

Zongwu 2951

Chapter 2951

Our Lady of Wudang was very anxious.

After receiving a message from Tongtian, some of the senior sisters said they wanted to go back to Jin'ao Island, and some said they would not go back to Jin'ao Island.

After discussing for a long time, the six of them did not agree on the same opinion. She wanted to go back to Our Lady of Wudang. The Black Bird Tribe was looking for Su Chen, but she was worried that Tongtian would find out, so she could only come and ask Su Yan.

Mother Wudang also hoped that Su Yan would ask Nuwa to give them advice.

Su Yan said speechlessly, "Aunt Wudang, you don't have to go back to Jin'ao Island."

Back to Jin'ao Island?

Why would the six virgins return to Jin'ao Island?

Tongtian would be destroyed soon. Whether or not Jin'ao Island would exist in the future was entirely up to her. swish swish....

Our Lady of Jinling and the girls from Yunxiao also arrived one after another. They had just heard Su Yan's words. They didn't need to go back to Jin'ao Island?

Did Su Yan ask them to betray Tongtian?

Betrayal of Jiejiao?

The six daughters of the Golden Spirit Virgin did not want to betray Tongtian.

After all, they were Tongtian's disciples, and it was Tongtian who taught them the skills to become powerful immortals.

Tongtian did not abandon them or use them.

Jin Lingsheng Six women will not betray Tongtian.

The Holy Mother Guiling said with a serious face, "Yan'er, you want us to betray the teacher? Betray the Jie Jiao? I can tell you, we will not betray the teacher, and we will not betray the Jie Jiao."

Su Yan said speechlessly,

"Aunt Guiling, you think too much. No wonder my father said you are stubborn. Can't you wait for me to finish?"

Mother Guiling shouted angrily, "A muscle? Yan'er, your father is a bastard, why am I so stubborn?"

Mother Jin Ling and Bai Yuekui both laughed.

Mother Guiling's character is straightforward and she will say whatever she wants.

How could Su Chen say that Mother Guiling is a one-sided man? There is a husband who talks about his own woman like that. ?

Su Yan grabbed the angry Turtle Spirit Shengshu and said,

"Auntie, Tongtian is unreliable~~"

"You should know that saints are all selfish. In later generations, my father and mother were forced to leave the Great Desolate Immortal World. Other saints did not dare to face the war in the realm. In the end, they stripped away the Hongmeng Purple Qi and fled the Great Desolate Immortal World....."

When Mother Turtle Spirit and Natasha heard what Su Yan said, they were all shocked.

Deception?

Inaction? fear death?

Escape from the prehistoric fairyland?

The prehistoric saint was really selfish and greedy for life and feared death.

He did not dare to face the demon ancestor Rahu directly. He deceived Su Chen's sister, the ruthless empress, and also deceived their respective disciples. With the emergence of the ferocious beast realm, the six saints were afraid of death. Hongmeng Ziqi escaped from the prehistoric fairy world.

The six girls of Jin Ling Holy Mother did not suspect that Su Yan was deceiving them, and it was impossible for Su Yan to deceive them.

Babel?

Interception?

Forget it, their teacher will be killed or expelled by their husbands sooner or later, and there is no need for the six girls to return to Jin'ao Island again.

When the time comes, the Golden Spirit Mother Society will ask Su Chen to spare Tongtian's life, and they can be considered as repaying Tongtian's kindness in passing on his skills.

Bai Yuekui and Natasha listened with great interest.

They didn't know anything about the ancient world of immortality, nor did they know the saints who existed on the ceiling of the ancient world.

This time, they heard about the selfishness of the saints and their fear of death. Bai Yuekui and Natasha also knew about the saints. Very despised and profitable, those saints are like robbers.

When encountering danger, each of those saints is more selfish than the other, and each one is more greedy for life and afraid of death.

Our Lady of Jinling asked worriedly, "We will not return to Jin'ao Island, Yan'er. Will our teacher come to heaven to catch us?"

Su Yan replied while eating a flat peach,

"No, Tongtian can only be angry and angry. He dare not come to heaven to arrest you. My mother, Nuwa, is in heaven, and there is a precedent of my father killing me. Does Tongtian dare to come to heaven?"

The six daughters of Jin Ling Sheng were relieved.

They don't want Tongtian to come to Heaven, nor do they want Nuwa to kill Tongtian again.

In any case,

Tongtian is their teacher..

Five days later, in the ancient fairyland and the Xuanniao tribe,

Su Chen looked at Jiufeng and was very speechless.

Master Huanglong brought more than a dozen immortals. They had just appeared in the area of the Xuanniao tribe.

Su Chen was ready to move his body, but he still Before he had time to take action, Jiufeng, a fiery girl, destroyed Huanglong Zhenren and other immortals in two or three strokes. Su Chen had no choice but to return to the palace.

"Jiufeng, you stole my prey, how do you want to compensate me like this?"

Jiu Feng held his chest with both hands and snorted coldly,"Humph, I helped you kill a few scum. If you don't thank me, you still want me to compensate you. Husband, you are just a shameless bastard."

Jiu Feng wanted to vent.

These days, she has been suppressed by Su Chen, and was tortured to death by Su Chen.

It was not easy for a few enemies to appear today. It is a good thing that Jiu Feng did not kill those scum.

Su Chen hugged Jiufeng's hot figure and said,"~ Hot girl, let's compete again tonight."

"Shameless!"

Jiu Feng is afraid of Su Chen.

She doesn't dare to provoke Su Chen anymore.

This bastard is not a human being.

The Jiu Feng Witch Clan's body can't bear Su Chen. Su Chen is more like the Wu Clan than the Wu Clan."

"Haha~"

Jiufeng kissed Su Chen for a while and said,

"Husband, I am going to practice in the Time Barrier. You go to find the clone of Hou Tuzu Witch tonight."

"Jiufeng, are you scared?"

"I'm scared shitless, I just don't want you to torment me"

"Tch, don't you enjoy it very much? Jiufeng shouted in shame and anger, "Shameless bastard, don't talk nonsense. If you dare to tell others, I will bite you to death.""

Whoosh!

Alice arrived quickly and said hurriedly, "Husband, the war on the Yellow River Plain will break out tomorrow. The armies of the Youxiong Tribe and the Jiuli Tribe have already begun to confront each other."

Su Chen didn't expect that the Human-Emperor War would completely break out tomorrow.

Time is a bit fast.

Could it be that Xuanyuan is worried that other tribes will leave? Xuanyuan doesn't dare to drag it out anymore?

Su Chen thought for a while and said,

"Alice, order Mark and Qilin, our Black Bird Tribe army can be dispatched."

"Okay, I'll notify Mark and Qilin immediately."

Alice hugged Su Chen and kissed her. She quickly left to inform Mark and Qilin.

Jiufeng asked doubtfully, "Husband, how could the Human-Emperor War break out so quickly?"

Su Chen sat down with Jiufeng in his arms and explained,

"My guess is that Xuanyuan doesn't dare to wait any longer."

"Some tribes of the human race, they did not see our Xuanniao tribe helping Xuanyuan, and some human tribe troops left one after another. Xuanyuan was worried that as time went by, more human tribe troops would leave Dao."

Chapter 2952

Jiufeng nodded when she heard Su Chen's words.

She heard that some human tribes retreated with their troops. If it was as Su Chen said, Xuanyuan would be very tragic in the Human-Emperor War and would be even more angry with Su Chen.

After all, Su Chen Chen persuaded Xuanyuan.

This bastard got a beautiful woman and didn't help Xuanyuan. I'm afraid the person Xuanyuan wanted to kill the most was Su Chen.

Su Chen picked up Jiufeng and said, "Let's go back to the palace. In the Human-Emperor War, you also have to kill some quasi-sages."

Jiufeng leaned in Su Chen's arms and said,

"Those scumbag quasi-sages, Queen Mother Xi and I can destroy them all."

Su Chen kissed Jiufeng and said,

"My wives are the most powerful. You are all the proud daughters of heaven. I am very lucky to have you."

"Hum, that's good if you know."

Xuanniao Tribe""183", the troops from various military camps began to dispatch, one by one, the legions marched towards the Yellow River Plain.

Over a military camp,

Mark and Qilin watched the troops dispatch from the air. The endless black troops stretched as far as the eye could see, and they felt very sad. Excited,

Mark clenched his fists excitedly and said,

"It's really spectacular, an army of 60 million. I never thought that one day I would command an army of 60 million."

Qilin attacked Mark and said, "Mark, an army of 60 million is child's play. Su Chen's army has tens of billions. Have you ever thought about commanding an army of tens of billions of immortals?"

Mark said speechlessly,

"Qilin, you are dishonest. Can I be like that pervert Su Chen?"

"I'm just reminding you."

Mark took a sip of wine and said,

"Forget it, the Luck War is about to begin. Qilin, we are responsible for commanding the army to fight. Alice and the others will kill the enemy team, Su Chen will kill the immortals, the Xiong Tribe, the Jiuli Tribe, and our Xuanniao Tribe will kill them. Defeat them all. Qilin touched the black knife and said, "Well, Mark, the Human-Emperor War and the Luck War will end within three years. If it's quick, it will end in two years.""

Mark nodded and said,

"Yes, this luck war lasted five or six years. The two of us worked extremely hard, but Su Chen was actually enjoying himself among women. I just want to beat Su Chen up just thinking about it."

Qilin curled his lips and mocked, "Su Chen is the emperor, you are the general, Su Chen is the emperor of heaven, and you are still the general. Su Chen has become the emperor of the huge realm, and you are still the general. Aren't generals responsible for leading troops to fight? Mark said with a ghostly expression, "I guess, Qilin, you actually know how to taunt people, why are you the first one to taunt me?""

"I will also laugh at Su Chen"

"I believe you."

One day later, on the Yellow River Plain, the Jiuli tribe's army began a large-scale attack.

In just three hours, the troops of the Bear Tribe Alliance were beaten back continuously, and tens of millions of human troops were massacred.

If it were not for the magic cast by the immortals , To prevent the Jiuli tribe from continuing to attack, the Youxiong tribe alliance may fail in one battle. The Youxiong tribe's big tent is lifeless. The Jiuli tribe's army is too tough. Four or five human soldiers cannot kill a Jiuli soldier. The Human Emperor War It was impossible to fight.

A strange man with blue skin saluted Xuanyuan and said,"Human Emperor, our 200,000 monster army will be dispatched tomorrow. Xuanyuan asked hurriedly,"Zach, can your monster army defeat the Jiuli tribe?""

Zac shook his head and replied,

"No, our monster army can defeat up to a million Jiuli troops. If the human army is dispatched together with our monster army, our monster army can improve the morale of the human army. The human army can defeat the Jiuli tribe in a battle."

Xuanyuan thought for a while and ordered,"Haishan, tomorrow we will dispatch 50 million tribal alliance troops to attack the left wing of the Jiuli tribe. Zac's monster army will be dispatched with you."

"Yes, the Human Emperor!"

"Yes, the Human Emperor!"

Haishan and Zac saluted Xuanyuan one after another.

The Jiuli tribe has only 20 million troops on the left wing, 50 million human troops, and 200,000 monster legions. They should defeat the 20 million Jiuli soldiers on the left wing.

One The man in black robe whispered,"Zach, is it too early for us to dispatch now? The enemy team hasn't shown up yet, and our presence would expose us."

Zac shook his head and said helplessly,

"We have to dispatch. The human tribe alliance is no match for the Jiuli tribe. Guang Chengzi went to look for war drums to boost morale and has not returned yet. We must stabilize Xuanyuan's army. 0...."

"You are right. The human army is still too weak, and the Jiuli tribe is too strong and barbaric. If Destiny Compass hadn't seen the image of the future, our team would definitely support the Jiuli tribe."

"Don't worry, wizard, Xuanyuan will definitely win the war between the Human Emperor and the Human Emperor. There are four or five quasi-sages in the Human Emperor's camp. If Guang Chengzi finds Pigu, Xuanyuan will definitely defeat the Jiuli tribe and divide Chi You into five pieces."

"Zach, I hope tomorrow goes well. As long as the bear tribe persists for half a year, the war will turn around."

At night, in the big tent,

Xuanyuan and several immortals from Chanjiao were discussing.

Xuanyuan asked the Antarctic immortals,"Uncle Master, can my teacher find a war drum to improve morale and strength? Taiyi

Zhenren replied to Xuanyuan,"Yes, your teacher has some clues. As long as your Bear Tribe Alliance persists for about half a year, your teacher will come back." Xuanyuan nodded and replied,"Uncle, I understand. I will persist for about half a year.""

The Antarctic Immortal reminded Xuanyuan,

"Xuanyuan, the Xuanniao tribe is not simple. Junior Brother Huanglong and more than a dozen immortals were killed, and their souls did not escape. You must also be careful about the Xuanniao tribe. Xuanyuan said sinisterly, "Uncle Master, if we don't kill the Xuanniao Tribe's leader, the threat from the Xuanniao Tribe will not be lifted. We must kill the Xuanniao Tribe's leader." Yun

Zhongzi waved his hand and said,

"We understand that the Chan Cultists, Taoist Cihang, Master Yuding, and Master Daode, have taken hundreds of immortals to the Xuanniao Tribe. Tonight, the patriarch of the Xuanniao Tribe will definitely be killed."

"Thank you so much, uncle."

Xuanyuan felt relieved.

There were hundreds of powerful people who went to kill the leader of the Xuanniao tribe. The leader of the Xuanniao tribe was dead.

There was also the female slave.

The traitor could not spare her.

Xuanyuan would imprison the female slave. When he got up, he wanted to take the female concubine as his concubine and humiliate and torture her day and night.

Xuanyuan touched his chin and thought of the conch girl.

He thought with a sullen face,

【There is also Luo Nu. Luo Nu can't let her go. That bitch is just like the female leader. He himself has to torture her day and night.】

Chapter 2953

In the Xuannio Tribe,

Su Chen and Xi He stood on a huge statue.

Hundreds of immortals appeared in the Xuannio Tribe area. Su Chen wanted to know who came to assassinate him this time.

Xihe Zou frowned and said,

"Husband, can you let the female slaves go out? There are four Daluo Golden Immortals who arrived, and the female demon has only been promoted to Daluo Golden Immortal. She may not be a match for those people."

Su Chen hugged Xi He's soft waist and said,

"Don't worry, the female demon is very powerful. She has been practicing in the time barrier for millions of years. I also gave her a top-quality innate spiritual treasure. Even if she can't kill those immortals, nothing will happen to the female demon. Xihe rolled his eyes at Su Chen and said,

"It's just unnecessary for you. If I take action, I can destroy those immortals in an instant. Su

Chen said with a smile, "Madam, the female leader has been suppressed for a million years and she needs to vent.""

Xi He's face was so dark that he didn't want to talk to this bastard.

Is the bastard being suppressed?

This bastard is tormenting the bastard and begging for mercy. The bastard may mistake those immortals for Su Chen and kill them. At this moment, outside the city of Xuanniao King,

04 bastard Standing in the air with a cold face, she looked at the approaching immortals and clenched her fists tightly.

Swish, swish!

Four powerful immortals instantly appeared opposite the female emperor.

After a while, hundreds of golden immortals and mysterious immortals also appeared. Appearing in the air, they looked at the female leader and became wary.

The female leader took out the purple jade cauldron and said coldly, "Chan Cult's fearful grandson, Taoist Cihang, Yun Zhongzi, Daode Zhenren, how do you want to die?"

Zhen Liusun asked Nvba in surprise, "You are Xuanyuan's daughter, Nvba, how could you become Da Luo Jinxian?"

Daode Zhenren asked in shock,

"What? Fear of leaving Senior Brother Sun, did you read that correctly? Is she Xuanyuan's daughter?"

Zhen Liusun nodded and said with a serious face,

"I met Nv Ba two years ago. She was just an immortal cultivator in the Nascent Soul Realm at that time. I did not expect that Nv Ba would become a Daluo Golden Immortal like us two years later."

Yun Zhongzi and Taoist Cihang, Taoist Daode, were very surprised when they looked at the female demon.

In just two years, how did the female demon grow from a scummy Nascent Soul realm to a Daluo Golden Immortal? Could it be that the female demon ate the best innate spirit? Fruit Huangzhongli?

No, the aura of the female demon is obviously that she has cultivated to Daluo Jinxian. Didn't she eat the best innate spiritual fruit Huangzhongli?

"Have you finished talking? After that, you can go and die." The female demon held up the purple jade cauldron, and boom!

The purple jade cauldron burst out with a ray of light, and the powerful and terrifying aura shocked the people like Liu Sun and others, who retreated for hundreds of miles.

"No, it's the best innate spiritual treasure, everyone be careful"

"shock!"

Cang! Boom!"

"No....."

The female demon casually knocked on the purple orchid jade cauldron, and the bodies of hundreds of immortals were shattered and destroyed. Whether they were black immortals or golden immortals, the best innate spiritual treasures were not something they could compete with.

Yun Zhongzi and the four looked at the female demon warily. , the purple jade cauldron of the female demon is too powerful. Ordinary top-grade innate spiritual treasures cannot have such power. If the four of them had not used the spiritual treasures to resist together, they would have been knocked away.

"The little scumbag has been dealt with, it's your turn now."

The female demon was very satisfied with Ziyu Ding. She did not serve that bastard in vain in the time barrier.

However, the female demon thought of Su Chen's torment to her, especially When she was asked to do those disgusting things with her thighs, her face couldn't help but turn red.

Whoosh!

Suddenly a ray of light appeared,

Taoist Cihang disappeared instantly, and a cold voice sounded around him

"Female slave, I took Taoist Cihang away, and killed the others. The surrounding area is bounded by the space of Su Chen's subordinates, and they cannot escape."

The female master wanted to curse Su Chen with a dark face.

That bastard is a shameless pervert.

The powerful female immortals of the Great Ancient Immortal are probably all related to Su Chen. Taoist Cihang was kidnapped by Xi He. The female master knew it without even thinking, , must be Taoist Cihang whom Su Chen asked Xihe to capture.

The female demon looked at Yun Zhongzi and the others and said harshly,

"You are unlucky, I am in a very bad mood, you just wait to be tortured and killed by me."

Yun Zhongzi and the other three panicked.

They all recognized who had just captured Taoist Cihang,

Xihe, the Taiyin Fairy!

Xihe was also the aunt of Su Yan from the Heavenly Court.

The Xuanniao Tribe was actually related to Xihe, so Su Yan Where is Yan?

Does Su Yan, the Emperor of Heaven, have something to do with the Xuanniao Tribe?

Yun Zhongzi and the other three trembled when they thought that the Xuanniao Tribe had something to do with Su Yan , they are dead, even their teacher's arrival can't save them.

Boom!

The female demon destroys the purple jade cauldron and attacks Yun Zhongzi and the three girls.

"Die!"

"We are about to destroy the Lingbao defense. If we don't want to die, we must defeat the female demon and escape."

At this moment, in the Xuanniao Hall,

Taoist Cihang, who had been sealed in the realm of cultivation, looked at Su Chen who was sitting high up. When she saw Su Chen for the first time, Taoist Cihang's soul jumped with joy. She didn't know why, but she felt that Su Chen was related to her.

Su Chen held Selena and looked curiously at Taoist Cihang.

No, it was the Guanyin Bodhisattva of later generations.

Logically speaking, after his jade talisman clone appeared,

Guanyin Bodhisattva should be very familiar with him, and she should also go to 527 Heaven with Yunxiao and the others. Why did Taoist Cihang seem to see him for the first time when he saw him for the first time?

Su Chen touched Selena and said to Guanyin Bodhisattva, "Taoist Cihang, it's time for you to wake up."

Cihang Taoist priest frowned and said in confusion,

"Who are you? Why do I feel that you are very familiar? Why do I want to get close to you?"

Su Chen said with a smile,

"who I am? Didn't your soul remind you?"

"Taoist Cihang, the Taoist robe you are wearing is really ugly. Your uneven figure is hidden. I still like the way you look in white palace clothes and sitting on the white lotus."

Selena covered her mouth and laughed when she heard Su Chen. She knew that Taoist Cihang was the Guanyin Bodhisattva in later generations.

However, the gray robes Taoist Cihang wore were very ugly, and they also covered up her perfect and uneven figure. Taoist

Cihang shouted angrily, "Shameless! who are you?"

Is her Taoist robe ugly?

Her Taoist robe is an acquired spiritual treasure. What is ugly and good-looking among cultivators?

And she has a bumpy figure.

Has this bastard seen her body? Otherwise, why would this bastard know her? Is your figure uneven?

"My name is Su Chen, and I am your husband, Taoist Cihang. It's time for you to wake up, and it's time for you to fall into my arms."

Chapter 2954

Su Chen suddenly hugged Taoist Cihang and kissed him.

He wanted Taoist Cihang to think of him earlier. Su Chen could only use this shameless method.

"Shameless pervert!"

Selena patted her forehead speechlessly.

This bastard is really hopeless.

Kissing Taoist Cihang will make Taoist Cihang feel close to Su Chen and how important Su Chen is to her, but Su Chen doesn't. After explaining, he hugged Taoist Cihang and kissed him.

This bastard must have done it on purpose to make Taoist Cihang confused and angry.

After a while,

Su Chen hugged Taoist Cihang and asked with a smile, "Taoist Cihang, do you remember Me? Are you very familiar with me? Does it feel more familiar when I kiss you?"

Taoist Cihang asked in embarrassment, "What's going on?" Why am I so familiar with you? Why does my soul feel so happy when I'm kissed?"

Su Chen touched Taoist Cihang's delicate face and said,

"Because we are destined Taoist lovers, Taoist Cihang. No, I'll call you Guanyin Bodhisattva. Guanyin, our destiny is connected and our luck is connected. You will be my wife in the future."

"Guanyin?"

Taoist Cihang seemed to understand something.

She might be called Guanyin Bodhisattva in the future, and

Su Chen should be called Guanyin Bodhisattva in future generations. After she changed her name, she met Su Chen and became Su Chen's woman.

But, why should she be called Guanyin Bodhisattva in future generations? Has something changed in later generations?

Guanyin Bodhisattva?

She will be called Guanyin Bodhisattva from today on.

Guanyin Bodhisattva said coldly to Su Chen, "Su Chen, unlock my seal"

"good!"

Su Chen did not hesitate to unlock the cultivation seal of Guanyin Bodhisattva. He was not worried that Guanyin Bodhisattva would take action against him.

Guanyin Bodhisattva did not push him away.

Su Chen guessed that Guanyin Bodhisattva's soul was causing trouble.

After such an experience,

Su Chen He has met

Queen Mother Xi, Xihe, Jiufeng and other women many times, and he has heard about the reactions of their spirits from their mouths.

"Aren't you afraid that I will kill you?"

Guanyin Bodhisattva didn't expect that Su Chen really unlocked her seal without even hesitating.

How could this bastard believe her so much?

Su Chen kissed Guanyin Bodhisattva and said, "You are my wife, I don't believe you. Will take action against me"

"You are so shameless!"

Guanyin Bodhisattva was very speechless towards Su Chen.

She wanted to push Su Chen away, but the reaction of the soul made her even more speechless.

Guanyin Bodhisattva felt that her soul had rebelled. If she took action against Su Chen, the soul might stop her.

"Guanyin, there are some things I can't tell you. If you want to know, you can go to heaven and ask Nuwa and the Queen Mother. They know something about me."

"I see. Su

Chen touched Guanyin Bodhisattva's plump waist and asked, "By the way, Guanyin, were you in retreat earlier?" Didn't you pay attention to what happened on Jiejiao Jin'ao Island and Tianting?"

Guanyin Bodhisattva leaned in Su Chen's arms and replied,

"Well, I just came out of seclusion three months ago. I heard from my brothers what happened to Jiejiao and Tianting. Empress Nuwa killed Tongtian, and Emperor Su Yan's father not only killed Tongtian, but also deprived me of Hongmeng. The purple energy completely killed me."

Su Chen said with a smile, "I am Su Yan's father, and Su Yan is also your daughter."

Guanyin Bodhisattva asked in surprise,

"What? Are you Su Yan's father?"

"How could you be Su Yan's father? Su Yan's father was a powerful and terrifying saint. How could you, a scumbag cultivator, be Su Yan's father?"

Bang!

Su Chen spanked Guanyin Bodhisattva and said, "Guanyin, I am indeed Su Yan's father. My cultivation realm has been sealed, otherwise I can kill you with my momentum."

"You bastard, I...I'll bite you to death."

Guanyin Bodhisattva didn't expect that Su Chen would dare to spank her. She opened her mouth and bit Su Chen's arm. She was a shameless pervert.

There was a woman next to her.

Guanyin Bodhisattva felt very embarrassed when she was spanked.

Su Chen said hurriedly, "Hiss, Guanyin, I am now a cultivator of immortality. Please bite it gently."

"Huh, Su Chen, is everything you said true? Are you really a powerful and terrifying saint?"

Su Chen touched the hair of Guanyin Bodhisattva and replied, "Guanyin, if you want to call me husband, what I say is true. However, I am not a saint. I am the Hunyuan Daluo Jinxian of the eighth level of the holy realm."

Guanyin Bodhisattva looked at Su Chen with her beautiful eyes.

The eighth level of the holy realm?

Hunyuan Daluo Jinxian?

Guanyin Bodhisattva didn't know what happened to Hunyuan Daluo Jinxian, but she didn't expect Su The morning meeting was at the eighth heaven of the holy realm.

Her teacher was the third heaven of the holy realm.

Her future Taoist companion turned out to be the eighth heaven of the holy realm.

Guanyin Bodhisattva felt dizzy as if in a dream. She was frightened by Su Chen's level of cultivation.

Whoosh

Laura appeared in the hall instantly, and she hurriedly said to Su Chen,

"Husband, I found that the hostile team has appeared, and the enemy team's 200,000 monster legion has also appeared. They will attack the left wing of the Jiuli tribe tomorrow."

Su Chen didn't expect that the enemy team would appear so early, and even the monster army would be dispatched.

Kill?

Or wait and kill?

Selina said to Su Chen excitedly,

"Husband, Alice, Laura, myself, plus Mu Ningxue, the four of us can destroy the enemy team."

The enemy team appeared, and Selina couldn't help but want to kill them.

She hadn't had a happy fight in several years, and Selina had long wanted to fight happily.

Su Chen shook his head and refused,

"No, Selina, a hostile team appears on the battlefield. If you take action, the cultivators and immortals from the Bear Tribe will take action against you. Now is not the time to destroy the hostile team."

Laura patted Selina on the shoulder and said,

"Selena, our husband is right, the enemy team is not a concern, we must be careful to help the immortal cultivators and immortals in Xuanyuan. Selina said a little discouraged, "The enemy team will be dispatched tomorrow, shouldn't we kill them?""

Su Chen touched his chin and thought for a while and said,

"Selena, go to the time barrier and inform Jiufeng that Xuanyuan's army will attack the left wing of the Jiuli tribe tomorrow and will also dispatch some powerful monster armies."

Selena asked with bright eyes, "Husband, what do you want? Let the Jiuli tribe destroy the enemy team's monster army?"

Su Chen touched Guanyin Bodhisattva and replied,

"Yes, our black bird army has just been dispatched and will arrive in the Yellow River Plain in half a month. The enemy team's monster legion is a threat. We can let the Jiuli tribe destroy the enemy team's monster legion. Selena hugged Su Chen and kissed her and said, "Husband, you are so cunning, but I like it. I will inform Jiufeng Ding now.""

Chapter 2955

Selina and Laura agree with Su Chen's decision.

The Jiuli tribe and the enemy team will fight dogs, and the Xuanniao tribe's army will also reduce casualties.

Selena and Laura waved to Su Chen, and they disappeared into the hall instantly.

Selena was going to inform Jiufeng, but

Laura didn't dare to stay.

She was worried that Su Chen would make her do those embarrassing things again..

Guanyin Bodhisattva hurriedly reminded Su Chen,

"Husband, Chanjiao has found a few quasi-sages to help Xuanyuan. Although I don't know who they are, I know that at least four or five quasi-sages have agreed to help Xuanyuan. You should be careful when the time comes."

Su Chen said with a smile,

"Guanyin, we all know the quasi-sages who helped Xuanyuan. Those quasi-sages don't have to worry. The Queen Mother of the West and Xihe's daughters will destroy them. It's possible that the great witch from the Wu Clan will destroy them."

"As long as you have countermeasures,"

Guanyin Bodhisattva rolled his eyes at Su Chen,

Queen Mother, Nuwa, Xihe, Queen Mother of the West, Jiufeng, Nvba, Selina and Laura.

This bastard There are a lot of women.

Guanyin Bodhisattva guessed that Su Chen not only has these women, but also many women that she doesn't know about.

"Madam, let me help you get to know me better"

"Husband, what are you going to do?"

"You will know in a moment"

"Shameless, you can't touch me, I'm not sure yet...."

Before Guanyin Bodhisattva had finished speaking to Su Chen, Su Chen hugged Guanyin Bodhisattva and disappeared into the main hall.

A romance, a romantic affair, and watching the stars under the night sky would all happen in the Black Bird Tower in a moment..

Outside the city of King Xuanniao, the female leader killed Yun Zhongzi and the others.

She also got the spiritual treasures of Yun Zhongzi and the others. However, these spiritual treasures were not very good. The best spiritual treasures were the innate middle-grade spiritual treasures. The female demon looked at the spiritual treasure in her hand with disgust.

The female demon looked at the small cauldron in her hand and smiled and said, "My purple jade cauldron is better, and it is very easy to use."

Whoosh!

The female leader disappeared into the air in an instant.

She wanted to tell Su Chen that she had killed Yun Zhongzi and the three others. She also wanted to go to the time enchantment to practice.

One hour outside, the time enchantment lasted for hundreds of years, and the origin of heaven.

The female leader was in the time. She doesn't even want to come out of the barrier after practicing. She will be able to advance to the quasi-sacred realm in hundreds of thousands of years.

The next day, the bear tribe's 50 million troops were dispatched at dawn. Behind the army, 200,000 monsters with huge bodies and thick scales roared and followed the human army.

Zach said to the human general beside him,

"General Haishan, the human army will be dispatched first. After the Jiuli tribe's left wing army appears, my monster army will attack in the middle. The human army only needs to contain the Jiuli army on both wings."

"If the monster army defeats the Jiuli army in the middle, the Jiuli army on both wings will definitely be in chaos. The human army can destroy 20 million Jiuli troops in one go."

Haishan reminded Zach,

"Okay, Zach, your monster army only has one hour"

"The human army can resist the Jiuli army for an hour. If your monster army cannot destroy the Jiuli tribe's central army, the human army will retreat after an hour."

Zach nodded and said confidently, "Okay, one hour is enough."

"See you in an hour"

"See you in an hour!"

Dong dong dong.....

On the left wing of the Jiuli tribe army in the Yellow River Plain, the attack drums of the Bear Tribe Alliance began to sound.

"Kill, destroy the Jiuli tribe, we are the orthodox human race, destroy those bastards"

"Destroy the Jiuli tribe, kill all the men, and all women will become our slaves"

"Attack, attack, we have the help of a powerful monster army, we must destroy the Jiuli army on the left"

"There are warriors from the Xiong Tribe. The Human Emperor has ordered that the Jiuli Tribe be destroyed. Each warrior can be divided into three female slaves. The women from the Jiuli Tribe are waiting for us to kidnap them. Come to me."

The generals of various military formations of the 50 million human race shouted.

The Jiuli tribe's left wing only had 20 million troops.

The human race dispatched 50 million troops, and there were also 200,000 powerful monster legions.

The soldiers of the Bear tribe were all roaring. , as long as they destroy the Jiuli army on the left, as long as they defeat the Jiuli tribe, they can get a lot of rewards and Jiuli female slaves.

Woo woo woo.....

The Jiuli tribe discovered that there was an enemy attack and the horn sounded.

In each military camp, the tall Jiuli army quickly gathered, and the Jiuli soldiers with weapons quickly rushed towards the human army.

A strong man asked, "Wushan, have you discovered the monster army?"

Wushan hurriedly saluted and said, "Witch general, we have discovered it. The two hundred thousand monster army is going to attack us." The Chinese army attacking Jiuli army 0..."

The wizard general clenched his fist and snorted coldly,

"Hum, the vulnerable monster army, Wushan, you led a hundred thousand witch soldiers to destroy the monster army."

"Our Witch Clan has not appeared in the Great Desolate Immortal World for too long. We must let all races in the Great Desolate Fairy World remember our Witch Clan again, and we must restore the glory of our Witch Clan. Wu

Shan raised his chest and shouted loudly, "Witch General, for the sake of the Witch Clan, I will definitely kill all monsters and human armies.""

"go ahead"

"It's a witch general!"

On the left side of the Yellow River Plain, almost hundreds of millions of troops collided and fought.

In just a few breaths, hundreds of thousands of people were killed, and tens of thousands of Jiuli tribesmen were killed. Countless people were killed every moment. One hundred thousand creatures fell to the ground dead, and the earth was covered with blood.

Haishan waved his sword and shouted,

"If we hold off the Jiuli army for half an hour, the Jiuli tribe will be defeated, and the women of the Jiuli tribe will become our female slaves. All the warriors of the Xiong tribe, hold on."

Over the Yellow River Plain, the great shamans of the Jiuli Tribe and the immortals of the Youxiong Tribe were confronting each other.

None of these powerful immortals took action. Today was just a collision of tens of millions of armies, and it was not the time for a decisive battle.

In the space barrier, 1.5

Su Chen Holding Guanyin Bodhisattva, they were also looking at the tragic war below. After they heard the morale-boosting slogans of the Bear Tribe,

Su Chen's expression changed.

Women?

Are the Bear Tribe soldiers fighting for women?

Damn it, although Su Chen is a Sex embryo, but he will not allow his army to insult women.

Xuanyuan is a disgusting big stallion, and the soldiers of the Bear Tribe were also destroyed by Xuanyuan.

Su Chen said with an ugly face,

"There is no need for the existence of the Bear Tribe. All the men of the Bear Tribe were turned into disgusting people by Xuanyuan."

"woman?"

"Some bear soldiers go to war to kidnap women?"

"Xuanyuan is a disgusting person, and the men in the Bear Tribe have also become disgusting people. I will slaughter all the men in the Bear Tribe, and kill them all without leaving any one behind."

Chapter 2956

Guanyin Bodhisattva shook his head speechlessly, aren't humans cruel and lustful?

Since the Lich War, the human race has become the protagonist of the world.

Many immortal cultivators and immortals have appeared in the human race for millions of years.

The weak races in the prehistoric fairyland have either been destroyed by the human race or enslaved. The women of the weak races have been caught and humiliated by the human race. These It is common in the prehistoric fairyland.

Guanyin Bodhisattva persuaded Su Chen,

"Husband, aren't you so angry? Various human tribes are arresting women from other weak races. Those women are humiliated in the human tribes, and life is worse than death."

Su Chen's face became even uglier when he heard the words of Guanyin Bodhisattva.

In the prehistoric fairy world, the jungle eats the strong.

The human race may not be wrong in doing so.

When the human race is weak, other races will also humiliate the women of the human race, and even eat the human race as food.

Su Chen can't control it. These, but the human race,

Su Chen is very aware of the ferocity of the human race, knows that the human race is cruel and cruel, the human race is extremely cruel to the same race, and does not treat other human races as the same kind, let alone treat other races.

Su Chen looked at the war below and said ,

"Guanyin, I now understand why the Emperor of Humanity became enlightened and they were imprisoned in the Fire Cloud Cave."

"There will be eight human emperors in the human race. Every time a human emperor appears, the human race will not be peaceful. Some immortal cultivators and immortals in the human race will die. This time, the third human emperor will"

"The ordinary army of the human race will die in the hundreds of millions, and the ordinary people will die in countless numbers, as well as the immortal cultivators and immortals. After this war in the human realm, not even a tenth of the human race's immortal cultivators and immortals will be left."

"If we go through five more emperors"

"Immortal cultivators and immortals in the human race may become extinct. Even if there are cultivators and immortals in the human race who are practicing again, the number is probably very small, and the human race will become weaker and weaker."

Su Chen said and felt that his guess was not wrong.

If the Eight Great Human Emperors had not been imprisoned in the Fire Cloud Cave, the human race would have three quasi-sages and five Daluo Golden Immortals. There would be tens of millions or even hundreds of millions of immortals, and even more immortal cultivators. Countless to count.

In the entire prehistoric immortal world, the demon tribe retreated to the Northern Plains, and the witch tribe retreated to the six realms of reincarnation. How dare the disciples of saints kill tens of millions, or hundreds of millions of human immortal cultivators and immortals?

What if the saint disciples dared to massacre human immortal cultivators ? And the immortals, the karma-ridden saint disciples will be chopped to death by the law of heaven.

Except for the various saint sects, the races in the prehistoric immortal world will not be the opponents of the human race.

The human race will destroy the heaven and the various races in the prehistoric immortal world.

What will happen in the future?

The human race will become The real protagonist of heaven and earth, all the luck in the prehistoric immortal world will be obtained by the human race.

If a saint appears in the human race, each saint will retreat.

The saints in the prehistoric immortal world should have calculated that the appearance of the eight human emperors is to weaken the human race, and the human emperor will be Imprisoned, the immortals and cultivators of the human race killed each other. From now on, the human race can only rely on heaven and become a vassal of the saint sect.

Su Chen shook his head and whispered,

"Human race! Human race! Human race! The human race is too selfish, has too many desires, is greedy, and is extremely cruel. I am afraid that the ancient heaven does not want people to rule the ancient immortal world."

Guanyin Bodhisattva rolled her eyes at Su Chen.

She felt that Su Chen was thinking too much.

All races in the prehistoric fairy world are constantly evolving. There may be genocide every day, and there may be new races.

Su Chen considered that the human race is Superfluous, during the Three Tribes Period, the Dragon, Phoenix and Qilin Tribes dominated the prehistoric fairy world for hundreds of huiyuan, and finally became a third-rate race.

Even the Qilin Tribe was almost exterminated, and the Witch Tribe and the Monster Tribe also prospered for a while.

In the end, the Monster Tribe was left behind. The clansmen were forced to retreat to the wild northern plains. The Wu clan was almost exterminated and retreated to the six realms of reincarnation.

The reincarnation of heaven and the retribution of karma. The human race may prosper for a while, but what will happen in the future?

It will prosper and then decline.

Even if the human race is not exterminated in the future, I am afraid they will become puppets. Race.

At this moment, on the Yellow River Plain, the hostile monster legion and the Wu tribe met. At the first collision, the monster legion was swept away by the terrifying Wu tribe.

Wu Shan rode on an armored rhinoceros and shouted,

"Sons of the witch clan!"

"In the Lich War, our Witch Clan and the Monster Clan perished together, but the Witch Clan still has us, and as long as we are there, the Witch Clan will not be destroyed."

"Today, our Wu clan dispatched 100,000 people"

"But we want all the tribes in the ancient world to see our witch clan. The glory of our witch clan is still there, and our witch clan is still the most powerful race in the ancient world.

"For the glory of our witch clan, kill all the enemies in front of us."

All the witches raised their weapons and shouted,

"witch! witch! witch! witch! witch!....."

"Witch clan, attack!"

Wushan rode the armored rhinoceros and took the lead to kill the monster army.

"kill!"

All the Wu tribe rushed forward and followed Wu Shan.

In an instant, the monster legions were chopped and their flesh and blood flew everywhere. Countless times, the monsters were slaughtered to death before they had time to resist.

Zach shouted with a pale face,

"Monsters, what the hell, the Witch Clan is more monster than the Monster Legion, but how come the Witch Clan appears on the left wing? Didn't it say that the Wu clan's army was in the Jiuli tribe?"

It's over.

The 200,000 monster legion may be slaughtered in a quarter of an hour. 847

The Witch Clan is so powerful that the monster legion cannot handle it. This is an asymmetrical war.

The black-robed priest shouted to Zach,

"Zach, let's run away quickly. The Wu Clan is too cruel. If we don't leave, the strong ones from the Wu Clan will kill us.

Zach looked around and asked, "Priest, where are Biers and the others?"

"As soon as those bastards saw that something was wrong, they had already escaped from the Yellow River Plain."

"Damn it, let's get out of here quickly, the monster army is hopeless."

Zac and the black-robed priest quickly disappeared from the battlefield.

Today's war failed.

They were still slaughtered cleanly by the Witch Clan.

Two hundred thousand monster legions were completely wiped out, and fifty million human troops were also wiped out.

There is no way to fight the war.

If the human army cannot destroy the Wu clan shaman soldiers, Xuanyuan Human Emperor's Xiong tribe will also be slaughtered.

In the air barrier,

Su Chen touched his chin and said,

"The Wu Clan is indeed an ancient race, very powerful. Even the 100,000 Wu Clan's witch soldiers and the 50 million humans cannot deal with it, and they will be massacred by the Wu Clan and the Jiuli Tribe."

Guanyin Bodhisattva asked Su Chen, "Su Chen, can your black bird tribe army defeat the witch soldiers of the witch tribe?"

"Okay, I have 100,000 direct black armored legions in my hand. The 100,000 black armored legions can destroy the 100,000 witch soldiers of the witch clan."

Chapter 2957

Su Chen hugged Guanyin Bodhisattva and kissed him hard.

He didn't care about the witch soldiers of the witch clan. If the great witch of the witch clan decided to go to war with his Black Bird tribe, Su Chen would send out his direct black armored legion. The powerful black armored soldiers It is not difficult for the legion to destroy the witch soldiers of the witch clan.

Guanyin Bodhisattva blushed and said,

"Su Chen, let's leave. There is nothing to see in the war. No one from the Bear Tribe Alliance army can escape this time. All human armies will be destroyed by the Wu clan."

Su Chen stroked Guanyin Bodhisattva and said,"Wait a moment, I sense some quasi-sage powers hidden around, and I want to see if the immortals on both sides will fight."

Guanyin Bodhisattva shook his head and said,"It is impossible to fight. Several great witches of the witch clan are in the air. If the powerful ones invited by Chanjiao are not fully sure, they will not dare to fight against the immortals."

Su Chen nodded. If the quasi-sage powerful men invited by Chanjiao were not completely sure, those powerful men would not dare to send out the immortals to start a war.

Xing Tian of the Wu Clan could defeat two powerful men, and he could even fight very hard. Destroy those powerful people quickly.

Chanjiao will definitely come up with a way to deal with the great witch of the Wu Clan. At the very least, he can also contain the great witch of the Wu Clan.

Su Chen looked at the battlefield and said,"Look at it for a while. If there is no war, we will leave.""

"good!"

On the battlefield, there was a one-sided massacre at the moment.

The human army was defeated.

The Wu and Jiuli tribes continued to chase and kill the human army that was trying to escape. The Yellow River plain was full of corpses, broken limbs and arms, and rivers of blood. This This is the real river of blood

"Um? Duobao? There are hundreds of Jiejiao disciples. Yuanshi Tianzun persuades Tongtian to help the Xiong tribe?"

Su Chen suddenly found hundreds of immortals arriving in the air, including the quasi-sage Duobao Taoist. He did not expect that Jie Jiao would also participate in the Human-Emperor War. Did Yuanshi Tianzun pay the price for Tongtian to agree to help Xuanyuan?

What about the Western Sect? Quasi- sect. What about Tihe Jieyin?

Will Yuanshi Tianzun also pay the price and let the Western Sect send out disciples to help Xuanyuan?

Guanyin Bodhisattva looked into the distance and said,

"Husband, Jie Jiao must have been persuaded by my teacher, otherwise Tongtian would not have been able to help Xuanyuan.."

Su Chen said to Guanyin Bodhisattva,

"Guanyin, your teacher Yuanshi Tianzun is very smart. I was killed by me. Tongtian has a powerful sword formation to kill immortals."

"Yuanshi Tianzun, Zhunti, and Jie Yin, it is impossible for the three saints to break the Zhuxian Sword Formation together. They can only reconcile with Tongtian, and even join forces with Tongtian to deal with Nuwa."

Guanyin Bodhisattva asked doubtfully,"Husband, it's impossible, is it possible? Sister Nuwa has a half-step Chaos Spiritual Treasure, and with your previous intimidation, the other Four Saints don't dare to take action against Sister Nuwa, right?"

Su Chen reminded Guanyin Bodhisattva,

"No, Guanyin, don't forget that there is that old bastard Hongjun, he may be the conspirator behind this."

"Daozu Hongjun?"

Guanyin Bodhisattva became uneasy when he heard about Hongjun. Hongjun is the existence on the ceiling of the ancient immortal world. As long as he is a creature in the ancient immortal world, there is no one who is not afraid of Hongjun. Guanyin Bodhisattva knows how powerful Su Chen is, and

Su Chen is the eighth level of the holy realm. The cultivation realm of Hongjun is the cultivation realm of the sixth level of the Holy Realm.

If Su Chen faced off against Hongjun,

Guanyin Bodhisattva believed that Su Chen would defeat Hongjun and even kill Taoist ancestor Hongjun.

There is a bear tribe,

Xuanyuan glared at Zac and the Eight with a black face.

He agreed to kill the Jiuli tribe's left-wing army.

Is this an extermination?

The monster army was slaughtered in a quarter of an hour, and the 50 million human army would also be completely wiped out.

Zac and the Eight People actually fled without fighting.

Foreign races are unreliable and can only brag without any effect.

If the eight Zacs were not all powerful immortal cultivators, Xuanyuan would have wanted to kill them. Xuanyuan asked the Antarctic Immortal, "Uncle Master, what should we do now? Send out immortals to kill the immortals of the Witch Clan?"

The Antarctic Immortal hastily refused,

"No, Xuanyuan, the wizards are very powerful. If we don't find a way to deal with the wizards, we will be defeated by the wizards even if we send out immortals, and even the immortals will suffer huge casualties."

Xuanyuan said with an ugly expression,

"Damn it, another 50 million human troops were lost today, and there are more than 130 million troops left by the Bear Tribe Alliance. How can these troops defeat the Jiuli Tribe?"

"Xuanyuan, please increase your troops. All the tribes in the Bear Tribe Alliance and all men between the ages of fifteen and forty are recruited. Otherwise, our immortals will defeat the Wu tribe and you will be defeated by the Jiuli tribe in the Human-Emperor War."

Xuanyuan nodded and agreed,

"I understand. I will issue an order to start recruiting. I can recruit two to three hundred million men between the ages of fifteen and forty in one month, and about five hundred million in two months. However, the combat effectiveness of these armies is even lower. They can only do Cannon fodder use."

The Antarctic Immortal touched his beard and said, "Let's recruit the army first. I hope my teacher can come up with a countermeasure."

Xuanyuan nodded to the Antarctic Immortal, and then looked at Zac and the eight others and warned,

"` ~Zach, in the next war, the eight of you will go out together with the army of the Bear Tribe. If you dare to escape without a fight again, I will execute you all, both physically and mentally."

"Yes, the Human Emperor!"

Zac and the eight black-robed wizards looked very ugly.

Are they going to fight in the next war?

Does Xuanyuan let them die?

The immortals of the Wu Clan only need to be found on the battlefield. They, the Wu Clan will send out immortals to kill them, but if they don't agree, Xuanyuan may immediately execute the eight of them. The useless Human Emperor,

Zach and the eight people wonder if the Destiny Compass is wrong, and the Human Emperor War is Isn't it a victory won by Chi You?

The Compass of Destiny is a one-time treasure.

They can't see the outcome of the Human-Emperor War again if they want to.

"what to do? Are we really going to go to war next time?"

"It's impossible not to participate. If we dare not to participate, Xuanyuan will kill us."

"I'm really unwilling to give in. The enemy team hasn't appeared yet. If we are killed by the Wu Clan in the Luck War Mission, we may be the most miserable Luck Team."

"Get ready. Those who have treasures should get ready. Those who don't want to die should follow the disciples of Chan's teaching closely."

"This is one way."

The eight souls of the hostile team had a conversation, and they had to participate in the next human-emperor war.

Jie Jiao Jin'ao Island,

Tongtian looked at the top-quality innate spiritual treasure Qiankun Diagram in his hand.

Although the Qiankun Diagram is not a spiritual treasure that suppresses luck, But the Qiankun Diagram can at least suppress luck for a thousand years.

"well!"

Tongtian sighed and whispered,

"The teacher personally took action to hold back Nuwa's Taoist companions, and the four saints surrounded and killed Nuwa. I hope everything goes well, otherwise all the saints will be killed by Nuwa's Taoist companions."

"There are also six disciples, Jin Ling and Wudang. They actually betrayed me and Jiejiao. They are all traitors. They deserve to die. They all deserve to be killed physically and mentally."

Chapter 2958

Tongtian felt uneasy as he spoke.

Facing the Taoist companion of Empress Nuwa,

Tongtian was killed without any resistance. Hongjun did not dare to take action against a jade talisman clone when he appeared.

If the Taoist companion of Empress Nuwa came,

Will all the saints in the prehistoric immortal world be opponents? They may all be deprived of the Hongmeng Purple Qi and beheaded. boom!

"Damn it, if you don't agree, you will be killed by Hongjun and the three great saints. If you agree, you may not escape death."

Tongtian burst out with an aura of terror on his face.

He is now at the crossroads.

No matter what he does, he may fall completely. If he doesn't obey Hongjun's order, Tongtian will fall. If he obeys Hongjun's order, he may be killed by a woman. Empress Wa's Taoist Companions Beheaded

"well! I hope Taoist ancestor Hongjun can kill Nuwa and her Taoist companions. In order to intercept the religion, this is the only choice."

Yellow River Plain!

The war is over.

The monster army and the 50 million human army have all been wiped out. No one has escaped.

In the air, more than 100,000 immortal cultivators and immortals are confronting each other with the Wu clan.

The great wizard of the Wu clan is shouting at Taiyi Zhenren. He said, "Master Taiyi, are all Xuanyuan's armies made of paper? You cannot win the Human-Emperor War, so I advise you not to help Xuanyuan anymore."

Taiyi Zhenren shouted with an ugly face.

"Master Yu, don't be complacent. Victory or defeat is a common occurrence for military strategists. The Jiuli tribe won today, but what about tomorrow? Do you think the Jiuli tribe will always win in future wars?"

"Haha~, Taiyi Zhenren, the war between ordinary people is over. Do you immortals dare to start fighting with us, the Witch Clan?"

"Rain Master, do you want to die waiting? You are the only great witches left in the Wu Clan. If you die, the Wu Clan will be exterminated in the future."

"Taiyi Zhenren, you are seeking death, you sons of the Wu clan, kill the hypocritical immortals across from you."

Yu Master yelled and rushed towards Master Taiyi, annihilating the clan?

Rain Master and the Wu Clan cannot tolerate what Master Taiyi said.

There are only more than 10 million members of the Wu Clan left in the six realms of reincarnation. The annihilation of the clan will be a huge pain for all the Wu Clan. , they will not allow the Wu clan to be exterminated, and they will not allow others to threaten them with extermination.

"witch! witch! witch!"

The little witches and witch generals in the air shouted one after another, and under the leadership of the big witch, they rushed over one after another. Master Taiyi saw the immortal behind him retreating in fright, and he hurriedly shouted,

"Damn it, don't mess up, everyone follows the disciples of Chan Jiao and Jie Jiao to challenge. Taoist Duobao shouted angrily,

"Master Taiyi, you are an idiot. Can we start a war with the Wu clan now?"

Duobao wanted to leave with the Jie Jiao disciples.

There were only three Quasi-Saints on their side.

Although the Wu Clan only dispatched two Quasi-Saints, one Quasi-Saint from the Wu Clan could defeat two Quasi-Saints. The three of them were Sheng went up to die.

Master Yuding said with a dark face,"Duobao, the matter has come to this, we can only fight. Master Taiyi is wrong, but we cannot escape, prepare to fight. Duobao thought for a while and shouted,

"Damn it, Master Yuding, I want to protect the disciples of Jie Jiao, the quasi-sages of the Wu clan, you can solve the problem by yourself."

Master Yuding hurriedly shouted, "You....Taoist Mangshan, Master Qianyuan, you go deal with the two ancestral witches of the Wu clan."

Master Qianyuan shouted angrily,

"Junior, do you want us to die?"

"The reason why we agreed to help Xuanyuan was that you agreed that two or three quasi-sages should deal with a great witch of the Wu clan. You asked us to each deal with a great witch. Do you think we can deal with it?"

Master Yuding said hurriedly, "Two seniors, you just need to hold back the great witch of the witch clan.""

Mangshan Taoist snorted coldly,

"Huh, we only stopped the big witch for half an hour. If you haven't escaped after half an hour, don't blame us."

"Half an hour? Okay, I will let our immortal retreat for half an hour."

"Qianyuan, let's stop the great witch from the witch clan."

"good!"

In the space knot in the air,

Su Chen and Guanyin Bodhisattva looked at the sudden battle. They did not expect that the battle between immortals would suddenly start.

Su Chen hugged Guanyin Bodhisattva and laughed,

"Guanyin, the disciples of the Chan Cult are really rampant. The Wu Clan has almost been exterminated. The last thing they want to hear is that they are being exterminated. Half of the more than 100,000 immortal cultivators and immortals in Xuanyuan may die here."

Guanyin Bodhisattva leaned in Su Chen's arms and said helplessly,

"Master Taiyi is too arrogant"

"In Chanjiao, there are Guangchengzi, Taiyi Zhenren, Yuding Zhenren, Antarctic Immortal Weng and Yun Zhongzi. The teacher likes them very much."

"Wenzhu, Puxian, the deputy leader Ran Deng, Huang Long and other disciples and I were not treated well by the teacher, and Taiyi Zhenren and others were becoming more and more arrogant."

Su Chen kissed and looked at Guanyin Bodhisattva and nodded.

He knew all this.

If Yuanshi Tianzun did not treat his disciples differently,

Ran Deng would not be able to bring down the three great masters of the Western religion. , it is impossible for Guanyin Bodhisattva and others to betray Yuanshi Tianzun.

Guanyin Bodhisattva rolled her eyes at Su Chen, this bastard kissed her at every turn, and kept touching her, and even shamelessly reached into her skirt to touch her.

Su Chen Looking at the war in the sky, he shook his head and said,

"`~The immortals in the Xuanyuan camp are too useless. There are a lot of heavenly immortals and mysterious immortals, and there are only more than a dozen golden immortals. If it weren't for the disciples of Chan Jiao and Jie Jiao, those immortals would have died faster."

Guanyin Bodhisattva held Su Chen's hand and said,

"There are countless immortals in the prehistoric immortal world, but the immortals are either practicing in seclusion, or they are unwilling to provoke the cause and effect. Unless they are immortals who are suffering from calamity, other immortals are not willing to provoke the cause and effect."

"makes sense."

There were lightning and thunder in the sky, and the roar was constant.

Countless magic weapons and spiritual treasures were attacking in confusion.

Some immortals were killed and dropped, and some immortals were blasted into dust. Even the souls did not escape.

Chi Jingzhi used his spiritual treasures while Bao resisted the attack of the Wu clan (well) and shouted, "Retreat, retreat quickly, everyone retreat quickly, we are not ready for war yet, retreat quickly"

"Look, Jie Jiao's disciples have escaped. Let's run away, otherwise we will be killed by the Wu clan."

"Run away, let's run away quickly"

"The Wu clan is too powerful. We are no match. Run away."

"The Chan Cult disciples also escaped. Damn it, they treated us as cannon fodder."

"Leave, I won't help Xuanyuan anymore, I want to go back to the cave to practice, I don't need the elixir of Chan's teaching."

The battle in the air was a one-sided massacre.

Facing the powerful and brutal Wu Clan claws, the immortals who were not prepared for war were completely defeated. Almost half of the more than 100,000 immortals were killed in less than half an hour.

Su Chen looked at it for a while He said to Guanyin Bodhisattva,"Guanyin, let's go back to the Black Bird Tribe. The battles between immortals are not as interesting as those between ordinary people. Immortals are more afraid of death than ordinary people.'"

Chapter 2959

Ten days later, the Xuanniao Tribe's army appeared on the Yellow River Plain. There were

60 million huge legions, with a black and solemn appearance. Each neat army formation did not make a sound.

The Xuanniao Tribe's army was neat and majestic, with black armor. The huge black shield and the black devil mask make people tremble in their hearts just looking at it, making them feel timid.

On the other two sides of the Yellow River Plain, there are the Xiong Tribe and the Jiuli Tribe. Their armies are like peasant armies. They have no military appearance, no neat ranks, and no unified standard weapons and equipment.

In the Xiong Tribe,

Xuanyuan and Taiyi Zhenren were several immortals.

After they saw the army of the Black Bird Tribe, everyone fell silent.

Although the Black Bird Tribe's army only had 60 million people, the terrifying killing force erupted by the Black Bird Army With Qi, the Bear Tribe has an army of 600 million, which is probably no match for the Black Bird Tribe's army.

Xuanyuan said with an ugly expression,

"Uncle Master, the Xuanniao Tribe's army is too powerful and terrifying. The Youxiong Tribe is no match for the Xuanniao Tribe. Even if we are in alliance with the Jiuli Tribe, there is no way we can defeat the Xuanniao Tribe."

Master Taiyi shook his head and said,

"Yes, the Black Bird Tribe has developed too fast. In just a few years, the Black Bird Tribe has made all tribes fearful. We have all ignored the Black Bird Tribe. We should destroy the Black Bird Tribe as soon as possible."

Chi Jing said helplessly while stroking his beard,

"What should we do now? The Bear Tribe is no match for the Black Bird Tribe. Even if we immortals defeat the Black Bird Tribe's immortals, in a war between ordinary people, the Black Bird Tribe will still destroy the Bear Tribe."

Master Yuding reminded with a serious face,

"No, Junior Brother Chi Jingjie"

"The immortals of the Xuanniao Tribe are very powerful. Don't forget the junior disciples Huang Long and Yun Zhongzi. Their Daluo Jinxian cultivations were all destroyed. The immortals of the Xuanniao Tribe should be quasi-sages."

The faces of Xuanyuan, Taiyi, and Chi Jingjie are even more ugly. If there are quasi-sages in the Xuanniao tribe, the war will be more difficult, and the Xiong tribe will have no chance of winning. Master Yuding asked,

"Who is the quasi-sage of the Black Bird Tribe? How many quasi-sages will there be? We don't know now. Chi

Jingjie asked hurriedly, "Brother Taiyi Zhenren, can we ask the teacher?"

Taiyi Zhenren replied helplessly, "The teacher is not in Kunlun Yuxu Palace. The teacher and other saints have gone to Zixiao Palace to see Taoist ancestors, and we cannot contact the teacher."

Xuanyuan roared heartbreakingly,

"what to do? Is there any bear tribe waiting to be destroyed by the black bird tribe? Do I have to wait to be killed by the Black Bird Tribe?"

"I am Xuanyuan Human Emperor, the third Human Emperor of the human race. I want to prove the Human Emperor. I don't want to be killed by the Xuanniao tribe."

Zhenren Taiyi and the others were silent.

They didn't know how to persuade Xuanyuan, nor how to defeat the Xuanniao tribe.

Zhenren Taiyi took out a small flag and said, "Xuanyuan, go and invite the two people from Huoyun Cave. Emperor, I have the teacher's central apricot yellow flag. The Emperor can leave the Fire Cloud Cave."

"Thank you, uncle!"

Xuanyuan was very happy to take over the central apricot yellow flag.

If the two Human Emperors of Huoyundong came out to help him, all tribes would obey his orders, and the Xuanniao tribe was no exception. Moreover, the two Human Emperors were still quasi-sages. Xuanyuan could have more. Two powerful quasi-saints.

Jiuli Tribe,

Chi You was very angry with his face full of anger,

Xuanniao Tribe!

Xuanniao Tribe!

The war will start in full force in half a month,

The Xuannio Tribe actually came, and the Xuannio Tribe was incredibly powerful. It was so powerful that the troops of the Jiuli Tribe trembled in fear, and it was so powerful that it even made him tremble in his heart.

Master Yu said to Chi You, "Chi You, how about you Quit the Human-Emperor War. The Xuanniao Tribe is too powerful and terrifying. Your Jiuli Tribe is no match for the Xuanniao Tribe. Chi

You shouted loudly, "No, I will not quit. The Jiuli tribe will not flee without a fight.""

Uncle Feng reminded with a serious face, "Chi You, if you don't quit, the Jiuli tribe will be destroyed. The Xuanniao tribe is not something you can deal with. You should understand that the Jiuli tribe cannot defeat the Xuanniao tribe."

Xing Tian patted the table and said coldly,

"Chi You, our witch clan will not take action against the Xuanniao tribe. This is the order of the Hou Tuzu witch. Chi

You shouted with anger on his face,

"Why? Why? Why? Why doesn't Hou Tuzu Wu let the Wu clan help me?"

"I reincarnated as a witch, I did it for the witch clan, I wanted to make the witch clan strong again and reappear in the prehistoric fairyland. Why did the Hou Tuzu witch do this?"

The great witches of Xingtian didn't speak anymore.

They understood that Chi You was for the Wu clan, but Chi You was too arrogant and arrogant. If Chi You had formed an alliance with the Xuanniao tribe early in the morning, things would not have developed like this.

Also,

Hou Tu Zu Wu They couldn't figure out why they were not allowed to take action against the Black Bird Tribe.

The Black Bird Tribe,

Suchen and Alice, Laura, Natasha, Selena, Bai Yuekui, Mu Ningxue, Wenina and the other girls
Sitting together, they prepared to go to the Yellow River Plain tomorrow.

The decisive battle was coming.

They were going to fight the last war, the Human-Emperor War. They must win. The Xiong tribe
must be destroyed, and the Jiuli tribe must be destroyed if they dare to go out.

Bai Yuekui asked Su Chen,

"Husband, the seven of us can destroy the enemy team. Mark and Qilin will lead the army to
destroy the Youxiong tribe and the Jiuli tribe. The war between the immortal cultivators and the
immortals is about to begin! What are your plans?"

Su Chen hugged Mu Ningxue and said with a smile, "Immortal war?" What do you think about
letting Yan'er's heavenly soldiers and generals be dispatched?"

Wenina asked in surprise, "Husband, you can't be serious, can you?"

Selena patted Su Chen on the shoulder and said,

"Husband, just ask Queen Mother of the West, Xihe, Jiufeng, and Huannu Kui to take our immortals
out, but there is no need to send out the heavenly soldiers and generals of Yan'er's heaven."

Alice and Natasha looked at Su Chen one after another.

Let the heaven deal with the immortal war?

Isn't this a cannon to fight mosquitoes?

There are nearly 100 million heavenly soldiers and generals in the heaven, and they are all at the level of cultivation above the heavenly realm. Generals can sweep across the ancient immortal world.

Su Chen asked the heavenly soldiers and heavenly generals to fight the immortal war, explain the teachings and intercept the teachings. The Western Church is very tragic.

Su Chen took a sip of tea and said with a serious face,

"No, you don't know that the war in a few days will not only be the Human Emperor War and the Immortal War, but also the Saint War. Hongjun and several other saints will take action against Nuwa and me."

"I want to resolve the Human Emperor's War, the Immortal War, and the Saint's War all at once. The Bear Tribe will be completely wiped out, and the Saint's disciples will also be wiped out. The Saint will either be expelled from the prehistoric immortal world, or deprived of the Hongmeng Purple Qi and kill them completely."

Chapter 2960

After Su Chen learned that Yuanshi, Zhunti, Tongtian, and Yingyin, the four great saints, had gone to Chaos, he understood that Hongjun had called them there and they would unite to deal with him and Nuwa.

When the Human-Emperor War begins,

Hongjun and the Four Saints will also take action against him and Nuwa.

Su Chen can't understand why Hongjun chose to take action in the Human-Emperor War. Is it because of the calamity of the Human-Emperor War?

Alice asked seriously, "Husband, will Hongjun and the four saints really take action?"

Selena and Laura became nervous.

The five saints were going to take action against Su Chen and Nuwa.

This was a war of saints. , is a war on the ceiling of the ancient immortal world.

If one goes wrong, the ancient immortal world will be torn to pieces by the battle of saints, and countless living beings will be affected and die.

Su Chen nodded and replied,

"There should be no mistake. That old scheming Hongjun has a very big plot. With the presence of Nuwa and me, he is worried that we will destroy his plot. Hongjun will definitely find a way to get rid of Nuwa and me."

Mu Ningxue leaned into Su Chen's arms and asked,

"Husband, Sister Nuwa has extracted the Hongmeng Purple Qi. What level of cultivation is she now? 04Su

Chen touched his chin and guessed,

"I don't know, Nuwa is cultivating in the time realm of heaven, and I left three copies of the origin of heaven to Nuwa. Tens of millions of years have passed, and Nuwa is at least the Hunyuan Daluo Golden Immortal of the fourth heaven of the Holy Realm."

Bai Yuekui said with a smile,

"The realm of the fourth heaven of the Holy Realm? Sister Nuwa is very powerful. Except for Hongjun, other saints are no match for Sister Nuwa. Natasha said helplessly,

"Well, Sister Nuwa is very powerful. Alas, we are governed by the destiny of heaven. Otherwise, if we go to practice in the time barrier, maybe we will all become Da Luo Jinxian."

Alice patted Natasha on the shoulder and said,"Natasha, don't say that. Although we are governed by luck and heaven, we can go to many small worlds."

Laura:"There are advantages and disadvantages to having destiny and heaven governing us, but we have Su Chen, and we will become strong in the future.

Selena:"Yes, we will treat it as traveling to various worlds. After the trip, we will let my husband help us improve our strength.""

Bai Yuekui;"Haha~ That's right, we should go on various trips.

Natasha:"Well, with my husband here, it will be easy for us to improve our cultivation level in the future.""

Wenina, Laura and the girls laughed and talked. They envied the nvba, Xihe and the girls for practicing in the time knot, and also envied that they could use the top resources of the origin of heaven to practice.

However, they thought of breaking away from the destiny of heaven in the future. Afterwards, Su Chen will prepare top-level training resources for them.

Su Chen listened to the conversation between Alice and the girls and smiled.

Alice and the girls said it right.

As long as they participate in the Destiny War and do not go to a dangerous world, they are indeed Just like traveling, whoosh, the snail girl arrived quickly and said hurriedly,

"Husband, something happened. Our people found out that Xuanyuan went to the Fire Cloud Cave. Xuanyuan might ask the Emperor Fuxi and the Emperor Shennong to come out. If the two emperors help Xuanyuan, there might be an accident in the war between the emperors."

"Human Emperor?"

Su Chen didn't expect that Xuanyuan would invite the Human Emperors from Huoyundong,

Fuxi and Shennong?

They should be the two Human Emperors released from prison by the saints. The two Human Emperors from Huoyundong might also help Xuanyuan.

The two puppet Human Emperors,

Still a scumbag who was promoted to the quasi-saint realm by his merits, Su Chen didn't care about Xuanyuan and went to invite the two human emperors to come out.

Alice stretched out her white neck and said proudly,

"Husband, the Human Emperor is helping Xuanyuan, so we don't have to worry. The humans of the Xuanniao Tribe will not obey the orders of the Human Emperor. You are the faith of the Xuanniao Tribe's humans, and the humans of the tribe will obey your words. Laura said with a smile,

"Yes, over the past few years, we have made you like God, and the humans in the tribe regard you as their place of faith."

Su Chen hugged Mu Ningxue and kissed her hard. He was very satisfied with the performance of these girls in the past few years, especially the girls from the West.

They used the Western belief in God to apply to the Xuanniao Tribe.

All the humans in the Xuanniao Tribe Believe in Su Chen, Su Chen is also the only god of the Xuanniao tribe

"You are right, the two Human Emperors are just helping Xuanyuan, Xuanyuan is just two more cannon fodder, and the female slayer can kill Fuxi and Shennong alone."

Mun Ningxue lay in Su Chen's arms with a red face.

She and Su Chen had shared the same bed for several years, but she was still very shy when Su Chen kissed her in public.

Wenina stood up and stretched her proud figure and said , "Husband, we are leaving for the Yellow River Plain tomorrow, and a few of us are going to make preparations."

Su Chen nodded to the girls and said,

"Okay, go get ready. Be careful tomorrow. The enemy team may have some treasures."

Wenina and Alice kissed each other and left, leaving Su Chen and Luo Nu in the room.

Su Chen stroked Luo Nu's perfect figure and said,

"Luo girl, there are only two of us left, shall we do something interesting?"

The snail girl blushed and said,"Husband, it's still daytime, I will serve you in the evening."

"No need to wait until tonight, I want to eat you right now!"

Su Chen picked up Luo Nu and disappeared into the hall.

The dessert before the war was still delicious.

Su Chen liked the sexy and attractive Luo Nu very much. Luo Nu The woman's 843 passion made him enjoy it very much.

Five days later, after Su Chen made all the preparations, he would first go to the Yellow River Plain, and then go to Chaos to fight the saints Hongjun.

The Queen Mother of the West walked to Su Chen Chen said next to him,"Husband, Jiufeng, Xihe, I and I will go to the Yellow River Plain first.

Su Chen asked doubtfully,"Huh?" Won't you go with me? Queen Mother Xi leaned in Su Chen's arms and said,"No, Alice sent a message saying that the Human Emperor has arrived at the Bear Tribe. We are worried that the Bear Tribe will start a war.""

Su Chen kissed the Queen Mother of the West and said, "Why did the Human Emperor arrive so quickly? It seems that the Human Emperor does not want to be imprisoned by the Saint. What agreement should the Human Emperor have reached with the Saint?"

"Husband, will the Human Emperor kill me?"

"kill!"

Queen Mother Xi frowned and asked, "Where is Fuxi?" He is Nuwa's sister's brother. Do we want to kill Fuxi too?"

Su Chen said indifferently,

"Kill, I will explain to Nuwa, kill all those who are our enemies."

"Well, I hope Sister Nuwa will not lecture you."

The Queen Mother of the West smiled and shook her head.

Fuxi has nothing to do with him.

He is a person whose soul has been reincarnated. The Xihuang of the demon clan is dead. This Fuxi is not that Fuxi. Empress Nuwa should also understand...
