will it have on the Jiuli tribe?

Shouldn't Xuanyuan's Bear Tribe be nervous?

The Jiuli tribe is the descendant of human witches.

It is impossible for the human tribe to join the Jiuli tribe, but the human tribe can join the Xuanniao tribe.

The Xuanniao tribe and the Youxiong tribe compete for other tribes of the human tribe. Can't the Jiuli tribe sit on the mountain and watch the tigers fight? ?

"Chi You, you don't have to worry about the Xuannio Tribe, Xuanyuan will not let go of the Xuannio Tribe."

"Yes, if the leader of the Xuannio tribe kills Xuanyuan's immortal messenger, Xuanyuan will definitely go to war with the Xuannio tribe. Your Jiuli tribe only needs to watch the show."

"Well, that's right, and the most important thing is that without the support of powerful immortals, the Xuannio Tribe is nothing to worry about."

"Yes,"587", the Jiuli tribe has the support of our Wu clan, and the Xiong tribe has the support of Chanjiao. The war between the emperor and the emperor is mainly a war between the Jiuli tribe and the Xiong tribe. The Xuannio tribe is at most a stronger cannon fodder."

Chiyou nodded after hearing the words of several great witches.

What the great witches said was right.

After the Xuannio Tribe becomes stronger,

Xuanyuan will be the first to have a headache.

Moreover, without the support of powerful immortals, the Xuannio Tribe is not a worry..

Chi You showed a scary smile and said,"You are right, let the Xuanniao tribe cause some trouble for Xuanyuan. It is best if the Xuanniao tribe consumes the troops of the Xiong tribe."

Xing Tian shook his head helplessly.

He originally wanted to persuade Chi You to form an alliance with the Xuannio tribe, but he looked at Chi You and knew that it was all in vain. Chi You was too proud to form an alliance with the Xuannio tribe.

At this time,

Su Chen held his arms in his arms Alice and Natasha were resting in the military camp.

The war was over.

Maximus and the others were responsible for handling the aftermath. Su Chen also had to take some time off from his busy schedule to spend time with beautiful women.

Alice leaned into Su Chen's arms and asked, "Husband, you If Xuanyuan's envoy is killed, will Xuanyuan launch a war against our Xuanniao tribe?"

Wenina grabbed Su Chen's groping hand and said with a blush.

"Yes, Xuanyuan's envoy was killed by you. I guess Xuanyuan may not give up. We must guard against Xuanyuan launching a war against our Xuanniao tribe."

Su Chen hugged the two girls and said with a smile,

"You don't have to worry, the Human-Emperor War will break out in about two years, and it's impossible for Xuanyuan to launch a war against our Black Bird Tribe."

"However, I guess Xuanyuan will let the immortal come to question me, and he may ask the immortal to come and kill me. Venina asked worriedly.

"Husband, have you found the quasi-sage power you are looking for? Your cultivation realm has been suppressed. If an immortal comes to assassinate you, you will not be the opponent of the immortal."

Alice also looked at Su Chen worriedly.

If an immortal came to assassinate Su Chen, Su Chen's cultivation realm would be suppressed at this time. Alice was worried that something unexpected would happen to Su Chen.

If Su Chen found the quasi-sage power, this The bastards are protected by the quasi-sage, so they don't have to worry about Su Chen's safety.

Su Chen kissed Wenina and replied, "Don't worry, I found some powerful immortals. As long as the saints don't take action, no immortal can do it." Assassinate me."

Su Chen didn't care about the immortal's assassination.

Although his cultivation realm was suppressed, the five laws of chaos can still be used. As long as the saint doesn't take action, if Su Chen wants to escape, no immortal can stop him. Besides,

Empress Nuwa is paying attention to him. , as well as the Queen Mother of the West and Xihe's daughters.

The immortals sent by the Xuanyuan faction may not reach the Xuanniao tribe and will be killed by his women.

Wenina and Alice relaxed when they heard Su Chen's words.

Su Chen just wanted to There is no life-threatening danger, and the girls will no longer worry about this bastard.

Alice asked Suchen, "Husband, you said earlier that members of the hostile team appeared?" Where are they? Why didn't we notice it on the battlefield?"

Su Chen took a sip of wine and replied,

"Two members of the hostile team appeared in the Black Bird Tribe. I killed them. I thought other members of the hostile team would be on the battlefield. I did not find any other hostile team on the battlefield.

Alice asked in surprise, "Members of two hostile teams?" What are they doing in our Black Bird Tribe? Has our existence been discovered by a hostile team?"

Su Chen shook his head and replied,

"No, the enemy team wants to kidnap the snail girl. They don't know that we have developed the Black Bird Tribe."

Wenina asked confused.

"Snail girl? Why did the hostile team kidnap the snail girl? Is it to grab the beauty for Xuanyuan?"

Su Chen curled his lips and mocked,

"Yes, Xuanyuan's lechery was famous in later generations. It took three thousand imperial maidens to become an immortal, and then he had the ability to fight Chi You. Otherwise, Chi You would beat the shit out of Xuanyuan....."

"You and Xuanyuan are the same."

Wenina rolled her eyes at Su Chen.

Su Chen still had the nerve to mock Xuanyuan. This bastard was also a romantic pervert.

However,

Wenina and Alice looked down on Xuanyuan very much.

Su Chen really liked beautiful women. Treat, where is Xuanyuan?

The three thousand royal maidens of Xuanyuan were just to become an immortal and to defeat Chiyou's Jiuli tribe.

Xuanyuan can be said to be the scum among scum.

Such a person actually became the emperor of the human race in the prehistoric period. Are all humans blind?

"You guys really need to be dealt with."

Su Chen hugged Wenina and Alice and disappeared instantly.

The two women actually compared him with Xuanyuan.

Xuanyuan is a scumbag who plays with women for his own purposes. How can he and Xuanyuan be the same?

Su Chen wants to teach Wenina a lesson. and Alice.

In heaven,

Su Yan saw the end of the human war on Qingfeng Plain, and she also saw the appearance of her father Su Chen.

Su Yan was very happy because she discovered that Su Chen's cultivation realm was only the realm of overcoming tribulation.

Su Yan didn't know why her father was a cultivator in the Tribulation Realm, but this was great news.

Su Yan touched her chin and smiled and said,

"Dad now only has the cultivation level of the Tribulation Realm. He is the Great Luo Jinxian. It is impossible for Dad to suppress himself. How about suppressing Dad by 0.1?"

Whoosh!

Empress Nuwa appeared next to Su Yan instantly.

She touched Su Yan's hair and said,

"Yan'er, do you want to commit suicide? Do you deserve a beating for suppressing your father? Also, don't disturb your father. Your father has something to do in the ancient world."

Empress Nuwa has been paying attention to Su Chen.

After the war in Qingfeng Plain was over, she originally wanted to look away, but she thought of Su Yan and her naughty daughter.

Empress Nuwa casually checked on Su Yan, but she didn't. Thinking that Su Yan actually wanted to suppress Su Chen, this made Nuwa Empress a little dumbfounded.

Su Yan hurriedly hugged Nuwa Empress and said coquettishly, "Mom, daddy can only transcend the tribulation realm now. If I don't take the opportunity to suppress daddy once, I will find it impossible to suppress dad in the future"

Chapter 2930

Su Yan didn't want to give up this opportunity.

She had competed with Su Chen in martial arts when she was a child.

Su Chen had not yet practiced martial arts at that time. As long as her father Su Chen provoked her, Su Yan would find her father to compete in martial arts.

Time has gone forever, and she is already sixteen years old.

If the time spent practicing in the time barrier is included, Su Yan is already tens of thousands of years old.

She is still an immortal at the peak of Daluo Jinxian.

Su Yan misses her time in Tianxuan Continent and her life in Gusu City very much.

Empress Nuwa stroked Su Yan's hair and said,

"Yan'er, don't talk nonsense. How can you suppress your father? Your father's cultivation realm is now suppressed. If your father's cultivation realm recovers, do you want to be beaten by your father?"

Su Yan said with a smile,

"Mother, dad will never beat me. I have never been beaten by dad since I was a child."

"Yan'er, your father likes to protect you if he doesn't beat you, and you can't suppress your father."

Su Yan raised his fist and said angrily,

"Mother, you don't know that my father has always asked me to keep Merlot Heaven. It's impossible for me to go out to play. Moreover, my father also locked me in a small dark room. It was so dark that there was no sound at all, and I could even be imprisoned. A small dark room where mana cannot sleep."

Empress Nuwa shook her head helplessly.

She didn't know what happened in the future, but she felt that Su Chen loved Su Yan very much, and Su Yan also liked her father very much. She also saw that her daughter was an uneasy little girl, a naughty little girl who makes trouble.

Nuwa Empress smiled and said, "Yan'er, don't go to your father recently. Your father has something to do."

"I know, mother"

"Yan'er, why don't you and your mother go to the Wa Palace? My mother won't worry about you staying in Heaven. Su

Yan immediately shook his head and said coquettishly, "No, mother, I still have things to do when I stay in heaven. Besides, mother gave me the jade talisman, so nothing will happen to me in heaven.""

Empress Nuwa hugged Su Yan and shook her head with a smile.

She had seen through Su Yan.

The little girl had some plans in heaven, and she might want to take heaven as her own.

Empress Nuwa did not stop Su Yan. ,

Su Yan is her biological daughter after all, and with that bastard Su Chen around, nothing will happen to Su Yan even if Dao Ancestor Hongjun appears.

"Okay, Yan'er, if you are in danger, just crush the jade talisman, and your mother will come to save you quickly."

"Thank you mother, I understand." In the ancient land, there was a Bear Tribe.

When Xuanyuan learned that the Dayan Tribe had surrendered to the Xuannio Tribe, and the immortal envoy he sent was beheaded, Xuanyuan was so angry that he wanted to send out troops to destroy the Xuannio Tribe.

Bang!

Xuanyuan slapped him angrily. He got off the table and shouted,

"Master, I want to send out the army to destroy the Xuannio tribe, and I want to send out immortal cultivators to kill the leader of the Xuannio tribe."

Guangchengzi said hurriedly,

"Xuanyuan, you have to calm down. The Dayan Tribe has surrendered to the Xuannio Tribe. The Xuannio Tribe has suddenly become the second largest tribe in the human race. The Human-Emperor War is about to begin. You cannot start a war with the Xuannio Tribe at this time."

Xuanyuan said with an ugly expression,

"Master, the Black Bird Tribe killed my messenger, can I swallow my anger?"

"There is also Luo Nu. If Luo Nu wins over other tribes of the human race for the Xuannio Tribe, some of the tribes that support me will support the Xuannio Tribe. How can I compete with Chi You for the Human Emperor?"

Guangchengzi frowned when he heard Xuanyuan's words.

Xuanyuan was right.

If the Xuanniao tribe continues to develop, it will be very detrimental to Xuanyuan's war for the Human Emperor.

The human race will be in a three-legged situation in the future.

Chiyou's Jiuli tribe, Xuanyuan's Youxiong tribe, and the newly rising Xuanniao tribe.

The Xuanniao tribe and the Youxiong tribe are both human tribes.

Guangchengzi feels that the Xuanniao tribe is a hidden danger. , the Xuanniao Tribe may start a war with the Youxiong Tribe.

It's troublesome.

Xuanyuan has no chance of winning against Chi You.

If the Xuanniao Tribe starts a war against Xuanyuan again, how can Xuanyuan prove himself and become the Human Emperor? The heavenly merits he wants to obtain I'm afraid it will also turn into nothing.

Guangchengzi said with a serious face,

"Xuanyuan, I will let the immortals of the Chan religion kill the clan leader of the Xuanniao tribe. In this way, the Xuanniao tribe will definitely be torn apart, and you can peacefully compete with Chi You for the Human Emperor."

"Thank you, master."

Xuanyuan nodded with a smile on his face.

If the immortals of Chanjiao take action, the patriarch of the Xuanniao tribe will definitely be killed.

Once the patriarch dies, the Xuanniao tribe will also fall apart. The Xuanniao tribe will not pose a threat to his Xiong tribe..

Half a month later, the Xuanniao Tribe was still receiving the Dayan Tribe, and all the troops of the Dayan Tribe had been integrated. If the Dayan Tribe was not too far away from the Xuanniao Tribe, the Xuanniao Tribe would have been able to control the whole country in about half a month. Yan Tribe.

In the Black Bird Hall,

Su Chen and Wenina were sitting together. Luo Girl was even held in Su Chen's arms.

"Husband, I'm afraid Maximus and Qilin will scold you to death. You've let them do everything. Aren't you worried about Maximus and Qilin getting you drunk in the future?"

"Mark and Qilin will definitely complain about Su Chen. Her husband went too far this time."

"Haha, last time I saw Mark's face darkened, I couldn't help but laugh."

"There is also Qilin. When Qilin saw us, the corner of his mouth kept twitching. In his heart, he must have been unable to bear Su Chen963."

"If it were us, we would also have complaints against Su Chen."

Wenina and Bai Yuekui were laughing and chatting, and they kept pushing Su Chen.

Half a month ago,

Su Chen asked Mark and Qilin to be responsible for integrating the Dayan Tribe, a super tribe with nearly 20 million people.

Su Chen also asked Maximus and Qilin to integrate within a year, which the girls thought was impossible even if they thought about it.

The Dayan Tribe is not a small tribe, nor is it a big tribe.

The Dayan Tribe is a super human race with 20 million people. Tribe.

Integrate the Great Yan Tribe within one year?

Wenina and the girls feel that it is impossible to integrate the Great Yan Tribe within five years.

Su Chen stroked the conch girl and curled his lips and said, "You don't have back pain when you talk, I'm not thinking about you. ? If you want to help Mark and Qilin, I won't stop you."

Luo Nu grabbed Su Chen's hand and said with a blush,

"Husband, my sisters feel that the Dayan Tribe cannot be integrated within one year. The Dayan Tribe is a super tribe after all. I feel that the Dayan Tribe cannot be integrated within three years."

Su Chen shook his head and said to the girls,

"Don't worry, I handed over the Black Armor Legion to Mark and Qilin. With the Black Armor Legion helping them, within a year, Maximus and Qilin will definitely complete the integration."
