

ZONGWU: SIGN IN AN ARMY OF 100,000 AT THE BEGINNING

Chapter 5

Su Chen smiled when he came out of the carriage. Su Chen did not expect that he would meet the Frightened Salamander and his daughter while drinking tea this time. It seemed that the world of martial arts would be very exciting in the future.

Su Chen sat in front of the carriage and asked Wang Hu,

"Wang Hu, have you found out everything about the situation in Gusu City?"

Wang Hu rode his horse to the side of the carriage and said,

"Back to the king, Gusu City has made inquiries. After the previous city lord was killed, Gusu City has been without a city lord. It seems that Gusu City is now controlled by a martial arts force."

Su Chen asked when he heard that this place was actually controlled by a martial arts force.

"Controlled by martial arts forces? Do you know what force it is?"

"According to the spies' report, it is controlled by a martial arts family named Murong."

After listening to Wang Hu's words, Su Chen knew it was Murong Fu's fault.

"Hey, it turned out to be Murong Fu. He told Liu Hai to lead an army to Gusu City first, and based on the spies' information, all the Murong family members were executed and all their property was confiscated."

"Yes, Your Majesty"

"System, deploy 30,000 infantry troops outside Gusu City"

"Ding, 30,000 infantry have been deployed outside Gusu City."

After Su Chen heard this, he looked at Gusu City in the distance. This time Su Chen wanted to control Gusu City quickly. This is his own territory, and he will not allow any forces to be in his territory in the future.

Now that the 100,000-strong army has deployed 40,000, there are still 40,000 cavalry and 20,000 infantry that have not been deployed, but this is enough. It is better to keep some trump cards. After receiving the order,

Liu Hai led the Nether Iron Cavalry and quickly They headed towards Gusu City. When Liu Hai arrived outside Gusu City, he saw 30,000 Xuanwu Legions.

A tall and burly middle-aged man looked at Liu Hai and said,

"Liu Hai, commander of the Netherworld Cavalry, I didn't expect you to come too."

Liu Hai immediately said to Wang Meng when he saw the Xuanwu Legion,

"Commander Wang Meng, your Majesty's order is to quickly clean up the Murong family in Gusu City. This requires the help of your Xuanwu Army. After all, Gusu City is not suitable for cavalry operations."

"Don't worry, now my army has taken control of the Gusu City Gate. It was supposed to welcome you, so now I will order the army to clean up the Murong family."

"OK, let's act together"

"Zhao Kuan, you bring 10,000 Xuanwu troops to greet Your Majesty here, while Commander Liu Haijun and I go to clean up the Murong family in Gusu City."

"Yes, legion commander"

"Enter the city."

Gusu City. People in Gusu City are now in panic. Everyone here knows that the imperial court has sent a large army. Moreover, the new lord of Gusu City is still a noble Lord Wu Xiang. This time, they don't know about Lord Wu Xiang. Will they deal with the Murong family?

In a luxurious mansion, some people were walking back and forth in a hurry, and these guards were also preparing to fight with the imperial army.

Bao BuTong looked at Murong Fu and said nervously,

"Young Master, the imperial court has sent a Lord Wu Xiang here this time. Should we leave here quickly? Now that the city gate has been controlled by Wu Xiangjun's army, we only have 5,000 troops, which is no match for the imperial army."

Murong Fu said nonchalantly,

"The soldiers and horses of the Song Dynasty are all vulnerable. There is no need for us to leave. Besides, we have only controlled Gusu City for half a year. We have not shipped out the money here. There is no way I will give up the money. Bao

BuTong looked at Murong Fu and said worriedly,

"Young Master, this time is different. Those troops look like very elite troops at first glance, and the guards here are no match for them at all."

Murong Fu got off the table and said angrily,

"Bao BuTong, you don't have to say it. I must occupy Gusu City. If I want to restore the country, there is no city where I can't recruit troops."

Murong Fu thought that he had finally killed the previous city lord. How could he leave before he had settled down in Gusu City? This would be his base for the restoration of the country, and Murong Fu did not want to abandon this place.

Deng Baichuan ran in and shouted loudly He said to Murong Fu,

"No, sir, the imperial army has already invaded. Our guards are no match at all. Now they have all been executed by the imperial army. Those armies are now hunting for our Murong family members everywhere. Young Master, please leave quickly."

"What? We five thousand bodyguard masters failed to stop the imperial army?"

"Young Master, these imperial troops are well-equipped and have advanced weapons. Half of our guards were shot dead with crossbows in one encounter, and the rest were executed on the spot. This time, the imperial army came just for the Murong family. Young Master, hurry up. leave"

"Damn it, what do we do with all this money?"

"Young Master, we will find a way to get the money back later. Now it is important to escape."

"Let's go, let's leave"

"Yes, Young Master."

Not long after Murong Fu left, the Xuanwu Legion had already rushed into the mansion, and all the guards and servants here were arrested.

"Legion Commander, Murong Fu has escaped"

"Escaped? Immediately ordered the Xuanwu Legion to search for Murong Fu in Gusu City. The city gates were strengthened to ensure that Murong Fu was not allowed to leave Gusu City."

"Yes, Legion Commander."

Su Chen has now arrived at the Gusu City Gate. Su Chen sighed when looking at this ancient city. This will be the place where he will settle down and start a career in the future.

"Zhao Kuan, the deputy general of the Xuanwu Army, came to see Lord Wu Xiang."

When Zhao Kuan saw Lord Wu Xiang arriving, he knelt down in front of Su Chen and said,

"See Wu Xiangjun."

The 10,000 soldiers of the Xuanwu Legion also knelt down neatly and said.

Su Chen looked at the Xuanwu Legion and nodded with satisfaction. The troops given by the system are indeed very elite. This time, the gift pack is worth it. of

"Get up, everyone"

""Xie Wuxiangjun"

Zhao Kuan quickly told Su Chen the situation here,

"Your Majesty, Commander Wang Meng and Commander Liu Haijun have entered the city to clear out the Murong family. Please come to the city now."

"Enter the city and go to the city lord's mansion."

Su Chen turned around and rode on a horse. Now that Gusu City has been captured, Murong Fu's rabble will all be executed soon. Su Chen hates the Xianbei people very much.

"Yes, Your Majesty."

Jing Salad and Yan have now put on some beautiful clothes. They also saw the 10,000 Xuanwu Legion outside Gusu City. Jing Sala is now more and more curious about Su Chen. Jing Sala originally thought that there were 10,000 elite cavalry just now. It was already all of Su Chen's troops, but he didn't expect that Su Chen's Xuanwu Legion had already taken control of Gusu City early.

Looking at the huge Gusu City Wall, Yan said happily,

"Mother, this is Gusu City, right? We will live here in the future?"

Jing salamander looked at Gusu City and touched Yan's head and said,

"Yes, this is Gusu City, and we won't have to flee anywhere in the future."

"Haha, I want to go down and have a look, mother, will you go down?"

"Go down and have a look."
