

## Zongwu 2961

### Chapter 2961

Su Chen and Queen Xi's mother had a warm relationship for a while.

Queen Mother Xi tidied her clothes in shame. She rolled her eyes at Su Chen and quickly disappeared.

"well! The cool time is about to pass."

Su Chen lay on the chair and closed his eyes.

In ten days and a half, the Luck Mission War will be over. Su Chen will also return to the Xuantian Realm and destroy the Ferocious Beast Realm and the Beast Emperor. He will also We must prepare to go to the terrifying world of Hongmeng.

In heaven, one million black-armored immortal legions have been assembled.

Chang Xi and the Queen Mother and the Queen Mother are preparing to go to the lower world with their black-armored immortal legions.

After the battle of saints begins, they are going to destroy each saint. The sect and all its disciples.

Su Yan appeared instantly and shouted,

"Auntie, please wait for me. I will go and tell my mother that I want to go down to the Yellow River Plain with you."

The Queen Mother grabbed Su Yan and said,"Yan'er, there are quasi-sages fighting on the Yellow River Plain. You'd better stay in the heaven."

Su Yan said hurriedly,

"Auntie, I am Daluo Jinxian, and I am protected by the red armor of the talisman. Nothing will happen to me."

The Queen Mother didn't know what to say for a moment, "This....."

Chang Xi smiled and said,

"Yan'er, go and talk to your mother. Your mother wants you to leave Heaven. We will take you with her."

"Okay, I'll go talk now!"

Su Yan quickly disappeared and went to talk to Nuwa Empress?

Is she stupid?

If Su Yan told Nuwa Empress that she wanted to go to the lower world, Nuwa Empress would definitely not let her go down to the heaven to go to the Yellow River Plain. Nuwa

Empress was better than her The mother was shocked and even harsher.

Su Yan was under very strict control in heaven, and she even said that she wanted to change her crazy girl appearance.

How could she be a crazy girl?

Is she a crazy girl if she likes to fight and kill?

Her aunt They are all murderous demons, are all the aunts witches? The Queen Mother asked Chang Xi, "Chang Xi, do you really want Yan'er to go with us?" Chang

Xi explained with a smile, "If Sister Nuwa agrees, we will take her with us. I'm worried that if I don't take Yan'er with me, she might secretly go to the lower realms to the Yellow River Plain.""

Chang'e said speechlessly,

"It's not possible. If we don't take Yan'er down to the realm, Yan'er will definitely go down to the realm secretly."

Shang Yang:

"It's true that neither Empress Nuwa's mount Jinfeng nor Queen Mother Xi's subordinate Jiutian Xuannv can watch over Yan'er."

Qin Yuan:

"Yan'er is too smart, and he is still a great Luo Jinxian. We can't look after Yan'er, and it is impossible for others to look after Yan'er."

The Queen Mother shook her head speechlessly. The girls have been fond of Yan'er for several years but have been helpless. The little girl is very sweet, but she is too naughty and loves to fool around.

The girls take turns to look after Su Yan, but Su Yan accidentally

A year ago, Su

Yan secretly escaped to the Feng Clan.

Fortunately, Tianfeng informed them, otherwise, they would not have known that Yan'er had gone to the Feng Clan.

Shang Yang suddenly said to the Queen Mother and the Queen Mother, "You guys Say, will Yan'er inform sister Nuwa? I'm worried that Yan'er won't inform Sister Nuwa, and she will spread false news to us. Chang

Xi nodded and replied,

"possible!

Chang'e asked helplessly, "What should we do?" Want to ask Sister Nuwa? The Queen

Mother smoothed her hair and said, "Forget it, let's take Yan'er with us. The provincial Yan'er will sneak away to the Yellow River Plain." Qin

Yuan smiled and said, "That's right. Let's take Yan'er with us. However, if Sister Nuwa finds out, Yan'er will definitely be scolded by Sister Nuwa.""

After a while, after Su Yan came back quickly, the Queen Mother took Su Yan away without asking.

The next day, on the Yellow River Plain, the armies of the three parties were arrayed on the Yellow River Plain.

The 60 million troops of the Xuanniao tribe, Jiuli Among the 80 million troops of the tribe, there are more than 400 million troops of the Bear tribe. There are more than 500 million troops gathered on the entire Yellow River Plain.

These troops are still the most elite troops of the human race.

In the sky above the Yellow River Plain, there are 300 cultivators and immortals of the Bear tribe. There are over ten thousand, and there are one million Wu tribesmen in the Jiuli tribe.

The immortals from the Xuanniao tribe did not appear, but neither the Xiong tribe nor the Jiuli tribe dared to underestimate Xuanxiao. The Bird Tribe, they all know that there are immortals in the Black Bird Tribe, and there are probably a lot of immortals, and there are also powerful quasi-sage powers.

Suddenly, an immortal appeared in the sky above the Bear Tribe Army, and he looked at the Black Bird Tribe Army shouted,

"From the human race of the Xuannio Tribe, I am the Human Emperor Fuxi, and there is Xuanyuan, the leader of the Xiong Tribe. He is the next Human Emperor. As human beings, you should obey

the orders of the future Human Emperor. As the Human Emperor, I order you to obey the Human Emperor. Huang Xuanyuan's face ordered."

The troops of the Xuannio tribe stood motionless, and the neat army was not messy at all. All the soldiers seemed to have not heard the words of the Human Emperor Fuxi , whoosh! The Human Emperor Shennong also appeared in the air instantly, and he shouted with a serious face. ,

" `~Army of the Xuannio Tribe, I am the Human Emperor Shennong. There are members of my tribe among you. The patriarch of the Xuannio Tribe is rebellious. The Human Emperor Xuanyuan is the orthodox Human Emperor. You must obey the orders of the Human Emperor Xuanyuan. I order you. Take refuge in the Emperor Xuanyuan."

After a while,

Fuxi and Shennong saw that the Xuannio tribe's army did not respond.

The Xuanniao tribe's army seemed not to hear their orders. Fuxi and Shennong's faces turned ugly.

There were more than 500 million people on the Yellow River Plain. The immortals in the fairy world are still paying attention to this place. Fuxi and Shen Nong are very embarrassed by the indifference of the Xuanniao tribe. Wuwuwu.....

Suddenly, the sound of horns came from the Xuanniao tribe (good for getting money).

The Xiong tribe and the Jiuli tribe became worried. They were worried that the Xuanniao tribe would start to attack.

Mark flew into the air and shouted,

"The various legions of the Black Bird Tribe, our clan leader is coming soon, and the various legions line up to welcome our clan leader"

"Black bird! Black bird! Black bird!"

The various legions of the Xuanniao tribe were boiling, and all the soldiers roared.

Human Emperor Fuxi shouted angrily with an ugly face,

"Damn it, why don't the Black Bird Tribe's troops obey our orders? We have only been human emperors for a few hundred years. Has the human race forgotten us?"

Shennong said angrily,

"Fuxi, all the humans in the Xuanniao tribe were bewitched."

"It is impossible for my people to disobey my orders, but none of the troops of the Xuanniao Tribe obey our orders. The leader of the Xuanniao Tribe is not a simple man."

Chapter 2962

On the Yellow River Plain, the various legions of the Black Bird Tribe quickly lined up, not in an attacking formation, but in a preparation formation.

Teams of tens of thousands of people lined up neatly, and each soldier held his head high, waiting for Su Chen's review.

There were troops from the Xiong Tribe and Jiuli Tribe, and all the soldiers looked at the Xuanniao Tribe's army in surprise.

Neat square formations, neatly without making a single sound

"Wuwuwu~"

The horn of the Xuanniao tribe army sounded again.

At this time, a black armored army arrived from a distance, with black horses, black armor, black hungry ghost masks, black armor, and one hundred thousand black armors. Before the army arrived, a terrifying breath came from the distance

"See the patriarch, the patriarch for ten thousand years!"

"See the patriarch, the patriarch for ten thousand years!"

"See the patriarch, the patriarch for ten thousand years!".....

When the black-armored legion arrived and a golden black bird flag with a black background appeared, soldiers in a phalanx of ten thousand people knelt down to salute Su Chen.

Su Chen was riding on a horse in a black black bird uniform and waving. He looked at a square formation of black armored army soldiers and nodded. The black armored army was well trained by Mark and Qilin.

Although the 427 black armored army is not as good as the gods The black armored army in the mainland is stronger than the black armored army in the Tianxuan continent. After all, the physical fitness of the human race in the prehistoric fairy world is very good.

"See the patriarch, the patriarch for ten thousand years!"

In front of the big tent of the military camp,

Mark and Qilin led the commanders of the various regiments to salute Su Chen.

Su Chen dismounted and walked onto the high platform that had been built.

When he walked up to the high platform, he first looked in the direction of the bear tribe.

Xuanyuan and Shennong were in the sky. A puppet Human Emperor, two selfish Human Emperors.

Whoosh!

Su Chen suddenly appeared in the air.

He looked at the Xuannio tribe's army and said loudly,

"Soldiers of the Black Bird Tribe"

"Today, there are hundreds of millions of troops in the Yellow River Plain, and our Xuanniao tribe only has 60 million. The number of enemies we face is very large."

"However, our Black Bird Army is the most powerful army, an army that has never failed."

"The Black Bird Tribe has developed from a small tribe into the most powerful tribe in the human race within a few years. The Black Bird Legion has been fighting everywhere for several years and has never failed."

"With the beginning of the human race war, our Black Bird Tribe will not accept a lecherous Human Emperor to rule the human race, and our Black Bird Tribe will not accept a puppet Human Emperor to rule the human race."

"Soldiers of the Black Bird Tribe, do you have the confidence to defeat the Bear Tribe?"

"have! have! have!"

"Soldiers of the Black Bird Tribe, do you have the confidence to destroy the puppet Xuanyuan?"

"have! have! have!"

Su Chen waved his hands and shouted, "I wish you all a triumphant victory and a triumphant return."

"It is not a pity to die for the clan leader, and to kill the enemy bravely for the Xuanniao tribe"

"It is not a pity to die for the clan leader, and to kill the enemy bravely for the Xuanniao tribe"

"It is not a pity to die for the clan leader, but he bravely kills the enemy for the Xuanniao tribe."

The tens of millions of Blackbird Legions let out deafening shouts, and all the soldiers were boiling with passion. Every soldier wanted to rush over and destroy the Bear tribe immediately.

Human Emperor Shennong said with a serious face,

"Fuxi, the clan leader of the Xuannio Tribe should not be underestimated. His influence on the Xuannio Tribe is too great. Fuxi touched his beard and nodded and said,

"Yes, if the Xuannio Tribe's patriarch is not dead, the Xiong Tribe cannot defeat the Xuannio Tribe. Only by destroying the Xuannio Tribe's patriarch can Xuanyuan win the Human-Emperor War."

"Fuxi, it is impossible to kill the patriarch of the Xuannio tribe. When the patriarch of the Xuannio tribe appeared, several terrifying auras appeared in the Xuannio tribe. Those terrifying auras were all quasi-saints."

"Yes, Shen Nong, there are at least four or five quasi-sages in the Xuannio tribe. With their terrifying aura, none of us can match them."

"Alas, it may be wrong for us to go out to help Xuanyuan, but for the sake of freedom, we have to help (aeaa) Xuanyuan"

"Shennong, don't forget the saint. The saint will not let the Xuanniao tribe exist, nor will he see Xuanyuan fail in the Human-Emperor War."

"That's right."

Over the Black Bird Tribe,

Alice, Xihe and the other girls all looked at Su Chen.

They understood that Su Chen would leave soon, and the war in the chaos would begin after the Human-Emperor War started.

Xihe said with a cold face,

"The final war is about to begin. We will destroy the Youxiong tribe and the immortals of the Youxiong tribe. If the Jiuli tribe dares to go out, we will also destroy the Jiuli tribe. Bai

Yuekui asked Xihe, "Sister Xihe, have Yan'er's heavenly army arrived?"

Xi He said with a smile, "Here we come, the Heavenly Army is hiding in the sky, and the Queen Mother and the Empress are hiding there. The presence of the Heavenly Army will not occur unless we are saints. Selina breathed a sigh of relief and said, "It's good that the Heavenly Army has arrived. There are many immortal cultivators and immortals from the Bear Tribe. Fortunately, Su Chen sent out the Heavenly Army." Queen Mother Xi rubbed her forehead and said, "I forgot to tell you that Yan'er has also arrived."

Wenina asked in surprise, "What? Yan'er is here too? Why did the little girl come here?"

Queen Mother Xi comforted the girls,

"Don't worry, the Queen Mother and Chang Xi are protecting Yan'er, so Yan'er will not be in danger."

Alice and the female chiefs all nodded.

Su Yan was protected by the Queen Mother and Chang Xi. They were also very relieved. As long as the saints did not take action, the six or seven quasi-sages of the Queen Mother and Chang Xi could defeat any enemy..

At this moment,

Su Chen had a conversation with Mark and Qilin, and he said to them, "Mark, Qilin, the war will be left to you.

Mark patted his chest and promised, "Don't worry, we will defeat the bear tribe." Su

Chen said with a serious face, "No, you are not going to defeat the Bear Tribe. I want you to destroy all the men in the Bear Tribe. Kill them all without leaving any one behind."

Mark asked in confusion, "I'll go, Su Chen, you can't tell the truth, can you?"

Kill all the men from the Bear Tribe?

How many people will be killed?

One hundred million? Five hundred million? One billion?

Su Chen is not a cruel person.

Mark and Qilin couldn't understand why Su Chen would do such a thing Order?

Su Chen nodded and said indifferently,

"Of course it's true, don't ask now, you'll understand later why I do this."

Qilin said to Su Chen, "Su Chen, we know that there are men from the Bear Tribe who will kill all of them without leaving a trace."

"Mark, Qilin, I'm going to Chaos. If the Jiuli tribe dares to go out, you can also destroy the Jiuli tribe."

Zongwu: Sign in an army of 100,000 at the beginning

Chapter 2963

Su Chen couldn't wait any longer.

Nu Wa had already gone to Chaos.

Su Chen was worried that Nu Wa would be robbed and killed by Hongjun and the Four Saints first. He wanted to completely eliminate Hongjun and the Four Saints.

Mark hurriedly asked Su Chen,

"Su Chen, where is the Human Emperor? If the status of Human Emperor is not abolished, can your woman kill two Human Emperors~?"

"Mark, don't worry, my daughter Su Yan will dethrone Fuxi and Shennong from the throne of the Human Emperor."

"Can Yan'er abolish the position of Human Emperor?"

"Can!"

Mark and Qi nodded as they thought of the little witch Su Yan.

Although Su Yan was a little naughty,

Su Yan was also very smart and sweet. He was called uncle after uncle. The two of them were also very special to Su Yan. favorite

"I'm leaving, please be careful."

Qilin waved to Su Chen and said, "Su Chen, be careful, don't be careless and get tricked."

"I will be careful."

Su Chen waved his hands to Mark and Qilin and disappeared instantly.

He has never underestimated his enemy, especially when facing Hongjun, the old treacherous guy. Even if Su Chen was absolutely sure, he would not underestimate Hongjun.

Mark He stood up and said,

"Qilin, we have to prepare too. Alice and the girls are going to destroy the enemy team. Su Chen's powerful woman is going to destroy the saint's disciples and the immortals of the Bear Tribe. We are going to destroy the Bear Tribe. This war is the biggest I have ever experienced. war."

Qilin said speechlessly, "Huge? Five hundred million enemies, my heart trembles just thinking about it now"

"Qilin, let's get ready. The decisive battle will begin tomorrow. It will be dark before dawn. Tomorrow the Yellow River plain will flow with blood, and the tribes with bears will also flow with blood."

"good!"

There is a Bear Tribe.

Xuanyuan looked at the people in the big tent and said expressionlessly, "The war will start tomorrow. How are we going to fight?"

Xuanyuan trembled when he saw the troops of the Black Bird Tribe before. They were all eager to fight like wolves and tigers.

If the decisive battle starts tomorrow, the hundreds of millions of troops from the Xiong Tribe will be defeated in one fell swoop. Xuanyuan has no way to defeat them. Xuanniao tribe.

Guangchengzi touched the nonsense and reminded, "Alas! Tomorrow is a life and death battle, we all have to work hard, otherwise we will all fall."

Chi Jing asked in confusion,

"Senior brother, we disciples of the three religions, plus three to four million immortal cultivators and immortals, can't we destroy the Xuanniao tribe?"

Guangchengzi shook his head and replied, "It can't be destroyed. There are four or five powerful quasi-sages in the Xuanniao tribe. Those quasi-sages are all veteran quasi-sages. Even if we send out three quasi-sages, we can't destroy even one of them."

Xuanyuan asked doubtfully, "Master, can't the saint be dispatched?"

Guang Chengzi said with a serious face, "Xuanyuan, tomorrow is not only the war between the emperor and the emperor, but also the war between the saints in the chaos. The saints have no time to kill the quasi-sages of the Xuanniao tribe."

Xuanyuan's face changed when he heard Guangchengzi's words.

Is there still a war of saints in the chaos?

Why does the War of Human Emperors involve a war of saints? What's the secret in this?

Xuanyuan feels that something big is going to happen, explain the teaching, intercept the teaching, and Western teaching, the disciples of the three religions all came to help him, which means that the three religions have united.

The four saints of the three religions also went to the Chaos Zixiao Palace. Who are Hongjun Daozu and the four saints going to fight?

Is it Nuwa?

Xuanyuan thought of me. The saint was killed by the Taoist companions of Empress Nuwa.

Taoist Hongjun and the four saints of the Three Religions, are they going to kill Sister Nuwa and her Taoist companions?

In the big tent, the mood of the disciples of the Three Religions and the two Human Emperors They were all very anxious.

Tomorrow was a real life-and-death battle.

Whether it was the Human Emperor's War or the Saint's War, they would die without a burial place if they lost any war. The eight people in the hostile team looked very ugly.

They discovered their rival team..

Mark and Qilin of the Black Bird Tribe, they are actually the commanders of the Black Bird Army.

Mark and Qilin control a 60 million strong legion. The eight of them cannot be killed at all.

"Tomorrow is a life and death battle. Two people from the enemy team are still the commanders of the Black Bird Legion. These are only two people. There are eight people who have not shown up. We will have a narrow escape tomorrow."

"Yes, we will have a narrow escape tomorrow. The Bear Tribe and the Immortals from the Bear Tribe are too useless. They can't win the Human-Emperor War. It's also impossible for us to kill the enemy team among tens of millions of troops."

"what should we do?"

"What else can be done? It's impossible to escape, we can only fight to the death tomorrow"

"Yes, we can only fight once. Whether we live or die depends on tomorrow."

In the chaos,

Empress Nuwa looked at Zixiao Palace with a cold face.

Zixiao Palace was not hidden.

She understood what Hongjun and the four saints wanted to do, and Empress Nuwa also knew what would happen in a while.

Whoosh!

Su Chen suddenly appeared next to Nuwa Empress.

He hugged Nuwa Empress and said,

"Hongjun and the four saints are coming soon. We will fight for a while. We will kill those saints if we can. I will kill Tongtian first."

Nuwa Empress leaned on Su Chen's arms and asked, "Husband, I understand, why is your cultivation level still at the level of overcoming tribulation?"

Su Chen kissed Nuwa and said,

"Madam, my cultivation realm can be restored at any time. You are the fourth level of the Holy Realm, as well as the Ice and Snow Lotus, Original, Zhunti, and Jieyin. You can destroy them. In just a quarter of an hour, I can extract Hongjun's Hongmeng Purple Qi and crush him to death."

"Don't worry, I can kill the other three saints by myself, and you can deal with Hongjun with peace of mind."

"good!"

Su Chen held Nuwa and looked at the Zixiao Palace.

Are you waiting?

Are you waiting for the Human-Emperor War to start?

After a while, the beginning of the Human-Emperor War in the Great Desolate Immortal Realm will be full of calamity, and Hongjun and the four great saints will take action.

Time passed little by little, boom!

Suddenly!

In the prehistoric fairy world, the calamity energy broke out, and all the creatures in the prehistoric immortal world were uneasy. Some monks and immortals who killed creatures randomly were confused by the calamity energy, and their bestiality was unleashed and they killed everywhere. Creatures, boom boom boom.....

The heaven was shaken.

Taibai Jinxing held a black black bird scroll. He appeared outside the Nantian Gate with an expressionless face.

Taibai Jinxing opened the scroll and read loudly,

"Imperial decree from the empress of the ancient heaven!"

"The war between the prehistoric people and the emperors broke out, and the calamity arose. The monks and immortals with many karma were confused by the calamity, and they slaughtered living creatures wantonly.

"The empress ordered that heaven send out 40 million heavenly soldiers and generals to quell the chaos in all directions and kill all the karmic creatures! Those who wantonly slaughter living beings, kill, and those who resist heaven, kill four!"

Chapter 2964

In the prehistoric fairy world, all living beings were frightened by the imperial edict of the Empress of Heaven.

Since the ancient demon clan Heaven was destroyed, the new Heavenly Emperor Haotian was deprived of the title of Heavenly Emperor and disappeared. The Empress Su Yan only took control of Heaven for a few years, and the Empress Want to use troops on a large scale to destroy the creatures with karma?

How many lives will be destroyed?

Except for some creatures with little karma, there are countless people in the prehistoric immortal world with too much karma,

100 million?

Five hundred million?

Or a billion?

However, the creatures in the ancient immortal world did not dare to resist the empress Su Yan, let alone disobey the empress Su Yan's orders. The background of the empress Su Yan was too powerful.

She was the mother of a saint, the Empress Nuwa, and a father who was more powerful than all saints.

No living being in the ancient immortal world dares to resist the empress Su Yan

"Look, the Heavenly Court is out, my Heavenly Way, Zhulong, Zhen Yuanzi, Minghe Ancestor, and Tianfeng from the Feng Clan, the four quasi-sages are out, the prehistoric Heavenly Court has become stronger."

"Let me go, the lowest cultivation level of heavenly soldiers and generals are all heavenly immortals. There are thousands of golden immortals and Taiyi golden immortals, and there are also many Daluo golden immortals. The army in heaven is very terrifying."

"Don't forget, there are the Queen Mother, Fairy Xihe, Fairy Chang Xi, Fairy Chang'e, the Demon Clan Shang Yang Demon Saint, and the Qin Yuan Demon Saint in the Heavenly Court. They are all veteran quasi-sage powers."

"Yes, if you include Empress Su Yan's mother and father, Heavenly Court is the most powerful Heavenly Court since its establishment."

"Yes, there are two powerful saints in heaven. There have never been any saints in heaven."

"From now on in the prehistoric immortal world, the empress Su Yan will be respected, and no living being dares to disobey the empress' orders, even the three major saint sects are no exception."

After the creatures in the prehistoric fairy world talked to each other, all the creatures looked at the heavenly soldiers and generals in the sky. The heavenly court dispatched 40 million heavenly soldiers and generals, and they were very powerful heavenly soldiers and generals. All the creatures with numerous karma would be slaughtered. The

Yellow River Plain,

The Xiong tribe and the Jiuli tribe saw the heavenly soldiers and generals sent out by the heavenly court. They didn't know whether the heavenly soldiers and generals would participate in the war between the human emperor and the emperor, and whether they would prevent the war between the human emperor and the emperor.

Xuanyuan asked anxiously,

"Master, what should I do? The prehistoric heaven sends out its heavenly soldiers and generals. Will there be any changes in the war between humans and emperors? Will the heavenly soldiers and generals of heaven deal with the bear tribe?"

Guang Chengzi said with an ugly face, "Oh! It's hard to say if the saints are going to deal with Empress Su Yan's parents, I can't guess whether Su Yan will destroy the Youxiong tribe."

Master Taiyi asked, stroking his beard.

"Senior brother, we have disciples of the three religions here. Empress Su Yan only sent out four quasi-sages, and they also sent out to all directions in the prehistoric fairyland. Heaven should not take action against the Bear Tribe, right?"

The Antarctic Immortal shook his head and reminded,

"Junior brother, don't forget that there are at least hundreds of millions of heavenly soldiers and generals in heaven, and there are still seven or eight quasi-sage powers. If heaven sends out heavenly soldiers, generals and quasi-sage powers again, we can't stop them."

Master Yuding said with a serious face,

"Get ready, it is a blessing, not a curse, but a curse cannot be avoided. The Black Bird Tribe will definitely attack within half an hour. There are troops from the Bear Tribe ready to fight. All immortal cultivators and immortals are in the air ready to fight."

"Be prepared, be prepared, life or death depends on God's will"

"All preparations are coming, the decisive battle is coming, and those who do not want to die must try their best."

Dong dong dong dong.....

The war drums of the Bear Tribe to boost morale were beaten, and the approximately 400 million Bear Tribe troops slowly advanced toward the Xuanniao Tribe in the darkness of the Yellow River Plain.

In the sky, millions of cultivators and immortals are standing in the air ready to fight, boom boom boom.....

Thunder and lightning flashed in the prehistoric fairy world, dark clouds gathered, and the terrifying roar was deafening. Black thunder and lightning streaked the sky, and light rain fell from the sky, and the rain became heavier and heavier. boom!

In the sky above the Xuanniao tribe, there was a roar

, and a million black-armored heavenly soldiers and generals appeared in the sky. In front of the heavenly soldiers and generals, eight golden giants pulled the imperial chariot. Empress Su Yan was sitting in the imperial chariot, looking towards the Yellow River Plain.

When Mark and Qilin saw Su Yan appear, they saluted Su Yan and shouted,

"Commander of the Black Bird Tribe Army, Mark (Qilin) meets Her Royal Highness Princess Changle, and long blessings to Her Royal Highness Princess Changle, "

"The First Legion of Black Birds, see Her Royal Highness Princess Changle, long blessings to Her Royal Highness Princess Changle"

"The Second Black Bird Legion, see Her Royal Highness Princess Changle, and long blessings to Her Royal Highness Princess Changle"

"The Third Black Bird Corps, see Her Royal Highness Princess Changle, and long blessings to Her Royal Highness Princess Changle."

The 60 million troops of the Xuannio Tribe knelt down and saluted,

Princess Changle?

The princess of the Xuannio Tribe is called Princess Changle. All the soldiers also knew that Princess Changle was the daughter of the clan leader, but all the soldiers did not expect that

Princess Changle turned out to be from Heaven. Empress, the soldiers of the Black Bird Tribe wanted to scream.

"` ~Flat body!"

A crisp sound reached the ears of all the creatures in the Yellow River Plain.

"Thank you, Your Highness Princess!"

Everyone in the Youxiong Tribe and the Jiuli Tribe are confused.

The Empress is the princess of the Xuannio Tribe?

Is the joke too big?

Why is the Empress the daughter of the leader of the Xuannio Tribe?

All creatures in the prehistoric fairy world know that the Empress Su Yan's father was a powerful and terrifying saint, the leader of an ordinary human tribe. How could he be the father of Empress Su Yan?

Xuanyuan stood up in shock and shouted,

"How is this going? Master, isn't the empress' father a powerful and terrifying saint? How could the empress be the princess of the Black Bird Tribe? What exactly is going on?"

Guang Chengzi shouted with an ugly face,

"Xuanyuan, don't you understand?"

"The leader of the Xuannio Tribe is that powerful and terrifying saint. No wonder the leader of the Xuannio Tribe has never appeared. No living thing would have thought that a powerful and terrifying saint controlled the Xuannio Tribe."(All the immortals around him trembled.

Is the leader of the Xuannio tribe the father of the empress? Is he still a powerful and terrifying saint?

In other words, the Prehistoric Heaven controls the Black Bird Tribe, and the Bear Tribe wants to launch a war against Heaven.

Is the Bear Tribe an opponent?

Everyone understands that there is no chance of death, and they have no chance of winning in the face of heaven.

Fuxi held his hands tightly and said angrily,"Damn it, how could this happen? Why would a powerful saint develop a tribe of ordinary people?"

Fuxi didn't want to help the Youxiong tribe or Xuanyuan Factory anymore.

The empress Su Yan was his sister. Wa's daughter, Fuxi is considered Empress Su Yan's uncle. As long as he reveals his identity to Empress Su Yan, he believes that Empress Su Yan will not kill him.

Shen Nong sent a message to Fu Xi,

"Fuxi, let's leave. With your sister Nuwa here, we won't be killed by Empress Su Yan."

Chapter 2965

The Human Emperor Shennong did not want to help Xuanyuan, the Youxiong tribe, and even less the saints. He would rather be trapped in the Fire Cloud Cave than Shennong would be killed and perished.

Fuxi sent a message to Shen Nong and said, "Shen Nong, when the war begins, let's leave together secretly."

"good!"

In the Jiuli Tribe,

Chi You looked at the sky with panic.

Su Yan, the Empress of Heaven, is the daughter of the saint Nuwa and a powerful and terrifying saint father.

But how could it be? How could it be possible? How could the patriarch of the Xuannio Tribe do this

?

Is he the father of Empress Su Yan?

A powerful and terrifying saint.

How could a saint develop an ordinary human tribe just for fun?

Or does he have some plan?

Xing Tian said with a serious face, "Chi You, after the order of Tu Zuwu, you now understand why you are not allowed to go to war against the Xuanniao tribe, right? Chi

You nodded with a dark face and replied, "I understand, Empress Su Yan's father is the clan leader of the Xuannio tribe. After the Tuzu clan found out, they ordered us not to go to war against the Xuannio tribe.""

Although Chi You is arrogant and arrogant, he is not a fool.

Facing a saint, no, facing two saints and more than a dozen quasi-sages, even when the Wu clan is completely victorious, he will not be his opponent.

If Chi You dares to face Xuan If the Bird Tribe goes to war, not only will he die without a burial place, but the remaining Wu Clan will also be exterminated.

Xing Tian patted Chi You on the shoulder and said,

"Chi You, order the Jiuli tribe troops to withdraw from the Yellow River Plain. You will go with us to see the empress Su Yan later. The clones of Jiufeng and Hou Tu Zuwu are also in the Xuannio tribe. Chi

You asked Xing Tian, "Brother Xing Tian, don't my Jiuli tribe help the Xuannio tribe?"

"Chi You, why are you so stupid again? Does the Xuannio Tribe's army need the help of the Jiuli Tribe?"

"Well, the Xuanniao tribe's army is very powerful. It can destroy the Youxiong tribe without the help of the Jiuli tribe."

"Chi You, let your army leave quickly. Let's go to the Xuanniao tribe to see Hou Tuzu Witch."

"good!"

In the air,

Su Yan touched his chin and shook his head as he looked at the human army in the Yellow River Plain.

It's so rubbish.

Although there are more than 400 million human troops with bear tribes, no matter how many ants there are, they are just cannon fodder.

Boom! (aeft)

Su Yan instantly Appearing in the sky, she burst out with the powerful aura of Daluo Jinxian

"In the ancient world of heaven, I am the empress Su Yan of the ancient immortal world. The human emperor Fu Xi and the human emperor Shennong should not exist in the ancient immortal world. The human race can only have one human emperor, and the human emperor can only be my father Su Chen."

"As the Holy Mother of the human race, my mother-in-law Nuwa, and as the Empress of the Great Desolate World, I request Heaven to deprive Human Emperor Fuxi and Human Emperor Shen Nong of their human emperor status. I hope Heaven will grant it!"

Boom boom boom.....

The nine heavens shook.

The yin and yang eyes of heaven appeared above the nine heavens. The cold and ruthless yin and yang eyes stared at Su Yan from the nine heavens.

After the appearance of the Yin and Yang Eyes of Heaven, all the weak creatures were frightened and fell to the ground. Even the powerful immortals did not dare to look at the Yin and Yang Eyes of Heaven.

Fuxi flew into the air and shouted,

"Su Yan, I am Nuwa's brother, and I am also your uncle. You cannot let heaven deprive me of my status as the Human Emperor."

Su Yan curled his lips and mocked,

"You do not deserve!"

Uncle?

She seems to have quite a lot of uncles.

Whether it is Tianxuan Continent, Shenyu Continent, or the Great Desolate Immortal World, or even every small world, there is her father's woman, and every world also has her uncle, but those uncles are always there. None of them are better than Fu Xi.

A shameless and despicable Fu Xi is still a reincarnated person.

Fu Xi is not worthy of being her uncle. Nu Wa has never admitted that Fu Xi is her brother again.

Su Yan admits it.

"damn it!"

Fuxi didn't expect that Su Yan would ridicule him, unworthy?

Why is he unworthy?

Fuxi is the elder brother of Empress Nuwa.

All the immortals in the prehistoric immortal world know, why is he unworthy? The uncle of Nuwa's daughter?

The Queen Mother and Houtu Zuwu shook their heads speechlessly.

They felt that Su Yan had suffered.

Although Nuwa no longer recognized Fuxi,

Human Emperor Fuxi was the reincarnation of Emperor Fuxi's soul. Su Yan Fu Xi can be killed, but Su Yan's ridicule of Fu Xi may make Nu Wa angry, and Su Yan will be unlucky if Nu Wa is angry.

The Queen Mother:"Do you think Yan'er will be unlucky?"

Chang'e:"Definitely. Sister Nuwa agrees to kill Fuxi, but no matter what Fuxi says, he is Su Yan's uncle. Su Yan can kill Fuxi, but ridiculing Fuxi will make Nuwa angry."

Xihe:"The little girl will definitely be unlucky. Sister Nuwa will lock Yan'er in a small dark room."  
Shang Yang:"

We don't need to worry about the little girl. Yan'er is very smart. I guess Yan'er can handle Sister Nuwa." Chang Xi:"

That's right. The little girl is smart and eccentric. She can take care of the Nuwa Empress.""

Jiu Feng:"Forget it, we are ready to fight. After the Human Emperor was deprived of his status, we took action to destroy the quasi-sage of the Youxiong tribe."

"good."

The Queen Mother of the West said to Qinyuan,"Qinyuan, go and destroy Haotian. He is at the Buzhou Mountain site. This is his location coordinates.

Qin Yuan checked the location coordinates and said,"Haotian?" I almost forgot about that scumbag, I'm going to kill Haotian right now."

The avatar of Houtu Zuwu said,"Let's all prepare. There are seven quasi-sages from the three religions and the invited quasi-sages. I will kill one of each, and the rest will protect Su Yan."

The Queen Mother nodded and said,"Okay, Fengzu and Xihe, Queen Mother Xi will protect Su Yan, and the others will lock their opponents."

Boom boom boom.....

At this moment, the yin and yang of the ancient heaven locked Fuxi and Shennong,

【deprivation!】

"No~"

"Heaven's way, we are the human emperors of the human race, don't deprive us of our human emperor status."

Fuxi and Shen Nong screamed in panic, but their status as Human Emperor was still deprived by Heaven.

Their cultivation realm dropped rapidly, and they fell directly to the peak of Daluo Golden Immortal in the early stage of Quasi-Sage.....Late period of Daluo Jinxian.....The middle stage of Daluo Jinxian.....He didn't stop until he reached the early stage of Daluo Jinxian.

Fuxi shouted in despair,

"how so? The level of cultivation actually fell from Quasi-Sage to the early stage of Da Luo Jinxian. It was over, everything was over. Shen

Nong shouted with an ugly face,"If the Human Emperor Fruit is taken away, even the saints will not save us. We are dead.""

Su Yan curled his lips when he saw the cultivation level of Fu Xi and Shen Nong. They are two scum who rely on merit to improve their cultivation level. Su Yan can kill Fu Xi and Shen Nong with just one hand.

Su Yan bit his finger and whispered," Is the task given by my father too simple? Do you want to continue causing trouble?".

Zongwu: Sign in an army of 100,000 at the beginning

Chapter 2966

Su Yan thought for a while and did not dare to continue causing trouble.

She was worried that it would ruin her father's plan. She was also worried that it would cause huge casualties to the Black Bird Tribe and the Heavenly Army.

"Uncle Mark, Uncle Qilin, you can attack the Bear Tribe, the disciples of the three religions and millions of cultivators and immortals. The Black Armored Legion and the Heavenly Black Armored Legion will solve it!"

"good!"

Mark and Qilin smiled and nodded.

They were very happy that Su Yan could call them uncle in front of hundreds of millions of troops. Su Yan was worthy of being Su Chen's daughter and did not look down on them because of her noble status.

Mark said to Qilin, "Qilin, the cavalry regiment is entrusted to you, you start attacking from both wings!"

"Well, Mark, be careful with the Bear Tribe. After all, the Bear Tribe has an army of about 400 million."

Mark looked at the army of the Bear Tribe and said,

"Don't worry," Su Chen's 100,000 black-armored army can break through the military formation of the Bear Tribe. As long as the military formation of the Bear Tribe becomes chaotic, the Black Bird Legion will massacre them."

"Mark, let's get started!"

"Soldiers, sound the attack horn, I want the black bird flag to fly over the Bear Tribe."

Woo woo woo.....

The attack horn of the Black Bird Tribe sounded, and one million heavy armored infantry began to advance forward.

Tens of thousands of giant crossbows were also pushed forward. Half a million divine arm archers followed the heavy armored infantry. The black-armored legion also moved forward with heavy steps.

Tap tap tap.....

On the Yellow River plain, there were loud and heavy steps, and some soldiers of the Bear tribe showed fearful expressions. All the soldiers kept retreating in fear.

"Prepare to fight, don't be afraid, we have 400 million troops, all ready to fight"

"Archers from each tribe stepped forward, preparing to kill the black bird army"

"The soldiers of all tribes are ready to fight, the shield soldiers step forward to defend, and the archers draw their bows and prepare to kill"

"The Emperor has an order: Those who retreat will die."

"The warriors of the Bear Tribe began to attack. We are the army of the Human Emperor and defeated the Black Bird Tribe."

In the Bear Tribe Alliance Army, the generals of each tribe kept shouting.

The Black Bird Tribe began to attack.

These generals were also afraid, but if the war failed, everyone would become slaves even if they did not die. The superior generals did not want to. If they don't want to become slaves, they can only fight to the death with the Xuanniao tribe's army.

Swish swish swish.....

Suddenly, arrows like raindrops shot towards the Bear Tribe army. The Bear Tribe army was a little panicked and shouted,

"Defend, raise your shield to defend!"

"Ah~"

"Quickly raise shield to defend.....ah!"

"My legs, save me, quickly....."

"Where are our archers? Why not shoot!"

"I don't want to fight anymore, I want to go back.....ah!"

After the Black Bird Tribe's Divine Arm Bow started shooting, each round of arrow rain would kill hundreds of thousands of Bear Tribe soldiers. There were countless Bear Tribe troops, and the Divine Arm Archers did not need to aim at all. As long as you shoot at the army of the Bear Tribe, you can kill the soldiers of the Bear Tribe 99% of the time. The army of the Bear Tribe is like a living target. The Bear

Tribe's rear camp,

Xuanyuan looked at Xuan Yuan The Bird Tribe began to attack, and he clenched his fists with an ugly face.

The war had begun, the decisive battle had begun.

However, with the panic of the Bear Tribe Alliance troops, the panic of the disciples of the three religions, and the panic of all the immortal cultivators and immortals,

Xuanyuan understood that war It is impossible for the Bear Tribe to win.

With the appearance of the Empress of Heaven, the arrival of Heavenly Soldiers and Heavenly Generals, the outcome of the war has been determined.

An immortal cultivator quickly arrived and reported, "Human Emperor, some immortals have escaped secretly, and, The Jiuli tribe retreated, and all the Jiuli tribe's troops retreated out of the Yellow River plain."

Xuanyuan laughed angrily and said,

"Haha~ The Jiuli tribe retreated, did Chi You want to surrender to the Xuannio tribe? Our immortal escaped? Can you escape? With the arrival of the heavenly soldiers and heavenly generals, the heavenly net has shrouded the Yellow River plain. No one can escape, and no immortal can escape."

"Xuanyuan, we can't win the Human-Emperor War, you have to be careful."

Guangchengzi said to Xuanyuan.

He and the disciples of the three religions disappeared one after another.

With the arrival of heavenly soldiers and generals, the appearance of the empress of heaven, and the hundreds of millions of troops of the Xiong tribe, it was over. The disciples of the three religions did not want to die, so they must find a way to escape. ,

If you continue to stay in the Youxiong tribe, all the disciples of the three religions will be killed, and the Empress of Heaven will not accept the surrender of the disciples of the three religions0....

"Abandoned? master? Shit master, human emperor? Destined to be the emperor? Are you the destined human emperor?"

Xuanyuan sat on the chair pale and feeble.

Everything was over.

Guangchengzi abandoned him and left. The disciples of the three religions abandoned him and left. After a while, more immortals abandoned him and ran away. Why did Chi You want the Jiuli tribe

? Retreat?

Chi You really wants to surrender to the Xuanniao tribe?

How could Chi You, the arrogant and arrogant Chi You, surrender to the Xuanniao tribe?

"Zhushan!"

"I'm here, patriarch!"

"You take your personal guards to my back camp and kill all my wives and women."

"What?"

Xuanyuan roared angrily, "Kill my wife and all the women, leave no one alive, kill them all."

"Yes, patriarch!"

Zhu Shan felt that Xuanyuan was crazy.

The Bear Tribe was going to lose the Human-Emperor War, and

Xuanyuan actually wanted to kill hundreds of his women.

Zhu Shan guessed that Xuanyuan would be beheaded by the Black Bird Tribe. Xuanyuan wanted all his women to be given to him. Buried with him.

Zhushan did not intend to kill all the women in Xuanyuan.

He wanted to hand over all the women in Xuanyuan to the Xuanniao tribe. Zhushan thought that the Xuanniao tribe might let him live.

In order not to be killed, 5.7

Zhushan Shan could only bring all the women in Xuanyuan to join the Xuannio tribe.

In front of the big tent,

Xuanyuan drank a bottle of wine in one breath and said, "Don't blame me, you are my women in life and you will be my women in death.""

Bang!

Xuanyuan smashed the wine bottle and shouted,

"Come here, pass my order. The Crazy Bear Army of the Bear Tribe is dispatched, and the soldiers of the Tribal Alliance Army are dispatched. Anyone who dares to retreat will be killed, anyone who escapes will be killed, and anyone who surrenders will be killed."

"Yes, patriarch!"

An old man came quickly and reported, "Report to the patriarch, the eight alien Zacs, they killed the guardian cultivators and escaped. Xuanyuan ordered with an angry expression, "Damn it, inform Elder Tianxiong and ask Elder Tianxiong to lead the cultivators to capture the eight Zachs. I will execute them with my own hands.""

"Yes, patriarch!".

Chapter 2968

Su Chen was not worried at all about Hongjun's desire to borrow the power of Heaven.

He had communicated with the Ancient Heaven in advance. Hongjun and the four great saints had been abandoned by the Ancient Heaven.

The spokesperson of Heaven?

The prehistoric Heavenly Way no longer needs the spokesmen of the Heavenly Way, and the Heavenly Way will no longer need the Heavenly Way saints. The selfish and selfish Heavenly Way saints are the fundamental harm to the Prehistoric Immortal World. In the future of the Prehistoric Immortal World, there will be Su Chen, no, in the future of the Prehistoric Immortal World, there will be Su Yan, and the Prehistoric Heavenly Way will become more and more important. It is powerful and will become more and more perfect.

Nuwa frowned and asked, "Husband, do you really want Hongjun to borrow the power of heaven?"

Su Chen shook his head and replied, "Don't worry, Hongjun can't borrow the power of heaven.""

"Why?"

"I showed Tiandao some things that happened in later generations. Both Hongjun and the Saint were abandoned by Tiandao. If I had not killed them with my own hands, Tiandao would have stripped away their Hongmeng Purple Qi."

Nu Wa rolled her eyes at Su Chen and said,

"It is unnecessary for you. The prehistoric heaven will deprive them of their Hongmeng Purple Qi. Hongjun and the four great saints will fall into the holy realm. Wouldn't it be easier for us to kill them?"

"Nuwa, I have not killed Hongjun in future generations, and I don't know what little world Hongjun is hiding in. This time, I will personally kill Hongjun completely in this period."

Nu Wa said helplessly, "Forget it, I hope it will go smoothly and nothing will happen."

At this moment,

Hongjun has a bad premonition, but he is still the spokesperson of Heavenly Dao, and he also controls some authority of Heavenly Dao. Why is Su Chen not worried about him using the power of Heavenly Dao?

Boom!

Hongjun needs to borrow the power of Heavenly Dao to communicate with the ancient Heavenly Dao. Jun's aura became more and more powerful, and Hongjun, who was in the sixth level of the Holy Realm, was about to be promoted to the seventh level of the Holy Realm.

Suddenly,

Hongjun's aura of being promoted suddenly disappeared. He was still a saint in the sixth level of the Holy Realm.

"how so? Why does the power of heaven disappear? Why can't the old Taoist borrow the power of heaven?"

Boom!

Su Chen took a step forward, and his cultivation realm instantly became the eighth level of the holy realm.

Su Chen violated the rules of destiny and heaven again, but he was not worried.

What Su Chen faced was a saint, or five powerful ones. Saint,

Qiyun Tiandao knew that he violated the rules, and Qiyun Tiandao didn't dare to say anything. Su Chen had the ability to destroy Qiyun Tiandao, and Qiyun Tiandao should also be afraid of him destroying it.

"Space prison!"

Su Chen waved his hand and imprisoned Hongjun.

He wanted to deal with the four great saints first, and then completely kill the old bastard Hongjun.

Su Chen said to Nuwa, "Madam, Yuan Yuan, Zhunti, Jie Yin, you contain them for a while first, don't kill them, I will deprive them of the Hongmeng Purple Qi later"

"I see!"

Nu Wa nodded to Su Chen.

This bastard was too powerful.

Hongjun from the Sixth Heaven of Saints was instantly imprisoned. Nuwa didn't know if Hongjun could escape from the space prison.

But as long as they had a little time,

Nuwa and Su Chen will kill the four great saints, but Hongjun will die even if he escapes from the prison in space.

Nuwa took out the ice and snow lotus and said coldly, "Original, Zhunti, Jie Yin, let's fight."

Yuan, Zhunti, and Yin, the four people in Tongtian looked very ugly.

Is Hongjun here to make a joke? What can he say to deal with Su Chen? What can he say that Su Chen is evenly matched and will not be defeated? Let them work together to kill Nuwa.

This Will they not be defeated?

Su Chen trapped Hongjun with just a wave of his hand. How could the four saints face Su Chen and Nuwa?

They were dead when facing Su Chen, and there was another person with half-step of Chaos next to him. Lingbao's Nuwa, the four of them are dead and without life.

"Fight!"

Yuan Yuan, Zhunti, and the other three took out their spiritual treasures and prepared to fight.

They can't escape.

If they don't want to die, the three saints can only defeat Nuwa.

They also hope that old bastard Hongjun can escape and save them.

"damn it."

Tongtian's hands are trembling.

Nuwa has to deal with the original three people.

What about him?

Is he going to face Su Chen?

Su Chen can kill him in one glance. , Tongtian is doomed whether he resists or not.

Boom boom boom....

Nuwa took the ice and snow lotus and fought with the original three people. The evil energy of chaos continued to surge, and the violent evil energy shattered and dissipated the surrounding chaotic rocks.

Su Chen looked at the battle between Nuwa and the three saints.

He looked at Tongtian and asked, "Tongtian, do you have any last words?"

"The Zhuxian Sword Formation rises!"

Tongtian didn't answer Su Chen.

He waved his hand and set up the Zhuxian Sword Formation.

Fall?

He didn't want to fall.

Since becoming a saint,

Tongtian was one of the most powerful people in the prehistoric immortal world. How could he want to fall? He just had a glimmer of hope. He has to fight for it, he has to resist in order to escape death0...

"Ridiculous!"

Su Chen still wanted to resist when he saw Tongtian. He waved his hand and pointed at Tongtian's Zhuxian Sword Formation and shouted, "Zhuxian Sword, Absolute Immortal Sword, Killing Immortal Sword, Trapping Immortal Sword, Zhuxian Formation, come here!"

Whizzing.....

Tongtian had just arranged the Zhuxian Sword Formation, but before he activated the Zhuxian Sword Formation to attack Su Chen, the Four Zhuxian Swords and the formation diagram suddenly flew towards Su Chen uncontrollably.

"How can it be?"

Tongtian looked at Su Chen in disbelief.

How could the Four Swords of Zhu Xian and the formation fly into Su Chen's hands? He had completely refined the Four Swords and the formation of Zhu Xian. How could Su Chen control his Four Swords of Zhu Xian and the formation? ?

"space bound! deprivation!"

Su Chen waved his hand to trap Tongtian with the law of space. He waved his hand to deprive Tongtian of the Hongmeng Purple Qi.

A little scum in the Holy Realm.

Su Chen didn't want to delay.

There were four saints who wanted to deprive them of the Hongmeng Purple Qi. Su Chen had no time to deal with the arrogant Tong Tian.

Tong Tian was restrained and shouted in panic, "No, damn it, Su Chen, I'm going to kill you, I'm going to kill you.""

Su Chen said with a cold face,

"Tongtian, 0.5 after three breaths, your Hongmeng Purple Qi will be deprived of you. Don't blame me. From the moment you deal with my daughter, you will definitely die. Don't worry, other saints will follow you. Tongtian shouted with a pale face, "Su Chen, the ancient heaven will not let you go. We are the saints of the heaven. If you kill us, you will also be killed by the ancient heaven.""

Su Chen reminded disdainfully,

"Saint of heaven? Isn't I a saint of heaven? Did I kill me? Has the prehistoric heaven sent down thunder and punishment?"

Tongtian shouted hurriedly,

"Damn it, don't take away my Hongmeng Purple Qi, Su Chen, I can hand over my soul to you to control, let me go."

"Tongtian, death is your only ending. There is no need for saints in the prehistoric immortal world, so you should completely perish."

"No!"

"Space disappears, goodbye, Lord Tongtian!".

Chapter 2969

After Su Chen deprived Tongtian of the Hongmeng Purple Qi, he activated the law of space to annihilate the leader of Tongtian Cult.

"Goodbye, Lord Tongtian!"

Among the saints in the prehistoric fairy world, except for Nuwa,

Su Chen's impression of Tongtian is pretty good, at least much better than other saints.

But it can only be a little bit better.

Su Chen looked at the Hongmeng Purple Qi and The Four Swords of Zhu Xian, these are useless to him, and his level of cultivation is not as good as the Four Swords of Zhu Xian. Su Chen is going to hand over the Four Swords of Zhu Xian to the Jin Ling Virgin Mary and the other girls.

Zhunti saw Tongtian being killed quickly, and he hurriedly shouted,

"Run away quickly and leave the prehistoric fairyland!"

Swish swish!

Zhunti and Yuan Yuan led the three of them to quickly abandon Nuwa and escape.

Tongtian was deprived of the Hongmeng purple energy for a few breaths and was killed. If they stayed, they would end up with the same fate as Tongtian.

To leave the prehistoric fairyland, they had no choice but to leave. Only in the prehistoric immortal world can one survive

"Space barrier!"

Su Chen saw that the three saints were about to escape. He launched a space barrier to cover a radius of thousands of miles.

Escape?

Can the three saints escape?

"deprivation!"

Su Chen instantly appeared next to 04 Yin.

After suppressing Jie Yin with his terrifying aura, he began to deprive Jie Yin of his Hongmeng Purple Qi.

"This bastard!"

Nu Wa shook her head speechlessly while holding the ice and snow lotus.

It had nothing to do with her.

Su Chen could kill the three great saints in a few breaths. It was superfluous for her to help Su Chen.

As for Yuan Yuan and Zhunti who escaped, they were there. In Su Chen's space barrier, Yuan Yuan and Jie Yin could not escape even if they wanted to.

Jie Yin shouted in panic, "Su Chen Don't deprive me of the purple energy of Hongmeng. The prehistoric immortal world cannot be without saints."

"You are overthinking. From today on, there are no saints in the ancient world of immortality, and selfish saints do not deserve to live."

"Damn it, Su Chen, you will not die well in the future"

"laugh!"

Su Chen was too lazy to answer.

Hongjun in the space prison kept attacking, but can Hongjun escape from the space prison?

Su Chen is a Hunyuan Da Luo Jinxian from the eighth level of the Holy Realm, and he also practices space laws. After reaching Dacheng, no one can break his spatial prison unless he is a saint in the twelfth level of the holy realm.

At this time, boom boom boom.....

The prehistoric fairy world suddenly shook, and the rain in the sky turned into a rain of blood.

Queen Mother of the West, "A saint has fallen. Su Chen and Nuwa didn't know who killed that saint."

Xihe: "It should be Zhunti. Zhunti is the weakest. I guess Zhunti was killed first."

Queen Mother: "Zhunti? It's possible. However, I think Tongtian and Yuanyuan are also possible. They are facing Su Chen, a Hunyuan Da Luo Jinxian from the eighth level of the holy realm. The four great saints are all in Su Chen's eyes. It's the existence of Zhazha."

Chang Xi: "The war between saints in the chaos should end soon, and we have to take action."

Hou Tu: "Wait a minute, the disciples of the three religions want to escape, and the immortals from the Bear Tribe will also want to escape. Escape, we will wait for them to escape before taking action."

Chang'e: "By the way, Su Chen said that the bastards who intercepted the Fire Spirit Virgin Mary and Hanzhi Fairy Girl asked us to capture them alive. I guess the Fire Spirit Lady Lady and the Lady Fire Spirit Lady were also involved. Su Chen is related."

Jiufeng:"It shouldn't be wrong. That bastard is too perverted. How can a Taoist cultivator be so perverted?"

Fengzu:"Haha~ The Black Bird bloodline is very withered. Su Chen has Su Yan's bloodline. , he should be trying to prosper the Black Bird bloodline."

Shang Yang pointed to one side and said hurriedly,"Look, zombie ancestor Jiang Chen and several quasi-sages are also going to escape."

Xihe said with a smile,"Jiang Chen, Mangshan ancestor , Taoist Qianyuan, and Yama, they saw that the situation was not good and wanted to escape."

The Queen Mother said to Chang Xi's four daughters,

"Chang'e, Shang Yang, Jiufeng, and Chang Xi, go and kill four of them. We will deal with the disciples of the three religions in a while."

"good!"

The four girls of Chang Xi nodded and disappeared one after another.

It was not difficult for them to kill the four quasi-sages.

The four quasi-sages who cultivated in ancient times did not practice powerful techniques, nor did they have powerful top-grade innate spiritual treasures. The four of them The women's association quickly killed them.

Boom boom boom.....

The prehistoric fairy world was shaking again, and the blood rain in the sky became heavier and heavier.

Not only were there countless human bloods on the Yellow River Plain, but the blood rain in the sky completely dyed the prehistoric plain red.

The Queen Mother and her daughters shook their heads speechlessly.

In less than a quarter of an hour, another saint died.

They guessed that the prehistoric fairy world would continue to shake. The four great saints and Hongjun They will all be killed by Su Chen and Nuwa.

In the air above the Yellow River Plain,

Selena suddenly discovered some immortal cultivators fleeing towards the Yellow River.

She checked and shouted,

"The enemy team appears, huh? Why are the cultivators from the Bear Tribe chasing down the enemy team?"

Laura thought for a moment and said,"The eight members of the hostile team are trying to escape, and the Bear Tribe may be trying to kill the fleeing immortal cultivators."

Mu Ningxue asked,"What should we do? Take action now? Or take action later? Alice waved her hand and said,"Wait a minute, if the immortal cultivators from the Bear Tribe wipe out the enemy team, we don't have to kill those disgusting people with our own hands." Venina smiled and nodded and said,"That's right, we have been checking them, and the enemy team cannot escape.""<sup>540</sup> Natasha smoothed her hair and said,"It's best if they both lose. We can reap the benefits in a while. Bai

Yuekui suddenly shouted to Alice and the other girls,"Look, there are a thousand troops from the Bear Tribe. How can they go to Mark's camp with hundreds of women?"

Alice and the other girls also looked over one after another.

The troops of the Qianyouxiong tribe did not carry weapons. How could they bring more than a hundred women to Mark's camp?

Surrender?

Surrender. How could they bring more than a hundred women to surrender?

Celine Na asked doubtfully,

"They should be surrendering, but who are the more than a hundred women? Those women are quite pretty."

Alice said with a smile, "Aren't they going to give the woman to Suchen? Natasha said angrily,

"It is possible that there is a general of the Bear Tribe Army, and he may have to offer beautiful women to Su Chen in order to survive."

Selena and Mu Ningxue looked ugly.

They are all Su Chen's women. That bastard has enough women. The surrendered general of the Bear Tribe wants to send beauties to Su Chen, and also With more than a hundred beauties offered to Su Chen at one time, are they going to tire that bastard to death?

Bai Yuekui said coldly,

"Mu Ningxue informed Mark and asked Mark to send out troops to kill the Qian Youxiong tribe's troops."

"good!".

Chapter 2970

On the Yellow River Plain, the Black Bird Tribe's army broke up the defense of the Bear Tribe's army. The Bear Tribe's army had been divided. The battlefield was full of black-armored legions massacring soldiers of the Bear Tribe.

There was the Bear Tribe camp, and

Xuanyuan watched all this with an expressionless face.

He knew the war would fail, but he didn't expect that the army would be dispersed so quickly.

How long would it take?

How long will it take for the army of about 400 million to be slaughtered? boom!

Xuanyuan kicked the table in front of him and shouted,

"Damn it, the 400 million army was scattered in less than an hour. They are all idiots. All the generals are idiots. Even if the 400 million army is piled up, it can kill the Xuanniao tribe's army and the idiot generals."

An old man quickly flew over and shouted, "Chief, the tribes in the alliance want to withdraw from the war.

Xuanyuan asked in surprise, "What?" Elder Yanshan, are all tribes in the alliance withdrawing from the war?"

"Chief, a large part of the tribe has already wanted to withdraw. They are gathering troops to withdraw from the Yellow River Plain."

Xuanyuan looked ugly. Looking at the battlefield, if dozens of large and small tribes withdraw, about 200 million troops will leave the battlefield.

The Bear Tribe will have less than 200 million troops left, and there will still be the Bear Tribe and all the men attached to it, 730 damn!

Xuanyuan's face turned cold.

If all the men from the Bear Tribe and its affiliated tribes died in the battle, only the old men and children would be left among the men from the Bear Tribe. The Bear Tribe would also be finished and would be annexed by other tribes. The women from the Bear Tribe would also die. They will be captured by other tribes and become slaves.

They cannot let the alliance army withdraw, and they must die together.

Xuanyuan ordered viciously, "Elder Yanshan, order our immortal cultivators to dispatch, and the clan leaders and elders of the tribal alliance will destroy them." Yanshan was surprised and hurriedly tried to dissuade him,

"What? Patriarch, you should think twice"

"If we kill the clan leaders and elders of the tribal alliance, if the army of the tribal alliance finds out, the alliance army will rebel, and even the armies of various tribes will attack our bear tribe."

Xuanyuan waved his hands expressionlessly and shouted,

"Yanshan, the Human-Emperor War failed, can we still survive? Will the Bear Tribe still exist? Even the 400 million troops cannot stop the Black Bird Tribe's attack. If the tribe alliance's troops retreat, how can we with the Bear Tribe's army resist the Black Bird Tribe? Yan

Shan said with a calm expression, "(aech) Patriarch, I understand. I will personally lead the immortal cultivators to kill the tribe leaders and elders of the tribal alliance.""

Xuan Yuan nodded to Yan Shan.

He looked at the heavenly soldiers and generals in the sky and his face turned pale.

The immortals of the Bear Tribe kept running away, and the disciples of the three religions also secretly left the camp of the Bear Tribe.

Did they escape?

Empress Su Will Yan let the disciples of the three religions go?

All the saints want to kill the parents of the empress Su Yan. Xuanyuan guesses that the empress Su Yan will eradicate the disciples of the three religions.....

The prehistoric fairy world shook again, and the blood rain in the sky became more dense, for the third time!

Three saints were killed,

Yuanshi Tianzun, Zhunti, Jieyin, Tongtian, Daozu Hongjun, the five great saints of heaven. Three of them were killed. Which three saints were killed?

Xuanyuan wiped the blood on his face with a sad smile. He lost the Human-Emperor War without any regrets. All the saints in the ancient immortal world were killed one after another, let alone a scumbag cultivator like him.

At this moment,

Fuxi and Shennong secretly escaped from the range of the Bear Tribe.

They hid their auras to escape, to escape from the battlefield, and to escape from the Yellow River Plain to hide.

Shennong looked at the battlefield behind him.

He asked Fuxi,

"Fuxi, where are we going to escape to?"

Fuxi replied with an ugly face, "Chaos Wa Palace, my sister can't kill me. As long as we escape to Chaos Wa Palace, neither the Xuannio Tribe nor Su Yan will dare to kill us again.""

"Fuxi, Empress Su Yan is the daughter of Empress Nuwa. Su Yan wants to kill us, will Empress Nuwa save us?"

"Yes, Nuwa and I have been together since we were born. We have been together for dozens of years. We have always had a good relationship as brother and sister. Nuwa will not ignore death. She may not know that Su Yan wants to kill us."

Shen Nong shook his head when he heard Fu Xi's words.

He didn't want to go to the Wa Palace.

Empress Su Yan wanted to kill Fu Xi.

Su Yan would not recognize Fu Xi as his uncle, and Nu Wa would probably not recognize the human Fu Xi as his brother.

Besides, Fu Xi became a Taoist priest. During the emperor's reign,

Fuxi had already told Empress Nuwa that the human Fuxi was not the demon Fuxi. Fuxi and Empress Nuwa had no relationship anymore, and it was impossible for Empress Nuwa to save the person her daughter wanted to kill.

Shennong thought about it and reminded Fuxi,

"Fuxi, when you became the Human Emperor, didn't you say that this Fuxi is not that Fuxi, and that the Human Emperor Fuxi is not the Demon Clan Emperor Fuxi? Have you also broken off the relationship between brother and sister with Empress Nuwa? Will Empress Nuwa still protect us? Fuxi shouted angrily, "Shen Nong, we are the Emperor of Humanity, and Nuwa is the Holy Mother of the Human Race. She will protect us no matter what.""

Whoosh"

Su Yan instantly appeared above Fuxi and Shennong.

She looked at the two people below and shouted,

"Two mice, are they ours? Fuxi saw Su Yan and shouted hurriedly, "Su Yan, I am your uncle, do you want to kill me?"

Su Yan took out the red hydrangea and said disdainfully, "Uncle?" Fuxi, stop dreaming. You are not my mother's brother. Why can't I kill you? Fuxi pointed at Su Yan and shouted angrily, "Nie Zhan,

who in the ancient world doesn't know that I am Nuwa's brother? Su Yan, if you dare to kill me, your mother will not let you go.""

"court death! Red Hydrangea, kill Fuxi for me." Su Yan threw out the red hydrangea in his hand with an indifferent expression.

It was a scumbag.

Su Yan didn't want to slap Fuxi to death and dirty her hands.

Boom!

The red hydrangea erupted with a terrifying aura and instantly knocked Fuxi away. Fuxi was knocked hundreds of miles away. After crashing into a big mountain, the red hydrangea disappeared instantly and then attacked Fuxi.

"My dear, the red hydrangea was also spoiled by my father. The red hydrangea is a ball, not a brick."

Su Yan was very embarrassed when he saw Hong Xiangqiu's attack.

The archangel would use his giant sword to knock the enemy away and then kill him. The Wonton Bell would also suppress the opponent and knock him away before killing him.

What now?

The red hydrangea ball would also knock the opponent away.

"Shennong, won't you run away? Shen

Nong shook his head and said,

"Empress, can I escape? The Human Emperor status was deprived of me. I am an early stage Daluo Golden Immortal, you are at the peak of Daluo Golden Immortal, and I am not even as good as a little girl who is more than ten years old. Su

Yan snorted disdainfully at Shennong, "Huh, Shennong, you are a quasi-sage. It would be easy for me to kill you."
