

ZONGWU: SIGN IN AN ARMY OF 100,000 AT THE BEGINNING

Chapter 9

Su Chen and Su Yan also felt a powerful aura envelope the entire Wu Xiangjun Mansion, which made Su Chen and Su Yan immediately run towards the place where Jing Salad was retreating. They knew that Jing Salad had succeeded in breaking through.

Su Yan was a little happy and asked Su Chen,

"Dad, did my mother succeed in breaking through this time? My mother will be a great master from now on.

Su Chen smiled and said, "I'm not sure now. Let's ask your mother first.""

When Su Chen and Su Yan came to Jing Salad's retreat room, they saw that Jing Salad had come out. Su Chen saw that Jing Salad smiled and knew that she must have succeeded in breaking through, otherwise Jing Salad would not have smiled.

"Mom, are you a grand master now?"

When Su Yan saw Jing Salamander, he ran over and hugged her and asked.

Jing Salamander hugged Su Yan and said with a smile,

"Well, this time I didn't expect to directly break through to the realm of Grand Master cultivation."

Su Yan was so happy that he didn't forget to hit Su Chen and said,

"Wow, great, mother, you are getting stronger and stronger, unlike my father, now he may not even be able to defeat me."

I guess, Su Yan is really unlovable now. Although he can't practice martial arts because of blocked meridians, he can't say that about himself. Su Chen feels like a waste now.

Jing Salaman looked at Su Chen depressed She smiled, walked to Su Chen, pulled Su Chen and said,

"Thank you this time. Not only did I break through to Grandmaster this time, but all the hidden wounds on my body were healed."

"It doesn't matter, you are my wife."

Su Chen happily hugged Jing Salamander when he saw Jing Salamander pulling her. Su Chen felt that Jing Salamander might accept her this time.

Jing Salamander did not struggle out while being held by Su Chen. She just looked at him with a blush. Su Yan looked at Su Chen hugging her mother and said hurriedly, "Dad, have you forgotten me?"

Su Chen smiled, picked up Su Yan and said,

"No, how could I forget my little princess. Su

Yan said to Su Chen a little arrogantly, "That's pretty much it, otherwise I wouldn't let you continue to hug my mother.""

Su Chen flicked Su Yan's forehead and said, "I know, your mother will be my wife from now on. You have nothing to do with me if I want to hug your mother."

"But I can make trouble."

Su Chen was speechless when he looked at Su Yan. He knew that if Su Yan made trouble, he and Jing Salad would probably be in trouble. "You are awesome, little girl. You don't have any other demands, do you?"

Su Yan said to Su Chen with some expectation,

"Hey! Hey! Hey! Dad, after a while it will be time for the various rankings to be announced, and I just want to go outside and have some fun."

When Su Chen heard that Su Yan was about to go out, he quickly shook his head and said,

"No, you're only six years old. You're too young to go out to play now. Besides, it's not safe for you, the fourth-level little scumbag, to go out."

Su Yan retorted when she heard Su Chen disagreed and thought,

"I am a little scumbag, what are you? Dad, I am much stronger than you."

Jing Salamander gently touched Su Yan's head and said,

"Yan'er, you can't go out. You can have fun at home or in Gusu City, but don't cause trouble for your father."

Su Yan said in frustration when she saw that her mother also objected,

"I just heard that the Beggar Clan in the Song Dynasty is going to hold a conference, and it will definitely be very lively. Dad, Mom, just let me go and have a look."

"Is the Beggar Clan going to hold a general meeting? I do not know how? Su

Yan looked at Su Chen and said unhappily, "You make those soaps of yours all day long. How could you possibly know? Besides, it's a gathering of martial arts people. You are an official. It's useless if you know.""

Su Chen looked at Su Yan and said depressedly,

"Why can't I know? If the Beggar Clan holds a Beggar Clan meeting outside Gusu City, it will be detrimental to the public security of our Gusu City. Forget it, I'll ask Wang Meng what's going on later."

Su Chen now thought about whether this Beggar Gang conference might be related to Qiao Feng's life experience, but now that we are in the mixed martial arts world, Su Chen was not sure whether this Beggar Gang conference would be the same as in the TV series.

Su Chen also wanted to go out and meet Qiao Feng and the others, but he didn't have any martial arts, and Su Chen didn't dare to walk in the rivers and lakes, otherwise he might not know how he died.

"Your Majesty, a woman who claims to be Mrs. Wang is looking for you."

At this moment, a guard came to Su Chen and saluted and said,

"Mrs. Wang? Let her come in and take her to the drawing room."

Su Chen was a little surprised. Why did Wang Yuyan's mother come to find him? He had no intention of dealing with Mrs. Wang. Su Chen, a somewhat vicious woman, also had no good impressions of her.

His daughter Wang Yuyan and Su Chen didn't like her very much either. Su Chen, a silly woman, was no longer ignoring her, but what would happen if Mrs. Wang came to see her this time?

""Yes, Your Majesty."

Su Yan asked the king with some doubts, "Dad, is this Mrs. Wang the same Mrs. Wang from Mandala Villa?"

Su Chen asked Su Yan curiously,

"I don't know. Do you know Mrs. Wang from Mandala Villa?"

Su Yan said with some pride,

"Of course, I know all the important people outside Gusu City. After all, we also need to know about their lives around Gusu."

"Yes, when you grow up, I will hand over the management of Gusu City to you."

"I manage Gusu City, what do you do?"

"Of course I traveled around with your mother, haha"

"Damn it, you have to take me with you when you go out, otherwise I won't help you manage Gusu City."

Su Chen hugged Frightened Salamander, kissed him and ran out.

"We'll talk about it later. I'll go see Mrs. Wang first. You can stay here with your mother."

Su Chen felt that he was a little bold this time when he ran out, but fortunately this time the Frightened Salamander did not give him a slap. Su Chen felt that the attack on the Frightened Salamander might be much smoother in the future. After all, he not only hugged the Frightened Salamander today, but also And kissed her

"Haha, mother, do you accept dad? You didn't avoid daddy kissing you this time. You ran away as soon as daddy kissed you. I thought you would teach him a lesson?"

Jing Salamander, whose face was now red, knocked Su Yan on the head and said,"If you keep talking nonsense, I will teach you a lesson."

After being together with Su Chen for more than a month, Jing Shao also got to know Su Chen somewhat. Although Su Chen was sometimes inconsistent, he was really very good.

Su Chen didn't have any of the bad habits of the aristocrats, and his family He was the only one left, and Jing Salad didn't have to worry that his family would object to her being with Su Chen.

Now Jing Salad has accepted Su Chen, otherwise she wouldn't have held Su Chen's hand today. Besides, Su Yan Now he is living a very happy life, and Su Chen does not dislike Su Yan because she is not his biological daughter. This makes Jing Salamang very grateful to Su Chen.
