

ZONGWU: SIGN IN AN ARMY OF 100,000 AT THE BEGINNING

Chapter 4

Su Chen rested here for a while, then got into the carriage with Jingyu and Yan and continued towards Gusu City. In the carriage, Yan looked around at the beautiful carriage, but she didn't sit in it. Such a beautiful and luxurious carriage.

Su Chen looked at Yan and smiled. This future Frightened Salamander was now his own, and he would have to train the little Frightened Salamander well in the future.

Yan looked at the carriage and sat next to Su Chen and asked,

"Uncle, what are you doing in Gusu City? Why bring the army there?"

Su Chen smiled and touched Yan's head and said,

"Gusu City will be my territory from now on, and this time I am ordered to be the lord of Gusu City. Yan said loudly with some excitement,

"Wow, uncle will be the city lord from now on. I didn't expect that uncle will become the city lord at such a young age."

"Haha, little girl, do you want to be the little princess of Gusu City?" Su Chen looked at the Jing Salamander next to him and whispered to him.

Su Chen was also interested in Jing Salamander. Now Jing Salamander is so beautiful, and he is also a master-level master. If he misses Jing Salamander, he will regret it. Yes, this time I must take advantage of the situation when the

Frightening Salamander is protecting him. Su Chen wants to take care of this little Frightening Salamander now.

"Can I?"

Yan looked at Su Chen in surprise and asked.

Su Chen lay next to Yan's ear and whispered to Yan,

"Of course, as long as you are my daughter."

Jing Salamander is a master-level expert. She heard the conversation between Su Chen and Yan clearly. Now Jing Salamander looked at Su Chen with a blush. She didn't expect that Lord Wu Xiang would have her idea now. Jing salamander doesn't know whether it's right or wrong to stay with Wu Xiangjun.

""I don't want it."

Yan immediately shook his head and said.

Yan knew the expression on Mr. Wu Xiang's face when he saw his mother's true appearance. Su Chen must have fallen in love with his mother, although he also liked being with Mr. Wu Xiang. Together, but she will not betray her mother.

Su Chen looked at the little girl and said coaxingly,

"Why? I am Lord Wu Xiang, and you will be the princess from now on. Isn't that good?"

After saying this, Mr. Wu Xiang said angrily,

"I won't agree until my mother agrees."

"Then wouldn't it be enough to let your mother marry me?"

Su Chen continued to trick the little girl and said.

Now that he heard Su Chen's words, he stood up and said to Jing Salamander,

"Oh, so you want to marry my mother, mother, this uncle wants to marry you, are you willing to marry him?"

Damn it, this little Frightened Salamander has started to set a trap for himself now. As expected, he will be the female Guanzhong of the farmhouse in the future, but now he is a little embarrassed.

Su Chen said quickly when he saw Frightened Salamander glaring at him, "That little girl and I were joking, we were joking."

Su Chen didn't want this Jing Salamander to kill him with one sword. This time, he was actually plotted by a five or six-year-old girl. He just thought of Jing Salamander's blushing appearance and stopped fussing with the little girl.

Jing Salamander blushed. She looked at Su Chen and ignored him. Jing Salad was a little nervous now. She clenched her fist tightly and wanted to beat this liar.

But Jing Sala thought that Yan seemed to like this Wu Xiangjun very much. She I also want to know whether Yan will accept this Wu Xiangjun as her father.

"You really don't have the guts."

Yan whispered when he came to Su Chen.

Su Chen pushed the little fox away and said helplessly,

"Let me tell you, little girl, your mother is a master-level expert, and I am just a loser who doesn't know martial arts. What should I do if I anger your mother? I'm afraid your mother will kill me with one sword"

"To be timid is to be timid."

Yan looked at Su Chen and said unkindly.

In fact, Yan also liked being with this Wu Xiangjun. She felt that she was very happy to be with Su Chen. If this Wu Xiangjun really became his father, Yan would not Objected.

Su Chen turned his head and looked outside and said to Yan, "I don't want to care about you now, you betrayed me just now."

Yan blocked Su Chen's sight and said seriously,

"I'm creating opportunities for you. If I hadn't established the relationship between you, you wouldn't have even a chance in the future."

Su Chen felt that Yan's words made sense. He quickly took out his jade pendant and handed it to the little girl and said,

"I'm dizzy, how can you, little girl, be so smart? I'll give you this reward, little girl."

Yan looked at this beautiful jade pendant and asked doubtfully,

"Why did you give me a jade? Hey, this black bird jade pendant also has the character Su on it, and the characters Wu Xiangjun on the back."

Su Chen said a little rogue, "This is the status symbol of our Su family. You will be called Su Yan from now on."

"Su Yan? I don't know if my mother agrees or not."

Yan liked this jade pendant very much. Now she also wants to have a surname, so that she is not a child without a father.

Su Chen mysteriously whispered in Yan's ear,

"Little girl, you can be my spy so that I can marry your mother home."

Yan shook his head hurriedly and refused and said, "I won't do it. I am with my mother, so I won't be your liaison."

Su Chen smiled and touched Yan's head before getting out of the carriage.

"We'll talk about this later. Gusu City is about to arrive. You must have some clothes in your bags. Just change your clothes in the carriage. I'll go out and take a look first."

When Yan saw Su going out, she looked nervously at Jing Salamander. She knew that her mother must have heard what she and Su Chen said just now. Yan didn't know what her mother was thinking now. She looked at the beautiful thing in her hand. The jade pendant didn't want to be returned to Su Chen.

Jingli touched Yan's head and asked, "Yan, do you like this Mr. Wu Xiang very much?"

Yan leaned on Jingshao's arms and said to Jingshao,

"Mom, Uncle Su gives me a very good feeling. He is a good person, and he is also a very interesting person. He does not have any of the bad habits of those nobles."

"As long as you like it"

"Um? Mother, do you want to marry Uncle Su?"

Jing Salamander said to Yan with a slight blush,

"If I observe him for a while, you can't hide everywhere with me all the time. If Mr. Wu Xiang can protect you in the future and doesn't dislike me, I can marry him."

Jing salamander also knows that she is a ruined person with a child. She doesn't know if Su Chen cares about her past. Besides, Su Chen is still a top noble, and she doesn't know if his family will agree with him. Marry yourself.
